(5) “Physician”, a person licensed to practice medicine pursuant to chapter 334;

(9) “Windshield placard”, a placard to be issued to persons who are physically disabled as defined in this section, certification of which shall be indicated on the physician’s statement.

2. Other authorized health care practitioners may furnish to a disabled or temporarily disabled person a physician’s statement for only those physical health care conditions for which such health care practitioner

is legally authorized to diagnose and treat.

3. A physician's statement shall:

- (1) Be on a form prescribed by the director of revenue;
- (2) Set forth the specific diagnosis and medical condition which renders the person physically disabled or temporarily disabled as defined in this section;
- (3) Include the physician's or other authorized health care practitioner's license number; and

Otherwise, the physician or other authorized health care practitioner shall note on the statement the anticipated length of the disability which period may not exceed one hundred eighty days. If the physician or health care practitioner fails to record an expiration date on the physician's statement, the director shall issue a temporary windshield placard for a period of thirty days.

5. A physician or other authorized health care practitioner who issues or signs a physician's statement so that disabled plates or a disabled windshield placard may be obtained shall maintain in such disabled person's medical chart documentation that such a certificate has been issued, the date the statement was signed, the diagnosis or condition which existed that qualified the person as disabled pursuant to this section and shall contain sufficient documentation so as to objectively confirm that such condition exists.

6. The medical or other records of the physician or other authorized health care practitioner who issued a physician's statement shall be open to inspection and review by such practitioner's licensing board, in order to verify compliance with this section. Information contained within such records shall be confidential unless required for prosecution, disciplinary purposes, or otherwise required to be disclosed by law.

7. Owners of motor vehicles who are residents of the state of Missouri, and who are physically disabled, owners of motor vehicles operated at least fifty percent of the time by a physically disabled person, or owners of motor vehicles used to primarily transport physically disabled members of the owner's household may obtain disabled person license plates. Such owners, upon application, accompanied by the documents and fees provided for in this section, a current physician's statement which has been issued within ninety days proceeding the date the application is made and proof of compliance with the state motor vehicle laws relating to registration and licensing of motor vehicles, shall be issued motor vehicle license plates for vehicles, other than commercial vehicles with a gross weight in excess of twenty-four thousand pounds, upon which shall be inscribed the international wheelchair accessibility symbol and the word "DISABLED" in addition to a combination of letters and numbers. Such license plates shall be made with fully reflective material with a common color scheme and design, shall be clearly visible at night, and shall be aesthetically attractive, as prescribed by section 301.130. If at any time an individual who obtained disabled license plates issued under this subsection no longer occupies a residence with a physically disabled person, or no longer owns a vehicle that is operated at least fifty percent of the time by a physically disabled person, such individual shall surrender the disabled license plates to the department within thirty days of becoming ineligible for their use.

8. The director shall further issue, upon request, to such applicant one, and for good cause shown, as the director may define by rule and regulations, not more than two, removable disabled windshield hanging

placards for use when the disabled person is occupying a vehicle or when a vehicle not bearing the permanent handicap plate is being used to pick up, deliver, or collect the physically disabled person issued the disabled motor vehicle license plate or disabled windshield hanging placard.

9. No additional fee shall be paid to the director for the issuance of the special license plates provided in this section, except for special personalized license plates and other license plates described in this subsection. Priority for any specific set of special license plates shall be given to the applicant who received the number in the immediately preceding license period subject to the applicant's compliance with the provisions of this section and any applicable rules or regulations issued by the director. If determined feasible by the advisory committee established in section 301.129, any special license plate issued pursuant to this section may be adapted to also include the international wheelchair accessibility symbol and the word "DISABLED" as prescribed in this section and such plate may be issued to any applicant who meets the requirements of this section and the other appropriate provision of this chapter, subject to the requirements and fees of the appropriate provision of this chapter.

10. Any physically disabled person, or the parent or guardian of any such person, or any not-for-profit group, organization, or other entity which transports more than one physically disabled person, may apply to the director of revenue for a removable windshield placard. The placard may be used in motor vehicles which do not bear the permanent handicap symbol on the license plate. Such placards must be hung from the front, middle rearview mirror of a parked motor vehicle and may not be hung from the mirror during operation. These placards may only be used during the period of time when the vehicle is being used by a disabled person, or when the vehicle is being used to pick up, deliver, or collect a disabled person, and shall be surrendered to the department, within thirty days, if a group, organization, or entity that obtained the removable windshield placard due to the transportation of more than one physically disabled person no longer transports more than one disabled person. When there is no rearview mirror, the placard shall be displayed on the dashboard on the driver's side.

11. The removable windshield placard shall conform to the specifications, in respect to size, color, and content, as set forth in federal regulations published by the Department of Transportation. The removable windshield placard shall be renewed every four years. The director may stagger the expiration dates to equalize workload. Only one removable placard may be issued to an applicant who has been issued disabled person license plates. Upon request, one additional windshield placard may be issued to an applicant who has not been issued disabled person license plates.

12. A temporary windshield placard shall be issued to any physically disabled person, or the parent or guardian of any such person who otherwise qualifies except that the physical disability, in the opinion of the physician, is not expected to exceed a period of one hundred eighty days. The temporary windshield placard shall conform to the specifications, in respect to size, color, and content, as set forth in federal regulations published by the Department of Transportation. The fee for the temporary windshield placard shall be two dollars. Upon request, and for good cause shown, one additional temporary windshield placard may be issued to an applicant. Temporary windshield placards shall be issued upon presentation of the physician's statement provided by this section and shall be displayed in the same manner as removable windshield placards. A person or entity shall be qualified to possess and display a temporary removable windshield placard for six months and the placard may be renewed once for an additional six months if a physician's statement pursuant to this section is supplied to the director of revenue at the time of renewal.

13. Application for license plates or windshield placards issued pursuant to this section shall be made

to the director of revenue and shall be accompanied by a statement signed by a licensed physician or other authorized health care practitioner which certifies that the applicant, user, or member of the applicant's household is a physically disabled person as defined by this section.

14. The placard shall be renewable only by the person or entity to which the placard was originally issued. Any placard issued pursuant to this section shall only be used when the physically disabled occupant for whom the disabled plate or placard was issued is in the motor vehicle at the time of parking or when a physically disabled person is being delivered or collected. A disabled license plate and/or a removable windshield hanging placard are not transferable and may not be used by any other person whether disabled or not.

15. At the time the disabled plates or windshield hanging placards are issued, the director shall issue a registration certificate which shall include the applicant's name, address, and other identifying information as prescribed by the director, or if issued to an agency, such agency's name and address. This certificate shall further contain the disabled license plate number or, for windshield hanging placards, the registration or identifying number stamped on the placard. The validated registration receipt given to the applicant shall serve as the registration certificate.

16. The director shall, upon issuing any disabled registration certificate for license plates and/or windshield hanging placards, provide information which explains that such plates or windshield hanging placards are nontransferable, and the restrictions explaining who and when a person or vehicle which bears or has the disabled plates or windshield hanging placards may be used or be parked in a disabled reserved parking space, and the penalties prescribed for violations of the provisions of this act.

17. Every new applicant for a disabled license plate or placard shall be required to present a new physician's statement dated no more than ninety days prior to such application. Renewal applicants will be required to submit a physician's statement dated no more than ninety days prior to such application upon their first renewal occurring on or after August 1, 2005. Upon completing subsequent renewal applications, a physician's statement dated no more than ninety days prior to such application shall be required every eighth year. Such physician's statement shall state the expiration date for the temporary windshield placard. If the physician fails to record an expiration date on the physician's statement, the director shall issue the temporary windshield placard for a period of thirty days. The director may stagger the requirement of a physician's statement on all renewals for the initial implementation of an eight-year period.

18. The director of revenue upon receiving a physician's statement pursuant to this subsection shall check with the state board of registration for the healing arts created in section 334.120, or the Missouri state board of nursing established in section 335.021, with respect to physician's statements signed by advanced practice registered nurses, or the Missouri state board of chiropractic examiners established in section 331.090, with respect to physician's statements signed by licensed chiropractors, or with the board of optometry established in section 336.130, with respect to physician's statements signed by licensed optometrists, or the state board of podiatric medicine created in section 330.100, with respect to physician's statements signed by physicians of the foot or podiatrists to determine whether the physician is duly licensed and registered pursuant to law. If such applicant obtaining a disabled license plate or placard presents proof of disability in the form of a statement from the United States Veterans' Administration verifying that the person is permanently disabled, the applicant shall be exempt from the eight-year certification requirement of this subsection for renewal of the plate or placard. Initial applications shall be accompanied by the physician's statement required by this section. Notwithstanding the provisions of paragraph (f) of

subdivision (4) of subsection 1 of this section, any person seventy-five years of age or older who provided the physician's statement with the original application shall not be required to provide a physician's statement for the purpose of renewal of disabled persons license plates or windshield placards.

19. The boards shall cooperate with the director and shall supply information requested pursuant to this subsection. The director shall, in cooperation with the boards which shall assist the director, establish a list of all Missouri physicians and other authorized health care practitioners and of any other information necessary to administer this section.

20. Where the owner's application is based on the fact that the vehicle is used at least fifty percent of the time by a physically disabled person, the applicant shall submit a statement stating this fact, in addition to the physician's statement. The statement shall be signed by both the owner of the vehicle and the physically disabled person. The applicant shall be required to submit this statement with each application for license plates. No person shall willingly or knowingly submit a false statement and any such false statement shall be considered perjury and may be punishable pursuant to section 301.420.

21. The director of revenue shall retain all physicians' statements and all other documents received in connection with a person's application for disabled license plates and/or disabled windshield placards.

22. The director of revenue shall enter into reciprocity agreements with other states or the federal government for the purpose of recognizing disabled person license plates or windshield placards issued to physically disabled persons.

23. When a person to whom disabled person license plates or a removable or temporary windshield placard or both have been issued dies, the personal representative of the decedent or such other person who may come into or otherwise take possession of the disabled license plates or disabled windshield placard shall return the same to the director of revenue under penalty of law. Failure to return such plates or placards shall constitute a class B misdemeanor.

24. The director of revenue may order any person issued disabled person license plates or windshield placards to submit to an examination by a chiropractor, osteopath, or physician, or to such other investigation as will determine whether such person qualifies for the special plates or placards.

25. If such person refuses to submit or is found to no longer qualify for special plates or placards provided for in this section, the director of revenue shall collect the special plates or placards, and shall furnish license plates to replace the ones collected as provided by this chapter.

26. In the event a removable or temporary windshield placard is lost, stolen, or mutilated, the lawful holder thereof shall, within five days, file with the director of revenue an application and an affidavit stating such fact, in order to purchase a new placard. The fee for the replacement windshield placard shall be four dollars.

27. Fraudulent application, renewal, issuance, procurement or use of disabled person license plates or windshield placards shall be a class A misdemeanor. It is a class B misdemeanor for a physician, chiropractor, podiatrist or optometrist to certify that an individual or family member is qualified for a license plate or windshield placard based on a disability, the diagnosis of which is outside their scope of practice or if there is no basis for the diagnosis.

**28. (1) Notwithstanding provisions of this section or any other law to the contrary, the department shall, no later than January 1, 2020, implement an online system for the renewal of disabled license plates and placards issued under this section. Upon implementation of such online system, the department shall charge a one dollar fee per transaction. The website allowing for the submission of**

renewal information shall allow the confidential, electronic transmission of any form or document necessary to obtain such license plates or placards.

(2) The department of revenue may promulgate all necessary rules and regulations for the administration of this subsection. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2019, shall be invalid and void.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

“137.073. 1. As used in this section, the following terms mean:

(1) “General reassessment”, changes in value, entered in the assessor’s books, of a substantial portion of the parcels of real property within a county resulting wholly or partly from reappraisal of value or other actions of the assessor or county equalization body or ordered by the state tax commission or any court;

(2) “Tax rate”, “rate”, or “rate of levy”, singular or plural, includes the tax rate for each purpose of taxation of property a taxing authority is authorized to levy without a vote and any tax rate authorized by election, including bond interest and sinking fund;

(3) “Tax rate ceiling”, a tax rate as revised by the taxing authority to comply with the provisions of this section or when a court has determined the tax rate; except that, other provisions of law to the contrary notwithstanding, a school district may levy the operating levy for school purposes required for the current year pursuant to subsection 2 of section 163.021, less all adjustments required pursuant to Article X, Section 22 of the Missouri Constitution, if such tax rate does not exceed the highest tax rate in effect subsequent

to the 1980 tax year. This is the maximum tax rate that may be levied, unless a higher tax rate ceiling is approved by voters of the political subdivision as provided in this section;

(4) “Tax revenue”, when referring to the previous year, means the actual receipts from ad valorem levies on all classes of property, including state-assessed property, in the immediately preceding fiscal year of the political subdivision, plus an allowance for taxes billed but not collected in the fiscal year and plus an additional allowance for the revenue which would have been collected from property which was annexed by such political subdivision but which was not previously used in determining tax revenue pursuant to this section. The term “tax revenue” shall not include any receipts from ad valorem levies on any property of a railroad corporation or a public utility, as these terms are defined in section 386.020, which were assessed by the assessor of a county or city in the previous year but are assessed by the state tax commission in the current year. All school districts and those counties levying sales taxes pursuant to chapter 67 shall include in the calculation of tax revenue an amount equivalent to that by which they reduced property tax levies as a result of sales tax pursuant to section 67.505 and section 164.013 [or as excess home dock city or county fees as provided in subsection 4 of section 313.820] in the immediately preceding fiscal year but not including any amount calculated to adjust for prior years. For purposes of political subdivisions which were authorized to levy a tax in the prior year but which did not levy such tax or levied a reduced rate, the term “tax revenue”, as used in relation to the revision of tax levies mandated by law, shall mean the revenues equal to the amount that would have been available if the voluntary rate reduction had not been made.

2. Whenever changes in assessed valuation are entered in the assessor’s books for any personal property, in the aggregate, or for any subclass of real property as such subclasses are established in Section 4(b) of Article X of the Missouri Constitution and defined in section 137.016, the county clerk in all counties and the assessor of St. Louis City shall notify each political subdivision wholly or partially within the county or St. Louis City of the change in valuation of each subclass of real property, individually, and personal property, in the aggregate, exclusive of new construction and improvements. All political subdivisions shall immediately revise the applicable rates of levy for each purpose for each subclass of real property, individually, and personal property, in the aggregate, for which taxes are levied to the extent necessary to produce from all taxable property, exclusive of new construction and improvements, substantially the same amount of tax revenue as was produced in the previous year for each subclass of real property, individually, and personal property, in the aggregate, except that the rate shall not exceed the greater of the most recent voter-approved rate or the most recent voter-approved rate as adjusted under subdivision (2) of subsection 5 of this section. Any political subdivision that has received approval from voters for a tax increase after August 27, 2008, may levy a rate to collect substantially the same amount of tax revenue as the amount of revenue that would have been derived by applying the voter-approved increased tax rate ceiling to the total assessed valuation of the political subdivision as most recently certified by the city or county clerk on or before the date of the election in which such increase is approved, increased by the percentage increase in the consumer price index, as provided by law, except that the rate shall not exceed the greater of the most recent voter-approved rate or the most recent voter-approved rate as adjusted under subdivision (2) of subsection 5 of this section. Such tax revenue shall not include any receipts from ad valorem levies on any real property which was assessed by the assessor of a county or city in such previous year but is assessed by the assessor of a county or city in the current year in a different subclass of real property. Where the taxing authority is a school district for the purposes of revising the applicable rates of levy for each subclass of real property, the tax revenues from state-assessed railroad and utility property shall be apportioned and attributed to each subclass of real property based on the percentage of the total assessed valuation of the county that each subclass of real property represents in the current taxable year. As provided in Section 22

of Article X of the constitution, a political subdivision may also revise each levy to allow for inflationary assessment growth occurring within the political subdivision. The inflationary growth factor for any such subclass of real property or personal property shall be limited to the actual assessment growth in such subclass or class, exclusive of new construction and improvements, and exclusive of the assessed value on any real property which was assessed by the assessor of a county or city in the current year in a different subclass of real property, but not to exceed the consumer price index or five percent, whichever is lower. Should the tax revenue of a political subdivision from the various tax rates determined in this subsection be different than the tax revenue that would have been determined from a single tax rate as calculated pursuant to the method of calculation in this subsection prior to January 1, 2003, then the political subdivision shall revise the tax rates of those subclasses of real property, individually, and/or personal property, in the aggregate, in which there is a tax rate reduction, pursuant to the provisions of this subsection. Such revision shall yield an amount equal to such difference and shall be apportioned among such subclasses of real property, individually, and/or personal property, in the aggregate, based on the relative assessed valuation of the class or subclasses of property experiencing a tax rate reduction. Such revision in the tax rates of each class or subclass shall be made by computing the percentage of current year adjusted assessed valuation of each class or subclass with a tax rate reduction to the total current year adjusted assessed valuation of the class or subclasses with a tax rate reduction, multiplying the resulting percentages by the revenue difference between the single rate calculation and the calculations pursuant to this subsection and dividing by the respective adjusted current year assessed valuation of each class or subclass to determine the adjustment to the rate to be levied upon each class or subclass of property. The adjustment computed herein shall be multiplied by one hundred, rounded to four decimals in the manner provided in this subsection, and added to the initial rate computed for each class or subclass of property. For school districts that levy separate tax rates on each subclass of real property and personal property in the aggregate, if voters approved a ballot before January 1, 2011, that presented separate stated tax rates to be applied to the different subclasses of real property and personal property in the aggregate, or increases the separate rates that may be levied on the different subclasses of real property and personal property in the aggregate by different amounts, the tax rate that shall be used for the single tax rate calculation shall be a blended rate, calculated in the manner provided under subdivision (1) of subsection 6 of this section. Notwithstanding any provision of this subsection to the contrary, no revision to the rate of levy for personal property shall cause such levy to increase over the levy for personal property from the prior year.

3. (1) Where the taxing authority is a school district, it shall be required to revise the rates of levy to the extent necessary to produce from all taxable property, including state-assessed railroad and utility property, which shall be separately estimated in addition to other data required in complying with section 164.011, substantially the amount of tax revenue permitted in this section. In the year following tax rate reduction, the tax rate ceiling may be adjusted to offset such district's reduction in the apportionment of state school moneys due to its reduced tax rate. However, in the event any school district, in calculating a tax rate ceiling pursuant to this section, requiring the estimating of effects of state-assessed railroad and utility valuation or loss of state aid, discovers that the estimates used result in receipt of excess revenues, which would have required a lower rate if the actual information had been known, the school district shall reduce the tax rate ceiling in the following year to compensate for the excess receipts, and the recalculated rate shall become the tax rate ceiling for purposes of this section.

(2) For any political subdivision which experiences a reduction in the amount of assessed valuation relating to a prior year, due to decisions of the state tax commission or a court pursuant to sections 138.430 to 138.433, or due to clerical errors or corrections in the calculation or recordation of any assessed

valuation:

(a) Such political subdivision may revise the tax rate ceiling for each purpose it levies taxes to compensate for the reduction in assessed value occurring after the political subdivision calculated the tax rate ceiling for the particular subclass of real property or for personal property, in the aggregate, in a prior year. Such revision by the political subdivision shall be made at the time of the next calculation of the tax rate for the particular subclass of real property or for personal property, in the aggregate, after the reduction in assessed valuation has been determined and shall be calculated in a manner that results in the revised tax rate ceiling being the same as it would have been had the corrected or finalized assessment been available at the time of the prior calculation;

(b) In addition, for up to three years following the determination of the reduction in assessed valuation as a result of circumstances defined in this subdivision, such political subdivision may levy a tax rate for each purpose it levies taxes above the revised tax rate ceiling provided in paragraph (a) of this subdivision to recoup any revenues it was entitled to receive had the corrected or finalized assessment been available at the time of the prior calculation.

4. (1) In order to implement the provisions of this section and Section 22 of Article X of the Constitution of Missouri, the term improvements shall apply to both real and personal property. In order to determine the value of new construction and improvements, each county assessor shall maintain a record of real property valuations in such a manner as to identify each year the increase in valuation for each political subdivision in the county as a result of new construction and improvements. The value of new construction and improvements shall include the additional assessed value of all improvements or additions to real property which were begun after and were not part of the prior year's assessment, except that the additional assessed value of all improvements or additions to real property which had been totally or partially exempt from ad valorem taxes [pursuant to] **under sections 68.010 to 68.075, sections 99.300 to 99.660, sections 99.800 to 99.865, sections 100.010 to 100.620, sections 135.200 to 135.255, [and] section 353.110, or any other provision of law providing for the total or partial exemption of ad valorem taxes** shall be included in the value of new construction and improvements when the property becomes totally or partially subject to assessment and payment of all ad valorem taxes. The aggregate increase in valuation of personal property for the current year over that of the previous year is the equivalent of the new construction and improvements factor for personal property. Notwithstanding any opt-out implemented pursuant to subsection 15 of section 137.115, the assessor shall certify the amount of new construction and improvements and the amount of assessed value on any real property which was assessed by the assessor of a county or city in such previous year but is assessed by the assessor of a county or city in the current year in a different subclass of real property separately for each of the three subclasses of real property for each political subdivision to the county clerk in order that political subdivisions shall have this information for the purpose of calculating tax rates pursuant to this section and Section 22, Article X, Constitution of Missouri. In addition, the state tax commission shall certify each year to each county clerk the increase in the general price level as measured by the Consumer Price Index for All Urban Consumers for the United States, or its successor publications, as defined and officially reported by the United States Department of Labor, or its successor agency. The state tax commission shall certify the increase in such index on the latest twelve-month basis available on February first of each year over the immediately preceding prior twelve-month period in order that political subdivisions shall have this information available in setting their tax rates according to law and Section 22 of Article X of the Constitution of Missouri. For purposes of implementing the provisions of this section and Section 22 of Article X of the Missouri Constitution, the

term “property” means all taxable property, including state-assessed property.

(2) Each political subdivision required to revise rates of levy pursuant to this section or Section 22 of Article X of the Constitution of Missouri shall calculate each tax rate it is authorized to levy and, in establishing each tax rate, shall consider each provision for tax rate revision provided in this section and Section 22 of Article X of the Constitution of Missouri, separately and without regard to annual tax rate reductions provided in section 67.505 and section 164.013. Each political subdivision shall set each tax rate it is authorized to levy using the calculation that produces the lowest tax rate ceiling. It is further the intent of the general assembly, pursuant to the authority of Section 10(c) of Article X of the Constitution of Missouri, that the provisions of such section be applicable to tax rate revisions mandated pursuant to Section 22 of Article X of the Constitution of Missouri as to reestablishing tax rates as revised in subsequent years, enforcement provisions, and other provisions not in conflict with Section 22 of Article X of the Constitution of Missouri. Annual tax rate reductions provided in section 67.505 and section 164.013 shall be applied to the tax rate as established pursuant to this section and Section 22 of Article X of the Constitution of Missouri, unless otherwise provided by law.

5. (1) In all political subdivisions, the tax rate ceiling established pursuant to this section shall not be increased unless approved by a vote of the people. Approval of the higher tax rate shall be by at least a majority of votes cast. When a proposed higher tax rate requires approval by more than a simple majority pursuant to any provision of law or the constitution, the tax rate increase must receive approval by at least the majority required.

(2) When voters approve an increase in the tax rate, the amount of the increase shall be added to the tax rate ceiling as calculated pursuant to this section to the extent the total rate does not exceed any maximum rate prescribed by law. If a ballot question presents a stated tax rate for approval rather than describing the amount of increase in the question, the stated tax rate approved shall be adjusted as provided in this section and, so adjusted, shall be the current tax rate ceiling. The increased tax rate ceiling as approved shall be adjusted such that when applied to the current total assessed valuation of the political subdivision, excluding new construction and improvements since the date of the election approving such increase, the revenue derived from the adjusted tax rate ceiling is equal to the sum of: the amount of revenue which would have been derived by applying the voter-approved increased tax rate ceiling to total assessed valuation of the political subdivision, as most recently certified by the city or county clerk on or before the date of the election in which such increase is approved, increased by the percentage increase in the consumer price index, as provided by law. Such adjusted tax rate ceiling may be applied to the total assessed valuation of the political subdivision at the setting of the next tax rate. If a ballot question presents a phased-in tax rate increase, upon voter approval, each tax rate increase shall be adjusted in the manner prescribed in this section to yield the sum of: the amount of revenue that would be derived by applying such voter-approved increased rate to the total assessed valuation, as most recently certified by the city or county clerk on or before the date of the election in which such increase was approved, increased by the percentage increase in the consumer price index, as provided by law, from the date of the election to the time of such increase and, so adjusted, shall be the current tax rate ceiling.

(3) The governing body of any political subdivision may levy a tax rate lower than its tax rate ceiling and may, in a nonreassessment year, increase that lowered tax rate to a level not exceeding the tax rate ceiling without voter approval in the manner provided under subdivision (4) of this subsection. Nothing in this section shall be construed as prohibiting a political subdivision from voluntarily levying a tax rate lower than that which is required under the provisions of this section or from seeking voter approval of a reduction

to such political subdivision's tax rate ceiling.

(4) In a year of general reassessment, a governing body whose tax rate is lower than its tax rate ceiling shall revise its tax rate pursuant to the provisions of subsection 4 of this section as if its tax rate was at the tax rate ceiling. In a year following general reassessment, if such governing body intends to increase its tax rate, the governing body shall conduct a public hearing, and in a public meeting it shall adopt an ordinance, resolution, or policy statement justifying its action prior to setting and certifying its tax rate. The provisions of this subdivision shall not apply to any political subdivision which levies a tax rate lower than its tax rate ceiling solely due to a reduction required by law resulting from sales tax collections. The provisions of this subdivision shall not apply to any political subdivision which has received voter approval for an increase to its tax rate ceiling subsequent to setting its most recent tax rate.

6. (1) For the purposes of calculating state aid for public schools pursuant to section 163.031, each taxing authority which is a school district shall determine its proposed tax rate as a blended rate of the classes or subclasses of property. Such blended rate shall be calculated by first determining the total tax revenue of the property within the jurisdiction of the taxing authority, which amount shall be equal to the sum of the products of multiplying the assessed valuation of each class and subclass of property by the corresponding tax rate for such class or subclass, then dividing the total tax revenue by the total assessed valuation of the same jurisdiction, and then multiplying the resulting quotient by a factor of one hundred. Where the taxing authority is a school district, such blended rate shall also be used by such school district for calculating revenue from state-assessed railroad and utility property as defined in chapter 151 and for apportioning the tax rate by purpose.

(2) Each taxing authority proposing to levy a tax rate in any year shall notify the clerk of the county commission in the county or counties where the tax rate applies of its tax rate ceiling and its proposed tax rate. Each taxing authority shall express its proposed tax rate in a fraction equal to the nearest one-tenth of a cent, unless its proposed tax rate is in excess of one dollar, then one/one-hundredth of a cent. If a taxing authority shall round to one/one-hundredth of a cent, it shall round up a fraction greater than or equal to five/one-thousandth of one cent to the next higher one/one-hundredth of a cent; if a taxing authority shall round to one-tenth of a cent, it shall round up a fraction greater than or equal to five/one-hundredths of a cent to the next higher one-tenth of a cent. Any taxing authority levying a property tax rate shall provide data, in such form as shall be prescribed by the state auditor by rule, substantiating such tax rate complies with Missouri law. All forms for the calculation of rates pursuant to this section shall be promulgated as a rule and shall not be incorporated by reference. The state auditor shall promulgate rules for any and all forms for the calculation of rates pursuant to this section which do not currently exist in rule form or that have been incorporated by reference. In addition, each taxing authority proposing to levy a tax rate for debt service shall provide data, in such form as shall be prescribed by the state auditor by rule, substantiating the tax rate for debt service complies with Missouri law. A tax rate proposed for annual debt service requirements will be prima facie valid if, after making the payment for which the tax was levied, bonds remain outstanding and the debt fund reserves do not exceed the following year's payments. The county clerk shall keep on file and available for public inspection all such information for a period of three years. The clerk shall, within three days of receipt, forward a copy of the notice of a taxing authority's tax rate ceiling and proposed tax rate and any substantiating data to the state auditor. The state auditor shall, within fifteen days of the date of receipt, examine such information and return to the county clerk his or her findings as to compliance of the tax rate ceiling with this section and as to compliance of any proposed tax rate for debt service with Missouri law. If the state auditor believes that a taxing authority's proposed tax

rate does not comply with Missouri law, then the state auditor's findings shall include a recalculated tax rate, and the state auditor may request a taxing authority to submit documentation supporting such taxing authority's proposed tax rate. The county clerk shall immediately forward a copy of the auditor's findings to the taxing authority and shall file a copy of the findings with the information received from the taxing authority. The taxing authority shall have fifteen days from the date of receipt from the county clerk of the state auditor's findings and any request for supporting documentation to accept or reject in writing the rate change certified by the state auditor and to submit all requested information to the state auditor. A copy of the taxing authority's acceptance or rejection and any information submitted to the state auditor shall also be mailed to the county clerk. If a taxing authority rejects a rate change certified by the state auditor and the state auditor does not receive supporting information which justifies the taxing authority's original or any subsequent proposed tax rate, then the state auditor shall refer the perceived violations of such taxing authority to the attorney general's office and the attorney general is authorized to obtain injunctive relief to prevent the taxing authority from levying a violative tax rate.

(3) In the event that the taxing authority incorrectly completes the forms created and promulgated under subdivision (2) of this subsection, or makes a clerical error, the taxing authority may submit amended forms with an explanation for the needed changes. If such amended forms are filed under regulations prescribed by the state auditor, the state auditor shall take into consideration such amended forms for the purposes of this subsection.

7. No tax rate shall be extended on the tax rolls by the county clerk unless the political subdivision has complied with the foregoing provisions of this section.

8. Whenever a taxpayer has cause to believe that a taxing authority has not complied with the provisions of this section, the taxpayer may make a formal complaint with the prosecuting attorney of the county. Where the prosecuting attorney fails to bring an action within ten days of the filing of the complaint, the taxpayer may bring a civil action pursuant to this section and institute an action as representative of a class of all taxpayers within a taxing authority if the class is so numerous that joinder of all members is impracticable, if there are questions of law or fact common to the class, if the claims or defenses of the representative parties are typical of the claims or defenses of the class, and if the representative parties will fairly and adequately protect the interests of the class. In any class action maintained pursuant to this section, the court may direct to the members of the class a notice to be published at least once each week for four consecutive weeks in a newspaper of general circulation published in the county where the civil action is commenced and in other counties within the jurisdiction of a taxing authority. The notice shall advise each member that the court will exclude him or her from the class if he or she so requests by a specified date, that the judgment, whether favorable or not, will include all members who do not request exclusion, and that any member who does not request exclusion may, if he or she desires, enter an appearance. In any class action brought pursuant to this section, the court, in addition to the relief requested, shall assess against the taxing authority found to be in violation of this section the reasonable costs of bringing the action, including reasonable attorney's fees, provided no attorney's fees shall be awarded any attorney or association of attorneys who receive public funds from any source for their services. Any action brought pursuant to this section shall be set for hearing as soon as practicable after the cause is at issue.

9. If in any action, including a class action, the court issues an order requiring a taxing authority to revise the tax rates as provided in this section or enjoins a taxing authority from the collection of a tax because of its failure to revise the rate of levy as provided in this section, any taxpayer paying his or her taxes when an improper rate is applied has erroneously paid his or her taxes in part, whether or not the taxes

are paid under protest as provided in section 139.031 or otherwise contested. The part of the taxes paid erroneously is the difference in the amount produced by the original levy and the amount produced by the revised levy. The township or county collector of taxes or the collector of taxes in any city shall refund the amount of the tax erroneously paid. The taxing authority refusing to revise the rate of levy as provided in this section shall make available to the collector all funds necessary to make refunds pursuant to this subsection. No taxpayer shall receive any interest on any money erroneously paid by him or her pursuant to this subsection. Effective in the 1994 tax year, nothing in this section shall be construed to require a taxing authority to refund any tax erroneously paid prior to or during the third tax year preceding the current tax year.

10. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void.”; and

Further amend said bill, page 418, section C, line 2 of said page, by inserting after all of said line the following:

“Section D. The repeal and reenactment of section 137.073 of this act shall become effective July 1, 2020.”; and

Further amend the title and enacting clause accordingly.

Senator Hegeman moved that the above amendment be adopted, which motion prevailed.

Senator Holsman offered **SA 2**:

#### SENATE AMENDMENT NO. 2

Amend Senate Substitute for House Committee Substitute for House Bill No. 255, Page 173, Section 94.705, Line 25, by inserting after all of said line the following:

“135.100. As used in sections 135.100 to 135.150 the following terms shall mean:

(1) “Commencement of commercial operations” shall be deemed to occur during the first taxable year for which the new business facility is first available for use by the taxpayer, or first capable of being used by the taxpayer, in the revenue-producing enterprise in which the taxpayer intends to use the new business facility;

(2) “Existing business facility”, any facility in this state which was employed by the taxpayer claiming the credit in the operation of a revenue-producing enterprise immediately prior to an expansion, acquisition, addition, or replacement;

(3) “Facility”, any building used as a revenue-producing enterprise located within the state, including the land on which the facility is located and all machinery, equipment and other real and depreciable tangible personal property acquired for use at and located at or within such facility and used in connection with the operation of such facility;

(4) “NAICS”, the North American Industrial Classification System as such classifications are defined

in the 2007 edition of the North American Industrial Classification System;

(5) “New business facility”, a facility which satisfies the following requirements:

(a) Such facility is employed by the taxpayer in the operation of a revenue-producing enterprise. Such facility shall not be considered a new business facility in the hands of the taxpayer if the taxpayer’s only activity with respect to such facility is to lease it to another person or persons. If the taxpayer employs only a portion of such facility in the operation of a revenue-producing enterprise, and leases another portion of such facility to another person or persons or does not otherwise use such other portions in the operation of a revenue-producing enterprise, the portion employed by the taxpayer in the operation of a revenue-producing enterprise shall be considered a new business facility, if the requirements of paragraphs (b), (c), (d) and (e) of this subdivision are satisfied;

(b) Such facility is acquired by, or leased to, the taxpayer after December 31, 1983. A facility shall be deemed to have been acquired by, or leased to, the taxpayer after December 31, 1983, if the transfer of title to the taxpayer, the transfer of possession pursuant to a binding contract to transfer title to the taxpayer, or the commencement of the term of the lease to the taxpayer occurs after December 31, 1983, or, if the facility is constructed, erected or installed by or on behalf of the taxpayer, such construction, erection or installation is commenced after December 31, 1983;

(c) If such facility was acquired by the taxpayer from another person or persons and such facility was employed immediately prior to the transfer of title to such facility to the taxpayer, or to the commencement of the term of the lease of such facility to the taxpayer, by any other person or persons in the operation of a revenue-producing enterprise, the operation of the same or a substantially similar revenue-producing enterprise is not continued by the taxpayer at such facility;

(d) Such facility is not a replacement business facility, as defined in subdivision (11) of this section; and

(e) The new business facility investment exceeds one hundred thousand dollars during the tax period in which the credits are claimed;

(6) “New business facility employee”, a person employed by the taxpayer in the operation of a new business facility during the taxable year for which the credit allowed by section 135.110 is claimed, except that truck drivers and rail and barge vehicle operators shall not constitute new business facility employees. A person shall be deemed to be so employed if such person performs duties in connection with the operation of the new business facility on:

(a) A regular, full-time basis; or

(b) A part-time basis, provided such person is customarily performing such duties an average of at least twenty hours per week; or

(c) A seasonal basis, provided such person performs such duties for at least eighty percent of the season customary for the position in which such person is employed;

(7) “New business facility income”, the Missouri taxable income, as defined in chapter 143, derived by the taxpayer from the operation of the new business facility. For the purpose of apportionment as prescribed in this subdivision, the term “Missouri taxable income” means, in the case of insurance companies, direct premiums as defined in chapter 148. If a taxpayer has income derived from the operation of a new business facility as well as from other activities conducted within this state, the Missouri taxable income derived by the taxpayer from the operation of the new business facility shall be determined by multiplying the

taxpayer's Missouri taxable income, computed in accordance with chapter 143, or in the case of an insurance company, computed in accordance with chapter 148, by a fraction, the numerator of which is the property factor, as defined in paragraph (a) of this subdivision, plus the payroll factor, as defined in paragraph (b) of this subdivision, and the denominator of which is two:

(a) The property factor is a fraction, the numerator of which is the new business facility investment certified for the tax period, and the denominator of which is the average value of all the taxpayer's real and depreciable tangible personal property owned or rented and used in this state during the tax period. The average value of all such property shall be determined as provided in chapter 32;

(b) The payroll factor is a fraction, the numerator of which is the total amount paid during the tax period by the taxpayer for compensation to persons qualifying as new business facility employees, as determined by subsection 4 of section 135.110, at the new business facility, and the denominator of which is the total amount paid in this state during the tax period by the taxpayer for compensation. The compensation paid in this state shall be determined as provided in chapter 32. For the purpose of this subdivision, "other activities conducted within this state" shall include activities previously conducted at the expanded, acquired or replaced facility at any time during the tax period immediately prior to the tax period in which commencement of commercial operations occurred;

(8) "New business facility investment", the value of [real and depreciable tangible personal] property, acquired by the taxpayer as part of the new business facility, which is used by the taxpayer in the operation of the new business facility, during the taxable year for which the credit allowed by section 135.110 is claimed, except that trucks, truck-trailers, truck semitrailers, rail vehicles, barge vehicles, aircraft and other rolling stock for hire, track, switches, barges, bridges, tunnels and rail yards and spurs shall not constitute new business facility investments. **For the purposes of sections 135.100 to 135.150, property may be acquired by the taxpayer by purchase, lease, or license, including the right to use software and hardware via on-demand network access to a shared pool of configurable computing resources as long as the rights are used at the new business facility.** The total value of such property during such taxable year shall be:

(a) Its original cost if owned by the taxpayer; or

(b) Eight times the net annual rental rate **or license**, if leased **or licensed** by the taxpayer. The net annual rental **or license** rate shall be the annual rental **or license** rate paid by the taxpayer less any annual rental **or license** rate received by the taxpayer from subrentals **or sublicenses**. The new business facility investment shall be determined by dividing by twelve the sum of the total value of such property on the last business day of each calendar month of the taxable year. If the new business facility is in operation for less than an entire taxable year, the new business facility investment shall be determined by dividing the sum of the total value of such property on the last business day of each full calendar month during the portion of such taxable year during which the new business facility was in operation by the number of full calendar months during such period;

(9) "Office", a regional, national or international headquarters, a telemarketing operation, a computer operation, an insurance company, a passenger transportation ticket/reservation system or a credit card billing and processing center. For the purposes of this subdivision, "headquarters" means the administrative management of at least four integrated facilities operated by the taxpayer or related taxpayer. An office, as defined in this subdivision, when established must create and maintain positions for a minimum number of twenty-five new business facility employees as defined in subdivision (6) of this section;

(10) “Related taxpayer” shall mean:

- (a) A corporation, partnership, trust or association controlled by the taxpayer;
- (b) An individual, corporation, partnership, trust or association in control of the taxpayer; or

(c) A corporation, partnership, trust or association controlled by an individual, corporation, partnership, trust or association in control of the taxpayer. SENATE AMENDMENT NO. 1

Amend Senate Committee Substitute for House Committee Substitute for House Bill No. 547, Page 9, Section 557.014, Line 104, by inserting after all of said line the following:

“650.058. 1. Notwithstanding the sovereign immunity of the state, any individual who was found guilty of a felony in a Missouri court and was later determined to be actually innocent of such crime solely as a result of DNA profiling analysis may be paid restitution. The individual may receive an amount of [fifty] **one hundred** dollars per day for each day of postconviction incarceration for the crime for which the individual is determined to be actually innocent. The petition for the payment of said restitution shall be filed with the sentencing court. For the purposes of this section, the term “actually innocent” shall mean:

- (1) The individual was convicted of a felony for which a final order of release was entered by the court;
- (2) All appeals of the order of release have been exhausted;

(3) The individual was not serving any term of a sentence for any other crime concurrently with the sentence for which he or she is determined to be actually innocent, unless such individual was serving another concurrent sentence because his or her parole was revoked by a court or the board of probation and parole in connection with the crime for which the person has been exonerated. Regardless of whether any other basis may exist for the revocation of the person’s probation or parole at the time of conviction for the crime for which the person is later determined to be actually innocent, when the court’s or the board of probation and parole’s sole stated reason for the revocation in its order is the conviction for the crime for which the person is later determined to be actually innocent, such order shall, for purposes of this section only, be conclusive evidence that their probation or parole was revoked in connection with the crime for which the person has been exonerated; and

(4) Testing ordered under section 547.035, or testing by the order of any state or federal court, if such person was exonerated on or before August 28, 2004, or testing ordered under section 650.055, if such person was or is exonerated after August 28, 2004, demonstrates a person's innocence of the crime for which the person is in custody.

Any individual who receives restitution under this section shall be prohibited from seeking any civil redress from the state, its departments and agencies, or any employee thereof, or any political subdivision or its employees. This section shall not be construed as a waiver of sovereign immunity for any purposes other than the restitution provided for herein. The department of corrections shall determine the aggregate amount of restitution owed during a fiscal year. If insufficient moneys are appropriated each fiscal year to pay restitution to such persons, the department shall pay each individual who has received an order awarding restitution a pro rata share of the amount appropriated. Provided sufficient moneys are appropriated to the department, the amounts owed to such individual shall be paid on June thirtieth of each subsequent fiscal year, until such time as the restitution to the individual has been paid in full. However, no individual awarded restitution under this subsection shall receive more than thirty-six thousand five hundred dollars during each fiscal year. No interest on unpaid restitution shall be awarded to the individual. No individual who has been determined by the court to be actually innocent shall be responsible for the costs of care under section 217.831.

2. If the results of the DNA testing confirm the person's guilt, then the person filing for DNA testing under section 547.035, shall:

(1) Be liable for any reasonable costs incurred when conducting the DNA test, including but not limited to the cost of the test. Such costs shall be determined by the court and shall be included in the findings of fact and conclusions of law made by the court; and

(2) Be sanctioned under the provisions of section 217.262.

3. A petition for payment of restitution under this section may only be filed by the individual determined to be actually innocent or the individual's legal guardian. No claim or petition for restitution under this section may be filed by the individual's heirs or assigns. An individual's right to receive restitution under this section is not assignable or otherwise transferrable. The state's obligation to pay restitution under this section shall cease upon the individual's death. Any beneficiary designation that purports to bequeath, assign, or otherwise convey the right to receive such restitution shall be void and unenforceable.

4. An individual who is determined to be actually innocent of a crime under this chapter shall automatically be granted an order of expungement from the court in which he or she pled guilty or was sentenced to expunge from all official records all recordations of his or her arrest, plea, trial or conviction. Upon granting of the order of expungement, the records and files maintained in any administrative or court proceeding in an associate or circuit division of the court shall be confidential and only available to the parties or by order of the court for good cause shown. The effect of such order shall be to restore such person to the status he or she occupied prior to such arrest, plea or conviction and as if such event had never taken place. No person as to whom such order has been entered shall be held thereafter under any provision of any law to be guilty of perjury or otherwise giving a false statement by reason of his or her failure to recite or acknowledge such arrest, plea, trial, conviction or expungement in response to any inquiry made of him or her for any purpose whatsoever and no such inquiry shall be made for information relating to an expungement under this section.”; and

# Journal of the Senate

FIRST REGULAR SESSION

---

**SIXTY-FIRST DAY—THURSDAY, MAY 2, 2019**

---

The Senate met pursuant to adjournment.

President Kehoe in the Chair.

Reverend Carl Gauck offered the following prayer:

“The present moment holds infinite riches, but you will only enjoy them to the extent of your faith and love. The more a soul loves, the more it longs; the more it hopes, the more it finds.” (Jean-Pierre De Caussade)

Heavenly Father, we reach the end of another week and time seems to be accelerating with yet so much to do, to accomplish, to discover and to pursue. Help us join our nation in prayer to focus on those things right here and now throughout this day and enrich our souls as we draw closer to those we love and embrace each moment with them and with You, our God. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

**2. In an action to partition real property under this chapter, the court shall determine whether the property is heirs’ property. If the court determines that the property is heirs’ property, the**

property shall be partitioned under sections 528.700 to 528.750 unless all of the cotenants otherwise agree in a record.

3. Sections 528.700 to 528.750 shall supplement sections 528.010 to 528.640 and Missouri supreme court rule 96.

528.710. 1. Sections 528.700 to 528.750 shall not limit or affect the method by which service of a complaint in a partition action may be made.

2. If the plaintiff in a partition action seeks an order of notice by publication and the court determines that the property may be heirs' property, the plaintiff, no later than ten days after the court's determination, shall post and maintain, while the action is pending, a conspicuous sign on the property that is the subject of the action. The sign shall state that the action has commenced and identify the name and address of the court and the common designation by which the property is known. The court may require the plaintiff to publish on the sign the name of the plaintiff and the known defendants.

528.715. If the court appoints commissioners under supreme court rule 96, each commissioner, in addition to the requirements and disqualifications applicable to commissioners in supreme court rule 96, shall be disinterested and impartial and not a party to or a participant in the action.

528.720. 1. Except as otherwise provided in subsections 2 and 3 of this section, if the court determines that the property that is the subject of a partition action is heirs' property, the court shall determine the fair market value of the property by ordering a certified appraisal under subsection 4 of this section.

2. If all cotenants have agreed to the value of the property or to another method of valuation, the court shall adopt that value or the value produced by the agreed method of valuation.

3. If the court determines that the evidentiary value of an appraisal is outweighed by the cost of the appraisal, the court, after an evidentiary hearing, shall determine the fair market value of the property and send notice to the parties of the value.

4. If the court orders a certified appraisal, the court shall appoint a disinterested real estate appraiser licensed in this state to determine the fair market value of the property assuming sole ownership of the fee simple estate. On completion of the appraisal, the appraiser shall file a sworn or verified appraisal with the court.

5. If an appraisal is conducted under subsection 4 of this section, no later than ten days after the appraisal is filed, the court shall send notice to each party with a known address, stating:

(1) The appraised fair market value of the property;

(2) That the appraisal is available at the clerk's office; and

(3) That a party may file with the court an objection to the appraisal no later than thirty days after the notice is sent stating the grounds for the objection.

6. If an appraisal is filed with the court under subsection 4 of this section, the court shall conduct a hearing to determine the fair market value of the property no sooner than thirty days after a copy of the notice of the appraisal is sent to each party under subsection 5 of this section regardless of whether an objection to the appraisal is filed under subdivision (3) of subsection 5 of this section. In

addition to the court-ordered appraisal, the court may consider any other evidence of value offered by a party.

7. After a hearing under subsection 6 of this section but before considering the merits of the partition action, the court shall determine the fair market value of the property and send notice to the parties of the value.

528.725. 1. If any cotenant has requested partition by sale after the determination of value under section 528.720, the court shall send notice to the parties that any cotenant, except a cotenant that requested partition by sale, may buy all the interests of the cotenants that requested partition by sale.

2. No later than forty-five days after the notice is sent under subsection 1 of this section, any cotenant, except a cotenant that requested partition by sale, may give notice to the court that it elects to buy all the interests of the cotenants that requested partition by sale.

3. The purchase price for each of the interests of a cotenant that requested partition by sale is the value of the entire parcel determined under section 528.720 multiplied by the cotenant's fractional ownership of the entire parcel.

4. After expiration of the period in subsection 2 of this section, the following rules shall apply:

(1) If only one cotenant elects to buy all the interests of the cotenants that requested partition by sale, the court shall notify all the parties of that fact;

(2) If more than one cotenant elects to buy all the interests of the cotenants that requested partition by sale, the court shall allocate the right to buy those interests among the electing cotenants based on each electing cotenant's existing fractional ownership of the entire parcel divided by the total existing fractional ownership of all cotenants electing to buy and send notice to all the parties of that fact and of the price to be paid by each electing cotenant;

(3) If no cotenant elects to buy all the interests of the cotenants that requested partition by sale, the court shall send notice to all the parties of that fact and resolve the partition action under subsection 1 or 2 of section 528.730.

5. If the court sends notice to the parties under subdivision (1) or (2) of subsection 4 of this section, the court shall set a date, no sooner than sixty days after the date the notice was sent, by which electing cotenants shall pay their apportioned price into the court. After this date, the following rules shall apply:

(1) If all electing cotenants timely pay their apportioned price into court, the court shall issue an order reallocating all the interests of the cotenants and disburse the amounts held by the court to the persons entitled to them;

(2) If no electing cotenant timely pays its apportioned price, the court shall resolve the partition action under subsection 1 or 2 of section 528.730 as if the interests of the cotenants that requested partition by sale were not purchased; or

(3) If one or more but not all of the electing cotenants fail to pay their apportioned price on time, the court, on motion, shall give notice to the electing cotenants that paid their apportioned price of the interest remaining and the price for all that interest.

6. No later than twenty days after the court gives notice under subdivision (3) of subsection 5 of

this section, any cotenant that paid may elect to purchase all of the remaining interest by paying the entire price into the court. After the twenty-day period, the following rules shall apply:

(1) If only one cotenant pays the entire price for the remaining interest, the court shall issue an order reallocating the remaining interest to that cotenant. The court shall promptly issue an order reallocating the interests of all of the cotenants and disburse the amounts held by the court to the persons entitled to such amounts;

(2) If no cotenant pays the entire price for the remaining interest, the court shall resolve the partition action under subsection 1 or 2 of section 528.730 as if the interests of the cotenants that requested partition by sale were not purchased; or

(3) If more than one cotenant pays the entire price for the remaining interest, the court shall reapportion the remaining interest among those paying cotenants based on each paying cotenant's original fractional ownership of the entire parcel divided by the total original fractional ownership of all cotenants that paid the entire price for the remaining interest. The court shall promptly issue an order reallocating all of the cotenants' interests, disburse the amounts held by the court to the persons entitled to such amounts, and promptly refund any excess payment held by the court.

7. No later than forty-five days after the court sends notice to the parties under subsection 1 of this section, any cotenant entitled to buy an interest under this section may request the court to authorize the sale as part of the pending action of the interests of cotenants named as defendants and served with the complaint but that did not appear in the action.

8. If the court receives a timely request under subsection 7 of this section, the court, after hearing, may deny the request or authorize the requested additional sale on such terms as the court determines are fair and reasonable, subject to the following limitations:

(1) A sale authorized under this subsection may occur only after the purchase prices for all interests subject to sale under subsections 1 to 6 of this section have been paid into court and those interests have been reallocated among the cotenants as provided in subsections 1 to 6 of this section; and

(2) The purchase price for the interest of a nonappearing cotenant is based on the court's determination of value under section 528.720.

528.730. 1. If all the interests of all cotenants that requested partition by sale are not purchased by other cotenants under section 528.725, or, if after conclusion of the buyout under section 528.725, a cotenant that has requested partition in kind remains, the court shall order partition in kind unless the court, after consideration of the factors listed in section 528.735, finds that partition in kind will result in great prejudice to the cotenants as a group. In considering whether to order partition in kind, the court shall approve a request by two or more parties to have their individual interests aggregated.

2. If the court does not order partition in kind under subsection 1 of this section, the court shall order partition by sale under section 528.740 or, if no cotenant requested partition by sale, the court shall dismiss the action.

3. If the court orders partition in kind under subsection 1 of this section, the court may require that one or more cotenants pay one or more other cotenants amounts so that the payments, taken

together with the value of the in-kind distributions to the cotenants, will make the partition in kind just and proportionate in value to the fractional interests held.

4. If the court orders partition in kind, the court shall allocate to the cotenants that are unknown, unlocatable, or the subject of a default judgment, if their interests were not bought out under section 528.725, a part of the property representing the combined interests of these cotenants as determined by the court, and that part of the property shall remain undivided.

528.735. 1. In determining, under subsection 1 of section 528.730, whether partition in kind would result in great prejudice to the cotenants as a group, the court shall consider the following:

(1) Whether the heirs' property practicably can be divided among the cotenants;

(2) Whether partition in kind would apportion the property in such a way that the aggregate fair market value of the parcels resulting from the division would be materially less than the value of the property if it were sold as a whole, taking into account the condition under which a court-ordered sale likely would occur;

(3) Evidence of the collective duration of ownership or possession of the property by a cotenant and one or more predecessors in title or predecessors in possession to the cotenant who are or were relatives of the cotenant or each other;

(4) A cotenant's sentimental attachment to the property, including any attachment arising because the property has ancestral or other unique or special value to the cotenant;

(5) The lawful use being made of the property by a cotenant and the degree to which the cotenant would be harmed if the cotenant could not continue the same use of the property;

(6) The degree to which the cotenants have contributed their pro rata share of the property taxes, insurance, and other expenses associated with maintaining ownership of the property or have contributed to the physical improvement, maintenance, or upkeep of the property; and

(7) Any other relevant factor.

2. The court shall not consider any one factor in subsection 1 of this section to be dispositive without weighing the totality of all relevant factors and circumstances.

528.740. 1. If the court orders a sale of heirs' property, the sale shall be an open-market sale unless the court finds that a sale by sealed bids or an auction would be more economically advantageous and in the best interest of the cotenants as a group.

2. If the court orders an open-market sale and the parties, no later than ten days after the entry of the order, agree on a real estate broker licensed in this state to offer the property for sale, the court shall appoint the broker and establish a reasonable commission. If the parties do not agree on a broker, the court shall appoint a disinterested real estate broker licensed in this state to offer the property for sale and shall establish a reasonable commission. The broker shall offer the property for sale in a commercially reasonable manner at a price no lower than the determination of value and on the terms and conditions established by the court. If the court finds that an auction company is more advantageous to the cotenants as a group, it has the discretion to appoint an auction company to conduct the sale required under this subsection.

3. If the broker appointed under subsection 2 of this section obtains within a reasonable time an

offer to purchase the property for at least the determination of value:

(1) The broker shall comply with the reporting requirements in section 528.745; and

(2) The sale may be completed in accordance with state law other than sections 528.700 to 528.750.

4. If the broker appointed under subsection 2 of this section does not obtain within a reasonable time an offer to purchase the property for at least the determination of value, the court, after hearing, may:

(1) Approve the highest outstanding offer, if any;

(2) Redetermine the value of the property and order that the property continue to be offered for an additional time; or

(3) Order that the property be sold by sealed bids or at an auction.

5. If the court orders a sale by sealed bids or an auction, the court shall set terms and conditions of the sale. If the court orders a sale, the sale shall be conducted under supreme court rule 96.

6. If a purchaser is entitled to a share of the proceeds of the sale, the purchaser is entitled to a credit against the price in an amount equal to the purchaser's share of the proceeds.

“508.010. 1. As used in this section, “principal place of residence” shall mean the county which is the main place where an individual resides in the state of Missouri. [There shall be a rebuttable presumption that the county of voter registration at the time of injury is the principal place of residence.] There shall be only one principal place of residence.

**(1) For an individual person, there shall be a rebuttable presumption that the county of voter registration at the time of injury is the principal place of residence.**

**(2) Notwithstanding subdivision (1) of this subsection, for an individual whose conduct at issue was alleged in at least one count to be in the course and scope of his or her employment with a corporation, the individual’s principal place of residence for venue purposes shall be deemed to be the applicable corporation’s principal place of residence.**

**(3) For a corporation that, either directly or through its subsidiaries, wholly owns or operates a railroad, the place where the corporation has its registered agent is its principal place of residence**

**for the purposes of venue, provided that the registered agent is in a city not within a county, a charter county, or a first class county.**

2. In all actions in which there is no count alleging a tort, venue shall be determined as follows:

(1) When the defendant is a resident of the state, either in the county within which the defendant resides, or in the county within which the plaintiff resides, and the defendant may be found;

(2) When there are several defendants, and they reside in different counties, the suit may be brought in any such county;

(3) When there are several defendants, some residents and others nonresidents of the state, suit may be brought in any county in this state in which any defendant resides;

(4) When all the defendants are nonresidents of the state, suit may be brought in any county in this state, **provided there is personal jurisdiction over each defendant, independent of each other defendant.**

3. The term “tort” shall include claims based upon improper health care, under the provisions of chapter 538.

4. Notwithstanding any other provision of law, in all actions in which there is any count alleging a tort and in which the plaintiff was first injured in the state of Missouri, venue shall be in the county where the plaintiff was first injured by the [wrongful] acts or [negligent] conduct alleged in the action.

5. Notwithstanding any other provision of law, in all actions in which there is any count alleging a tort and in which the plaintiff was first injured outside the state of Missouri, venue **as to that individual plaintiff** shall be determined as follows:

(2) If the defendant is an individual, then venue shall be in [any] **the** county [of] **where** the [individual defendant’s] **defendant has his or her** principal place of residence in the state of Missouri, **which for venue purposes shall be deemed to be that of his or her employer corporation if any count alleges conduct in the course and scope of his or her employment with that corporation,** or, if the plaintiff’s principal place of residence was in the state of Missouri on the date the plaintiff was first injured, then venue **as to that individual plaintiff** may be in the county containing the plaintiff’s principal place of residence on the date the plaintiff was first injured;

(3) Notwithstanding subdivisions (1) and (2) of this subsection, if the plaintiff was first injured in a foreign country in connection with any railroad operations therein and any defendant is a:

12. The provisions of this section shall apply irrespective of whether the defendant is a for-profit or a not-for-profit entity.

13. In any civil action, if all parties agree in writing to a change of venue, the court shall transfer venue to the county within the state unanimously chosen by the parties. 14. A plaintiff is considered first injured where the trauma or exposure occurred rather than where symptoms are first manifested.

**15. If the county where the plaintiff's claim is filed is not a proper venue, that plaintiff shall be transferred to a county where proper venue can be established. If no such county exists in the state of Missouri, the claim shall be dismissed without prejudice.**

**16. Denial of a motion to transfer venue pursuant to sections 507.040, 507.050, or 508.010, if denied in error, requires reversal, and no finding of prejudice under Missouri supreme court rule 84.13(b) is required for reversal.**

“544.455. 1. Any person charged with a bailable offense, at his or her appearance before [an associate circuit judge or] a judge, may be ordered released pending trial, appeal, or other stage of the proceedings against him on his personal recognizance, unless the [associate circuit judge or] judge determines, in the exercise of his discretion, that such a release will not reasonably assure the appearance of the person as required. When such a determination is made, the [associate circuit judge or] judge may either in lieu of or in addition to the above methods of release, impose any or any combination of the following conditions of release which will reasonably assure the appearance of the person for trial:

(1) Place the person in the custody of a designated person or organization agreeing to supervise him;

(2) Place restriction on the travel, association, or place of abode of the person during the period of release;

(3) Require the execution of a bail bond with sufficient solvent sureties, or the deposit of cash in lieu thereof **by a defendant or a third party; however, the court shall accept in lieu of a cash only bond a guaranty from any surety who is in compliance with general laws regulating such profession. Upon judgment of a bail bond forfeiture, moneys shall be disbursed in the same manner as a judgment that is paid by a professional surety;**

(6) Place the person on house arrest with electronic monitoring; except that all costs associated with the electronic monitoring shall be charged to the person on house arrest. If the judge finds the person unable to afford the costs associated with electronic monitoring, the judge may order that the person be placed on house arrest with electronic monitoring if the county commission agrees to pay from the general revenue of the county the costs of such monitoring. In determining which conditions of release will reasonably assure appearance, the associate circuit judge or judge shall, on the basis of available information, take into account the nature and circumstances of the offense charged, the weight of the evidence against the accused, the accused's family ties, employment, financial resources, character and mental condition, the length of his residence in the community, his record of convictions, and his record of appearance at court proceedings or flight to avoid prosecution or failure to appear at court proceedings.

3. [An associate circuit judge or] A judge authorizing the release of a person under this section shall issue an appropriate order containing a statement of the conditions imposed, if any, shall inform such person of the penalties applicable to violations of the conditions of his release and shall advise him that a warrant for his arrest will be issued immediately upon any such violation.

A person for whom conditions of release are imposed and who after twenty-four hours from the time of the release hearing continues to be detained as a result of his inability to meet the conditions of release, shall, upon application, be entitled to have the condition reviewed by the associate circuit judge or judge who imposed them. The motion shall be determined promptly.

5. [An associate circuit judge or] A judge ordering the release of a person on any condition specified in this section may at any time amend his order to impose additional or different conditions of release; except that, if the imposition of such additional or different conditions results in the detention of the person as a result of his inability to meet such conditions or in the release of the person on a condition requiring him to return to custody after specified hours, the provisions of subsection 4 of this section shall apply.

6. Information stated in, or offered in connection with, any order entered pursuant to this section need not conform to the rules pertaining to the admissibility of evidence in a court of law.

7. Nothing contained in this section shall be construed to prevent the disposition of any case or class of cases by forfeiture of collateral security where such disposition is authorized by the court.

# Journal of the Senate

## FIRST REGULAR SESSION

---

**SIXTY-THIRD DAY—TUESDAY, MAY 7, 2019**

---

The Senate met pursuant to adjournment.

President Kehoe in the Chair.

Reverend Carl Gauck offered the following prayer:

“The Lord has heard my supplications: the Lord accepts my prayer.” (Psalm 6:9)

Heavenly Father, Help us to remember that You are more ready to listen to our prayers than we are to pray. Help us to remember that without regular prayer we are always in danger of giving into temptation when a crisis touches our lives. And help us to know that by daily prayer we are given the strength to face each new day and what it will bring. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and passed **HCS** for **HCR 43**.

**HOUSE COMMITTEE SUBSTITUTE FOR  
HOUSE CONCURRENT RESOLUTION NO. 43**

WHEREAS, on February 7, 2019, Representative Alexandria Ocasio-Cortez introduced House Resolution 109 in the United States House of Representatives indicating that the federal government has a duty to create a Green New Deal to achieve net-zero greenhouse gas emissions

in ten years; and

WHEREAS, House Resolution 109 espouses a terrifying future based on arbitrary statistics and outcomes that can not truly be predicted. The solutions set out in the Green New Deal and House Resolution 109 will cost the United States trillions of dollars, with no clear path for paying to implement the plan; and

WHEREAS, Representative Ocasio-Cortez’s staff released a document detailing what the Green New Deal would entail, including massive changes to the way millions of people in the country live, with these changes happening on a radically short timeline; and

WHEREAS, the document, which contained Frequently Asked Questions, indicated that the goal was for net zero rather than zero emissions in ten years because they were not sure “that we’ll be able to fully get rid of farting cows and airplanes that fast”; and

WHEREAS, according to the University of Missouri Extension Service, Missouri is ranked number three in beef cow inventories with more than 2 million cows as of 2017 and is home to over 80,000 milk cows; and

WHEREAS, in 2012, Missouri ranked fourth in the country in the number of acres of soybeans planted and second in the number of acres of used for forage according to the U.S. Department of Agriculture; and

WHEREAS, eliminating or significantly reducing cattle and combustion engines would damage the agricultural industry in Missouri, which leads the way in feeding the world, by crippling the ability to engage in cattle ranching; cultivate the soil; produce and harvest rice, cotton, corn, soybeans, and other food products; and transport food products around the world; and

WHEREAS, the Boeing Corporation employs over 14,500 people in Missouri. Making air travel unnecessary would result in thousands of Boeing employees losing their jobs; and

WHEREAS, House Resolution 109 calls for “meeting 100 percent of the power demand in the United States through clean, renewable, and zero-emission energy sources” and the associated document called for phasing out fossil fuels and nuclear energy as soon as possible; and

WHEREAS, coal and nuclear power fuel the majority of Missouri’s electricity generation. According to the U.S. Energy Information Administration, coal fueled 81 percent and the Callaway Nuclear Generating Station provided 10 percent of Missouri’s electricity generation in 2017; and

WHEREAS, the nuclear power plant located in Callaway County, in the heart of the state, provides highly efficient, low-cost, carbon free electricity for Ameren Missouri’s 1.2 million customers; and

WHEREAS, the proposed Green New Deal would significantly damage Missouri’s electrical power industry by phasing out the use of fossil fuels and nuclear energy; and

WHEREAS, the proposed Green New Deal indicates that the federal government should ensure economic security for all people of the United States; and

WHEREAS, the document also indicated that the proposed Green New Deal sought “economic security for all who are unable or unwilling to work”; and

WHEREAS, the funds required to pay for a guaranteed income for all may increase as more people decide they are unwilling to work or are laid off as a result of the damage to various industries:

NOW THEREFORE BE IT RESOLVED that the members of the House of Representatives of the One Hundredth General Assembly, First Regular Session, the Senate concurring therein, hereby urge President Donald J. Trump and members of Missouri’s congressional delegation to oppose the resolution proposing a Green New Deal; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare a properly inscribed copy of this resolution for President Donald J. Trump and each member of the Missouri congressional delegation.

In which the concurrence of the Senate is respectfully requested.

Also,

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and adopted **SCS**, as amended for **HB 260** and has taken up and passed **SCS** for **HB 260**, as amended.

**SENATE AMENDMENT NO. 4**

Amend Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 192, Page 1, Section A, Line 4, by inserting after all of said line the following:

“302.574. 1. If a person who was operating a vehicle refuses upon the request of the officer to submit to any chemical test under section 577.041, the officer shall, on behalf of the director of revenue, serve the notice of license revocation personally upon the person and shall take possession of any license to operate a vehicle issued by this state which is held by that person. The officer shall issue a temporary permit, on behalf of the director of revenue, which is valid for fifteen days and shall also give the person notice of his or her right to file a petition for review to contest the license revocation.

2. Such officer shall make a certified report under penalties of perjury for making a false statement to a public official. The report shall be forwarded to the director of revenue and shall include the following:

(1) That the officer has:

(a) Reasonable grounds to believe that the arrested person was driving a motor vehicle while in an intoxicated condition; or

(b) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was driving a motor vehicle with a blood alcohol content of two-hundredths of one percent or more by weight; or

(c) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was committing a violation of the traffic laws of the state, or political subdivision of the state, and such officer has reasonable grounds to believe, after making such stop, that the person had a blood alcohol content of two-hundredths of one percent or greater;

(2) That the person refused to submit to a chemical test;

(3) Whether the officer secured the license to operate a motor vehicle of the person;

(4) Whether the officer issued a fifteen-day temporary permit;

(5) Copies of the notice of revocation, the fifteen-day temporary permit, and the notice of the right to file a petition for review. The notices and permit may be combined in one document; and

(6) Any license, which the officer has taken into possession, to operate a motor vehicle.

3. Upon receipt of the officer's report, the director shall revoke the license of the person refusing to take

the test for a period of one year; or if the person is a nonresident, such person's operating permit or privilege shall be revoked for one year; or if the person is a resident without a license or permit to operate a motor vehicle in this state, an order shall be issued denying the person the issuance of a license or permit for a period of one year.

4. If a person's license has been revoked because of the person's refusal to submit to a chemical test, such person may petition for a hearing before a circuit division or associate division of the court in the county in which the arrest or stop occurred. **Pursuant to local court rule promulgated pursuant to section 15 of article V of the Missouri Constitution, the case may also be assigned to a traffic judge pursuant to section 479.500.** The person may request such court to issue an order staying the revocation until such time as the petition for review can be heard. If the court, in its discretion, grants such stay, it shall enter the order upon a form prescribed by the director of revenue and shall send a copy of such order to the director. Such order shall serve as proof of the privilege to operate a motor vehicle in this state and the director shall maintain possession of the person's license to operate a motor vehicle until termination of any revocation under this section. Upon the person's request, the clerk of the court shall notify the prosecuting attorney of the county and the prosecutor shall appear at the hearing on behalf of the director of revenue. At the hearing, the court shall determine only:

(1) Whether the person was arrested or stopped;

(2) Whether the officer had:

(a) Reasonable grounds to believe that the person was driving a motor vehicle while in an intoxicated or drugged condition; or

(b) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was driving a motor vehicle with a blood alcohol content of two-hundredths of one percent or more by weight; or

(c) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was committing a violation of the traffic laws of the state, or political subdivision of the state, and such officer had reasonable grounds to believe, after making such stop, that the person had a blood alcohol content of two-hundredths of one percent or greater; and

(3) Whether the person refused to submit to the test.

5. If the court determines any issue not to be in the affirmative, the court shall order the director to reinstate the license or permit to drive.

6. Requests for review as provided in this section shall go to the head of the docket of the court wherein filed.

7. No person who has had a license to operate a motor vehicle suspended or revoked under the provisions of this section shall have that license reinstated until such person has participated in and successfully completed a substance abuse traffic offender program defined in section 302.010, or a program determined to be comparable by the department of mental health. Assignment recommendations, based upon the needs assessment as described in subdivision (24) of section 302.010, shall be delivered in writing to the person with written notice that the person is entitled to have such assignment recommendations reviewed by the court if the person objects to the recommendations. The person may file a motion in the associate division of the circuit court of the county in which such assignment was given, on a printed form

provided by the state courts administrator, to have the court hear and determine such motion under the provisions of chapter 517. The motion shall name the person or entity making the needs assessment as the respondent and a copy of the motion shall be served upon the respondent in any manner allowed by law. Upon hearing the motion, the court may modify or waive any assignment recommendation that the court determines to be unwarranted based upon a review of the needs assessment, the person's driving record, the circumstances surrounding the offense, and the likelihood of the person committing a similar offense in the future, except that the court may modify but [may] **shall** not waive the assignment to an education or rehabilitation program of a person determined to be a prior or persistent offender as defined in section 577.001, or of a person determined to have operated a motor vehicle with a blood alcohol content of fifteen-hundredths of one percent or more by weight. Compliance with the court determination of the motion shall satisfy the provisions of this section for the purpose of reinstating such person's license to operate a motor vehicle. The respondent's personal appearance at any hearing conducted under this subsection shall not be necessary unless directed by the court.

8. The fees for the substance abuse traffic offender program, or a portion thereof, to be determined by the division of [alcohol and drug abuse] **behavioral health** of the department of mental health, shall be paid by the person enrolled in the program. Any person who is enrolled in the program shall pay, in addition to any fee charged for the program, a supplemental fee to be determined by the department of mental health for the purposes of funding the substance abuse traffic offender program defined in section 302.010. The administrator of the program shall remit to the division of [alcohol and drug abuse] **behavioral health** of the department of mental health on or before the fifteenth day of each month the supplemental fee for all persons enrolled in the program, less two percent for administrative costs. Interest shall be charged on any unpaid balance of the supplemental fees due to the division of [alcohol and drug abuse] **behavioral health** under this section, and shall accrue at a rate not to exceed the annual rates established under the provisions of section 32.065, plus three percentage points. The supplemental fees and any interest received by the department of mental health under this section shall be deposited in the mental health earnings fund, which is created in section 630.053.

9. Any administrator who fails to remit to the division of [alcohol and drug abuse] **behavioral health** of the department of mental health the supplemental fees and interest for all persons enrolled in the program under this section shall be subject to a penalty equal to the amount of interest accrued on the supplemental fees due to the division under this section. If the supplemental fees, interest, and penalties are not remitted to the division of [alcohol and drug abuse] **behavioral health** of the department of mental health within six months of the due date, the attorney general of the state of Missouri shall initiate appropriate action for the collection of said fees and accrued interest. The court shall assess attorneys' fees and court costs against any delinquent program.

10. Any person who has had a license to operate a motor vehicle revoked under this section and who has a prior alcohol-related enforcement contact, as defined in section 302.525, shall be required to file proof with the director of revenue that any motor vehicle operated by the person is equipped with a functioning, certified ignition interlock device as a required condition of license reinstatement. Such ignition interlock device shall further be required to be maintained on all motor vehicles operated by the person for a period of not less than six months immediately following the date of reinstatement. If the monthly monitoring reports show that the ignition interlock device has registered any confirmed blood alcohol concentration readings above the alcohol setpoint established by the department of transportation or that the person has tampered with or circumvented the ignition interlock device within the last three months of the six-month

period of required installation of the ignition interlock device, then the period for which the person [must] **shall** maintain the ignition interlock device following the date of reinstatement shall be extended until the person has completed three consecutive months with no violations as described in this section. If the person fails to maintain such proof with the director as required by this section, the license shall be rerevoked until proof as required by this section is filed with the director, and the person shall be guilty of a class A misdemeanor.

11. The revocation period of any person whose license and driving privilege has been revoked under this section and who has filed proof of financial responsibility with the department of revenue in accordance with chapter 303 and is otherwise eligible shall be terminated by a notice from the director of revenue after one year from the effective date of the revocation. Unless proof of financial responsibility is filed with the department of revenue, the revocation shall remain in effect for a period of two years from its effective date. If the person fails to maintain proof of financial responsibility in accordance with chapter 303, the person's license and driving privilege shall be rerevoked.

12. A person commits the offense of failure to maintain proof with the Missouri department of revenue if, when required to do so, he or she fails to file proof with the director of revenue that any vehicle operated by the person is equipped with a functioning, certified ignition interlock device or fails to file proof of financial responsibility with the department of revenue in accordance with chapter 303. The offense of failure to maintain proof with the Missouri department of revenue is a class A misdemeanor.”; and

Further amend said bill, page 4, section 386.515, line 1 by inserting after all of said line the following:

“479.500. 1. The traffic judges shall be appointed by a traffic court judicial commission consisting of the presiding judge of the circuit, who shall be the chair, one circuit judge elected by the circuit judges, one associate circuit judge elected by the associate circuit judges of the circuit, and two members appointed by the county executive of St. Louis County, each of whom shall represent one of the two political parties casting the highest number of votes at the next preceding gubernatorial election. The procedures and operations of the traffic court judicial commission shall be established by circuit court rule.

2. Traffic judges may be authorized to act as commissioners to hear in the first instance nonfelony violations of state law involving motor vehicles, and such other offenses as may be provided by circuit court rule. Traffic judges may also be authorized to hear in the first instance violations of county and municipal ordinances involving motor vehicles, and other county ordinance violations, as provided by circuit court rule.

3. In the event that a county municipal court is established pursuant to section 66.010 which takes jurisdiction of county ordinance violations the circuit court may then authorize the appointment of no more than two traffic judges authorized to hear municipal ordinance violations other than county ordinance violations, and to act as commissioner to hear in the first instance nonfelony violations of state law involving motor vehicles, and such other offenses as may be provided by rule. These traffic court judges also may be authorized to act as commissioners to hear in the first instance petitions to review decisions of the department of revenue or the director of revenue filed pursuant to sections 302.309 and 302.311 and, prior to January 1, 2002, pursuant to sections 302.535 and 302.750.

4. After January 1, 2002, traffic judges, in addition to the authority provided in subsection 3 of this section, may be authorized by local court rule adopted pursuant to Article V, Section 15 of the Missouri Constitution to conduct proceedings pursuant to sections 302.535, **302.574**, and 302.750, subject to procedures that preserve a meaningful hearing before a judge of the circuit court, as follows:

(1) Conduct the initial call docket and accept uncontested dispositions of petitions to review;

(2) The petitioner shall have the right to the de novo hearing before a judge of the circuit court, except that, at the option of the petitioner, traffic judges may hear in the first instance such petitions for review.

5. In establishing a traffic court, the circuit may be divided into such sectors as may be established by a majority of the circuit and associate circuit judges, en banc. The traffic court in each sector shall hear those cases arising within the territorial limits of the sector unless a case arising within another sector is transferred as provided by operating procedures.

6. Traffic judges shall be licensed to practice law in this state and shall serve at the pleasure of a majority of the circuit and associate circuit judges, en banc, and shall be residents of St. Louis County, and shall receive from the state as annual compensation an amount equal to one-third of the annual compensation of an associate circuit judge. Each judge shall devote approximately one-third of his working time to the performance of his duties as a traffic judge. Traffic judges shall not accept or handle cases in their practice of law which are inconsistent with their duties as a traffic judge and shall not be a judge or prosecutor for any other court. Traffic judges shall not be considered state employees and shall not be members of the state employees' or judicial retirement system or be eligible to receive any other employment benefit accorded state employees or judges.

7. A majority of the judges, en banc, shall establish operating procedures for the traffic court which shall provide for regular sessions in the evenings after 6:00 p.m. and for Saturday or other sessions as efficient operation and convenience to the public may require. Proceedings in the traffic court, except when a judge is acting as a commissioner pursuant to this section, shall be conducted as provided in supreme court rule 37. The hearing shall be before a traffic judge without jury, and the judge shall assume an affirmative duty to determine the merits of the evidence presented and the defenses of the defendant and may question parties and witnesses. In the event a jury trial is requested, the cause shall be certified to the circuit court for trial by jury as otherwise provided by law. Clerks and computer personnel shall be assigned as needed for the efficient operation of the court.

8. In establishing operating procedure, provisions shall be made for appropriate circumstances whereby defendants may enter not guilty pleas and obtain trial dates by telephone or written communication without personal appearance, or to plead guilty and deliver by mail or electronic transfer or other approved method the specified amount of the fine and costs as otherwise provided by law, within a specified period of time.

9. Operating procedures shall be provided for electronic recording of proceedings, except that if adequate recording equipment is not provided at county expense, then, in that event, a person aggrieved by a judgment of a traffic judge or commissioner shall have the right of a trial de novo. The procedures for perfecting the right of a trial de novo shall be the same as that provided under sections 512.180 to 512.320, except that the provisions of subsection 2 of section 512.180 shall not apply to such cases.

10. The circuit court shall only have the authority to appoint two commissioners with the jurisdiction provided in subsection 3 of this section.

11. All costs to establish and operate a county municipal court under section 66.010 and this section shall be borne by such county.”; and

2. Subject to appropriations, the department may provide financial assistance for consumer-directed personal care assistance services through eligible vendors, as provided in sections 208.900 through 208.927, to each person who was participating as a non-MO HealthNet eligible client pursuant to sections 178.661 through 178.673 on June 30, 2005, and who:

(5) Does not have access to affordable employer-sponsored health care insurance or other affordable health care coverage for personal care assistance services as defined in section 208.900. For purposes of this section, “access to affordable employer-sponsored health care insurance or other affordable health care coverage” refers to health insurance requiring a monthly premium less than or equal to one hundred thirty-three percent of the monthly average premium required in the state’s current Missouri consolidated health care plan.

Payments made by the department under the provisions of this section shall be made only after all other available sources of payment have been exhausted.

3. (1) In order to be eligible for financial assistance for consumer-directed personal care assistance services under this section, a person shall demonstrate financial need, which shall be based on the adjusted gross income and the assets of the person seeking financial assistance and such person’s spouse.

(2) In order to demonstrate financial need, a person seeking financial assistance under this section and such person’s spouse must have an adjusted gross income, less disability-related medical expenses, as approved by the department, that is equal to or less than three hundred percent of the federal poverty level. The adjusted gross income shall be based on the most recent income tax return.

(3) No person seeking financial assistance for personal care services under this section and such person’s spouse shall have assets in excess of two hundred fifty thousand dollars.

4. The department shall require applicants and the applicant’s spouse, and consumers and the consumer’s spouse, to provide documentation for income, assets, and disability-related medical expenses for the purpose of determining financial need and eligibility for the program. In addition to the most recent income tax return, such documentation may include, but shall not be limited to:

- (1) Current wage stubs for the applicant or consumer and the applicant’s or consumer’s spouse;
- (2) A current W-2 form for the applicant or consumer and the applicant’s or consumer’s spouse;

The plan developed by the department shall include the maximum amount of financial assistance allowed by the department, subject to appropriation, for such services.

6. Each consumer who participates in the program is responsible for a monthly premium equal to the average premium required for the Missouri consolidated health care plan; provided that the total premium described in this section shall not exceed five percent of the consumer’s and the consumer’s spouse’s adjusted gross income for the year involved.

7. (1) Nonpayment of the premium required in subsection 6 shall result in the denial or termination of assistance, unless the person demonstrates good cause for such nonpayment.

(2) No person denied services for nonpayment of a premium shall receive services unless such person shows good cause for nonpayment and makes payments for past-due premiums as well as current premiums.

(3) Any person who is denied services for nonpayment of a premium and who does not make any payments for past-due premiums for sixty consecutive days shall have their enrollment in the program terminated.

(4) No person whose enrollment in the program is terminated for nonpayment of a premium when such nonpayment exceeds sixty consecutive days shall be reenrolled unless such person pays any past-due premiums as well as current premiums prior to being reenrolled. Nonpayment shall include payment with a returned, refused, or dishonored instrument.

8. (1) Consumers determined eligible for personal care assistance services under the provisions of this section shall be reevaluated annually to verify their continued eligibility and financial need. The amount of financial assistance for consumer-directed personal care assistance services received by the consumer shall be adjusted or eliminated based on the outcome of the reevaluation. Any adjustments made shall be recorded in the consumer's personal care assistance services plan.

(2) In performing the annual reevaluation of financial need, the department shall annually send a reverification eligibility form letter to the consumer requiring the consumer to respond within ten days of receiving the letter and to provide income and disability-related medical expense verification documentation. If the department does not receive the consumer's response and documentation within the ten-day period, the department shall send a letter notifying the consumer that he or she has ten days to file an appeal or the case will be closed.

(3) The department shall require the consumer and the consumer's spouse to provide documentation for income and disability-related medical expense verification for purposes of the eligibility review. Such documentation may include but shall not be limited to the documentation listed in subsection 4 of this section.

9. (1) Applicants for personal care assistance services and consumers receiving such services pursuant to this section are entitled to a hearing with the department of social services if eligibility for personal care assistance services is denied, if the type or amount of services is set at a level less than the consumer believes is necessary, if disputes arise after preparation of the personal care assistance plan concerning the provision of such services, or if services are discontinued as provided in section 208.924. Services provided under the provisions of this section shall continue during the appeal process.

(2) A request for such hearing shall be made to the department of social services in writing in the form prescribed by the department of social services within ninety days after the mailing or delivery of the written decision of the department of health and senior services. The procedures for such requests and for the hearings shall be as set forth in section 208.080.

10. Unless otherwise provided in this section, all other provisions of sections 208.900 through 208.927 shall apply to individuals who are eligible for financial assistance for personal care assistance services under this section.

11. The department may promulgate rules and regulations, including emergency rules, to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is

subject to all of the provisions of chapter 536 and, if applicable, section 536.028. Any provisions of the existing rules regarding the personal care assistance program promulgated by the department of elementary and secondary education in title 5, code of state regulations, division 90, chapter 7, which are inconsistent with the provisions of this section are void and of no force and effect.

[12. The provisions of this section shall expire on June 30, 2019.]; and

Further amend said bill and page, Section A, Line 2, by inserting after all of said line the following:

“376.690. 1. As used in this section, the following terms shall mean:

- (1) “Emergency medical condition”, the same meaning given to such term in section 376.1350;

- (3) “Health care professional”, the same meaning given to such term in section 376.1350;
- (4) “Health carrier”, the same meaning given to such term in section 376.1350;

(5) “Unanticipated out-of-network care”, health care services received by a patient in an in-network facility from an out-of-network health care professional from the time the patient presents with an emergency medical condition until the time the patient is discharged.

2. (1) Health care professionals [may] **shall** send any claim for charges incurred for unanticipated out-of-network care to the patient’s health carrier within one hundred eighty days of the delivery of the unanticipated out-of-network care on a U.S. Centers of Medicare and Medicaid Services Form 1500, or its successor form, or electronically using the 837 HIPAA format, or its successor.

(2) Within forty-five processing days, as defined in section 376.383, of receiving the health care professional’s claim, the health carrier shall offer to pay the health care professional a reasonable reimbursement for unanticipated out-of-network care based on the health care professional’s services. If the health care professional participates in one or more of the carrier’s commercial networks, the offer of

reimbursement for unanticipated out-of-network care shall be the amount from the network which has the highest reimbursement.

(3) If the health care professional declines the health carrier's initial offer of reimbursement, the health carrier and health care professional shall have sixty days from the date of the initial offer of reimbursement to negotiate in good faith to attempt to determine the reimbursement for the unanticipated out-of-network care.

(4) If the health carrier and health care professional do not agree to a reimbursement amount by the end of the sixty-day negotiation period, the dispute shall be resolved through an arbitration process as specified in subsection 4 of this section.

(5) To initiate arbitration proceedings, either the health carrier or health care professional must provide written notification to the director and the other party within one hundred twenty days of the end of the negotiation period, indicating their intent to arbitrate the matter and notifying the director of the billed amount and the date and amount of the final offer by each party. A claim for unanticipated out-of-network care may be resolved between the parties at any point prior to the commencement of the arbitration proceedings. Claims may be combined for purposes of arbitration, but only to the extent the claims represent similar circumstances and services provided by the same health care professional, and the parties attempted to resolve the dispute in accordance with subdivisions (3) to (5) of this subsection.

(6) No health care professional who sends a claim to a health carrier under subsection 2 of this section shall send a bill to the patient for any difference between the reimbursement rate as determined under this subsection and the health care professional's billed charge.

3. (1) When unanticipated out-of-network care is provided, the health care professional who sends a claim to a health carrier under subsection 2 of this section may bill a patient for no more than the cost-sharing requirements described under this section.

(2) Cost-sharing requirements shall be based on the reimbursement amount as determined under subsection 2 of this section.

(3) The patient's health carrier shall inform the health care professional of its enrollee's cost-sharing requirements within forty-five processing days of receiving a claim from the health care professional for services provided.

(4) The in-network deductible and out-of-pocket maximum cost-sharing requirements shall apply to the claim for the unanticipated out-of-network care.

4. The director shall ensure access to an external arbitration process when a health care professional and health carrier cannot agree to a reimbursement under subdivision (3) of subsection 2 of this section. In order to ensure access, when notified of a parties' intent to arbitrate, the director shall randomly select an arbitrator for each case from the department's approved list of arbitrators or entities that provide binding arbitration. The director shall specify the criteria for an approved arbitrator or entity by rule. The costs of arbitration shall be shared equally between and will be directly billed to the health care professional and health carrier. These costs will include, but are not limited to, reasonable time necessary for the arbitrator to review materials in preparation for the arbitration, travel expenses and reasonable time following the arbitration for drafting of the final decision.

5. At the conclusion of such arbitration process, the arbitrator shall issue a final decision, which shall

be binding on all parties. The arbitrator shall provide a copy of the final decision to the director. The initial request for arbitration, all correspondence and documents received by the department and the final arbitration decision shall be considered a closed record under section 374.071. However, the director may release aggregated summary data regarding the arbitration process. The decision of the arbitrator shall not be considered an agency decision nor shall it be considered a contested case within the meaning of section 536.010.

6. The arbitrator shall determine a dollar amount due under subsection 2 of this section between one hundred twenty percent of the Medicare-allowed amount and the seventieth percentile of the usual and customary rate for the unanticipated out-of-network care, as determined by benchmarks from independent nonprofit organizations that are not affiliated with insurance carriers or provider organizations.

7. When determining a reasonable reimbursement rate, the arbitrator shall consider the following factors if the health care professional believes the payment offered for the unanticipated out-of-network care does not properly recognize:

(1) The health care professional's training, education, or experience;

(2) The nature of the service provided;

(3) The health care professional's usual charge for comparable services provided;

(4) The circumstances and complexity of the particular case, including the time and place the services were provided; and

(5) The average contracted rate for comparable services provided in the same geographic area.

8. The enrollee shall not be required to participate in the arbitration process. The health care professional and health carrier shall execute a nondisclosure agreement prior to engaging in an arbitration under this section.

9. [This section shall take effect on January 1, 2019.

10.] The department of insurance, financial institutions and professional registration may promulgate rules and fees as necessary to implement the provisions of this section, including but not limited to procedural requirements for arbitration. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2018, shall be invalid and void.”; and

Further amend the title and enacting clause accordingly.

“301.032. 1. Notwithstanding the provisions of sections 301.030 and 301.035 to the contrary, the

director of revenue shall establish a system of registration of all fleet vehicles owned or purchased by a fleet owner registered pursuant to this section. The director of revenue shall prescribe the forms for such fleet registration and the forms and procedures for the registration updates prescribed in this section. Any owner of ten or more motor vehicles which must be registered in accordance with this chapter may register as a fleet owner. All registered fleet owners may, at their option, register all motor vehicles included in the fleet on a calendar year or biennial basis pursuant to this section in lieu of the registration periods provided in sections 301.030, 301.035, and 301.147. The director shall issue an identification number to each registered owner of fleet vehicles.

2. All fleet vehicles included in the fleet of a registered fleet owner shall be registered during April of the corresponding year or on a prorated basis as provided in subsection 3 of this section. Fees of all vehicles in the fleet to be registered on a calendar year basis or on a biennial basis shall be payable not later than the last day of April of the corresponding year, with two years' fees due for biennially-registered vehicles. Notwithstanding the provisions of section 307.355, an application for registration of a fleet vehicle must be accompanied by a certificate of inspection and approval issued no more than one hundred twenty days prior to the date of application. The fees for vehicles added to the fleet which must be licensed at the time of registration shall be payable at the time of registration, except that when such vehicle is licensed between July first and September thirtieth the fee shall be three-fourths the annual fee, when licensed between October first and December thirty-first the fee shall be one-half the annual fee and when licensed on or after January first the fee shall be one-fourth the annual fee. When biennial registration is sought for vehicles added to a fleet, an additional year's annual fee will be added to the partial year's prorated fee.

3. At any time during the calendar year in which an owner of a fleet purchases or otherwise acquires a vehicle which is to be added to the fleet or transfers plates to a fleet vehicle, the owner shall present to the director of revenue the identification number as a fleet number and may register the vehicle for the partial year as provided in subsection 2 of this section. The fleet owner shall also be charged a transfer fee of two dollars for each vehicle so transferred pursuant to this subsection.

4. Except as specifically provided in this subsection, all fleet vehicles registered pursuant to this section shall be issued a special license plate which shall have the words "Fleet Vehicle" in place of the words "Show-Me State" in the manner prescribed by the advisory committee established in section 301.129. Alternatively, for a one-time additional five dollar per-vehicle fee beyond the regular registration fee, a fleet owner of at least fifty fleet vehicles may apply for fleet license plates bearing a company name or logo, the size and design thereof subject to approval by the director. All fleet license plates shall be made with fully reflective material with a common color scheme and design, shall be clearly visible at night, and shall be aesthetically attractive, as prescribed by section 301.130. Fleet vehicles shall be issued multiyear license plates as provided in this section which shall not require issuance of a renewal tab. Upon payment of appropriate registration fees, the director of revenue shall issue a registration certificate or other suitable evidence of payment of the annual or biennial fee, and such evidence of payment shall be carried at all times in the vehicle for which it is issued. [The director of revenue shall promulgate rules and regulations establishing the procedure for application and issuance of fleet vehicle license plates.]

5. Notwithstanding the provisions of sections 307.350 to 307.390 to the contrary, a fleet vehicle registered in Missouri is exempt from the requirements of sections 307.350 to 307.390 if at the time of the annual fleet registration, such fleet vehicle is situated outside the state of Missouri.

**6. Notwithstanding any other provisions of law to the contrary, any person, company, or**

corporation engaged in the business of renting or leasing three thousand five hundred or more motor vehicles which are to be used exclusively for rental or leasing purposes and not for resale, that has applied to the director of revenue for authority to operate as a lease or rental company as prescribed in section 144.070 may operate as a registered fleet owner as prescribed in the provisions of this subsection to subsection 10 of this section.

(1) The director of revenue may issue license plates after presentment of an application, as designed by the director, and payment of an annual fee of three hundred sixty dollars for the first ten plates and thirty-six dollars for each additional plate. The payment and issuance of such plates shall be in lieu of registering each motor vehicle with the director as otherwise provided by law.

(2) Such motor vehicles within the fleet shall not be exempted from the safety inspection and emissions inspection provisions as prescribed in chapters 307 and 643, but notwithstanding the provisions of section 307.355, such inspections shall not be required to be presented to the director of revenue.

7. A recipient of a lease or rental company license issued by the director of revenue as prescribed in section 144.070 operating as a registered fleet owner under this section shall register such fleet with the director of revenue on an annual or biennial basis in lieu of the individual motor vehicle registration periods as prescribed in sections 301.030, 301.035, and 301.147. If an applicant elects a biennial fleet registration, the annual fleet license plate fees prescribed in subdivision (1) of subsection 6 of this section shall be doubled. An agent fee as prescribed in subdivision (1) of subsection 1 of section 136.055 shall apply to the issuance of fleet registrations issued under subsections 6 to 10 of this section, and if a biennial fleet registration is elected, the agent fee shall be collected in an amount equal to the fee for two years.

8. Prior to the issuance of fleet license plates under subsections 6 to 10 of this section, the applicant shall provide proof of insurance as required under section 303.024 or 303.026.

9. The authority of a recipient of a lease or rental company license issued by the director of revenue as prescribed in section 144.070 to operate as a fleet owner as provided in this section shall expire on January 1 of the licensure period.

10. A lease or rental company operating fleet license plates issued under subsections 6 to 10 of this section shall make available, upon request, to the director of revenue and all Missouri law enforcement agencies any corresponding vehicle and registration information that may be requested as prescribed by rule.

11. The director shall make all necessary rules and regulations for the administration of this section and shall design all necessary forms required by this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2019, shall be invalid and void.”; and

b. Electronic copies of source documents will be retained by the department and destroyed after the minimum time required for digital retention by the federal REAL ID Act of 2005, as amended;

c. The facial image capture will only be retained by the department if the application is finished and submitted to the department; and

d. Any other information the department deems necessary to inform the applicant about the REAL ID compliant driver's license or identification card under the federal REAL ID Act;

(b) With regard to a driver's license or identification card that is not compliant with the federal REAL ID Act:

a. Such card is valid for official state purposes, but it is not valid for official federal purposes as outlined in the federal REAL ID Act of 2005, as amended, such as domestic air travel and seeking access to military bases and most federal facilities;

b. Source documents will be verified but no copies of such documents will be retained by the department unless permitted under subsection 3 of this section, except as necessary to process a request by a license or card holder or applicant;

c. Any other information the department deems necessary to inform the applicant about the driver's license or identification card.

5. The department of revenue shall not use, collect, obtain, share, or retain biometric data nor shall the department use biometric technology to produce a driver's license or nondriver's license or to uniquely identify licensees or license applicants. This subsection shall not apply to digital images nor licensee signatures required for the issuance of driver's licenses and nondriver's licenses or to biometric data collected from employees of the department of revenue, employees of the office of administration who provide information technology support to the department of revenue, contracted license offices, and contracted manufacturers engaged in the production, processing, or manufacture of driver's licenses or identification cards in positions which require a background check in order to be compliant with the federal REAL ID Act or any rules or regulations promulgated under the authority of such Act. Except as otherwise provided by law, applicants' source documents and Social Security numbers shall not be stored in any database accessible by any other state or the federal government. Such database shall contain only the data fields included on driver's licenses and nondriver identification cards compliant with the federal REAL ID Act, and the driving records of the individuals holding such driver's licenses and nondriver identification cards.

6. Notwithstanding any provision of this chapter that requires an applicant to provide reasonable proof of lawful presence for issuance or renewal of a noncommercial driver's license, noncommercial instruction permit, or a nondriver's license, an applicant shall not have his or her privacy rights violated in order to obtain or renew a Missouri noncommercial driver's license, noncommercial instruction permit, or a nondriver's license.

7. No citizen of this state shall have his or her privacy compromised by the state or agents of the state. The state shall within reason protect the sovereignty of the citizens the state is entrusted to protect. Any data derived from a person's application shall not be sold for commercial purposes to any other organization or any other state without the express permission of the applicant without a court order; except such information may be shared with a law enforcement agency, judge, prosecuting attorney, or officer of the court, or with another state for the limited purposes set out in section 302.600, or for the purposes set forth in section 32.091, or for conducting driver history checks in compliance with the Motor Carrier Safety Improvement Act, 49 U.S.C. Section 31309. The state of Missouri shall protect the privacy of its citizens when handling any written, digital, or electronic data, and shall not participate in any standardized identification system using driver's and nondriver's license records except as provided in this section.

8. Other than to process a request by a license or card holder or applicant, no person shall access, distribute, or allow access to or distribution of any written, digital, or electronic data collected or retained under this section without the express permission of the applicant or a court order, except that such information may be shared with a law enforcement agency, judge, prosecuting attorney, or officer of the court, or with another state for the limited purposes set out in section 302.600 or for conducting driver history checks in compliance with the Motor Carrier Safety Improvement Act, 49 U.S.C. Section 31309. A first violation of this subsection shall be a class A misdemeanor. A second violation of this subsection shall be a class E felony. A third or subsequent violation of this subsection shall be a class D felony.

9. Any person harmed or damaged by any violation of this section may bring a civil action for damages, including noneconomic and punitive damages, as well as injunctive relief, in the circuit court where that person resided at the time of the violation or in the circuit court of Cole County to recover such damages from the department of revenue and any persons participating in such violation. Sovereign immunity shall not be available as a defense for the department of revenue in such an action. In the event the plaintiff prevails on any count of his or her claim, the plaintiff shall be entitled to recover reasonable attorney fees from the defendants.

10. The department of revenue may promulgate rules necessary to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2017, shall be invalid and void.

11. Biometric data, digital images, source documents, and licensee signatures, or any copies of the same, required to be collected or retained to comply with the requirements of the federal REAL ID Act of 2005 shall be digitally retained for no longer than the minimum duration required to maintain compliance, and immediately thereafter shall be securely destroyed so as to make them irretrievable.

12. No agency, department, or official of this state or of any political subdivision thereof shall use, collect, obtain, share, or retain radio frequency identification data from a REAL ID compliant driver's license or identification card issued by a state, nor use the same to uniquely identify any individual.

13. Notwithstanding any provision of law to the contrary, the department of revenue shall not amend procedures for applying for a driver's license or identification card, nor promulgate any rule or regulation, for purposes of complying with modifications made to the federal REAL ID Act of 2005 after August 28, 2017, imposing additional requirements on applications, document retention, or issuance of compliant licenses or cards, including any rules or regulations promulgated under the authority granted under the federal REAL ID Act of 2005, as amended, or any requirements adopted by the American Association of Motor Vehicle Administrators for furtherance thereof.

14. If the federal REAL ID Act of 2005 is modified or repealed such that driver's licenses and identification cards issued by this state that are not compliant with the federal REAL ID Act of 2005 are once again sufficient for federal identification purposes, the department shall not issue a driver's license or identification card that complies with the federal REAL ID Act of 2005 and shall securely destroy, within thirty days, any source documents retained by the department for the purpose of compliance with such Act.

15. The provisions of this section shall expire five years after August 28, 2017.

302.720. 1. Except when operating under an instruction permit as described in this section, no person may drive a commercial motor vehicle unless the person has been issued a commercial driver's license with applicable endorsements valid for the type of vehicle being operated as specified in sections 302.700 to 302.780. A commercial driver's instruction permit shall allow the holder of a valid license to operate a commercial motor vehicle when accompanied by the holder of a commercial driver's license valid for the vehicle being operated and who occupies a seat beside the individual, or reasonably near the individual in the case of buses, for the purpose of giving instruction in driving the commercial motor vehicle. No person may be issued a commercial driver's instruction permit until he or she has passed written tests which

comply with the minimum federal standards. A commercial driver's instruction permit shall be **nonrenewable and** valid for the vehicle being operated for a period of not more than [six months] **one year**, and shall not be issued until the permit holder has met all other requirements of sections 302.700 to 302.780, except for the driving test. [A permit holder, unless otherwise disqualified, may be granted one six-month renewal within a one-year period.] The fee for such permit or renewal shall be [five] **ten** dollars. [In the alternative, a commercial driver's instruction permit shall be issued for a thirty-day period to allow the holder of a valid driver's license to operate a commercial motor vehicle if the applicant has completed all other requirements except the driving test. The permit may be renewed for one additional thirty-day period and the fee for the permit and for renewal shall be five dollars.] **The fee for a duplicate commercial driver's instruction permit shall be five dollars.**

2. No person may be issued a commercial driver's license until he has passed written and driving tests for the operation of a commercial motor vehicle which complies with the minimum federal standards established by the Secretary and has satisfied all other requirements of the Commercial Motor Vehicle Safety Act of 1986 (Title XII of Pub. Law 99-570), as well as any other requirements imposed by state law. **Beginning January 1, 2020, all applicants for a commercial driver's license shall complete any entry-level driver training program established and required under 49 CFR 380.609.** All applicants for a commercial driver's license shall have maintained the appropriate class of commercial driver's instruction permit issued by this state or any other state for a minimum of fourteen calendar days prior to the date of taking the skills test. Applicants for a hazardous materials endorsement must also meet the requirements of the U.S. Patriot Act of 2001 (Title X of Public Law 107-56) as specified and required by regulations promulgated by the Secretary. Nothing contained in this subsection shall be construed as prohibiting the director from establishing alternate testing formats for those who are functionally illiterate; provided, however, that any such alternate test must comply with the minimum requirements of the Commercial Motor Vehicle Safety Act of 1986 (Title XII of Pub. Law 99-570) as established by the Secretary.

(1) The written and driving tests shall be held at such times and in such places as the superintendent may designate. A twenty-five dollar examination fee shall be paid by the applicant upon completion of any written or driving test, except the examination fee shall be waived for applicants seventy years of age or older renewing a license with a school bus endorsement. The director shall delegate the power to conduct the examinations required under sections 302.700 to 302.780 to any member of the highway patrol or any person employed by the highway patrol qualified to give driving examinations. The written test shall only be administered in the English language. No translators shall be allowed for applicants taking the test.

(2) The director shall adopt and promulgate rules and regulations governing the certification of third-party testers by the department of revenue. Such rules and regulations shall substantially comply with the requirements of 49 CFR 383, Section 383.75. A certification to conduct third-party testing shall be valid for one year, and the department shall charge a fee of one hundred dollars to issue or renew the certification of any third-party tester.

(3) Beginning August 28, 2006, the director shall only issue or renew third-party tester certification to community colleges established under chapter 178 or to private companies who own, lease, or maintain their own fleet and administer in-house testing to their employees, or to school districts and their agents that administer in-house testing to the school district's or agent's employees. Any third-party tester who violates any of the rules and regulations adopted and promulgated pursuant to this section shall be subject to having his certification revoked by the department. The department shall provide written notice and an opportunity for the third-party tester to be heard in substantially the same manner as provided in chapter 536. If any

applicant submits evidence that he has successfully completed a test administered by a third-party tester, the actual driving test for a commercial driver's license may then be waived.

(4) Every applicant for renewal of a commercial driver's license shall provide such certifications and information as required by the Secretary and if such person transports a hazardous material must also meet the requirements of the U.S. Patriot Act of 2001 (Title X of Public Law 107-56) as specified and required by regulations promulgated by the Secretary. Such person shall be required to take the written test for such endorsement. A twenty-five dollar examination fee shall be paid upon completion of such tests.

(5) The director shall have the authority to waive the driving skills test **and written tests** for any qualified **current or former military service member** applicant for a commercial driver's **instruction permit or a commercial driver's** license who is currently licensed at the time of application for a commercial driver's **instruction permit or** license. The director shall impose conditions and limitations **and require certification and evidence** to restrict the applicants from whom the department may accept the alternative requirements for the skills [test] **and written tests** described in federal [regulation] **regulations 49 CFR 383.71 and 49 CFR 383.77**. [An applicant must certify that, during the two-year period immediately preceding application for a commercial driver's license, all of the following apply:

(a) The applicant has not had more than one license;

(b) The applicant has not had any license suspended, revoked, or cancelled;

(c) The applicant has not had any convictions for any type of motor vehicle for the disqualifying offenses contained in this chapter or federal rule 49 CFR 383.51(b);

(d) The applicant has not had more than one conviction for any type of motor vehicle for serious traffic violations;

(e) The applicant has not had any conviction for a violation of state or local law relating to motor vehicle traffic control, but not including any parking violation, arising in connection with any traffic accident, and has no record of an accident in which he or she was at fault;

(f) The applicant has been regularly employed within the last ninety days in a military position requiring operation of a commercial motor vehicle and has operated the vehicle for at least sixty days during the two years immediately preceding application for a commercial driver's license. The vehicle must be representative of the commercial motor vehicle the driver applicant operates or expects to operate;

(g) The applicant, if on active duty, must provide a notarized affidavit signed by a commanding officer as proof of driving experience as indicated in paragraph (f) of this subdivision;

(h) The applicant, if honorably discharged from military service, must provide a form-DD214 or other proof of military occupational specialty;

(i)] The applicant must meet all federal and state qualifications to operate a commercial vehicle[;], and

[ (j)] the applicant will be required to complete all applicable knowledge tests, **except when an applicant provides proof of approved military training for waiving the knowledge and skills tests as specified in subdivision (5) of subsection 2 of this section**.

3. A commercial driver's license or commercial driver's instruction permit may not be issued to a person while the person is disqualified from driving a commercial motor vehicle, when a disqualification is pending in any state or while the person's driver's license is suspended, revoked, or cancelled in any state; nor may

a commercial driver's license be issued unless the person first surrenders in a manner prescribed by the director any commercial driver's license issued by another state, which license shall be returned to the issuing state for cancellation.

4. Beginning July 1, 2005, the director shall not issue an instruction permit under this section unless the director verifies that the applicant is lawfully present in the United States before accepting the application. The director may, by rule or regulation, establish procedures to verify the lawful presence of the applicant under this section. No rule or portion of a rule promulgated pursuant to the authority of this section shall become effective unless it has been promulgated pursuant to chapter 536.

5. Notwithstanding the provisions of this section or any other law to the contrary, beginning August 28, 2008, the director of the department of revenue shall certify as a third-party tester any municipality that owns, leases, or maintains its own fleet that requires certain employees as a condition of employment to hold a valid commercial driver's license; and that administered in-house testing to such employees prior to August 28, 2006.

302.768. 1. Any applicant for a commercial driver's license or commercial driver's instruction permit shall comply with the Federal Motor Carrier Safety Administration application requirements of 49 CFR Part 383.71 by certifying to one of the following applicable statements relating to federal and state driver qualification rules:

(1) Nonexcepted interstate: certifies the applicant is a driver operating or expecting to operate in interstate or foreign commerce, or is otherwise subject to and meets requirements of 49 CFR Part 391 and is required to obtain a medical examiner's certificate as defined in 49 CFR Part 391.45;

(2) Excepted interstate: certifies the applicant is a driver operating or expecting to operate entirely in interstate commerce that is not subject to Part 391 and is subject to Missouri driver qualifications and not required to obtain a medical examiner's certificate;

(3) Nonexcepted intrastate: certifies the applicant is a driver operating only in intrastate commerce and is subject to Missouri driver qualifications;

(4) Excepted intrastate: certifies the applicant operates or expects to operate only in intrastate commerce, and engaging only in operations excepted from all parts of the Missouri driver qualification requirements.

2. Any applicant who cannot meet certification requirements under one of the categories defined in subsection 1 of this section shall be denied issuance of a commercial driver's license or commercial driver's instruction permit.

3. An applicant certifying to operation in nonexcepted interstate or nonexcepted intrastate commerce shall provide the state with an original or copy of a current medical examiner's certificate or a medical examiner's certificate accompanied by a medical variance or waiver, **until such time as the medical examiner's certificate information is received electronically through the Federal Motor Carrier Safety Administration approved verification system.** The state shall retain the [original or copy of the] documentation of physical qualification for a minimum of three years beyond the date the certificate was issued.

4. Applicants certifying to operation in nonexcepted interstate commerce or nonexcepted intrastate commerce shall provide [an] updated medical certificate or variance [documents] **information** to maintain a certified status during the term of the commercial driver's license or commercial driver's instruction

permit in order to retain commercial privileges.

5. The director shall post the medical examiner's certificate of information, medical variance if applicable, the applicant's self-certification and certification status to the Missouri driver record within ten calendar days and such information will become part of the CDLIS driver record.

6. Applicants certifying to operation in nonexcepted interstate commerce or nonexcepted intrastate commerce who fail to provide or maintain a current medical examiner's certificate, or if the state has received notice of a medical variance or waiver expiring or being rescinded, the state shall, within ten calendar days, update the driver's medical certification status to "not certified". The state shall notify the driver of the change in certification status and require the driver to annually comply with requirements for a commercial driver's license downgrade within sixty days of the expiration of the applicant certification.

7. The department of revenue may, by rule, establish the cost and criteria for submission of updated medical certification status information as required under this section.

8. Any person who falsifies any information in an application for or update of medical certification status information for a commercial driver's license shall not be licensed to operate a commercial motor vehicle, or the person's commercial driver's license shall be cancelled for a period of one year after the director discovers such falsification.

9. The director may promulgate rules and regulations necessary to administer and enforce this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2012, shall be invalid and void."; and

# Journal of the Senate

## FIRST REGULAR SESSION

---

**SIXTY-FIFTH DAY—THURSDAY, MAY 9, 2019**

---

The Senate met pursuant to adjournment.

President Kehoe in the Chair.

Reverend Carl Gauck offered the following prayer:

“Two are better than one, because they have a good reward for their toil.” (Ecclesiastes 4:9)

O Lord, in our attempt to get things right we know that having others help us we can see more clearly what is good and what is amidst in what we want to accomplish. Let us always be open to the varied relationships among us and the benefits that such relationships add to our lives and can bring to theirs. May we see the balance and harmony others add in our work and daily living, O God. And may we seek the stability that comes from friendship and partnerships. In Your Holy Name we pray. Amen.

(3) A person shall not be placed in confinement for failure to pay a fine unless such nonpayment violates terms of probation or unless the due process procedures mandated by Missouri supreme court rule 37.65 or its successor rule are strictly followed by the court;

(4) Court costs that apply shall be assessed against the defendant unless the court finds that the defendant is indigent based on standards set forth in determining such by the presiding judge of the circuit. Such standards shall reflect model rules and requirements to be developed by the supreme court; and

(5) No court costs shall be assessed if the defendant is found to be indigent under subdivision (4) of this section or if the case is dismissed.

**2. If an individual has been held in custody on a notice to show cause or an arrest warrant for an underlying minor traffic violation, the court, on its own motion or on the motion of any interested party, may review the original fine and sentence and waive or reduce such fine or sentence if the court finds it reasonable given the circumstances of the case.**

**479.354. For any notice to appear, citation, or summons on a minor traffic violation, the date and time the defendant is to appear in court shall be given when such notice to appear, citation, or summons is first provided to the defendant. In addition to such charge, the sheriff shall be entitled to receive for each mile actually traveled in serving any summons, writ, subpoena or other order of court the rate prescribed by the Internal Revenue Service for all allowable expenses for motor vehicle use expressed as an amount per mile, provided that such mileage shall not be charged for more than one subpoena or summons or other writ served in the same cause on the same trip. All of such charges shall be received by the sheriff who is requested to perform the service. Except as otherwise provided by law, all charges made pursuant to this section shall be collected by the court clerk as court costs and are payable prior to the time the service is rendered; provided that if the amount of such charge cannot be readily determined, then the sheriff shall receive a deposit based upon the likely amount of such charge, and the balance of such charge shall be payable immediately upon ascertainment of the proper amount of said charge. A sheriff may refuse to perform any service in any action or proceeding, other than when court costs are waived as provided by law, until the charge provided by this section is paid. Failure to receive the charge shall not affect the validity of the service.

2. The sheriff shall receive for receiving and paying moneys on execution or other process, where lands or goods have been levied and advertised and sold, five percent on five hundred dollars and four percent on all sums above five hundred dollars, and half of these sums, when the money is paid to the sheriff without a levy, or where the lands or goods levied on shall not be sold and the money is paid to the sheriff or person entitled thereto, his agent or attorney. The party at whose application any writ, execution, subpoena or other process has issued from the court shall pay the sheriff’s costs for the removal, transportation, storage, safekeeping and support of any property to be seized pursuant to legal process before such seizure. The sheriff shall be allowed for each mile, going and returning from the courthouse of the county in which he resides to the place where the court is held, the rate prescribed by the Internal Revenue Service for all allowable expenses for motor vehicle use expressed as an amount per mile. The provisions of this subsection shall not apply to garnishment proceeds.

3. The sheriff upon the receipt of the charge herein provided for shall pay into the treasury of the county

any and all charges received pursuant to the provisions of this section. The funds collected pursuant to this section, not to exceed fifty thousand dollars in any calendar year, shall be held in a fund established by the county treasurer, which may be expended at the discretion of the sheriff for the furtherance of the sheriff's set duties. Any such funds in excess of fifty thousand dollars in any calendar year shall be placed to the credit of the general revenue fund of the county. Moneys in the fund shall be used only for the procurement of services and equipment to support the operation of the sheriff's office. Moneys in the fund established pursuant to this subsection shall not lapse to the county general revenue fund at the end of any county budget or fiscal year.

4. Notwithstanding the provisions of subsection 3 of this section to the contrary, the sheriff, **or any other person specially appointed to serve in a county that receives funds under section 57.278**, shall receive ten dollars for service of any summons, writ, subpoena, or other order of the court included under subsection 1 of this section, in addition to the charge for such service that each sheriff receives under subsection 1 of this section. #### **SENATE AMENDMENT NO. 1**

Amend Senate Substitute for Senate Committee Substitute for House Committee Substitute for House

Bill No. 604, Page 18, Section 167.125, Line 1 of said page, by inserting immediately after said line the following:

“171.031. 1. Each school board shall prepare annually a calendar for the school term, specifying the opening date, days of planned attendance, and providing a minimum term of at least one hundred seventy-four days for schools with a five-day school week or one hundred forty-two days for schools with a four-day school week, and one thousand forty-four hours of actual pupil attendance. In school year 2019-20 and subsequent years, one thousand forty-four hours of actual pupil attendance shall be required for the school term with no minimum number of school days. In addition, such calendar shall include six make-up days for possible loss of attendance due to inclement weather as defined in subsection 1 of section 171.033. In school year 2019-20 and subsequent years, such calendar shall include thirty-six make-up hours for possible loss of attendance due to inclement weather, as defined in subsection 1 of section 171.033, with no minimum number of make-up days.

2. Each local school district may set its opening date each year, which date shall be no earlier than [ten] **fourteen** calendar days prior to the first Monday in September. No public school district shall select an earlier start date unless, **for calendars for school years before school year 2020-21**, the district follows the procedure set forth in subsection 3 of this section. **The procedure set forth in subsection 3 of this section shall be unavailable to school districts in preparing their calendars for school year 2020-21 and for subsequent years.**

3. **For calendars for school years before school year 2020-21**, a district may set an opening date that is more than [ten] **fourteen** calendar days prior to the first Monday in September only if the local school board first gives public notice of a public meeting to discuss the proposal of opening school on a date more than [ten] **fourteen** days prior to the first Monday in September, and the local school board holds said meeting and, at the same public meeting, a majority of the board votes to allow an earlier opening date. If all of the previous conditions are met, the district may set its opening date more than [ten] **fourteen** calendar days prior to the first Monday in September. The condition provided in this subsection must be satisfied by the local school board each year that the board proposes an opening date more than [ten] **fourteen** days before the first Monday in September.

4. If any local district violates the provisions of this section, the department of elementary and secondary education shall withhold an amount equal to one quarter of the state funding the district generated under section 163.031 for each date the district was in violation of this section.

5. The provisions of subsections 2 to 4 of this section shall not apply to school districts in which school is in session for twelve months of each calendar year.

6. The state board of education may grant an exemption from this section to a school district that demonstrates highly unusual and extenuating circumstances justifying exemption from the provisions of subsections 2 to 4 of this section. Any exemption granted by the state board of education shall be valid for one academic year only.

171.033. 1. “Inclement weather”, for purposes of this section, shall be defined as ice, snow, extreme cold, flooding, or a tornado, but such term shall not include excessive heat.

2. (1) A district shall be required to make up the first six days of school lost or cancelled due to inclement weather and half the number of days lost or cancelled in excess of six days if the makeup of the

days is necessary to ensure that the district's students will attend a minimum of one hundred forty-two days and a minimum of one thousand forty-four hours for the school year except as otherwise provided in this section. Schools with a four-day school week may schedule such make-up days on Fridays.

(2) Notwithstanding subdivision (1) of this subsection, in school year 2019-20 and subsequent years, a district shall be required to make up the first thirty-six hours of school lost or cancelled due to inclement weather and half the number of hours lost or cancelled in excess of thirty-six if the makeup of the hours is necessary to ensure that the district's students attend a minimum of one thousand forty-four hours for the school year, except as otherwise provided under subsections 3 and 4 of this section.

3. (1) In the 2009-10 school year and subsequent years, a school district may be exempt from the requirement to make up days of school lost or cancelled due to inclement weather in the school district when the school district has made up the six days required under subsection 2 of this section and half the number of additional lost or cancelled days up to eight days, resulting in no more than ten total make-up days required by this section.

(2) In school year 2019-20 and subsequent years, a school district may be exempt from the requirement to make up school lost or cancelled due to inclement weather in the school district when the school district has made up the thirty-six hours required under subsection 2 of this section and half the number of additional lost or cancelled hours up to forty-eight, resulting in no more than sixty total make-up hours required by this section.

4. The commissioner of education may provide, for any school district that cannot meet the minimum school calendar requirement of at least one hundred seventy-four days for schools with a five-day school week or one hundred forty-two days for schools with a four-day school week and one thousand forty-four hours of actual pupil attendance or, in school year 2019-20 and subsequent years, one thousand forty-four hours of actual pupil attendance, upon request, a waiver to be excused from such requirement. This waiver shall be requested from the commissioner of education and may be granted if the school was closed due to circumstances beyond school district control, including inclement weather or fire.

**5. For the 2018-2019 school year, a district shall be exempt from the requirements of subsections 2 and 3 of this section, and only be required to make up the first six days of school lost or cancelled due to inclement weather.**

Section B. Because of the high number of school days lost due to inclement weather this year, the repeal and reenactment of section 171.033 of this act is deemed necessary for the immediate preservation of the public health, welfare, peace and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and the repeal and reenactment of section 171.033 of this act shall be in full force and effect upon its passage and approval.”; and

Further amend the title and enacting clause accordingly.

Senator Cunningham moved that the above amendment be adopted, which motion prevailed.

Senator Arthur offered SA 2:

#### SENATE AMENDMENT NO. 2

Amend Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 604, Page 1, Section A, Line 5 of said page, by inserting immediately after said line the following:

“160.545. 1. There is hereby established within the department of elementary and secondary education the “A+ Schools Program” to be administered by the commissioner of education. The program shall consist of grant awards made to public secondary schools that demonstrate a commitment to ensure that:

(1) All students be graduated from school;

(2) All students complete a selection of high school studies that is challenging and for which there are identified learning expectations; and

(3) All students:

**(a) Earn credits toward any type of college degree while in high school; or**

**(b) Proceed from high school graduation to a college or postsecondary vocational or technical school or high-wage job with work place skill development opportunities.**

2. The state board of education shall promulgate rules and regulations for the approval of grants made under the program to schools that:

(1) Establish measurable districtwide performance standards for the goals of the program outlined in subsection 1 of this section; and

(2) Specify the knowledge, skills and competencies, in measurable terms, that students must demonstrate to successfully complete any individual course offered by the school, and any course of studies which will qualify a student for graduation from the school; and

(3) Do not offer a general track of courses that, upon completion, can lead to a high school diploma; and

(4) Require rigorous coursework with standards of competency in basic academic subjects for students pursuing vocational and technical education as prescribed by rule and regulation of the state board of education; and

(5) Have a partnership plan developed in cooperation and with the advice of local business persons, labor leaders, parents, and representatives of college and postsecondary vocational and technical school representatives, with the plan then approved by the local board of education. The plan shall specify a mechanism to receive information on an annual basis from those who developed the plan in addition to senior citizens, community leaders, and teachers to update the plan in order to best meet the goals of the program as provided in subsection 1 of this section. Further, the plan shall detail the procedures used in the school to identify students that may drop out of school and the intervention services to be used to meet the needs of such students. The plan shall outline counseling and mentoring services provided to students who will enter the work force upon graduation from high school, address apprenticeship and intern programs, and shall contain procedures for the recruitment of volunteers from the community of the school to serve in schools receiving program grants.

3. Any nonpublic school in this state may apply to the state board of education for certification that it meets the requirements of this section subject to the same criteria as public high schools. Every nonpublic school that applies and has met the requirements of this section shall have its students eligible for reimbursement of postsecondary education under subsection 8 of this section on an equal basis to students who graduate from public schools that meet the requirements of this section. Any nonpublic school that applies shall not be eligible for any grants under this section. Students of certified nonpublic schools shall be eligible for reimbursement of postsecondary education under subsection 8 of this section so long as they

meet the other requirements of such subsection. For purposes of subdivision (5) of subsection 2 of this section, the nonpublic school shall be included in the partnership plan developed by the public school district in which the nonpublic school is located. For purposes of subdivision (1) of subsection 2 of this section, the nonpublic school shall establish measurable performance standards for the goals of the program for every school and grade level over which the nonpublic school maintains control.

4. A school district may participate in the program irrespective of its accreditation classification by the state board of education, provided it meets all other requirements.

5. By rule and regulation, the state board of education may determine a local school district variable fund match requirement in order for a school or schools in the district to receive a grant under the program. Further, no school in any district shall receive a grant under the program unless the district makes available facilities and services for adult literacy training as specified by rule of the state board of education.

6. For any school that meets the requirements for the approval of the grants authorized by this section and specified in subsection 2 of this section for three successive school years, by August first following the third such school year, the commissioner of education shall present a plan to the superintendent of the school district in which such school is located for the waiver of rules and regulations to promote flexibility in the operations of the school and to enhance and encourage efficiency in the delivery of instructional services in the school. The provisions of other law to the contrary notwithstanding, the plan presented to the superintendent shall provide a summary waiver, with no conditions, for the pupil testing requirements pursuant to section 160.257 in the school. Further, the provisions of other law to the contrary notwithstanding, the plan shall detail a means for the waiver of requirements otherwise imposed on the school related to the authority of the state board of education to classify school districts pursuant to subdivision (9) of section 161.092 and such other rules and regulations as determined by the commissioner of education, except such waivers shall be confined to the school and not other schools in the school district unless such other schools meet the requirements of this subsection. However, any waiver provided to any school as outlined in this subsection shall be void on June thirtieth of any school year in which the school fails to meet the requirements for the approval of the grants authorized by this section as specified in subsection 2 of this section.

7. For any school year, grants authorized by subsections 1, 2, and 5 of this section shall be funded with the amount appropriated for this program, less those funds necessary to reimburse eligible students pursuant to subsection 8 **or** 9 of this section.

8. The department of higher education shall, by rule, establish a procedure for the reimbursement of the cost of tuition, books and fees to any public community college or vocational or technical school or within the limits established in subsection [10] **11** of this section for any two-year private vocational or technical school for any student:

duty[, who[, in the school year immediately preceding graduation,] meet all other requirements of this subsection and are attending a school that meets the requirements of subsection 2 of this section shall be exempt from the [three-year] **two-year** attendance requirement of this subdivision; and

(2) Who has made a good faith effort to first secure all available federal sources of funding that could be applied to the reimbursement described in this subsection; and

(3) Who has earned a minimal grade average while in high school **or through the semester immediately before taking the course for which reimbursement is sought** as determined by rule of the department of higher education, and other requirements for the reimbursement authorized by this subsection as determined by rule and regulation of the department; and

**9. The department of higher education shall, by rule, establish a procedure for the reimbursement of the cost of tuition, and fees for any dual-credit or dual-enrollment course offered to a student in high school in association with an institution of higher education or vocational or technical school, subject to the requirements of subsection 11 of this section, for any student who meets the requirements established in subsection 8 of this section immediately before taking the course for which reimbursement is sought.**

**10.** The commissioner of education shall develop a procedure for evaluating the effectiveness of the program described in this section. Such evaluation shall be conducted annually with the results of the evaluation provided to the governor, speaker of the house, and president pro tempore of the senate.

[10.] **11.** For a two-year private vocational or technical school to obtain reimbursements under subsection 8 **or 9** of this section, the following requirements shall be satisfied:

(3) No two-year private vocational or technical school shall receive tuition reimbursements in excess of the tuition rate charged by a public community college for course work offered by the private vocational or technical school within the service area of such college; and

(4) The reimbursements provided to any two-year private vocational or technical school shall not violate the provisions of Article IX, Section 8, or Article I, Section 7, of the Missouri Constitution or the first amendment of the United States Constitution.

**12. The department of higher education shall distribute reimbursements in the following manner:**

**(1) To community college or vocational or technical school students;**

**(2) After all students from subdivision (1) of this subsection have been reimbursed, to any dual-credit or dual-enrollment student on the basis of financial need.”; and**

“163.031. 1. The department of elementary and secondary education shall calculate and distribute to each school district qualified to receive state aid under section 163.021 an amount determined by multiplying the district’s weighted average daily attendance by the state adequacy target, multiplying this product by the dollar value modifier for the district, and subtracting from this product the district’s local effort and subtracting payments from the classroom trust fund under section 163.043.

2. Other provisions of law to the contrary notwithstanding:

product by the weighted average daily attendance computed for the 2005-06 school year;

(b) For each year subsequent to the 2008-09 school year, the amount shall be no less than that computed in paragraph (a) of this subdivision, multiplied by the weighted average daily attendance pursuant to section 163.036, less any increase in revenue received from the classroom trust fund under section 163.043;

(2) For districts with an average daily attendance of three hundred fifty or less in the school year preceding the payment year:

(a) For the 2008-09 school year, the state revenue received by a district from the state aid calculation under subsections 1 and 4 of this section, as applicable, and the classroom trust fund under section 163.043 shall not be less than the greater of state revenue received by a district in the 2004-05 or 2005-06 school year from the foundation formula, line 14, gifted, remedial reading, exceptional pupil aid, fair share, and free textbook payment amounts multiplied by the dollar value modifier;

(3) The department of elementary and secondary education shall make an addition in the payment amount specified in subsection 1 of this section to assure compliance with the provisions contained in this subsection.

3. School districts that meet the requirements of section 163.021 shall receive categorical add-on revenue as provided in this subsection. The categorical add-on for the district shall be the sum of: seventy-five percent of the district allowable transportation costs under section 163.161; the career ladder entitlement for the district, as provided for in sections 168.500 to 168.515; the vocational education entitlement for the district, as provided for in section 167.332; and the district educational and screening program entitlements as provided for in sections 178.691 to 178.699. The categorical add-on revenue amounts may be adjusted to accommodate available appropriations.

4. For any school district meeting the eligibility criteria for state aid as established in section 163.021, but which is considered an option district under section 163.042 and therefore receives no state aid, the commissioner of education shall present a plan to the superintendent of the school district for the waiver of rules and the duration of said waivers, in order to promote flexibility in the operations of the district and to enhance and encourage efficiency in the delivery of instructional services as provided in section 163.042.

5. No less than seventy-five percent of one-half of the funds received from the school district trust fund distributed under section 163.087 shall be placed in the teachers' fund. One hundred percent of revenue received under the provisions of section 163.161 shall be placed in the incidental fund. One hundred percent of revenue received under the provisions of sections 168.500 to 168.515 shall be placed in the teachers' fund.

(2) A school district shall spend for certificated compensation and tuition expenditures each year:

(a) An amount equal to at least seventy-five percent of the state revenue received under the provisions of subsections 1 and 2 of this section;

(b) An amount equal to at least seventy-five percent of one-half of the funds received from the school

district trust fund distributed under section 163.087 during the preceding school year; and

(c) Beginning in fiscal year 2008, as much as was spent per the second preceding year's weighted average daily attendance for certificated compensation and tuition expenditures the previous year from revenue produced by local and county tax sources in the teachers' fund, plus the amount of the incidental fund to teachers' fund transfer calculated to be local and county tax sources by dividing local and county tax sources in the incidental fund by total revenue in the incidental fund.

In the event a district fails to comply with this provision, the amount by which the district fails to spend funds as provided herein shall be deducted from the district's state revenue received under the provisions of subsections 1 and 2 of this section for the following year, provided that the state board of education may exempt a school district from this provision if the state board of education determines that circumstances warrant such exemption.

6. (1) If a school district's annual audit discloses that students were inappropriately identified as eligible for free and reduced price lunch, special education, or limited English proficiency and the district does not resolve the audit finding, the department of elementary and secondary education shall require that the amount of aid paid pursuant to the weighting for free and reduced price lunch, special education, or limited English proficiency in the weighted average daily attendance on the inappropriately identified pupils be repaid by the district in the next school year and shall additionally impose a penalty of one hundred percent of such aid paid on such pupils, which penalty shall also be paid within the next school year. Such amounts may be repaid by the district through the withholding of the amount of state aid.

(2) In the 2017-18 school year and in each subsequent school year, if a district experiences a decrease in its gifted program enrollment of twenty percent or more from the previous school year, an amount equal to the product of the difference between the number of students enrolled in the gifted program in the current school year and the number of students enrolled in the gifted program in the previous school year multiplied by six hundred eighty dollars shall be subtracted from the district's current year payment amount. The provisions of this subdivision shall apply to districts entitled to receive state aid payments under both subsections 1 and 2 of this section but shall not apply to any school district with an average daily attendance of three hundred fifty or less.

7. Notwithstanding any provision of law to the contrary, in any fiscal year during which the total formula appropriation is insufficient to fully fund the entitlement calculation of this section, the department of elementary and secondary education shall adjust the state adequacy target in order to accommodate the appropriation level for the given fiscal year. In no manner shall any payment modification be rendered for any district qualified to receive payments under subsection 2 of this section based on insufficient appropriations.

This payment shall be in addition to payments authorized under subsections 1, 2, and 7 of this section and shall be made from the annual appropriation to fund this section.”; and

6. The coordinating board shall be the administrative agency for the implementation of the program established by this section. The coordinating board shall promulgate reasonable rules and regulations for the exercise of its functions and the effectuation of the purposes of this section. 7. The coordinating board shall determine eligibility for renewed assistance on the basis of annual applications. As a condition to consideration for initial or renewed assistance, the coordinating board may require the applicant and the applicant’s spouse to execute forms of consent authorizing the director of revenue to compare financial information submitted by the applicant with the Missouri individual income tax returns of the applicant, and the applicant’s spouse, for the taxable year immediately preceding the year for which application is made, and to report any discrepancies to the coordinating board.

8. Grants shall be awarded in an amount equal to the actual tuition and general fees charged of an eligible student, after all federal nonloan aid, state student aid, and any other governmental student financial aid are applied. If a grant amount is reduced to zero due to the receipt of other aid, the eligible student shall receive an award of up to five hundred dollars or the remaining cost of attendance as calculated by the institution after all nonloan student aid has been applied, whichever is less, per academic term.

**9. If appropriated funds are insufficient to fund the program as described, students applying for renewed assistance shall be given priority until all funds are expended.**

**10. A recipient of financial assistance may transfer from one approved public, private, or virtual institution to another without losing eligibility for assistance under this section, but the coordinating board shall make any necessary adjustments in the amount of the award. If a recipient of financial assistance at any time is entitled to a refund of any tuition or fees under the rules and regulations of the institution in which he or she is enrolled, the institution shall pay the portion of the refund that may be attributed to the grant to the coordinating board. The coordinating board shall use these refunds to make additional awards under the provisions of this section.**

**11. Subject to the requirements of subsections 2, 3, and 4 of this section, a student is eligible for a fast track grant under this section if the student meets all of the following criteria:**

**(1) The student has successfully completed counseling explaining the benefits and obligations of the program under this section, including the terms and conditions of the promissory note under subdivision (2) of this subsection and the consequences of noncompliance specified in section 173.2554; and**

**(3) This section shall terminate on December thirty-first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset.**

**173.2554. 1. Except as provided in subsection 2 of this section, if a student who received a fast track grant under section 173.2553 fails to comply with the terms of the promissory note under subdivision (2) of subsection 11 of section 173.2553, including failure to satisfy the conditions in paragraphs (a), (b), and (c) of such subdivision, the fast track grant shall be converted to a loan. This loan shall accrue interest at the federal direct loan interest rate for Direct Subsidized Undergraduate Loans in effect at the time the student enters the eligible program. Interest shall be calculated from the date the recipient enters repayment. For a recipient who fulfills some, but not all, of his or her three-year residency and employment obligations, the amount of the fast track grant that is converted to a loan shall be reduced by one-third for each period of twelve months of residency and employment as verified by the proof of residency and qualifying employment required in subsection 12 of section 173.2553.**

**2. The coordinating board shall provide for a waiver under the fast track grant if the grant is not converted to a loan under subsection 1 of this section for a recipient who fails to comply with terms of the agreement under paragraphs (a), (b), and (c) of subdivision (2) of subsection 11 of section 173.2553 due to his or her total and permanent disability or death, the total and permanent disability or death of his or her spouse or child, or if such recipient or recipient's spouse is providing service to any branch of the Armed Forces of the United States and is transferred out of state and is no longer able to maintain Missouri residency as a result of such service. **3. The coordinating board shall deposit in the fast track workforce incentive grant fund all repayments of principal and interest on the loans under subsection 1 of this section.**

- (1) Are enrolled at least half-time at an institution of higher education;**

- (3) Have a medical condition limiting their ability to continue repayment including, but not limited to, illness, disability, or pregnancy; or**
- (4) Are providing service to any branch of the Armed Forces of the United States.**

**5. The coordinating board shall establish a procedure and guidelines for granting loan discharge for fast track grants that have been converted to loans and are in repayment for recipients who are unable to fulfill the repayment obligation due to their total and permanent disability or death or the total and permanent disability or death of their spouse or child.**

**6. (1) There is hereby created in the state treasury the "Fast Track Workforce Incentive Grant Fund". The state treasurer shall be custodian of the fund. In accordance with sections 30.170 and 30.180, the state treasurer may approve disbursements. The fund shall be a dedicated fund and, upon appropriation, moneys in the fund shall be used solely by the coordinating board for the purposes of this section and section 173.2553.**

**(2) Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund.**

**(3) The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.**

**7. The coordinating board shall have the authority to promulgate rules to implement the provisions of this section and section 173.2553. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, and, if applicable, section 536.028. #### HOUSE AMENDMENT NO. 2

Amend House Committee Substitute for Senate Bill No. 68, Page 1, Section A, Line 4, by inserting after said section and line the following:

“135.100. As used in sections 135.100 to 135.150 the following terms shall mean:

(1) “Commencement of commercial operations” shall be deemed to occur during the first [taxable] **tax** year for which the new business facility is first available for use by the taxpayer, or first capable of being used by the taxpayer, in the revenue-producing enterprise in which the taxpayer intends to use the new business facility;

(2) “Existing business facility”, any facility in this state which was employed by the taxpayer claiming the credit in the operation of a revenue-producing enterprise immediately prior to an expansion, acquisition, addition, or replacement;

(3) “Facility”, any building used as a revenue-producing enterprise located within the state, including the land on which the facility is located and all machinery, equipment and other real and depreciable tangible personal property acquired for use at and located at or within such facility and used in connection with the operation of such facility;

(4) “NAICS”, the North American Industrial Classification System as such classifications are defined in the 2007 edition of the North American Industrial Classification System;

(5) “New business facility”, a facility which satisfies the following requirements:

(a) Such facility is employed by the taxpayer in the operation of a revenue-producing enterprise. Such facility shall not be considered a new business facility in the hands of the taxpayer if the taxpayer’s only

activity with respect to such facility is to lease it to another person or persons. If the taxpayer employs only a portion of such facility in the operation of a revenue-producing enterprise, and leases another portion of such facility to another person or persons or does not otherwise use such other portions in the operation of a revenue-producing enterprise, the portion employed by the taxpayer in the operation of a revenue-producing enterprise shall be considered a new business facility, if the requirements of paragraphs (b), (c), (d) and (e) of this subdivision are satisfied;

(b) Such facility is acquired by, or leased to, the taxpayer after December 31, 1983. A facility shall be deemed to have been acquired by, or leased to, the taxpayer after December 31, 1983, if the transfer of title to the taxpayer, the transfer of possession pursuant to a binding contract to transfer title to the taxpayer, or the commencement of the term of the lease to the taxpayer occurs after December 31, 1983, or, if the facility is constructed, erected or installed by or on behalf of the taxpayer, such construction, erection or installation is commenced after December 31, 1983;

(c) If such facility was acquired by the taxpayer from another person or persons and such facility was employed immediately prior to the transfer of title to such facility to the taxpayer, or to the commencement of the term of the lease of such facility to the taxpayer, by any other person or persons in the operation of a revenue-producing enterprise, the operation of the same or a substantially similar revenue-producing enterprise is not continued by the taxpayer at such facility;

(d) Such facility is not a replacement business facility, as defined in subdivision (11) of this section; and

(e) The new business facility investment exceeds one hundred thousand dollars during the tax period in which the credits are claimed;

(6) “New business facility employee”, a person employed by the taxpayer in the operation of a new business facility during the [taxable] tax year for which the credit allowed by section 135.110 is claimed, except that truck drivers and rail and barge vehicle operators shall not constitute new business facility employees. A person shall be deemed to be so employed if such person performs duties in connection with the operation of the new business facility on:

(a) A regular, full-time basis; or

(b) A part-time basis, provided such person is customarily performing such duties an average of at least twenty hours per week; or

(c) A seasonal basis, provided such person performs such duties for at least eighty percent of the season customary for the position in which such person is employed;

(7) “New business facility income”, the Missouri taxable income, as defined in chapter 143, derived by the taxpayer from the operation of the new business facility. For the purpose of apportionment as prescribed in this subdivision, the term “Missouri taxable income” means, in the case of insurance companies, direct premiums as defined in chapter 148. If a taxpayer has income derived from the operation of a new business facility as well as from other activities conducted within this state, the Missouri taxable income derived by the taxpayer from the operation of the new business facility shall be determined by multiplying the taxpayer’s Missouri taxable income, computed in accordance with chapter 143, or in the case of an insurance company, computed in accordance with chapter 148, by a fraction, the numerator of which is the property factor, as defined in paragraph (a) of this subdivision, plus the payroll factor, as defined in paragraph (b) of this subdivision, and the denominator of which is two:

(a) The property factor is a fraction, the numerator of which is the new business facility investment certified for the tax period, and the denominator of which is the average value of all the taxpayer's real and depreciable tangible personal property owned or rented and used in this state during the tax period. The average value of all such property shall be determined as provided in chapter 32;

(b) The payroll factor is a fraction, the numerator of which is the total amount paid during the tax period by the taxpayer for compensation to persons qualifying as new business facility employees, as determined by subsection 4 of section 135.110, at the new business facility, and the denominator of which is the total amount paid in this state during the tax period by the taxpayer for compensation. The compensation paid in this state shall be determined as provided in chapter 32. For the purpose of this subdivision, "other activities conducted within this state" shall include activities previously conducted at the expanded, acquired or replaced facility at any time during the tax period immediately prior to the tax period in which commencement of commercial operations occurred;

(8) "New business facility investment", the value of [real and depreciable tangible personal] property, acquired by the taxpayer as part of the new business facility, which is used by the taxpayer in the operation of the new business facility, during the [taxable] **tax** year for which the credit allowed by section 135.110 is claimed, except that trucks, truck-trailers, truck semitrailers, rail vehicles, barge vehicles, aircraft, and other rolling stock for hire, track, switches, barges, bridges, tunnels, and rail yards and spurs shall not constitute new business facility investments. **For the purposes of sections 135.100 to 135.150, property may be acquired by the taxpayer by purchase, lease, or license, including the right to use software and hardware via on-demand network access to a shared pool of configurable computing resources as long as the rights are used at the new business facility.** The total value of such property during such [taxable] **tax** year shall be:

(a) Its original cost if owned by the taxpayer; or

(b) Eight times the net annual rental rate **or license**, if leased **or licensed** by the taxpayer. The net annual rental **or license** rate shall be the annual rental **or license** rate paid by the taxpayer less any annual rental **or license** rate received by the taxpayer from subrentals **or sublicenses**. The new business facility investment shall be determined by dividing by twelve the sum of the total value of such property on the last business day of each calendar month of the [taxable] **tax** year. If the new business facility is in operation for less than an entire [taxable] **tax** year, the new business facility investment shall be determined by dividing the sum of the total value of such property on the last business day of each full calendar month during the portion of such [taxable] **tax** year during which the new business facility was in operation by the number of full calendar months during such period;

(9) "Office", a regional, national, or international headquarters, a telemarketing operation, a computer operation, an insurance company, a passenger transportation ticket/reservation system, or a credit card billing and processing center. For the purposes of this subdivision, "headquarters" means the administrative management of at least four integrated facilities operated by the taxpayer or related taxpayer. An office, as defined in this subdivision, when established must create and maintain positions for a minimum number of twenty-five new business facility employees as defined in subdivision (6) of this section;

(10) "Related taxpayer" shall mean:

(a) A corporation, partnership, trust, or association controlled by the taxpayer;

(b) An individual, corporation, partnership, trust, or association in control of the taxpayer; or

(c) A corporation, partnership, trust, or association controlled by an individual, corporation, partnership, trust, or association in control of the taxpayer. For the purposes of sections 135.100 to 135.150, “control of a corporation” shall mean ownership, directly or indirectly, of stock possessing at least fifty percent of the total combined voting power of all classes of stock entitled to vote; “control of a partnership or association” shall mean ownership of at least fifty percent of the capital or profits interest in such partnership or association; and “control of a trust” shall mean ownership, directly or indirectly, of at least fifty percent of the beneficial interest in the principal or income of such trust; ownership shall be determined as provided in Section 318 of the U.S. Internal Revenue Code;

(11) “Replacement business facility”, a facility otherwise described in subdivision (3) of this section, hereafter referred to in this subdivision as “new facility”, which replaces another facility, hereafter referred to in this subdivision as “old facility”, located within the state, which the taxpayer or a related taxpayer previously operated but discontinued operating on or before the close of the first [taxable] **tax** year in which the credit allowed by this section is claimed. A new facility shall be deemed to replace an old facility if the following conditions are met:

(a) The old facility was operated by the taxpayer or a related taxpayer during the taxpayer’s or related taxpayer’s [taxable] **tax** period immediately preceding the [taxable] **tax** year in which commencement of commercial operations occurs at the new facility; and

(b) The old facility was employed by the taxpayer or a related taxpayer in the operation of a revenue-producing enterprise and the taxpayer continues the operation of the same or substantially similar revenue-producing enterprise at the new facility.

Notwithstanding the preceding provisions of this subdivision, a facility shall not be considered a replacement business facility if the taxpayer’s new business facility investment, as computed in subsection 5 of section 135.110, in the new facility during the tax period in which the credits allowed in sections 135.110, 135.225, and 135.235 and the exemption allowed in section 135.220 are claimed exceed one million dollars or, if less, two hundred percent of the investment in the old facility by the taxpayer or related taxpayer, and if the total number of employees at the new facility exceeds the total number of employees at the old facility by at least two except that the total number of employees at the new facility exceeds the total number of employees at the old facility by at least twenty-five if an office as defined in subdivision (9) of this section is established by a revenue-producing enterprise other than a revenue-producing enterprise defined in paragraphs (a) to (g) and (i) to (l) of subdivision (12) of this section;

(12) “Revenue-producing enterprise” means:

“135.100. As used in sections 135.100 to 135.150 the following terms shall mean:

(1) “Commencement of commercial operations” shall be deemed to occur during the first [taxable] **tax** year for which the new business facility is first available for use by the taxpayer, or first capable of being used by the taxpayer, in the revenue-producing enterprise in which the taxpayer intends to use the new business facility;

(2) “Existing business facility”, any facility in this state which was employed by the taxpayer claiming the credit in the operation of a revenue-producing enterprise immediately prior to an expansion, acquisition, addition, or replacement;

(3) “Facility”, any building used as a revenue-producing enterprise located within the state, including the land on which the facility is located and all machinery, equipment and other real and depreciable tangible personal property acquired for use at and located at or within such facility and used in connection with the operation of such facility;

(4) “NAICS”, the North American Industrial Classification System as such classifications are defined in the 2007 edition of the North American Industrial Classification System;

(5) “New business facility”, a facility which satisfies the following requirements:

(a) Such facility is employed by the taxpayer in the operation of a revenue-producing enterprise. Such facility shall not be considered a new business facility in the hands of the taxpayer if the taxpayer’s only activity with respect to such facility is to lease it to another person or persons. If the taxpayer employs only a portion of such facility in the operation of a revenue-producing enterprise, and leases another portion of such facility to another person or persons or does not otherwise use such other portions in the operation of a revenue-producing enterprise, the portion employed by the taxpayer in the operation of a revenue-producing enterprise shall be considered a new business facility, if the requirements of paragraphs (b), (c), (d) and (e) of this subdivision are satisfied;

(b) Such facility is acquired by, or leased to, the taxpayer after December 31, 1983. A facility shall be deemed to have been acquired by, or leased to, the taxpayer after December 31, 1983, if the transfer of title to the taxpayer, the transfer of possession pursuant to a binding contract to transfer title to the taxpayer, or the commencement of the term of the lease to the taxpayer occurs after December 31, 1983, or, if the facility is constructed, erected or installed by or on behalf of the taxpayer, such construction, erection or installation is commenced after December 31, 1983;

(c) If such facility was acquired by the taxpayer from another person or persons and such facility was employed immediately prior to the transfer of title to such facility to the taxpayer, or to the commencement of the term of the lease of such facility to the taxpayer, by any other person or persons in the operation of a revenue-producing enterprise, the operation of the same or a substantially similar revenue-producing enterprise is not continued by the taxpayer at such facility;

(d) Such facility is not a replacement business facility, as defined in subdivision (11) of this section; and

(e) The new business facility investment exceeds one hundred thousand dollars during the tax period in which the credits are claimed;

(6) “New business facility employee”, a person employed by the taxpayer in the operation of a new business facility during the [taxable] **tax** year for which the credit allowed by section 135.110 is claimed,

except that truck drivers and rail and barge vehicle operators shall not constitute new business facility employees. A person shall be deemed to be so employed if such person performs duties in connection with the operation of the new business facility on:

(a) A regular, full-time basis; or

(b) A part-time basis, provided such person is customarily performing such duties an average of at least twenty hours per week; or

(c) A seasonal basis, provided such person performs such duties for at least eighty percent of the season customary for the position in which such person is employed;

(7) “New business facility income”, the Missouri taxable income, as defined in chapter 143, derived by the taxpayer from the operation of the new business facility. For the purpose of apportionment as prescribed in this subdivision, the term “Missouri taxable income” means, in the case of insurance companies, direct premiums as defined in chapter 148. If a taxpayer has income derived from the operation of a new business facility as well as from other activities conducted within this state, the Missouri taxable income derived by the taxpayer from the operation of the new business facility shall be determined by multiplying the taxpayer’s Missouri taxable income, computed in accordance with chapter 143, or in the case of an insurance company, computed in accordance with chapter 148, by a fraction, the numerator of which is the property factor, as defined in paragraph (a) of this subdivision, plus the payroll factor, as defined in paragraph (b) of this subdivision, and the denominator of which is two:

(a) The property factor is a fraction, the numerator of which is the new business facility investment certified for the tax period, and the denominator of which is the average value of all the taxpayer’s real and depreciable tangible personal property owned or rented and used in this state during the tax period. The average value of all such property shall be determined as provided in chapter 32;

(b) The payroll factor is a fraction, the numerator of which is the total amount paid during the tax period by the taxpayer for compensation to persons qualifying as new business facility employees, as determined by subsection 4 of section 135.110, at the new business facility, and the denominator of which is the total amount paid in this state during the tax period by the taxpayer for compensation. The compensation paid in this state shall be determined as provided in chapter 32. For the purpose of this subdivision, “other activities conducted within this state” shall include activities previously conducted at the expanded, acquired or replaced facility at any time during the tax period immediately prior to the tax period in which commencement of commercial operations occurred;

(8) “New business facility investment”, the value of [real and depreciable tangible personal] property, acquired by the taxpayer as part of the new business facility, which is used by the taxpayer in the operation of the new business facility, during the [taxable] tax year for which the credit allowed by section 135.110 is claimed, except that trucks, truck-trailers, truck semitrailers, rail vehicles, barge vehicles, aircraft, and other rolling stock for hire, track, switches, barges, bridges, tunnels, and rail yards and spurs shall not constitute new business facility investments. **For the purposes of sections 135.100 to 135.150, property may be acquired by the taxpayer by purchase, lease, or license, including the right to use software and hardware via on-demand network access to a shared pool of configurable computing resources as long as the rights are used at the new business facility.** The total value of such property during such [taxable] tax year shall be:

(a) Its original cost if owned by the taxpayer; or

(b) Eight times the net annual rental rate **or license**, if leased **or licensed** by the taxpayer. The net annual rental **or license** rate shall be the annual rental **or license** rate paid by the taxpayer less any annual rental **or license** rate received by the taxpayer from subrentals **or sublicenses**. The new business facility investment shall be determined by dividing by twelve the sum of the total value of such property on the last business day of each calendar month of the [taxable] **tax** year. If the new business facility is in operation for less than an entire [taxable] **tax** year, the new business facility investment shall be determined by dividing the sum of the total value of such property on the last business day of each full calendar month during the portion of such [taxable] **tax** year during which the new business facility was in operation by the number of full calendar months during such period;

(9) “Office”, a regional, national, or international headquarters, a telemarketing operation, a computer operation, an insurance company, a passenger transportation ticket/reservation system, or a credit card billing and processing center. For the purposes of this subdivision, “headquarters” means the administrative management of at least four integrated facilities operated by the taxpayer or related taxpayer. An office, as defined in this subdivision, when established must create and maintain positions for a minimum number of twenty-five new business facility employees as defined in subdivision (6) of this section;

(10) “Related taxpayer” shall mean:

(a) A corporation, partnership, trust, or association controlled by the taxpayer;

(b) An individual, corporation, partnership, trust, or association in control of the taxpayer; or

(c) A corporation, partnership, trust, or association controlled by an individual, corporation, partnership, trust, or association in control of the taxpayer. For the purposes of sections 135.100 to 135.150, “control of a corporation” shall mean ownership, directly or indirectly, of stock possessing at least fifty percent of the total combined voting power of all classes of stock entitled to vote; “control of a partnership or association” shall mean ownership of at least fifty percent of the capital or profits interest in such partnership or association; and “control of a trust” shall mean ownership, directly or indirectly, of at least fifty percent of the beneficial interest in the principal or income of such trust; ownership shall be determined as provided in Section 318 of the U.S. Internal Revenue Code;

(11) “Replacement business facility”, a facility otherwise described in subdivision (3) of this section, hereafter referred to in this subdivision as “new facility”, which replaces another facility, hereafter referred to in this subdivision as “old facility”, located within the state, which the taxpayer or a related taxpayer previously operated but discontinued operating on or before the close of the first [taxable] **tax** year in which the credit allowed by this section is claimed. A new facility shall be deemed to replace an old facility if the following conditions are met:

(a) The old facility was operated by the taxpayer or a related taxpayer during the taxpayer’s or related taxpayer’s [taxable] **tax** period immediately preceding the [taxable] **tax** year in which commencement of commercial operations occurs at the new facility; and

(b) The old facility was employed by the taxpayer or a related taxpayer in the operation of a revenue-producing enterprise and the taxpayer continues the operation of the same or substantially similar revenue-producing enterprise at the new facility.

Notwithstanding the preceding provisions of this subdivision, a facility shall not be considered a

replacement business facility if the taxpayer's new business facility investment, as computed in subsection 5 of section 135.110, in the new facility during the tax period in which the credits allowed in sections 135.110, 135.225, and 135.235 and the exemption allowed in section 135.220 are claimed exceed one million dollars or, if less, two hundred percent of the investment in the old facility by the taxpayer or related taxpayer, and if the total number of employees at the new facility exceeds the total number of employees at the old facility by at least two except that the total number of employees at the new facility exceeds the total number of employees at the old facility by at least twenty-five if an office as defined in subdivision (9) of this section is established by a revenue-producing enterprise other than a revenue-producing enterprise defined in paragraphs (a) to (g) and (i) to (l) of subdivision (12) of this section;

(12) "Revenue-producing enterprise" means:

HOUSE AMENDMENT NO. 4

Amend House Amendment No. 4 to Senate Committee Substitute for Senate Bill No. 184, Page 2, Lines 9-12 by deleting all of said lines and renumbering subsequent subdivisions accordingly; and

Further amend said amendment, Page 6, Lines 17-27, by deleting all of said lines and inserting in lieu thereof the following:

“4. The department may withhold the approval of any benefits under this program until it is satisfied that proper documentation has been provided, and shall reduce the benefits to reflect any reduction in full-time employees or payroll. Upon approval by the department, the qualified company may begin the retention of the withholding taxes when it reaches the required number of jobs and the average wage meets or exceeds the applicable percentage of county average wage. Tax credits, if any, may be issued upon satisfaction by the department that the qualified company has exceeded the applicable percentage of county average wage and the required number of jobs.”; and

Further amend said amendment, Page 6, Lines 38-49, Page 7, Lines 1-49, Page 8, Lines 1-49, and Page 9, Lines 1-14, by deleting all of said lines and inserting in lieu thereof the following:

“7. The maximum amount of tax credits that may be authorized under this program for any fiscal year shall be limited as follows, less the amount of any tax credits previously obligated for that fiscal year under any of the tax credit programs referenced in subsection 13 of this section:

(1) For the fiscal year beginning on July 1, 2013, but ending on or before June 30, 2014, no more than one hundred six million dollars in tax credits may be authorized;

(2) For the fiscal year beginning on July 1, 2014, but ending on or before June 30, 2015, no more than one hundred eleven million dollars in tax credits may be authorized; and

(3) For any fiscal year beginning on or after July 1, 2015, no more than one hundred sixteen million dollars in tax credits may be authorized for each fiscal year.

8. For tax credits for the creation of new jobs under section 620.2010, the department shall allocate the annual tax credits based on the date of the approval, reserving such tax credits based on the department’s best estimate of new jobs and new payroll of the project, and any other applicable factors in determining the amount of benefits available to the qualified company under this program. However, the annual issuance of tax credits shall be subject to annual verification of actual payroll by the department. Any authorization of tax credits shall expire if, within two years from the date of commencement of operations, or approval if applicable, the qualified company has failed to meet the applicable minimum job requirements. The qualified company may retain authorized amounts from the withholding tax under the project once the applicable minimum job requirements have been met for the duration of the project period. No benefits shall

be provided under this program until the qualified company meets the applicable minimum new job requirements. In the event the qualified company does not meet the applicable minimum new job requirements, the qualified company may submit a new notice of intent or the department may provide a new approval for a new project of the qualified company at the project facility or other facilities.

9. Tax credits provided under this program may be claimed against taxes otherwise imposed by chapters 143 and 148, and may not be carried forward, but shall be claimed within one year of the close of the taxable year for which they were issued. Tax credits provided under this program may be transferred, sold, or assigned by filing a notarized endorsement thereof with the department that names the transferee, the amount of tax credit transferred, and the value received for the credit, as well as any other information reasonably requested by the department. For a qualified company with flow-through tax treatment to its members, partners, or shareholders, the tax credit shall be allowed to members, partners, or shareholders in proportion to their share of ownership on the last day of the qualified company's tax period.

10. Prior to the issuance of tax credits or the qualified company beginning to retain withholding taxes, the department shall verify through the department of revenue and any other applicable state department that the tax credit applicant does not owe any delinquent income, sales, or use tax or interest or penalties on such taxes, or any delinquent fees or assessments levied by any state department and through the department of insurance, financial institutions and professional registration that the applicant does not owe any delinquent insurance taxes or other fees. Such delinquency shall not affect the approval, except that any tax credits issued shall be first applied to the delinquency and any amount issued shall be reduced by the applicant's tax delinquency. If the department of revenue, the department of insurance, financial institutions and professional registration, or any other state department concludes that a taxpayer is delinquent after June fifteenth but before July first of any year and the application of tax credits to such delinquency causes a tax deficiency on behalf of the taxpayer to arise, then the taxpayer shall be granted thirty days to satisfy the deficiency in which interest, penalties, and additions to tax shall be tolled. After applying all available credits toward a tax delinquency, the administering agency shall notify the appropriate department and that department shall update the amount of outstanding delinquent tax owed by the applicant. If any credits remain after satisfying all insurance, income, sales, and use tax delinquencies, the remaining credits shall be issued to the applicant, subject to the restrictions of other provisions of law.

11. The director of revenue shall issue a refund to the qualified company to the extent that the amount of tax credits allowed under this program exceeds the amount of the qualified company's tax liability under chapter 143 or 148.

12. An employee of a qualified company shall receive full credit for the amount of tax withheld as provided in section 143.211.

13. Notwithstanding any provision of law to the contrary, beginning August 28, 2013, no new benefits shall be authorized for any project that had not received from the department a proposal or approval for such benefits prior to August 28, 2013, under the development tax credit program created under sections 32.100 to 32.125, the rebuilding communities tax credit program created under section 135.535, the enhanced enterprise zone tax credit program created under sections 135.950 to 135.973, and the Missouri quality jobs program created under sections 620.1875 to 620.1890. The provisions of this subsection shall not be construed to limit or impair the ability of any administering agency to authorize or issue benefits for any project that had received an approval or a proposal from the department under any of the programs referenced in this subsection prior to August 28, 2013, or the ability of any taxpayer to redeem any such tax

credits or to retain any withholding tax under an approval issued prior to that date. The provisions of this subsection shall not be construed to limit or in any way impair the ability of any governing authority to provide any local abatement or designate a new zone under the enhanced enterprise zone program created by sections 135.950 to 135.963. Notwithstanding any provision of law to the contrary, no qualified company that is awarded benefits under this program shall:

(1) Simultaneously receive benefits under the programs referenced in this subsection at the same capital investment; or

(2) Receive benefits under the provisions of section 620.1910 for the same jobs.

14. If any provision of sections 620.2000 to 620.2020 or application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or application of these sections which can be given effect without the invalid provisions or application, and to this end, the provisions of sections 620.2000 to 620.2020 are hereby declared severable.

15. By no later than January 1, 2014, and the first day of each calendar quarter thereafter, the department shall present a quarterly report to the general assembly detailing the benefits authorized under this program during the immediately preceding calendar quarter to the extent such information may be disclosed under state and federal law. The report shall include, at a minimum:

(1) A list of all approved and disapproved applicants for each tax credit;

(2) A list of the aggregate amount of new or retained jobs that are directly attributable to the tax credits authorized;

(3) A statement of the aggregate amount of new capital investment directly attributable to the tax credits authorized;

(4) Documentation of the estimated net state fiscal benefit for each authorized project and, to the extent available, the actual benefit realized upon completion of such project or activity; and

(5) The department's response time for each request for a proposed benefit award under this program.

16. The department may adopt such rules, statements of policy, procedures, forms, and guidelines as may be necessary to carry out the provisions of sections 620.2000 to 620.2020. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2013, shall be invalid and void.

17. Under section 23.253 of the Missouri sunset act:"; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

620.2020. 1. The department shall respond to a written request, by or on behalf of a qualified company, for a proposed benefit award under the provisions of this program within five business days of receipt of such request. Such response shall contain either a proposal of benefits for the qualified company, or a written response refusing to provide such a proposal and stating the reasons for such refusal. A qualified company that intends to seek benefits under the program shall submit to the department a notice of intent. The department shall respond within thirty days to a notice of intent with an approval or a rejection, provided that the department may withhold approval or provide a contingent approval until it is satisfied that proper documentation of eligibility has been provided. **The department shall certify or reject the qualifying company’s plan outlined in their notice of intent as satisfying good faith efforts made to employ, at a minimum, commensurate with the percentage of minority populations in the state of Missouri, as reported in the previous decennial census, the following: racial minorities, contractors who are racial minorities, and contractors that, in turn, employ at a minimum racial minorities commensurate with the percentage of minority populations in the state of Missouri, as reported in the previous decennial census.** Failure to respond on behalf of the department shall result in the notice of intent being deemed approved. A qualified company receiving approval for program benefits may receive additional benefits for subsequent new jobs at the same facility after the full initial project period if the applicable minimum job requirements are met. There shall be no limit on the number of project periods a qualified company may participate in the program, and a qualified company may elect to file a notice of intent to begin a new project period concurrent with an existing project period if the applicable minimum job requirements are achieved, the qualified company provides the department with the required annual reporting, and the qualified company is in compliance with this program and any other state programs in which the qualified company is currently or has previously participated. However, the qualified company shall not receive any further program benefits under the original approval for any new jobs created after the date of the new notice of intent, and any jobs created before the new notice of intent shall not be included as new jobs for purposes of the benefit calculation for the new approval. When a qualified company has filed and received approval of a notice of intent and subsequently files another notice of intent, the

department shall apply the definition of project facility under subdivision (19) of section 620.2005 to the new notice of intent as well as all previously approved notices of intent and shall determine the application of the definitions of new job, new payroll, project facility base employment, and project facility base payroll accordingly.

2. Notwithstanding any provision of law to the contrary, the benefits available to the qualified company under any other state programs for which the company is eligible and which utilize withholding tax from the new or retained jobs of the company shall first be credited to the other state program before the withholding retention level applicable under this program will begin to accrue. If any qualified company also participates in a job training program utilizing withholding tax, the company shall retain no withholding tax under this program, but the department shall issue a refundable tax credit for the full amount of benefit allowed under this program. The calendar year annual maximum amount of tax credits which may be issued to a qualifying company that also participates in a job training program shall be increased by an amount equivalent to the withholding tax retained by that company under a jobs training program.

3. A qualified company receiving benefits under this program shall provide an annual report of the number of jobs, **along with minority jobs created or retained**, and such other information as may be required by the department to document the basis for program benefits available no later than ninety days prior to the end of the qualified company's tax year immediately following the tax year for which the benefits provided under the program are attributed. In such annual report, if the average wage is below the applicable percentage of the county average wage, the qualified company has not maintained the employee insurance as required, **if the department after a review determines the qualifying company fails to satisfy other aspects of their notice of intent, including failure to make good faith efforts to employ, at a minimum, commensurate with the percentage of minority populations in the state of Missouri, as reported in the previous decennial census, the following: racial minorities, contractors who are racial minorities, and contractors that, in turn, employ at a minimum racial minorities commensurate with the percentage of minority populations in the state of Missouri, as reported in the previous decennial census**, or if the number of jobs is below the number required, the qualified company shall not receive tax credits or retain the withholding tax for the balance of the project period. Failure to timely file the annual report required under this section shall result in the forfeiture of tax credits attributable to the year for which the reporting was required and a recapture of withholding taxes retained by the qualified company during such year.

4. The department may withhold the approval of any benefits under this program until it is satisfied that proper documentation has been provided, and shall reduce the benefits to reflect any reduction in full-time employees or payroll. Upon approval by the department, the qualified company may begin the retention of the withholding taxes when it reaches the required number of jobs and the average wage meets or exceeds the applicable percentage of county average wage. Tax credits, if any, may be issued upon satisfaction by the department that the qualified company has exceeded the applicable percentage of county average wage and the required number of jobs; **provided that, tax credits awarded under subsection 6 of section 620.2010 may be issued following the qualified company's acceptance of the department's proposal and pursuant to the requirements set forth in the written agreement between the department and the qualified company under subsection 3 of section 620.2010.**

5. Any qualified company approved for benefits under this program shall provide to the department, upon request, any and all information and records reasonably required to monitor compliance with program requirements. This program shall be considered a business recruitment tax credit under subdivision (4) of

subsection 2 of section 135.800, and any qualified company approved for benefits under this program shall be subject to the provisions of sections 135.800 to 135.830.

6. Any taxpayer who is awarded benefits under this program who knowingly hires individuals who are not allowed to work legally in the United States shall immediately forfeit such benefits and shall repay the state an amount equal to any state tax credits already redeemed and any withholding taxes already retained.

7. **(1)** The maximum amount of tax credits that may be authorized under this program for any fiscal year shall be limited as follows, less the amount of any tax credits previously obligated for that fiscal year under any of the tax credit programs referenced in subsection [13] **14** of this section:

[1] **(a)** For the fiscal year beginning on July 1, 2013, but ending on or before June 30, 2014, no more than one hundred six million dollars in tax credits may be authorized;

[2] **(b)** For the fiscal year beginning on July 1, 2014, but ending on or before June 30, 2015, no more than one hundred eleven million dollars in tax credits may be authorized; [and]

[3] **(c)** For [any] **the** fiscal year beginning on or after July 1, 2015, **but ending on or before June 30, 2020**, no more than one hundred sixteen million dollars in tax credits may be authorized for each fiscal year; **and**

**(d) For all fiscal years beginning on or after July 1, 2020, no more than one hundred six million dollars in tax credits may be authorized for each fiscal year. The provisions of this paragraph shall not apply to tax credits issued to qualified companies under a notice of intent filed prior to July 1, 2020.**

**(2) For all fiscal years beginning on or after July 1, 2020, in addition to the amount of tax credits that may be authorized under paragraph (d) of subdivision (1) of this subsection, an additional ten million dollars in tax credits may be authorized for each fiscal year, provided that such tax credits shall only be authorized for the purpose of the completion of infrastructure projects directly connected with the creation or retention of jobs under the provisions of sections 620.2000 to 620.2020.**

8. **For all fiscal years beginning on or after July 1, 2020, the maximum total amount of withholding tax that may be authorized for retention under the provisions of sections 620.2000 to 620.2020 by qualified companies with a project facility base employment of at least fifty shall not exceed seventy-five million dollars for each fiscal year. The provisions of this subsection shall not apply to withholding tax authorized for retention by qualified companies with a project facility base employment of less than fifty.**

9. For tax credits for the creation of new jobs under section 620.2010, the department shall allocate the annual tax credits based on the date of the approval, reserving such tax credits based on the department's best estimate of new jobs and new payroll of the project, and any other applicable factors in determining the amount of benefits available to the qualified company under this program; **provided that, the department may reserve up to twenty-one and one-half percent of the maximum annual amount of tax credits that may be authorized under subsection 7 of this section for award under subsection 6 of section 620.2010.** However, the annual issuance of tax credits shall be subject to annual verification of actual payroll by the department. Any authorization of tax credits shall expire if, within two years from the date of commencement of operations, or approval if applicable, the qualified company has failed to meet the applicable minimum job requirements. The qualified company may retain authorized amounts from the withholding tax under the project once the applicable minimum job requirements have been met for the

duration of the project period. No benefits shall be provided under this program until the qualified company meets the applicable minimum new job requirements **or, for benefits awarded under subsection 6 of section 620.2010, until the qualified company has satisfied the requirements set forth in the written agreement between the department and the qualified company under subsection 3 of section 620.2010.** In the event the qualified company does not meet the applicable minimum new job requirements, the qualified company may submit a new notice of intent or the department may provide a new approval for a new project of the qualified company at the project facility or other facilities.

[9.] **10.** Tax credits provided under this program may be claimed against taxes otherwise imposed by chapters 143 and 148, and may not be carried forward, but shall be claimed within one year of the close of the taxable year for which they were issued. Tax credits provided under this program may be transferred, sold, or assigned by filing a notarized endorsement thereof with the department that names the transferee, the amount of tax credit transferred, and the value received for the credit, as well as any other information reasonably requested by the department. For a qualified company with flow-through tax treatment to its members, partners, or shareholders, the tax credit shall be allowed to members, partners, or shareholders in proportion to their share of ownership on the last day of the qualified company's tax period.

[10.] **11.** Prior to the issuance of tax credits or the qualified company beginning to retain withholding taxes, the department shall verify through the department of revenue and any other applicable state department that the tax credit applicant does not owe any delinquent income, sales, or use tax or interest or penalties on such taxes, or any delinquent fees or assessments levied by any state department and through the department of insurance, financial institutions and professional registration that the applicant does not owe any delinquent insurance taxes or other fees. Such delinquency shall not affect the approval, except that any tax credits issued shall be first applied to the delinquency and any amount issued shall be reduced by the applicant's tax delinquency. If the department of revenue, the department of insurance, financial institutions and professional registration, or any other state department concludes that a taxpayer is delinquent after June fifteenth but before July first of any year and the application of tax credits to such delinquency causes a tax deficiency on behalf of the taxpayer to arise, then the taxpayer shall be granted thirty days to satisfy the deficiency in which interest, penalties, and additions to tax shall be tolled. After applying all available credits toward a tax delinquency, the administering agency shall notify the appropriate department and that department shall update the amount of outstanding delinquent tax owed by the applicant. If any credits remain after satisfying all insurance, income, sales, and use tax delinquencies, the remaining credits shall be issued to the applicant, subject to the restrictions of other provisions of law.

[11.] **12.** The director of revenue shall issue a refund to the qualified company to the extent that the amount of tax credits allowed under this program exceeds the amount of the qualified company's tax liability under chapter 143 or 148.

[12.] **13.** An employee of a qualified company shall receive full credit for the amount of tax withheld as provided in section 143.211.

[13.] **14.** Notwithstanding any provision of law to the contrary, beginning August 28, 2013, no new benefits shall be authorized for any project that had not received from the department a proposal or approval for such benefits prior to August 28, 2013, under the development tax credit program created under sections 32.100 to 32.125, the rebuilding communities tax credit program created under section 135.535, the enhanced enterprise zone tax credit program created under sections 135.950 to 135.973, and the Missouri quality jobs program created under sections 620.1875 to 620.1890. The provisions of this subsection shall

not be construed to limit or impair the ability of any administering agency to authorize or issue benefits for any project that had received an approval or a proposal from the department under any of the programs referenced in this subsection prior to August 28, 2013, or the ability of any taxpayer to redeem any such tax credits or to retain any withholding tax under an approval issued prior to that date. The provisions of this subsection shall not be construed to limit or in any way impair the ability of any governing authority to provide any local abatement or designate a new zone under the enhanced enterprise zone program created by sections 135.950 to 135.963. Notwithstanding any provision of law to the contrary, no qualified company that is awarded benefits under this program shall:

- (1) Simultaneously receive benefits under the programs referenced in this subsection at the same capital investment; or
- (2) Receive benefits under the provisions of section 620.1910 for the same jobs.

[14.] **15.** If any provision of sections 620.2000 to 620.2020 or application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or application of these sections which can be given effect without the invalid provisions or application, and to this end, the provisions of sections 620.2000 to 620.2020 are hereby declared severable.

[15.] **16.** By no later than January 1, 2014, and the first day of each calendar quarter thereafter, the department shall present a quarterly report to the general assembly detailing the benefits authorized under this program during the immediately preceding calendar quarter to the extent such information may be disclosed under state and federal law. The report shall include, at a minimum:

- (1) A list of all approved and disapproved applicants for each tax credit;
- (2) A list of the aggregate amount of new or retained jobs that are directly attributable to the tax credits authorized;
- (3) A statement of the aggregate amount of new capital investment directly attributable to the tax credits authorized;
- (4) Documentation of the estimated net state fiscal benefit for each authorized project and, to the extent available, the actual benefit realized upon completion of such project or activity; and
- (5) The department's response time for each request for a proposed benefit award under this program.

[16.] **17.** The department may adopt such rules, statements of policy, procedures, forms, and guidelines as may be necessary to carry out the provisions of sections 620.2000 to 620.2020. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2013, shall be invalid and void.

[17.] **18.** Under section 23.253 of the Missouri sunset act:

- (1) The provisions of the program authorized under sections 620.2000 to 620.2020 shall be reauthorized as of August 28, 2018, and shall expire on August 28, 2030; and
- (2) If such program is reauthorized, the program authorized under this section shall automatically sunset

twelve years after the effective date of this reauthorization of sections 620.2000 to 620.2020; and

(3) Sections 620.2000 to 620.2020 shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under sections 620.2000 to 620.2020 is sunset.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

HOUSE AMENDMENT NO. 5

Amend Senate Committee Substitute for Senate Bill No. 184, Page 2, Section 620.800, Line 35, by inserting after the words “employees at” the following:

**“the project facility and at”;** and

Further amend said bill, Page 17, Section 620.809, Line 253, by inserting after said section and line the following:

“620.2020. 1. The department shall respond to a written request, by or on behalf of a qualified company, for a proposed benefit award under the provisions of this program within five business days of receipt of such request. Such response shall contain either a proposal of benefits for the qualified company, or a written response refusing to provide such a proposal and stating the reasons for such refusal. A qualified company that intends to seek benefits under the program shall submit to the department a notice of intent. The department shall respond within thirty days to a notice of intent with an approval or a rejection, provided that the department may withhold approval or provide a contingent approval until it is satisfied that proper documentation of eligibility has been provided. Failure to respond on behalf of the department shall result in the notice of intent being deemed approved. A qualified company receiving approval for program benefits may receive additional benefits for subsequent new jobs at the same facility after the full initial project period if the applicable minimum job requirements are met. There shall be no limit on the number of project periods a qualified company may participate in the program, and a qualified company may elect to file a notice of intent to begin a new project period concurrent with an existing project period if the applicable minimum job requirements are achieved, the qualified company provides the department with the required annual reporting, and the qualified company is in compliance with this program and any other state programs in which the qualified company is currently or has previously participated. However, the qualified company shall not receive any further program benefits under the original approval for any new jobs created after the date of the new notice of intent, and any jobs created before the new notice of intent shall not be included as new jobs for purposes of the benefit calculation for the new approval. When a qualified company has filed and received approval of a notice of intent and subsequently files another notice of intent, the department shall apply the definition of project facility under subdivision (18) of section 620.2005 to the new notice of intent as well as all previously approved notices of intent and shall determine the application of the definitions of new job, new payroll, project facility base employment, and project facility base payroll accordingly.

2. Notwithstanding any provision of law to the contrary, the benefits available to the qualified company under any other state programs for which the company is eligible and which utilize withholding tax from the new or retained jobs of the company shall first be credited to the other state program before the withholding retention level applicable under this program will begin to accrue. If any qualified company also participates in a job training program utilizing withholding tax, the company shall retain no withholding tax under this program, but the department shall issue a refundable tax credit for the full amount of benefit

allowed under this program. The calendar year annual maximum amount of tax credits which may be issued to a qualifying company that also participates in a job training program shall be increased by an amount equivalent to the withholding tax retained by that company under a jobs training program.

3. A qualified company receiving benefits under this program shall provide an annual report of the number of jobs and such other information as may be required by the department to document the basis for program benefits available no later than ninety days prior to the end of the qualified company's tax year immediately following the tax year for which the benefits provided under the program are attributed. In such annual report, **the qualified company shall provide monthly, wage, insurance, and number of jobs data for the project period year covered in such report, and** if the average wage is below the applicable percentage of the county average wage, the qualified company has not maintained the employee insurance as required, or if the number of jobs is below the number required **in any given month during the project period year covered in such report,** the qualified company shall not receive tax credits or retain the withholding tax for the balance of the project period. Failure to timely file the annual report required under this section shall result in the forfeiture of tax credits attributable to the year for which the reporting was required and a recapture of withholding taxes retained by the qualified company during such year.

4. The department may withhold the approval of any benefits under this program until it is satisfied that proper documentation has been provided, and shall reduce the benefits to reflect any reduction in full-time employees or payroll. Upon approval by the department, the qualified company may begin the retention of the withholding taxes when it reaches the required number of jobs and the average wage meets or exceeds the applicable percentage of county average wage. Tax credits, if any, may be issued upon satisfaction by the department that the qualified company has exceeded the applicable percentage of county average wage and the required number of jobs.

5. Any qualified company approved for benefits under this program shall provide to the department, upon request, any and all information and records reasonably required to monitor compliance with program requirements. This program shall be considered a business recruitment tax credit under subdivision (4) of subsection 2 of section 135.800, and any qualified company approved for benefits under this program shall be subject to the provisions of sections 135.800 to 135.830.

6. Any taxpayer who is awarded benefits under this program who knowingly hires individuals who are not allowed to work legally in the United States shall immediately forfeit such benefits and shall repay the state an amount equal to any state tax credits already redeemed and any withholding taxes already retained.

7. The maximum amount of tax credits that may be authorized under this program for any fiscal year shall be limited as follows, less the amount of any tax credits previously obligated for that fiscal year under any of the tax credit programs referenced in subsection 13 of this section:

(1) For the fiscal year beginning on July 1, 2013, but ending on or before June 30, 2014, no more than one hundred six million dollars in tax credits may be authorized;

(2) For the fiscal year beginning on July 1, 2014, but ending on or before June 30, 2015, no more than one hundred eleven million dollars in tax credits may be authorized; and

(3) For any fiscal year beginning on or after July 1, 2015, no more than one hundred sixteen million dollars in tax credits may be authorized for each fiscal year.

8. For tax credits for the creation of new jobs under section 620.2010, the department shall allocate the annual tax credits based on the date of the approval, reserving such tax credits based on the department's

best estimate of new jobs and new payroll of the project, and any other applicable factors in determining the amount of benefits available to the qualified company under this program. However, the annual issuance of tax credits shall be subject to annual verification of actual payroll by the department. Any authorization of tax credits shall expire if, within two years from the date of commencement of operations, or approval if applicable, the qualified company has failed to meet the applicable minimum job requirements. The qualified company may retain authorized amounts from the withholding tax under the project once the applicable minimum job requirements have been met for the duration of the project period. No benefits shall be provided under this program until the qualified company meets the applicable minimum new job requirements. In the event the qualified company does not meet the applicable minimum new job requirements, the qualified company may submit a new notice of intent or the department may provide a new approval for a new project of the qualified company at the project facility or other facilities.

9. Tax credits provided under this program may be claimed against taxes otherwise imposed by chapters 143 and 148, and may not be carried forward, but shall be claimed within one year of the close of the taxable year for which they were issued. Tax credits provided under this program may be transferred, sold, or assigned by filing a notarized endorsement thereof with the department that names the transferee, the amount of tax credit transferred, and the value received for the credit, as well as any other information reasonably requested by the department. For a qualified company with flow-through tax treatment to its members, partners, or shareholders, the tax credit shall be allowed to members, partners, or shareholders in proportion to their share of ownership on the last day of the qualified company's tax period.

10. Prior to the issuance of tax credits or the qualified company beginning to retain withholding taxes, the department shall verify through the department of revenue and any other applicable state department that the tax credit applicant does not owe any delinquent income, sales, or use tax or interest or penalties on such taxes, or any delinquent fees or assessments levied by any state department and through the department of insurance, financial institutions and professional registration that the applicant does not owe any delinquent insurance taxes or other fees. Such delinquency shall not affect the approval, except that any tax credits issued shall be first applied to the delinquency and any amount issued shall be reduced by the applicant's tax delinquency. If the department of revenue, the department of insurance, financial institutions and professional registration, or any other state department concludes that a taxpayer is delinquent after June fifteenth but before July first of any year and the application of tax credits to such delinquency causes a tax deficiency on behalf of the taxpayer to arise, then the taxpayer shall be granted thirty days to satisfy the deficiency in which interest, penalties, and additions to tax shall be tolled. After applying all available credits toward a tax delinquency, the administering agency shall notify the appropriate department and that department shall update the amount of outstanding delinquent tax owed by the applicant. If any credits remain after satisfying all insurance, income, sales, and use tax delinquencies, the remaining credits shall be issued to the applicant, subject to the restrictions of other provisions of law.

11. The director of revenue shall issue a refund to the qualified company to the extent that the amount of tax credits allowed under this program exceeds the amount of the qualified company's tax liability under chapter 143 or 148.

12. An employee of a qualified company shall receive full credit for the amount of tax withheld as provided in section 143.211.

13. Notwithstanding any provision of law to the contrary, beginning August 28, 2013, no new benefits shall be authorized for any project that had not received from the department a proposal or approval for such

benefits prior to August 28, 2013, under the development tax credit program created under sections 32.100 to 32.125, the rebuilding communities tax credit program created under section 135.535, the enhanced enterprise zone tax credit program created under sections 135.950 to 135.973, and the Missouri quality jobs program created under sections 620.1875 to 620.1890. The provisions of this subsection shall not be construed to limit or impair the ability of any administering agency to authorize or issue benefits for any project that had received an approval or a proposal from the department under any of the programs referenced in this subsection prior to August 28, 2013, or the ability of any taxpayer to redeem any such tax credits or to retain any withholding tax under an approval issued prior to that date. The provisions of this subsection shall not be construed to limit or in any way impair the ability of any governing authority to provide any local abatement or designate a new zone under the enhanced enterprise zone program created by sections 135.950 to 135.963. Notwithstanding any provision of law to the contrary, no qualified company that is awarded benefits under this program shall:

(1) Simultaneously receive benefits under the programs referenced in this subsection at the same capital investment; or

(2) Receive benefits under the provisions of section 620.1910 for the same jobs.

14. If any provision of sections 620.2000 to 620.2020 or application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or application of these sections which can be given effect without the invalid provisions or application, and to this end, the provisions of sections 620.2000 to 620.2020 are hereby declared severable.

15. By no later than January 1, 2014, and the first day of each calendar quarter thereafter, the department shall present a quarterly report to the general assembly detailing the benefits authorized under this program during the immediately preceding calendar quarter to the extent such information may be disclosed under state and federal law. The report shall include, at a minimum:

(1) A list of all approved and disapproved applicants for each tax credit;

(2) A list of the aggregate amount of new or retained jobs that are directly attributable to the tax credits authorized;

(3) A statement of the aggregate amount of new capital investment directly attributable to the tax credits authorized;

(4) Documentation of the estimated net state fiscal benefit for each authorized project and, to the extent available, the actual benefit realized upon completion of such project or activity; and

(5) The department's response time for each request for a proposed benefit award under this program.

16. The department may adopt such rules, statements of policy, procedures, forms, and guidelines as may be necessary to carry out the provisions of sections 620.2000 to 620.2020. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2013, shall be invalid and void.

17. Under section 23.253 of the Missouri sunset act:

(1) The provisions of the program authorized under sections 620.2000 to 620.2020 shall be reauthorized as of August 28, 2018, and shall expire on August 28, 2030; and

(2) If such program is reauthorized, the program authorized under this section shall automatically sunset twelve years after the effective date of this reauthorization of sections 620.2000 to 620.2020; and

(3) Sections 620.2000 to 620.2020 shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under sections 620.2000 to 620.2020 is sunset.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

**324.953. 1.** The division shall adopt, implement, rescind, amend, and administer such rules as may be necessary to carry out the provisions of sections 324.950 to 324.983. The division may promulgate necessary rules authorized or as required to explain or clarify sections 324.950 to 324.983 including, but not limited to, rules relating to professional conduct, continuing competency requirements for the renewal of licenses, approval of continuing competency programs, fees, and the establishment of ethical standards of business practice for persons holding a license under sections 324.950 to 324.983. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, and, if applicable, section 536.028. **2.** For the purpose of sections 324.950 to 324.983, the division shall:

(1) Establish all applicable fees, set at an amount which shall not substantially exceed the cost of administering sections 324.950 to 324.983; and

(2) Deposit all fees collected under sections 324.950 to 324.983 by transmitting such funds to the department of revenue for deposit to the state treasury to the credit of the Missouri mechanical contractor licensing fund.

**324.956.** There is hereby created the “Office of Mechanical Contractors” to be housed within the division of professional registration. The division shall:

(1) Employ, within the limits of the funds appropriated, persons as are necessary to carry out the provisions of sections 324.950 to 324.983, including both administrative and professional staff and legal counsel, with the discretion to hire experts in mechanical contracting to advise the division on technical matters related to mechanical contracting;

(2) Exercise all budgeting, purchasing, reporting, and related management functions;

(3) Conduct investigations to determine compliance with sections 324.950 to 324.983; and

(4) File suit in its own name on behalf of the office to enforce the provisions of sections 324.950 to 324.983.

**324.959. 1.** The applicant for a statewide mechanical license shall satisfy the following requirements:

(1) Be at least twenty-one years of age;

(2) Provide proof of liability insurance in the amount of five hundred thousand dollars and post

bond with each political subdivision in which he or she will perform work as required by that political subdivision;

(3) Pass one of the following standardized and nationally offered mechanical assessment tests:

(a) International Code Council;

(b) Prometric; or

(4) Complete the application form provided by the division and pay any applicable application fees; and

(5) Have completed seven thousand five hundred hours of verifiable field experience in the mechanical industry or a bachelor's or further advanced degree in mechanical or civil engineering from an accredited college or university with a minimum of three years verifiable experience directing and supervising at least one field employee.

2. Any applicant for licensure who holds a local license as defined in section 324.950, or other license authorizing him or her to engage in mechanical contracting, who has seven thousand five hundred hours of verifiable field experience in the mechanical industry, and who is otherwise eligible for licensure shall be issued a statewide mechanical license, therefore becoming a statewide mechanical license holder. The provisions of this subsection shall apply only to licenses issued by a political subdivision with the legal authority to issue such licenses.

3. If a corporation, firm, institution, organization, company, or representative thereof desires to engage in mechanical contracting licensed under sections 324.950 to 324.985, it shall have in its employ at least one license holder who possesses a statewide license in accordance with sections 324.950 to 324.983. A statewide licensed mechanical license holder shall represent only one corporation, firm, institution, organization, or company at one time.

4. The division may issue a mechanical contractor license to any person who holds a current and active license to engage in the practice of a mechanical contractor or as a master pipefitter or master plumber issued by any other state, the District of Columbia, or territories of the United States that require standards for licensure, registration, or certification considered to be equivalent or more stringent than the requirements for licensure under sections 324.950 to 324.983.

324.962. 1. Political subdivisions shall not be prohibited from establishing their own local mechanical contractor's license but shall recognize a statewide license in lieu of a local license for the purposes of performing contracting work or obtaining permits to perform work within such political subdivision. No political subdivision shall require the employees of a statewide licensed mechanical contractor or its subcontractors or manufacturers' representatives to obtain journeyman licenses, apprentice licenses, or occupation licenses that require passing any examination or any special requirements to assess proficiency or mastery of the mechanical trade. The workforce of a statewide licensee shall be deemed eligible to perform mechanical contracting work and to obtain permits to perform such work from any political subdivision within the state of Missouri.

2. If a political subdivision does not recognize a statewide license in lieu of a local license for the purposes of performing contracting work or obtaining permits to perform work within the political subdivision, a statewide mechanical contractor licensee may file a complaint with the division. The division shall perform an investigation into the complaint, and if the division finds that the political subdivision failed to recognize a statewide license in accordance with this section, the division shall notify the political subdivision that the political subdivision has violated the provisions of this section and has thirty days to comply with this section. If after thirty days the political subdivision still does not recognize a statewide license, the division shall notify the director of the department of revenue, who shall withhold any moneys the noncompliant political subdivision would otherwise be entitled to from local sales tax, as defined in section 32.085, until the director has received notice from the division that the political subdivision is in compliance with this section. Upon the political subdivision coming into compliance with the provisions of this section, the division shall notify the director of the department of revenue, who shall disburse all funds held under this subsection. Moneys held by the director of the department of revenue under this subsection shall not be deemed to be state funds and shall not be commingled with any funds of the state.

3. The provisions of this section shall not prohibit any political subdivision in this state from:

- (1) Enforcing any code or law contained in this section;
- (2) Requiring a business license to perform mechanical contracting work;
- (3) Issuing mechanical contracting permits;
- (4) Enforcing codes of the political subdivision; and
- (5) Inspecting the work of a statewide mechanical contractor.

4. Political subdivisions that do not have the authority to issue or require mechanical contractor licenses prior to August 28, 2019, shall not be granted such authority under the provisions of this section.

324.965. There is hereby created in the state treasury the “Missouri Mechanical Contractor Licensing Fund”, which shall consist of moneys collected under sections 324.950 to 324.983. The state treasurer shall be custodian of the fund and may approve disbursements from the fund in accordance with sections 30.170 and 30.180. Upon appropriation, moneys in the fund shall be used solely for the administration of sections 324.950 to 324.983. The provisions of section 33.080 to the contrary notwithstanding, moneys in this fund shall not be transferred and placed to the credit of general revenue until the amount in the fund at the end of the biennium exceeds three times the amount of the appropriation from the fund for the preceding fiscal year. The amount, if any, in the fund which shall lapse is that amount in the fund which exceeds the appropriate multiple of the appropriations from the fund for the preceding fiscal year. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

324.968. 1. Licenses shall expire on a renewal date established by the division. The term of licensure shall be twenty-four months. The division shall mail a renewal notice to the last known address of each person licensed under sections 324.950 to 324.983 prior to the renewal date. Failure to provide the division with the information required for renewal or to pay the required fee after such notice shall result in the license being declared inactive. The licensee shall not practice until he or she

applies for reinstatement and pays the required fees. The license shall be restored if the application for reinstatement is received within two years of the renewal date.

2. In addition to other requirements provided by sections 324.950 to 324.983 and established by the division, in order to renew such license under this section, the person shall have at least sixteen contact hours of industry-related training.

324.971. Any person operating as a mechanical contractor in a political subdivision that does not require the mechanical contractor to hold a local license, or who operates as a mechanical contractor in a political subdivision that requires a local license possessed by that person, shall not be required to possess a statewide license under sections 324.950 to 324.983 to operate as a mechanical contractor in such political subdivision.

324.977. The statewide license shall be regulated by the division of professional registration and not a state-appointed licensing board.

324.980. 1. The division may refuse to issue any certificate of registration or authority, permit, or license required under sections 324.950 to 324.983 for one or any combination of causes stated in subsection 2 of this section. The division shall notify the applicant in writing of the reasons for the refusal and shall advise the applicant of his or her right to file a complaint with the administrative hearing commission as provided by chapter 621.

2. The division may cause a complaint to be filed with the administrative hearing commission as provided by chapter 621 against any holder of any certificate of registration or authority, permit, or license required by sections 324.950 to 324.983, or any person who has failed to renew or has surrendered his or her certificate of registration or authority, permit, or license for any one or any combination of the following causes:

(2) The person has been finally adjudicated and found guilty, or entered a plea of guilty or nolo contendere, in a criminal prosecution under the laws of any state or of the United States, for any offense reasonably related to the qualifications, functions, or duties of any profession licensed or regulated under sections 324.950 to 324.983, for any offense involving a controlled substance, or for any offense an essential element of which is fraud, dishonesty, or an act of violence;

(3) Use of fraud, deception, misrepresentation, or bribery in securing any certificate of registration or authority, permit, or license issued under sections 324.950 to 324.983 or in obtaining permission to take any examination given or required under sections 324.950 to 324.983;

(4) Obtaining or attempting to obtain any fee, charge, tuition, or other compensation by fraud, deception, or misrepresentation;

(5) Incompetency, misconduct, gross negligence, fraud, misrepresentation, or dishonesty in the performance of the functions or duties of any profession licensed or regulated by sections 324.950 to 324.983;

(7) Impersonation of any person holding a certificate of registration or authority, permit, or license or allowing any person to use his or her certificate of registration or authority, permit, license, or diploma from any school;

(8) Disciplinary action against the holder of a license or other right to practice any profession regulated by sections 324.950 to 324.983 granted by another political subdivision, state, territory, federal agency, or country upon grounds for which revocation or suspension is authorized in this state;

(14) Use of any advertisement or solicitation which is false, misleading, or deceptive to the general public or persons to whom the advertisement or solicitation is primarily directed; or

(15) Failure to post bond as required by any local jurisdiction.

3. After the filing of such complaint, the proceedings shall be conducted in accordance with the provisions of chapter 621. Upon a finding by the administrative hearing commission that the grounds provided in subsection 2 of this section for disciplinary action are met, the division may, singly or in combination, censure or place the person named in the complaint on probation on such terms and conditions as the division deems appropriate for a period not to exceed five years, or may suspend, for a period not to exceed three years, or revoke any certificate of registration or authority, permit, or license issued under sections 324.950 to 324.983.

4. 5. The division may file suit to enforce compliance, including the authority to seek injunctions and restraining orders to enjoin any person from:

2. Any such action shall be commenced either in the county in which such conduct occurred or in the county in which the defendant resides.

3. Any action brought [pursuant to] **under** this section shall be in addition to and not in lieu of any remedy provided by this chapter and may be brought concurrently with other actions to enforce this chapter.

327.076. 1. Any person who practices architecture, engineering, land surveying, or landscape architecture, as defined in sections 327.011 to 327.635, or who holds himself or herself out as able to practice such profession and who is not the holder of a currently valid license [or certificate of authority] in Missouri, and who is not exempt from holding such a license [or certificate], is guilty of a class A misdemeanor. As used in this chapter, “practice” shall not include the rendering of opinions or giving of testimony in a civil or criminal proceeding by a licensed professional.

2. The board may cause a complaint to be filed with the administrative hearing commission, as provided in chapter 621, against any unlicensed person who:

3. When reviewing complaints against unlicensed persons, the board may initiate an investigation and take all measures necessary to find the facts of any potential violation, including issuing subpoenas to compel the attendance and testimony of witnesses and the disclosure of evidence, and may request the attorney general to bring an action to enforce the subpoena.

4. If the board files a complaint with the administrative hearing commission, the proceedings shall be conducted in accordance with the provisions of chapter 621. Upon a finding by the administrative hearing commission that the grounds provided in subsection 2 of this section for disciplinary action are met, the board may, either singularly or in combination with other provisions of this chapter, impose a civil penalty

as provided for in section 327.077 against the person named in the complaint.

327.077. 1. In disciplinary actions against licensed or unlicensed persons, the board may issue an order imposing a civil penalty. 4. Payment of a civil penalty shall be made within sixty days of filing the order, or if the order is stayed pending an appeal within ten days after the court enters a final judgment in favor of the board. If the penalty is not timely paid, the board shall notify the attorney general. The attorney general may commence an action to recover the amount of the penalty, including reasonable attorney fees and costs and a surcharge of fifteen percent of the penalty plus ten percent per annum on any amounts owed. In such action, the validity and appropriateness of the final order imposing the civil penalty shall not be subject to review.

5. An action to enforce an order under this section may be joined with an action for an injunction.

6. Any offer of settlement to resolve a civil penalty under this section shall be in writing, state that an action for imposition of a civil penalty may be initiated by the attorney general representing the board under this section, and identify any dollar amount as an offer of settlement, which shall be negotiated in good faith through conference, conciliation, and persuasion.

7. Failure to pay a civil penalty by any person licensed under this chapter shall be grounds for refusing to renew or denying reinstatement of a license [or certificate of authority].

8. Penalties collected under this section shall be handled in accordance with Section 7 of Article IX of the Missouri Constitution. Such penalties shall not be considered a charitable contribution for tax purposes.

3. After the filing of such complaint, the proceedings shall be conducted in accordance with the provisions of chapter 621. Upon a finding by the administrative hearing commission that the grounds, provided in subsection 2 of this section, for disciplinary action are met, the board may, singly or in combination, censure or place the person named in the complaint on probation on such terms and conditions as the board deems appropriate for a period not to exceed five years, or may suspend, for a period not to exceed three years, or order a civil penalty under section 327.077, or revoke the license [or certificate of authority] of the person named in the complaint.

327.442. 1. At such time as the final trial proceedings are concluded whereby a licensee, or any person who has failed to renew or has surrendered his or her certificate of licensure [or authority], has been adjudicated and found guilty, or has entered a plea of guilty or nolo contendere, in a felony prosecution [pursuant to] **under** the laws of this state, the laws of any other state, territory, or the laws of the United States of America for any offense reasonably related to the qualifications, functions, or duties of a licensee [pursuant to] **under** this chapter or any felony offense, an essential element of which is fraud, dishonesty, or an act of violence, or for any felony offense involving moral turpitude, whether or not sentence is imposed, the board for architects, professional engineers, professional land surveyors and professional landscape architects may hold a disciplinary hearing to singly or in combination censure or place the licensee named in the complaint on probation on such terms and conditions as the board deems appropriate for a period not to exceed five years, or may suspend, for a period not to exceed three years, or revoke the license [or certificate].

2. Anyone who has been revoked or denied a license or certificate to practice in another state may automatically be denied a license or certificate to practice in this state. 327.451. 1. Any person who believes that an architect or a professional engineer or a professional land surveyor or a professional landscape architect has acted or failed to act so that his or her license [or

certificate of authority] should, [pursuant to] **under** the provisions of this chapter, be suspended or revoked, or who believes that any applicant for a license [or certificate of authority pursuant to] **under** the provisions of this chapter is not entitled to a license [or a certificate of authority], may file a written affidavit with the executive director of the board which the affiant shall sign and swear to and in which the affiant shall clearly set forth the reasons for the affiant's charge or charges that the license [or certificate] of an architect or professional engineer or professional land surveyor or professional landscape architect should be suspended or revoked or not renewed or that a license [or certificate] should not be issued to an applicant.

2. If the affidavit so filed does not contain statements of fact which if true would authorize, [pursuant to] **under** the provisions of this chapter, suspension or revocation of the accused's license [or certificate], or does not contain statements of fact which if true would authorize, [pursuant to] **under** the provisions of this chapter, the refusal of the renewal of an existing license [or certificate] or the refusal of a license [or certificate] to an applicant, the board shall either dismiss the charge or charges or, within its discretion, cause an investigation to be made of the charges contained in the affidavit, after which investigation the board shall either dismiss the charge or charges or proceed against the accused by written complaint as provided in subsection 3 of this section.

3. If the affidavit contains statements of fact which if true would authorize [pursuant to] **under** the provisions of this chapter the revocation or suspension of an accused's license [or certificate], the board shall cause an investigation to be made of the charge or charges contained in the affidavit and unless the investigation discloses the falsity of the facts upon which the charge or charges in the affidavit are based, the board shall file with and in the administrative hearing commission a written complaint against the accused setting forth the cause or causes for which the accused's license [or certificate of authority] should be suspended or revoked. Thereafter, the board shall be governed by and shall proceed in accordance with the provisions of chapter 621.

4. If the charges contained in the affidavit filed with the board would constitute a cause or causes for which [pursuant to] **under** the provisions of this chapter an accused's license [or certificate of authority] should not be renewed or a cause or causes for which [pursuant to] **under** the provisions of this chapter a [certificate] **license** should not be issued, the board shall cause an investigation to be made of the charge or charges and unless the investigation discloses the falsity of the facts upon which the charge or charges contained in the affidavit are based, the board shall refuse to permit an applicant to be examined upon the applicant's qualifications for licensure or shall refuse to issue or renew a license [or certificate of authority], as the case may require.

5. The provisions of this section shall not be so construed as to prevent the board on its own initiative from instituting and conducting investigations and based thereon to make written complaints in and to the administrative hearing commission.

6. If for any reason the provisions of chapter 621 become inapplicable to the board, then, and in that event, the board shall proceed to charge, adjudicate and otherwise act in accordance with the provisions of chapter 536.

2. (1) ] persons who hold a certificate of registration for the appropriate profession[; or

(2) Corporations that hold current certificates of authority from the board for the appropriate profession].

3. Nothing in this chapter shall prohibit the enforcement of a design-build contract by a design-build contractor who only furnishes, but does not directly or through its employees perform the architectural, engineering, or surveying required by the contract and who does not hold itself out as able to perform such services.

327.621. 1. No person shall practice as a professional landscape architect in Missouri as defined in section 327.600 unless and until the board has issued to him or her a license [or certificate of authority] certifying that he or she has been duly licensed as a professional landscape architect in Missouri, and unless such licensure has been renewed as provided in section 327.621; provided, however, that nothing in sections 327.600 to 327.635 shall be construed to require licensing of a person [or corporation] who is offering, but not performing or rendering, landscape architectural services if the person [or corporation] is licensed to practice landscape architecture in the state or country of residence or principal place of business. No person shall hold themselves out to be a professional landscape architect unless licensed [pursuant to] **under** the provisions of sections 327.600 to 327.635.”; and

**382.227. 1.** The director is authorized to act as the group-wide supervisor for any internationally active insurance group in accordance with the provisions of this section. However, the director may otherwise acknowledge another regulatory official as the group-wide supervisor if the internationally active insurance group:

**(1)** Does not have substantial insurance operations in the United States;

**(2)** Has substantial insurance operations in the United States but not in this state; or

**(3)** Has substantial insurance operations in the United States and in this state but the director has determined, pursuant to the factors set forth in subsections 3 and 9 of this section, that another regulatory official is the appropriate group-wide supervisor.

**2.** An insurance holding company system that does not otherwise qualify as an internationally active insurance group may request that the director make a determination or acknowledgment as to a group-wide supervisor pursuant to this section.

**3.** In cooperation with other state, federal, and international regulatory agencies, the director shall identify a single group-wide supervisor for an internationally active insurance group. The director may determine that the director is the appropriate group-wide supervisor for an internationally active insurance group that conducts substantial insurance operations concentrated in this state. However, the director may acknowledge that a regulatory official from another jurisdiction is the appropriate group-wide supervisor for the internationally active insurance group. The director shall consider the following factors when making a determination or acknowledgment under this subsection:

**(1)** The domicile of the insurers within the internationally active insurance group that hold the largest share of the internationally active insurance group’s written premiums, assets, or liabilities;

**(2)** The domicile of the top-tiered insurers in the insurance holding company system of the internationally active insurance group;

**(3)** The location of the executive offices or largest operational offices of the internationally active insurance group;

**(4)** Whether another regulatory official is acting as or is seeking to act as the group-wide supervisor under a regulatory system that the director determines to be:

**(a)** Substantially similar to the system of regulation provided under the laws of this state; or

**(b)** Otherwise sufficient in terms of providing for group-wide supervision, enterprise risk analysis, and cooperation with other regulatory officials; and

**(5)** Whether another regulatory official acting or seeking to act as the group-wide supervisor provides the director with reasonably reciprocal recognition and cooperation.

**4.** A director identified under this section as the group-wide supervisor may determine that it is appropriate to acknowledge another regulatory official to serve as the group-wide supervisor. The acknowledgment of the group-wide supervisor shall be made after consideration of the factors listed

in subdivisions (1) to (5) of subsection 3 of this section, and shall be made in cooperation with and subject to the acknowledgment of other regulatory officials involved with supervision of members of the internationally active insurance group, and in consultation with the internationally active insurance group.

5. Notwithstanding any other provision of the law, when another regulatory official is acting as the group-wide supervisor of an internationally active insurance group, the director shall acknowledge that regulatory official as the group-wide supervisor, subject to subsection 6 of this section. In the event of a material change in the internationally active insurance group that results in either the internationally active insurance group's insurers domiciled in this state holding the largest share of the internationally active insurance group's premiums, assets, or liabilities, or this state being the domicile of the top-tiered insurers in the insurance holding company system of the internationally active insurance group, the director shall make a determination or acknowledgment as to the appropriate group-wide supervisor for such an internationally active insurance group under subsections 3 and 4 of this section.

6. In the event of a dispute as to the proper regulatory official to act as group-wide supervisor, a determination by the director not to acknowledge the current group-wide supervisor shall be made only after notice and a public hearing, and such determination shall be accompanied by specific findings of fact and conclusions of law including, but not limited to, application of the factors listed in subdivisions (1) to (5) of subsection 3 of this section.

7. Under section 382.220, the director is authorized to collect from any insurer registered under sections 382.100 to 382.180 all information necessary to determine whether the director may act as the group-wide supervisor of an internationally active insurance group or if the director may acknowledge another regulatory official to act as the group-wide supervisor. Prior to issuing a determination that an internationally active insurance group is subject to group-wide supervision by the director, the director shall notify the insurer registered under sections 382.100 to 382.180 and the ultimate controlling person within the internationally active insurance group. The internationally active insurance group shall have not less than thirty days to provide the director with additional information pertinent to the pending determination. The director shall publish on the department's website the identity of internationally active insurance groups that the director has determined are subject to group-wide supervision by the director.

8. If the director is the group-wide supervisor for an internationally active insurance group, the director is authorized to engage in any of the following group-wide supervisory activities:

(1) Assess the enterprise risks within the internationally active insurance group to ensure that:

(a) The material financial condition and liquidity risks to the members of the internationally active insurance group that are engaged in the business of insurance are identified by management; and

(b) Reasonable and effective mitigation measures are in place;

(2) Request, from any member of an internationally active insurance group subject to the director's supervision, information necessary and appropriate to assess enterprise risk including, but not limited to, information about the members of the internationally active insurance group regarding:

**(a) Governance, risk assessment, and management;**

**(b) Capital adequacy; and**

**(c) Material intercompany transactions;**

**(3) Coordinate and, through the authority of the regulatory officials of the jurisdictions where members of the internationally active insurance group are domiciled, compel development and implementation of reasonable measures designed to ensure that the internationally active insurance group is able to timely recognize and mitigate enterprise risks to members of such internationally active insurance group that are engaged in the business of insurance;**

**(4) Communicate with other state, federal, and international regulatory agencies for members within the internationally active insurance group and share relevant information subject to the confidentiality provisions of section 382.230, through supervisory colleges as set forth in section 382.226 or otherwise;**

**(5) Enter into agreements with or obtain documentation from any insurer registered under sections 382.100 to 382.180, any member of the internationally active insurance group, and any other state, federal, and international regulatory agencies for members of the internationally active insurance group, providing the basis for or otherwise clarifying the director's role as group-wide supervisor, including provisions for resolving disputes with other regulatory officials. Such agreements or documentation shall not serve as evidence in any proceeding that any insurer or person within an insurance holding company system not domiciled or incorporated in this state is doing business in this state or is otherwise subject to jurisdiction in this state; and**

**(6) Other group-wide supervision activities, consistent with the authorities and purposes enumerated in this subsection, as considered necessary by the director.**

**9. If the director acknowledges that another regulatory official from a jurisdiction that is not accredited by the National Association of Insurance Commissioners is the group-wide supervisor, the director is authorized to reasonably cooperate, through supervisory colleges or otherwise, with group-wide supervision undertaken by the group-wide supervisor, provided that:**

**(1) The director's cooperation is in compliance with the laws of this state; and**

**(2) The regulatory official acknowledged as the group-wide supervisor also recognizes and cooperates with the director's activities as a group-wide supervisor for other internationally active insurance groups where applicable. Where such recognition and cooperation are not reasonably reciprocal, the director is authorized to refuse recognition and cooperation.**

**10. The director is authorized to enter into agreements with, or obtain documentation from, any insurer registered under sections 382.100 to 382.180, any affiliate of the insurer, and other state, federal, and international regulatory agencies, regarding members of the internationally active insurance group, which provides the basis for or otherwise clarifies a regulatory official's role as group-wide supervisor.**

**11. The director may promulgate regulations necessary for the administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are**

**nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2019, shall be invalid and void.**

**12. An insurer registered under sections 382.100 to 382.180 and subject to this section shall be liable for and shall pay the reasonable expenses of the director's participation in the administration of this section, including the engagements of attorneys, actuaries, and any other professionals and all reasonable travel expenses.**

382.230. 1. All information, documents and copies thereof in the possession or control of the director that are obtained by or disclosed to the director or any other person in the course of an examination or investigation made under section 382.220 and all information reported **or provided to the director** under subdivisions (13) and (14) of subsection 1 of section 382.050 [and] , sections 382.100 to 382.210, **and section 382.227** shall be given confidential treatment and privileges; shall not be subject to the provisions of chapter 610; shall not be subject to subpoena; shall not be made public by the director, the National Association of Insurance Commissioners, or any other person, except to the chief insurance regulatory official of other states; and shall not be subject to discovery or admissible as evidence in any private civil action. However, the director is authorized to use the documents, materials, or other information in furtherance of any regulatory or legal action brought as a part of the director's official duties. The director shall not otherwise make the documents, materials, or other information public without the prior written consent of the insurer to which it pertains unless the director, after giving the insurer and its affiliates who would be affected thereby, notice and opportunity to be heard, determines that the interests of policyholders, shareholders or the public will be served by the publication thereof, in which event the director may publish all or any part thereof in such manner as he or she may deem appropriate.

2. Neither the director nor any person who receives documents, materials, or other information while acting under the authority of the director or with whom such documents, materials, or other information is shared under sections 382.010 to 382.300 shall be permitted or required to testify in any private civil action concerning any confidential documents, materials, or other information subject to subsection 1 of this section.

3. In order to assist in the performance of the director's duties, the director:

(1) May share documents, materials, or other information including the confidential and privileged documents, materials, or other information subject to subsection 1 of this section with other state, federal, and international financial regulatory agencies, with the National Association of Insurance Commissioners and its affiliates and subsidiaries, and with state, federal, and international law enforcement authorities including members of any supervisory college described in section 382.225; provided that the recipient agrees in writing to maintain the confidentiality and privileged status of such documents, materials, or other information, and has verified in writing the legal authority to maintain confidentiality;

(2) Notwithstanding the provisions of subsection 1 of this section and subdivision (1) of this subsection, may share confidential and privileged documents, materials, or other information reported under section 382.175 only with the directors of states having statutes or regulations substantially similar to subsection 1 of this section and who have agreed in writing not to disclose such information;

(3) May receive documents, materials, or other information including otherwise confidential and privileged documents, materials, or information from the National Association of Insurance Commissioners

and its affiliates and subsidiaries and from regulatory and law enforcement officials of other foreign or domestic jurisdictions, and shall maintain as confidential or privileged any documents, materials, or other information received with notice or the understanding that it is confidential or privileged under the laws of the jurisdiction that is the source of the document, material, or other information; and

(4) Shall enter into a written agreement with the National Association of Insurance Commissioners governing sharing and use of information provided under sections 382.010 to 382.300 consistent with this subsection that shall:

(a) Specify procedures and protocols regarding the confidentiality and security of information shared with the National Association of Insurance Commissioners and its affiliates and subsidiaries under sections 382.010 to 382.300 including procedures and protocols for sharing by the National Association of Insurance Commissioners with other state, federal, and international regulators;

(b) Specify that ownership of information shared with the National Association of Insurance Commissioners and its affiliates and subsidiaries under sections 382.010 to 382.300 remains with the director and that the National Association of Insurance Commissioners' use of such information is subject to the direction of the director;

(c) Require prompt notice to be given to an insurer whose confidential information in the possession of the National Association of Insurance Commissioners under sections 382.010 to 382.300 is subject to a request or subpoena to the National Association of Insurance Commissioners for disclosure or production; and

(d) Require the National Association of Insurance Commissioners and its affiliates and subsidiaries to consent to intervention by an insurer in any judicial or administrative action in which the National Association of Insurance Commissioners and its affiliates and subsidiaries may be required to disclose confidential information about the insurer shared with the National Association of Insurance Commissioners and its affiliates and subsidiaries under sections 382.010 to 382.300.

4. The sharing of information by the director under sections 382.010 to 382.300 shall not constitute a delegation of regulatory or rulemaking authority, and the director is solely responsible for the administration, execution, and enforcement of the provisions of sections 382.010 to 382.300.

5. No waiver of any applicable privilege or claim of confidentiality in the documents, materials, or other information shall occur as a result of disclosure of such documents, materials, or other information to the director under this section or as a result of sharing as authorized in sections 382.010 to 382.300.

6. Documents, materials, or other information in the possession or control of the National Association of Insurance Commissioners under sections 382.010 to 382.300 shall be confidential by law and privileged, shall not be subject to disclosure under chapter 610, shall not be subject to subpoena, and shall not be subject to discovery or admissible in evidence in any private civil action.”; and

The person filling the prescription shall either write the date of filling and his or her own signature on the prescription or retain the date of filling and the identity of the dispenser as electronic prescription information. The prescription or electronic prescription information shall be retained on file by the proprietor of the pharmacy in which it is filled for a period of two years, so as to be readily accessible for inspection by any public officer or employee engaged in the enforcement of this law. No prescription for a drug in Schedule I or II shall be filled more than six months after the date prescribed; no prescription for a drug in Schedule I or II shall be refilled; no prescription for a drug in Schedule III or IV shall be filled or refilled more than six months after the date of the original prescription or be refilled more than five times unless renewed by the practitioner.

2. A pharmacist, in good faith, may sell and dispense controlled substances to any person upon a prescription of a practitioner located in another state, provided that the:

(1) Prescription was issued according to and in compliance with the applicable laws of that state and the United States; and

(2) Quantity limitations in subsection 4 of section 195.080 apply to prescriptions dispensed to patients located in this state.

3. The legal owner of any stock of controlled substances in a pharmacy, upon discontinuance of dealing in such drugs, may sell the stock to a manufacturer, wholesaler, or pharmacist, but only on an official written order.

4. A pharmacist, in good faith, may sell and dispense any Schedule II drug or drugs to any person in emergency situations as defined by rule of the department of health and senior services upon an oral prescription by an authorized practitioner.

The quantity of Schedule III, IV or V controlled substances prescribed or dispensed at any one time shall be limited to a ninety-day supply and shall be prescribed and dispensed in compliance with the general provisions of this chapter and chapter 579. The supply limitations provided in this subsection may be increased up to three months if the physician describes on the prescription form or indicates via telephone, fax, or electronic communication to the pharmacy to be entered on or attached to the prescription form the medical reason for requiring the larger supply. The supply limitations provided in this subsection shall not apply if:

The burden of proving that the actions of a licensee or registrant constitute a clear and present danger to the public health and safety shall be upon the state board of pharmacy. The administrative hearing commission shall issue its decision immediately after the hearing and shall either grant to the board the authority to suspend or restrict the license or dismiss the action.

5. If the administrative hearing commission grants temporary authority to the board to restrict or suspend the licensee's or registrant's license, such temporary authority of the board shall become final authority if there is no request by the licensee or registrant for a full hearing within thirty days of the preliminary hearing. The administrative hearing commission shall, if requested by the licensee or registrant named in the complaint, set a date to hold a full hearing under the provisions of chapter 621 regarding the activities alleged in the initial complaint filed by the board.

6. If the administrative hearing commission dismisses the action filed by the board pursuant to subsection 4 of this section, such dismissal shall not bar the board from initiating a subsequent action on the same grounds.

6. Notwithstanding any other provisions of law to the contrary, the board may issue letters of reprimand, censure or warning to any holder of a license or registration required pursuant to this chapter for any violations that could result in disciplinary action as defined in section 338.055. **Alternatively, at the discretion of the board, the board may enter into a voluntary compliance agreement with a licensee, permit holder, or registrant to ensure or promote compliance with this chapter and the rules of the board, in lieu of board discipline. The agreement shall be a public record. (b) Maintain geographic proximity, except the collaborative practice arrangement may allow for geographic proximity to be waived for a maximum of twenty-eight days per calendar year for rural health clinics as defined by P.L. 95-210, as long as the collaborative practice arrangement includes alternative plans as required in paragraph (c) of this subdivision. This exception to geographic proximity shall apply only to independent rural health clinics, provider-based rural health clinics where the provider is a critical access hospital as provided in 42 U.S.C. Section 1395i-4, and provider-based rural health clinics where the main location of the hospital sponsor is greater than fifty miles from the clinic. The collaborating physician is required to maintain documentation related to this requirement and to present it to the state board of registration for the healing arts when requested; and

(c) Provide coverage during absence, incapacity, infirmity, or emergency by the collaborating physician;

(6) A description of the advanced practice registered nurse's controlled substance prescriptive authority in collaboration with the physician, including a list of the controlled substances the physician authorizes the nurse to prescribe and documentation that it is consistent with each professional's education, knowledge, skill, and competence;

(7) A list of all other written practice agreements of the collaborating physician and the advanced practice registered nurse;

(8) The duration of the written practice agreement between the collaborating physician and the advanced practice registered nurse;

(9) A description of the time and manner of the collaborating physician's review of the advanced practice registered nurse's delivery of health care services. The description shall include provisions that the advanced practice registered nurse shall submit a minimum of ten percent of the charts documenting the advanced practice registered nurse's delivery of health care services to the collaborating physician for review by the collaborating physician, or any other physician designated in the collaborative practice arrangement, every fourteen days; and

(10) The collaborating physician, or any other physician designated in the collaborative practice arrangement, shall review every fourteen days a minimum of twenty percent of the charts in which the advanced practice registered nurse prescribes controlled substances. The charts reviewed under this subdivision may be counted in the number of charts required to be reviewed under subdivision (9) of this

subsection.

4. The state board of registration for the healing arts pursuant to section 334.125 and the board of nursing pursuant to section 335.036 may jointly promulgate rules regulating the use of collaborative practice arrangements. Such rules shall be limited to specifying geographic areas to be covered, the methods of treatment that may be covered by collaborative practice arrangements and the requirements for review of services provided pursuant to collaborative practice arrangements including delegating authority to prescribe controlled substances. Any rules relating to dispensing or distribution of medications or devices by prescription or prescription drug orders under this section shall be subject to the approval of the state board of pharmacy. Any rules relating to dispensing or distribution of controlled substances by prescription or prescription drug orders under this section shall be subject to the approval of the department of health and senior services and the state board of pharmacy. In order to take effect, such rules shall be approved by a majority vote of a quorum of each board. Neither the state board of registration for the healing arts nor the board of nursing may separately promulgate rules relating to collaborative practice arrangements. Such jointly promulgated rules shall be consistent with guidelines for federally funded clinics. The rulemaking authority granted in this subsection shall not extend to collaborative practice arrangements of hospital employees providing inpatient care within hospitals as defined pursuant to chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

5. The state board of registration for the healing arts shall not deny, revoke, suspend or otherwise take disciplinary action against a physician for health care services delegated to a registered professional nurse provided the provisions of this section and the rules promulgated thereunder are satisfied. Upon the written request of a physician subject to a disciplinary action imposed as a result of an agreement between a physician and a registered professional nurse or registered physician assistant, whether written or not, prior to August 28, 1993, all records of such disciplinary licensure action and all records pertaining to the filing, investigation or review of an alleged violation of this chapter incurred as a result of such an agreement shall be removed from the records of the state board of registration for the healing arts and the division of professional registration and shall not be disclosed to any public or private entity seeking such information from the board or the division. The state board of registration for the healing arts shall take action to correct reports of alleged violations and disciplinary actions as described in this section which have been submitted to the National Practitioner Data Bank. In subsequent applications or representations relating to his medical practice, a physician completing forms or documents shall not be required to report any actions of the state board of registration for the healing arts for which the records are subject to removal under this section.

6. Within thirty days of any change and on each renewal, the state board of registration for the healing arts shall require every physician to identify whether the physician is engaged in any collaborative practice agreement, including collaborative practice agreements delegating the authority to prescribe controlled substances, or physician assistant agreement and also report to the board the name of each licensed professional with whom the physician has entered into such agreement. The board may make this information available to the public. The board shall track the reported information and may routinely conduct random reviews of such agreements to ensure that agreements are carried out for compliance under this chapter.

7. Notwithstanding any law to the contrary, a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 shall be permitted to provide anesthesia services without a collaborative practice arrangement provided that he or she is under the supervision of an anesthesiologist or other physician, dentist, or podiatrist who is immediately available if needed. Nothing in this subsection shall be

construed to prohibit or prevent a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 from entering into a collaborative practice arrangement under this section, except that the collaborative practice arrangement may not delegate the authority to prescribe any controlled substances listed in Schedules III, IV, and V of section 195.017, or Schedule II - hydrocodone.

8. A collaborating physician [or supervising physician] shall not enter into a collaborative practice arrangement [or supervision agreement] with more than six full-time equivalent advanced practice registered nurses, full-time equivalent licensed physician assistants, or full-time equivalent assistant physicians, or any combination thereof. This limitation shall not apply to collaborative arrangements of hospital employees providing inpatient care service in hospitals as defined in chapter 197 or population-based public health services as defined by 20 CSR 2150- 5.100 as of April 30, 2008, or to a certified registered nurse anesthetist providing anesthesia services under the supervision of an anesthesiologist or other physician, dentist, or podiatrist who is immediately available if needed as set out in subsection 7 of this section.

9. It is the responsibility of the collaborating physician to determine and document the completion of at least a one-month period of time during which the advanced practice registered nurse shall practice with the collaborating physician continuously present before practicing in a setting where the collaborating physician is not continuously present. This limitation shall not apply to collaborative arrangements of providers of population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

10. No agreement made under this section shall supersede current hospital licensing regulations governing hospital medication orders under protocols or standing orders for the purpose of delivering inpatient or emergency care within a hospital as defined in section 197.020 if such protocols or standing orders have been approved by the hospital's medical staff and pharmaceutical therapeutics committee.

11. No contract or other agreement shall require a physician to act as a collaborating physician for an advanced practice registered nurse against the physician's will. A physician shall have the right to refuse to act as a collaborating physician, without penalty, for a particular advanced practice registered nurse. No contract or other agreement shall limit the collaborating physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any advanced practice registered nurse, but this requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by hospital's medical staff.

12. No contract or other agreement shall require any advanced practice registered nurse to serve as a collaborating advanced practice registered nurse for any collaborating physician against the advanced practice registered nurse's will. An advanced practice registered nurse shall have the right to refuse to collaborate, without penalty, with a particular physician.

334.108. 1. Prior to prescribing any drug, controlled substance, or other treatment through telemedicine, as defined in section 191.1145, or the internet, a physician shall establish a valid physician-patient relationship as described in section 191.1146. This relationship shall include:

(1) Obtaining a reliable medical history and performing a physical examination of the patient, adequate to establish the diagnosis for which the drug is being prescribed and to identify underlying conditions or contraindications to the treatment recommended or provided;

(2) Having sufficient dialogue with the patient regarding treatment options and the risks and benefits of treatment or treatments;

(3) If appropriate, following up with the patient to assess the therapeutic outcome;

(4) Maintaining a contemporaneous medical record that is readily available to the patient and, subject to the patient's consent, to the patient's other health care professionals; and

(5) Maintaining the electronic prescription information as part of the patient's medical record.

2. The requirements of subsection 1 of this section may be satisfied by the prescribing physician's designee when treatment is provided in:

(1) A hospital as defined in section 197.020;

(2) A hospice program as defined in section 197.250;

(3) Home health services provided by a home health agency as defined in section 197.400;

(4) Accordance with a collaborative practice agreement as defined in section 334.104;

(5) Conjunction with a physician assistant licensed pursuant to section 334.738;

(6) Conjunction with an assistant physician licensed under section 334.036;

(7) Consultation with another physician who has an ongoing physician-patient relationship with the patient, and who has agreed to supervise the patient's treatment, including use of any prescribed medications; or

(8) On-call or cross-coverage situations.

3. No health care provider, as defined in section 376.1350, shall prescribe any drug, controlled substance, or other treatment to a patient based solely on an evaluation over the telephone; except that, a physician[, ] **or** such physician's on-call designee, **or** an advanced practice registered nurse, **a physician assistant, or an assistant physician** in a collaborative practice arrangement with such physician, [a physician assistant in a supervision agreement with such physician, or an assistant physician in a supervision agreement with such physician] may prescribe any drug, controlled substance, or other treatment that is within his or her scope of practice to a patient based solely on a telephone evaluation if a previously established and ongoing physician-patient relationship exists between such physician and the patient being treated.

4. No health care provider shall prescribe any drug, controlled substance, or other treatment to a patient based solely on an internet request or an internet questionnaire.

Collaborative practice arrangements, which shall be in writing, may delegate to a physician assistant the authority to prescribe, administer, or dispense drugs and provide treatment which is within the skill, training, and competence of the physician assistant. Collaborative practice arrangements may delegate to a physician assistant, as defined in section 334.735, the authority to administer, dispense, or prescribe controlled substances listed in Schedules III, IV, and V of section 195.017, and Schedule II - hydrocodone. Schedule III narcotic controlled substances and Schedule II - hydrocodone prescriptions shall be limited to a one hundred twenty-hour supply without refill. 12. Within thirty days of any change and on each renewal, the state board of registration for the healing arts shall require every physician to identify whether the physician is engaged in any collaborative practice arrangement, including collaborative practice arrangements delegating the authority to prescribe controlled substances, and also report to the board the name of each physician assistant with whom the physician has entered into such arrangement. The board may make such information available to the public. The board shall track the reported information and may routinely conduct random reviews of such arrangements to ensure that the arrangements are carried out in compliance with this chapter.

13. The collaborating physician shall determine and document the completion of a period of time during which the physician assistant shall practice with the collaborating physician continuously present before practicing in a setting where the collaborating physician is not continuously present.

**This limitation shall not apply to collaborative arrangements of providers of population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2009.**

**14.** No contract or other [agreement] **arrangement** shall require a physician to act as a [supervising] **collaborating** physician for a physician assistant against the physician's will. A physician shall have the right to refuse to act as a supervising physician, without penalty, for a particular physician assistant. No contract or other agreement shall limit the [supervising] **collaborating** physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any physician assistant[, but this requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by the hospital's medical staff]. **No contract or other arrangement shall require any physician assistant to collaborate with any physician against the physician assistant's will. The temporary license may be renewed at the discretion of the board and upon payment of the temporary license fee.

334.747. 1. A physician assistant with a certificate of controlled substance prescriptive authority as provided in this section may prescribe any controlled substance listed in Schedule III, IV, or V of section 195.017, and may have restricted authority in Schedule II, when delegated the authority to prescribe controlled substances in a [supervision agreement] **collaborative practice arrangement**. Schedule III controlled substances and Schedule II - hydrocodone prescriptions shall be limited to a five-day supply without refill, except that buprenorphine may be prescribed for up to a thirty-day supply without refill for patients receiving medication-assisted treatment for substance use disorders under the direction of the [supervising] **collaborating** physician. Physician assistants who are authorized to prescribe controlled substances under this section shall register with the federal Drug Enforcement Administration and the state bureau of narcotics and dangerous drugs, and shall include the Drug Enforcement Administration registration number on prescriptions for controlled substances.

2. The [supervising] **collaborating** physician shall be responsible to determine and document the completion of at least one hundred twenty hours in a four-month period by the physician assistant during which the physician assistant shall practice with the [supervising] **collaborating** physician on-site prior to prescribing controlled substances when the [supervising] **collaborating** physician is not on-site. Such limitation shall not apply to physician assistants of population-based public health services as defined in 20 CSR 2150-5.100 as of April 30, 2009.

Proof of such training shall serve to document experience in the prescribing of drugs, medicines, and therapeutic devices;

(4) A physician assistant previously licensed in a jurisdiction where physician assistants are authorized to prescribe controlled substances may obtain a state bureau of narcotics and dangerous drugs registration if a [supervising] **collaborating** physician can attest that the physician assistant has met the requirements of subdivisions (1) to (3) of this subsection and provides documentation of existing federal Drug Enforcement Agency registration.

334.749. 1. There is hereby established an “Advisory Commission for Physician Assistants” which shall guide, advise and make recommendations to the board. The licensed physician assistant members shall be appointed to serve three-year terms, except that the first commission appointed shall consist of one member whose term shall be for one year and one member whose term shall be for two years. The physician member and lay member shall each be appointed to serve a three-year term. No physician assistant member nor the physician member shall be appointed for more than two consecutive three-year terms. (2) The entity or group for whom such supervising person, who is certified as a board-certified behavior analyst by the Behavior Analyst Certification Board, works or is associated.

Such payments or reimbursements under this subsection to an autism service provider or a board-certified behavior analyst shall include payments or reimbursements for services provided by a line therapist under the supervision of such provider or behavior analyst if such services provided by the line therapist are included in the treatment plan and are deemed medically necessary.

[10.] 9. Notwithstanding any other provision of law to the contrary, health carriers shall not be held liable for the actions of line therapists in the performance of their duties.

[11.] 10. The provisions of this section shall apply to any health care plans issued to employees and their dependents under the Missouri consolidated health care plan established pursuant to chapter 103 that are delivered, issued for delivery, continued, or renewed in this state on or after January 1, [2011] **2020**. The

terms “employees” and “health care plans” shall have the same meaning ascribed to them in section 103.003.

[12.] **11.** The provisions of this section shall also apply to the following types of plans that are established, extended, modified, or renewed on or after January 1, [2011] **2020**:

The provisions of this section requiring coverage for a developmental or physical disability shall not apply to a health benefit plan issued prior to January 1, 2014.**

[15.] **13.** Any health carrier or other entity subject to the provisions of this section shall not be required to provide reimbursement for the applied behavior analysis delivered to a person insured by such health carrier or other entity to the extent such health carrier or other entity is billed for such services by any Part C early intervention program or any school district for applied behavior analysis rendered to the person covered by such health carrier or other entity. This section shall not be construed as affecting any obligation to provide services to an individual under an individualized family service plan, an individualized education plan, or an individualized service plan. This section shall not be construed as affecting any obligation to provide reimbursement pursuant to section 376.1218.

[16.] **14.** The provisions of sections 376.383, 376.384, and 376.1350 to 376.1399 shall apply to this section.

[17. The director of the department of insurance, financial institutions and professional registration shall grant a small employer with a group health plan, as that term is defined in section 379.930, a waiver from the provisions of this section if the small employer demonstrates to the director by actual claims experience over any consecutive twelve-month period that compliance with this section has increased the cost of the health insurance policy by an amount of two and a half percent or greater over the period of a calendar year in premium costs to the small employer.

18.] **15.** The provisions of this section shall not apply to the Mo HealthNet program as described in chapter 208.

[19. (1) By February 1, 2012, and every February first thereafter, the department of insurance, financial institutions and professional registration shall submit a report to the general assembly regarding the

implementation of the coverage required under this section. The report shall include, but shall not be limited to, the following:

This chapter shall also not be construed to prohibit or interfere with any legally registered practitioner of medicine, dentistry, or podiatry, or veterinary medicine only for use in animals, or the practice of optometry in accordance with and as provided in sections 195.070 and 336.220 in the compounding, administering, prescribing, or dispensing of his or her own prescriptions.

In order to take effect, such rules shall be approved by a majority vote of a quorum of each board. Neither board shall separately promulgate rules regulating the use of protocols for prescription orders for medication therapy services and administration of viral influenza vaccines. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. (1) A pharmacist shall administer vaccines by protocol in accordance with treatment guidelines established by the Centers for Disease Control and Prevention (CDC);

(2) A pharmacist who is administering a vaccine shall request a patient to remain in the pharmacy a safe amount of time after administering the vaccine to observe any adverse reactions. Such pharmacist shall have adopted emergency treatment protocols;

#### HOUSE AMENDMENT NO. 5

Amend Senate Bill No. 358, Page 2, Section 191.607, Line 16, by inserting after said section and line the following:

“192.667. 1. All health care providers shall at least annually provide to the department charge data as required by the department. All hospitals shall at least annually provide patient abstract data and financial data as required by the department. Hospitals as defined in section 197.020 shall report patient abstract data for outpatients and inpatients. Ambulatory surgical centers and abortion facilities as defined in section 197.200 shall provide patient abstract data to the department. The department shall specify by rule the types of information which shall be submitted and the method of submission.

2. The department shall collect data on the incidence of health care-associated infections from hospitals, ambulatory surgical centers, abortion facilities, and other facilities as necessary to generate the reports required by this section. Hospitals, ambulatory surgical centers, abortion facilities, and other facilities shall provide such data in compliance with this section. **In order to streamline government and to eliminate**

**uplicative reporting requirements, if the Centers for Medicare and Medicaid Services, or its successor entity, requires hospitals to submit health care-associated infection data, then hospitals and the department shall not be required to comply with the health care-associated infection data reporting requirements of subsections 2 to 17 of this section applicable to hospitals, except that the department shall post a link on its website to publicly reported data by hospitals on the Centers for Medicare and Medicaid Services' Hospital Compare website, or its successor.**

3. The department shall promulgate rules specifying the standards and procedures for the collection, analysis, risk adjustment, and reporting of the incidence of health care-associated infections and the types of infections and procedures to be monitored pursuant to subsection 13 of this section. In promulgating such rules, the department shall:

(1) Use methodologies and systems for data collection established by the federal Centers for Disease Control and Prevention's National Healthcare Safety Network, or its successor; and

(2) Consider the findings and recommendations of the infection control advisory panel established pursuant to section 197.165.

4. By January 1, 2017, the infection control advisory panel created by section 197.165 shall make recommendations to the department regarding the Centers for Medicare and Medicaid Services' health care-associated infection data collection, analysis, and public reporting requirements for hospitals, ambulatory surgical centers, and other facilities in the federal Centers for Disease Control and Prevention's National Healthcare Safety Network, or its successor, in lieu of all or part of the data collection, analysis, and public reporting requirements of this section. The advisory panel recommendations shall address which hospitals shall be required as a condition of licensure to use the National Healthcare Safety Network for data collection; the use of the National Healthcare Safety Network for risk adjustment and analysis of hospital submitted data; and the use of the Centers for Medicare and Medicaid Services' Hospital Compare website, or its successor, for public reporting of the incidence of health care-associated infection metrics. The advisory panel shall consider the following factors in developing its recommendation:

(1) Whether the public is afforded the same or greater access to facility-specific infection control indicators and metrics;

(2) Whether the data provided to the public is subject to the same or greater accuracy of risk adjustment;

(3) Whether the public is provided with the same or greater specificity of reporting of infections by type of facility infections and procedures;

(4) Whether the data is subject to the same or greater level of confidentiality of the identity of an individual patient;

(5) Whether the National Healthcare Safety Network, or its successor, has the capacity to receive, analyze, and report the required data for all facilities;

(6) Whether the cost to implement the National Healthcare Safety Network infection data collection and reporting system is the same or less.

5. After considering the recommendations of the infection control advisory panel, and provided that the requirements of subsection 13 of this section can be met, the department shall implement guidelines from the federal Centers for Disease Control and Prevention's National Healthcare Safety Network, or its successor. It shall be a condition of licensure for hospitals that meet the minimum public reporting

requirements of the National Healthcare Safety Network and the Centers for Medicare and Medicaid Services to participate in the National Healthcare Safety Network, or its successor. Such hospitals shall permit the National Healthcare Safety Network, or its successor, to disclose facility-specific infection data to the department as required under this section, and as necessary to provide the public reports required by the department. It shall be a condition of licensure for any ambulatory surgical center or abortion facility which does not voluntarily participate in the National Healthcare Safety Network, or its successor, to submit facility-specific data to the department as required under this section, and as necessary to provide the public reports required by the department.

6. The department shall not require the resubmission of data which has been submitted to the department of health and senior services or the department of social services under any other provision of law. The department of health and senior services shall accept data submitted by associations or related organizations on behalf of health care providers by entering into binding agreements negotiated with such associations or related organizations to obtain data required pursuant to section 192.665 and this section. A health care provider shall submit the required information to the department of health and senior services:

- (1) If the provider does not submit the required data through such associations or related organizations;
- (2) If no binding agreement has been reached within ninety days of August 28, 1992, between the department of health and senior services and such associations or related organizations; or
- (3) If a binding agreement has expired for more than ninety days.

7. Information obtained by the department under the provisions of section 192.665 and this section shall not be public information. Reports and studies prepared by the department based upon such information shall be public information and may identify individual health care providers. The department of health and senior services may authorize the use of the data by other research organizations pursuant to the provisions of section 192.067. The department shall not use or release any information provided under section 192.665 and this section which would enable any person to determine any health care provider's negotiated discounts with specific preferred provider organizations or other managed care organizations. The department shall not release data in a form which could be used to identify a patient. Any violation of this subsection is a class A misdemeanor.

8. The department shall undertake a reasonable number of studies and publish information, including at least an annual consumer guide, in collaboration with health care providers, business coalitions and consumers based upon the information obtained pursuant to the provisions of section 192.665 and this section. The department shall allow all health care providers and associations and related organizations who have submitted data which will be used in any publication to review and comment on the publication prior to its publication or release for general use. The publication shall be made available to the public for a reasonable charge.

9. Any health care provider which continually and substantially, as these terms are defined by rule, fails to comply with the provisions of this section shall not be allowed to participate in any program administered by the state or to receive any moneys from the state.

10. A hospital, as defined in section 197.020, aggrieved by the department's determination of ineligibility for state moneys pursuant to subsection 9 of this section may appeal as provided in section 197.071. An ambulatory surgical center or abortion facility as defined in section 197.200 aggrieved by the department's determination of ineligibility for state moneys pursuant to subsection 9 of this section may

appeal as provided in section 197.221.

11. The department of health may promulgate rules providing for collection of data and publication of the incidence of health care-associated infections for other types of health facilities determined to be sources of infections; except that, physicians' offices shall be exempt from reporting and disclosure of such infections.

12. By January 1, 2017, the advisory panel shall recommend and the department shall adopt in regulation with an effective date of no later than January 1, 2018, the requirements for the reporting of the following types of infections as specified in this subsection:

(1) Infections associated with a minimum of four surgical procedures for hospitals and a minimum of two surgical procedures for ambulatory surgical centers that meet the following criteria:

(a) Are usually associated with an elective surgical procedure. An "elective surgical procedure" is a planned, nonemergency surgical procedure that may be either medically required such as a hip replacement or optional such as breast augmentation;

(b) Demonstrate a high priority aspect such as affecting a large number of patients, having a substantial impact for a smaller population, or being associated with substantial cost, morbidity, or mortality; or

(c) Are infections for which reports are collected by the National Healthcare Safety Network or its successor;

(2) Central line-related bloodstream infections;

(3) Health care-associated infections specified for reporting by hospitals, ambulatory surgical centers, and other health care facilities by the rules of the Centers for Medicare and Medicaid Services to the federal Centers for Disease Control and Prevention's National Healthcare Safety Network, or its successor; and

(4) Other categories of infections that may be established by rule by the department.

The department, in consultation with the advisory panel, shall be authorized to collect and report data on subsets of each type of infection described in this subsection.

13. In consultation with the infection control advisory panel established pursuant to section 197.165, the department shall develop and disseminate to the public reports based on data compiled for a period of twelve months. Such reports shall be updated quarterly and shall show for each hospital, ambulatory surgical center, abortion facility, and other facility metrics on risk-adjusted health care-associated infections under this section.

14. The types of infections under subsection 12 of this section to be publicly reported shall be determined by the department by rule and shall be consistent with the infections tracked by the National Healthcare Safety Network, or its successor.

15. Reports published pursuant to subsection 13 of this section shall be published and readily accessible on the department's internet website. The reports shall be distributed at least annually to the governor and members of the general assembly. The department shall make such reports available to the public for a period of at least two years.

16. The Hospital Industry Data Institute shall publish a report of Missouri hospitals', ambulatory surgical centers', and abortion facilities' compliance with standardized quality of care measures established by the federal Centers for Medicare and Medicaid Services for prevention of infections related to surgical

procedures. If the Hospital Industry Data Institute fails to do so by July 31, 2008, and annually thereafter, the department shall be authorized to collect information from the Centers for Medicare and Medicaid Services or from hospitals, ambulatory surgical centers, and abortion facilities and publish such information in accordance with this section.

17. The data collected or published pursuant to this section shall be available to the department for purposes of licensing hospitals, ambulatory surgical centers, and abortion facilities pursuant to chapter 197.

18. The department shall promulgate rules to implement the provisions of section 192.131 and sections 197.150 to 197.160. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void.

19. No later than August 28, 2017, each hospital, excluding mental health facilities as defined in section 632.005, and each ambulatory surgical center and abortion facility as defined in section 197.200, shall in consultation with its medical staff establish an antimicrobial stewardship program for evaluating the judicious use of antimicrobials, especially antibiotics that are the last line of defense against resistant infections. The hospital's stewardship program and the results of the program shall be monitored and evaluated by hospital quality improvement departments and shall be available upon inspection to the department. At a minimum, the antimicrobial stewardship program shall be designed to evaluate that hospitalized patients receive, in accordance with accepted medical standards of practice, the appropriate antimicrobial, at the appropriate dose, at the appropriate time, and for the appropriate duration.

20. Hospitals described in subsection 19 of this section shall meet the National Healthcare Safety Network requirements for reporting antimicrobial usage or resistance by using the Centers for Disease Control and Prevention's Antimicrobial Use and Resistance (AUR) Module when [regulations concerning Stage 3 of the Medicare and Medicaid Electronic Health Records Incentive Programs promulgated by the Centers for Medicare and Medicaid Services that enable the electronic interface for such reporting are effective] **conditions of participation promulgated by the Centers for Medicare and Medicaid Services requiring the electronic reporting of antibiotic use or antibiotic resistance by hospitals become effective**. When such antimicrobial usage or resistance reporting takes effect, hospitals shall authorize the National Healthcare Safety Network, or its successor, to disclose to the department facility-specific information reported to the AUR Module. Facility-specific data on antibiotic usage and resistance collected under this subsection shall not be disclosed to the public, but the department may release case-specific information to other facilities, physicians, and the public if the department determines on a case-by-case basis that the release of such information is necessary to protect persons in a public health emergency. **Nothing in this section shall prohibit a hospital from voluntarily reporting antibiotic use or antibiotic resistance data through the National Healthcare Safety Network, or its successor, prior to the effective date of the conditions of participation requiring the reporting.**

21. The department shall make a report to the general assembly beginning January 1, 2018, and on every January first thereafter on the incidence, type, and distribution of antimicrobial-resistant infections identified in the state and within regions of the state.

**197.108. 1. The department of health and senior services shall not assign an individual to inspect or survey a hospital, for any purpose, if the inspector or surveyor was an employee of such hospital or another hospital within its organization or a competing hospital within fifty miles of the hospital to be inspected or surveyed in the preceding two years.**

**2. For any inspection or survey of a hospital, regardless of the purpose, the department shall require every newly hired inspector or surveyor at the time of hiring or any currently employed inspector or surveyor as of August 28, 2019, to disclose:**

**(1) The name of every hospital in which he or she has been employed in the last ten years and the approximate length of service and the job title at the hospital; and**

**(2) The name of any member of his or her immediate family who has been employed in the last ten years or is currently employed at a hospital and the approximate length of service and the job title at the hospital.**

**The disclosures under this subsection shall be made to the department whenever the event giving rise to disclosure first occurs.**

**3. For purposes of this section, the phrase “immediate family member” shall mean a husband, wife, natural or adoptive parent, child, sibling, stepparent, stepchild, stepbrother, stepsister, father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law, grandparent, or grandchild.**

**4. The information provided under subsection 2 of this section shall be considered a public record under the provisions of section 610.010.**

**5. Any person may notify the department if facts exist that would lead a reasonable person to conclude that any inspector or surveyor has any personal or business affiliation that would result in a conflict of interest in conducting an inspection or survey for a hospital. Upon receiving such notice, the department, when assigning an inspector or surveyor to inspect or survey a hospital, for any purpose, shall take steps to verify the information and, if the department has reason to believe that such information is correct, the department shall not assign the inspector or surveyor to the hospital or any hospital within its organization so as to avoid an appearance of prejudice or favor to the hospital or bias on the part of the inspector or surveyor.”; and**

**(4) Prior authorization for MAT medications as specified in this section.**

**4. MAT medications outlined in this section shall apply to all health insurance plans delivered in the state of Missouri.**

**5. Any entity that holds itself out as a treatment program or that applies for licensure by the state to provide clinical treatment services for substance use disorders shall be required to disclose the MAT services it provides, as well as which of its levels of care have been certified by an independent, national, or other organization that has competencies in the use of the applicable placement guidelines and level of care standards.**

**6. The MO HealthNet program shall cover the MAT medications and services provided for in this section and include those MAT medications in its preferred drug lists for the treatment of substance use disorders and prevention of overdose and death. The preferred drug list shall include all current and new formulations and medications that are approved by the U.S. Food and Drug Administration for the treatment of substance use disorders.**

**7. Drug courts or other diversion programs that provide for alternatives to jail or prison for persons with a substance use disorder shall be required to ensure all persons under their care are assessed for substance use disorders using standard diagnostic criteria by a licensed physician who actively treats patients with substance use disorders. The court or other diversion program shall make available the MAT services covered under this section, consistent with a treatment plan developed by the physician, and shall not impose any limitations on the type of medication or other treatment prescribed or the dose or duration of MAT recommended by the physician.**

**8. Requirements under this section shall not be subject to a covered person's prior success or failure of the services provided.**

**191.1167. Any contract provision, written policy, or written procedure in violation of sections 191.1164 to 191.1168 shall be deemed to be unenforceable and shall be null and void.**

**191.1168. If any provision of sections 191.1164 to 191.1168 or the application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or applications of sections 191.1164 to 191.1168 which may be given effect without the invalid provision or application, and to that end the provisions of sections 191.1164 to 191.1168 are severable.**

**195.060. 1. Except as provided in subsection 4 of this section, a pharmacist, in good faith, may sell and dispense controlled substances to any person only upon a prescription of a practitioner as authorized by statute, provided that the controlled substances listed in Schedule V may be sold without prescription in accordance with regulations of the department of health and senior services. All written prescriptions shall be signed by the person prescribing the same, **except for electronic prescriptions**. All prescriptions shall be dated on the day when issued and bearing the full name and address of the patient for whom, or of the owner of the animal for which, the drug is prescribed, and the full name, address, and the registry number under the federal controlled substances laws of the person prescribing, if he or she is required by those laws to be so registered. If the prescription is for an animal, it shall state the species of the animal for which the**

drug is prescribed. The person filling the prescription shall either write the date of filling and his or her own signature on the prescription or retain the date of filling and the identity of the dispenser as electronic prescription information. The prescription or electronic prescription information shall be retained on file by the proprietor of the pharmacy in which it is filled for a period of two years, so as to be readily accessible for inspection by any public officer or employee engaged in the enforcement of this law. No prescription for a drug in Schedule I or II shall be filled more than six months after the date prescribed; no prescription for a drug in Schedule I or II shall be refilled; no prescription for a drug in Schedule III or IV shall be filled or refilled more than six months after the date of the original prescription or be refilled more than five times unless renewed by the practitioner.

2. A pharmacist, in good faith, may sell and dispense controlled substances to any person upon a prescription of a practitioner located in another state, provided that the:

(1) Prescription was issued according to and in compliance with the applicable laws of that state and the United States; and

(2) Quantity limitations in subsection 4 of section 195.080 apply to prescriptions dispensed to patients located in this state.

3. The legal owner of any stock of controlled substances in a pharmacy, upon discontinuance of dealing in such drugs, may sell the stock to a manufacturer, wholesaler, or pharmacist, but only on an official written order.

4. A pharmacist, in good faith, may sell and dispense any Schedule II drug or drugs to any person in emergency situations as defined by rule of the department of health and senior services upon an oral prescription by an authorized practitioner.

5. Except where a bona fide physician-patient-pharmacist relationship exists, prescriptions for narcotics or hallucinogenic drugs shall not be delivered to or for an ultimate user or agent by mail or other common carrier.

195.080. 1. Except as otherwise provided in this chapter and chapter 579, this chapter and chapter 579 shall not apply to the following cases: prescribing, administering, dispensing or selling at retail of liniments, ointments, and other preparations that are susceptible of external use only and that contain controlled substances in such combinations of drugs as to prevent the drugs from being readily extracted from such liniments, ointments, or preparations, except that this chapter and chapter 579 shall apply to all liniments, ointments, and other preparations that contain coca leaves in any quantity or combination.

2. Unless otherwise provided in sections 334.037, 334.104, and 334.747, a practitioner, other than a veterinarian, shall not issue an initial prescription for more than a seven-day supply of any opioid controlled substance upon the initial consultation and treatment of a patient for acute pain. Upon any subsequent consultation for the same pain, the practitioner may issue any appropriate renewal, refill, or new prescription in compliance with the general provisions of this chapter and chapter 579. Prior to issuing an initial prescription for an opioid controlled substance, a practitioner shall consult with the patient regarding the quantity of the opioid and the patient's option to fill the prescription in a lesser quantity and shall inform the patient of the risks associated with the opioid prescribed. If, in the professional medical judgment of the practitioner, more than a seven-day supply is required to treat the patient's acute pain, the practitioner may issue a prescription for the quantity needed to treat the patient; provided, that the practitioner shall document in the patient's medical record the condition triggering the necessity for more than a seven-day supply and

that a nonopioid alternative was not appropriate to address the patient's condition. The provisions of this subsection shall not apply to prescriptions for opioid controlled substances for a patient who is currently undergoing treatment for cancer **or sickle cell disease**, is receiving hospice care from a hospice certified under chapter 197 or palliative care, is a resident of a long-term care facility licensed under chapter 198, or is receiving treatment for substance abuse or opioid dependence.

3. A pharmacist or pharmacy shall not be subject to disciplinary action or other civil or criminal liability for dispensing or refusing to dispense medication in good faith pursuant to an otherwise valid prescription that exceeds the prescribing limits established by subsection 2 of this section.

4. Unless otherwise provided in this section, the quantity of Schedule II controlled substances prescribed or dispensed at any one time shall be limited to a thirty-day supply. The quantity of Schedule III, IV or V controlled substances prescribed or dispensed at any one time shall be limited to a ninety-day supply and shall be prescribed and dispensed in compliance with the general provisions of this chapter and chapter 579. The supply limitations provided in this subsection may be increased up to three months if the physician describes on the prescription form or indicates via telephone, fax, or electronic communication to the pharmacy to be entered on or attached to the prescription form the medical reason for requiring the larger supply. The supply limitations provided in this subsection shall not apply if:

(1) The prescription is issued by a practitioner located in another state according to and in compliance with the applicable laws of that state and the United States and dispensed to a patient located in another state; or

(2) The prescription is dispensed directly to a member of the United States Armed Forces serving outside the United States.

5. The partial filling of a prescription for a Schedule II substance is permissible as defined by regulation by the department of health and senior services.

195.100. 1. It shall be unlawful to distribute any controlled substance in a commercial container unless such container bears a label containing an identifying symbol for such substance in accordance with federal laws.

2. It shall be unlawful for any manufacturer of any controlled substance to distribute such substance unless the labeling thereof conforms to the requirements of federal law and contains the identifying symbol required in subsection 1 of this section.

3. The label of a controlled substance in Schedule II, III or IV shall, when dispensed to or for a patient, contain a clear, concise warning that it is a criminal offense to transfer such narcotic or dangerous drug to any person other than the patient.

4. Whenever a manufacturer sells or dispenses a controlled substance and whenever a wholesaler sells or dispenses a controlled substance in a package prepared by him or her, the manufacturer or wholesaler shall securely affix to each package in which that drug is contained a label showing in legible English the name and address of the vendor and the quantity, kind, and form of controlled substance contained therein. No person except a pharmacist for the purpose of filling a prescription under this chapter, shall alter, deface, or remove any label so affixed.

5. Whenever a pharmacist or practitioner sells or dispenses any controlled substance on a prescription issued by a physician, physician assistant, dentist, podiatrist, veterinarian, or advanced practice registered

nurse, the pharmacist or practitioner shall affix to the container in which such drug is sold or dispensed a label showing his or her own name and address of the pharmacy or practitioner for whom he or she is lawfully acting; the name of the patient or, if the patient is an animal, the name of the owner of the animal and the species of the animal; the name of the physician, physician assistant, dentist, podiatrist, advanced practice registered nurse, or veterinarian by whom the prescription was written; the name of the collaborating physician if the prescription is written by an advanced practice registered nurse or [the supervising physician if the prescription is written by] a physician assistant, and such directions as may be stated on the prescription. No person shall alter, deface, or remove any label so affixed.

**195.550. 1. Notwithstanding any other provision of this section or any other law to the contrary, beginning January 1, 2021, no person shall issue any prescription in this state for any Schedule II, III, or IV controlled substance unless the prescription is made by electronic prescription from the person issuing the prescription to a pharmacy, except for prescriptions:**

- (1) Issued by veterinarians;**
- (2) Issued in circumstances where electronic prescribing is not available due to temporary technological or electrical failure;**
- (3) Issued by a practitioner to be dispensed by a pharmacy located outside the state;**
- (4) Issued when the prescriber and dispenser are the same entity;**
- (5) Issued that include elements that are not supported by the most recently implemented version of the National Council for Prescription Drug Programs Prescriber/Pharmacist Interface SCRIPT Standard;**
- (6) Issued by a practitioner for a drug that the federal Food and Drug Administration requires the prescription to contain certain elements that are not able to be accomplished with electronic processing;**
- (7) Issued by a practitioner allowing for the dispensing of a nonpatient specific prescription pursuant to a standing order, approved protocol for drug therapy, collaborative drug management or comprehensive medication management, in response to a public health emergency, or other circumstances where the practitioner may issue a nonpatient specific prescription;**
- (8) Issued by a practitioner prescribing a drug under a research protocol;**
- (9) Issued by practitioners who have received an annual waiver, or a renewal thereof, from the requirement to use electronic prescribing, pursuant to a process established in regulation by the department of health and senior services, due to economic hardship, technological limitations, or other exceptional circumstances demonstrated by the practitioner;**
- (10) Issued by a practitioner under circumstances where, notwithstanding the practitioner's present ability to make an electronic prescription as required by this subsection, such practitioner reasonably determines that it would be impractical for the patient to obtain substances prescribed by electronic prescription in a timely manner, and such delay would adversely impact the patient's medical condition; or**
- (11) Issued where the patient specifically requests a written prescription.**

**2. A pharmacist who receives a written, oral, or faxed prescription is not required to verify that**

**the prescription properly falls under one of the exceptions from the requirement to electronically prescribe. Pharmacists may continue to dispense medications from otherwise valid written, oral, or fax prescriptions that are consistent with state and federal laws and regulations.**

**3. An individual who violates the provisions of this section may be subject to discipline by his or her professional licensing board.**

196.100. 1. Any manufacturer, packer, distributor or seller of drugs or devices in this state shall comply with the current federal labeling requirements contained in the Federal Food, Drug and Cosmetic Act, as amended, and any federal regulations promulgated thereunder. Any drug or device which contains labeling that is not in compliance with the provisions of this section shall be deemed misbranded.

2. A drug dispensed on **an electronic prescription** or a written prescription signed by a licensed physician, dentist, or veterinarian, except a drug dispensed in the course of the conduct of a business of dispensing drugs pursuant to a diagnosis by mail, shall be exempt from the requirements of this section if such physician, dentist, or veterinarian is licensed by law to administer such drug, and such drug bears a label containing the name and place of business of the dispenser, the serial number and date of such prescription, and the name of such physician, dentist, or veterinarian.

3. The department is hereby directed to promulgate regulations exempting from any labeling or packaging requirement of sections 196.010 to 196.120, drugs and devices which are, in accordance with the practice of the trade, to be processed, labeled, or repacked in substantial quantities at establishments other than those where originally processed or packed, on condition that such drugs and devices are not adulterated or misbranded under the provisions of said sections upon removal from such processing, labeling, or repacking establishment.

208.790. 1. The applicant shall have or intend to have a fixed place of residence in Missouri, with the present intent of maintaining a permanent home in Missouri for the indefinite future. The burden of establishing proof of residence within this state is on the applicant. The requirement also applies to persons residing in long-term care facilities located in the state of Missouri.

2. The department shall promulgate rules outlining standards for documenting proof of residence in Missouri. Documents used to show proof of residence shall include the applicant's name and address in the state of Missouri.

3. Applicant household income limits for eligibility shall be subject to appropriations, but in no event shall applicants have household income that is greater than one hundred eighty-five percent of the federal poverty level for the applicable family size for the applicable year as converted to the MAGI equivalent net income standard. [The provisions of this subsection shall only apply to Medicaid dual eligible individuals.]

4. The department shall promulgate rules outlining standards for documenting proof of household income.

A person commits the offense of possession of unlawful items in a prison or jail if such person knowingly delivers, attempts to deliver, possesses, deposits, or conceals in or about the premises of any correctional center as the term "correctional center" is defined under section 217.010, or any city, county, or private jail:

(1) Any controlled substance as that term is defined by law, except upon the written **or electronic** prescription of a licensed physician, dentist, or veterinarian;

(2) Any other alkaloid of any kind or any intoxicating liquor as the term intoxicating liquor is defined in section 311.020;

(3) Any article or item of personal property which a prisoner is prohibited by law, by rule made pursuant to section 221.060, or by regulation of the department of corrections from receiving or possessing, except as herein provided;

(4) Any gun, knife, weapon, or other article or item of personal property that may be used in such manner as to endanger the safety or security of the institution or as to endanger the life or limb of any prisoner or employee thereof.

2. The violation of subdivision (1) of subsection 1 of this section shall be a class D felony; the violation of subdivision (2) of this section shall be a class E felony; the violation of subdivision (3) of this section shall be a class A misdemeanor; and the violation of subdivision (4) of this section shall be a class B felony.

3. Such rules or regulations, including a list of personal items allowed in the jail or facility, shall be prominently posted for viewing both inside and outside such jail or facility in an area accessible to any visitor, and shall be made available to any person requesting such rule or regulation. Violation of this subsection shall be an infraction if not covered by other statutes.

4. Any person who has been found guilty of a violation of subdivision (2) of subsection 1 of this section involving any alkaloid shall be entitled to expungement of the record of the violation. The procedure to expunge the record shall be pursuant to section 610.123. The record of any person shall not be expunged if such person has been found guilty of knowingly delivering, attempting to deliver, possessing, depositing, or concealing any alkaloid of any controlled substance in or about the premises of any correctional center, or city or county jail, or private prison or jail.

**332.361. 1. For purposes of this section, the following terms shall mean:**

**(1) “Acute pain”, shall have the same meaning as in section 195.010;**

**(2) “Long-acting or extended-release opioids”, formulated in such a manner as to make the contained medicament available over an extended period of time following ingestion.**

2. Any duly registered and currently licensed dentist in Missouri may write, and any pharmacist in Missouri who is currently licensed under the provisions of chapter 338 and any amendments thereto, may fill any prescription of a duly registered and currently licensed dentist in Missouri for any drug necessary or proper in the practice of dentistry, provided that no such prescription is in violation of either the Missouri or federal narcotic drug act.

[2.] 3. Any duly registered and currently licensed dentist in Missouri may possess, have under his control, prescribe, administer, dispense, or distribute a “controlled substance” as that term is defined in section 195.010 only to the extent that:

(1) The dentist possesses the requisite valid federal and state registration to distribute or dispense that class of controlled substance;

**4. Long-acting or extended-release opioids shall not be used for the treatment of acute pain. If in the professional judgement of the dentist, a long-acting or extended-release opioid is necessary to treat the patient, the dentist shall document and explain in the patient's dental record the reason for the necessity for the long-acting or extended-release opioid.**

**5. Dentists shall avoid prescribing doses greater than fifty morphine milligram equivalent (MME) per day for treatment of acute pain. If in the professional judgement of the dentist, doses greater than fifty MME are necessary to treat the patient, the dentist shall document and explain in the patient's dental record the reason for the necessity for the dose greater than fifty MME. The relative potency of opioids is represented by a value assigned to individual opioids known as a morphine milligram equivalent (MME). The MME value represents how many milligrams of a particular opioid is equivalent to one milligram of morphine. The Missouri dental board shall maintain a MME conversion chart and instructions for calculating MME on its website to assist licensees with calculating MME.**

338.010. 1. The "practice of pharmacy" means the interpretation, implementation, and evaluation of medical prescription orders, including any legend drugs under 21 U.S.C. Section 353; receipt, transmission, or handling of such orders or facilitating the dispensing of such orders; the designing, initiating, implementing, and monitoring of a medication therapeutic plan as defined by the prescription order so long as the prescription order is specific to each patient for care by a pharmacist; the compounding, dispensing, labeling, and administration of drugs and devices pursuant to medical prescription orders and administration of viral influenza, pneumonia, shingles, hepatitis A, hepatitis B, diphtheria, tetanus, pertussis, and meningitis vaccines by written protocol authorized by a physician for persons at least seven years of age or the age recommended by the Centers for Disease Control and Prevention, whichever is higher, or the administration of pneumonia, shingles, hepatitis A, hepatitis B, diphtheria, tetanus, pertussis, meningitis, and viral influenza vaccines by written protocol authorized by a physician for a specific patient as authorized by rule; the participation in drug selection according to state law and participation in drug utilization reviews; the proper and safe storage of drugs and devices and the maintenance of proper records thereof; consultation with patients and other health care practitioners, and veterinarians and their clients about legend drugs, about the safe and effective use of drugs and devices; **the prescribing and dispensing of any nicotine replacement therapy product under section 338.665;** and the offering or performing of those acts, services, operations, or transactions necessary in the conduct, operation, management and control of a pharmacy. No person shall engage in the practice of pharmacy unless he **or she** is licensed under the provisions of this chapter. This chapter shall not be construed to prohibit the use of auxiliary personnel under the direct supervision of a pharmacist from assisting the pharmacist in any of his or her duties. This assistance in no way is intended to relieve the pharmacist from his or her responsibilities for compliance with this chapter and he or she will be responsible for the actions of the auxiliary personnel acting in his or her assistance. This chapter shall also not be construed to prohibit or interfere with any legally registered practitioner of medicine, dentistry, or podiatry, or veterinary medicine only for use in animals, or the

practice of optometry in accordance with and as provided in sections 195.070 and 336.220 in the compounding, administering, prescribing, or dispensing of his or her own prescriptions.

2. Any pharmacist who accepts a prescription order for a medication therapeutic plan shall have a written protocol from the physician who refers the patient for medication therapy services. The written protocol and the prescription order for a medication therapeutic plan shall come from the physician only, and shall not come from a nurse engaged in a collaborative practice arrangement under section 334.104, or from a physician assistant engaged in a [supervision agreement] **collaborative practice arrangement** under section 334.735.

3. Nothing in this section shall be construed as to prevent any person, firm or corporation from owning a pharmacy regulated by sections 338.210 to 338.315, provided that a licensed pharmacist is in charge of such pharmacy.

4. Nothing in this section shall be construed to apply to or interfere with the sale of nonprescription drugs and the ordinary household remedies and such drugs or medicines as are normally sold by those engaged in the sale of general merchandise.

5. No health carrier as defined in chapter 376 shall require any physician with which they contract to enter into a written protocol with a pharmacist for medication therapeutic services.

6. This section shall not be construed to allow a pharmacist to diagnose or independently prescribe pharmaceuticals.

7. The state board of registration for the healing arts, under section 334.125, and the state board of pharmacy, under section 338.140, shall jointly promulgate rules regulating the use of protocols for prescription orders for medication therapy services and administration of viral influenza vaccines. Such rules shall require protocols to include provisions allowing for timely communication between the pharmacist and the referring physician, and any other patient protection provisions deemed appropriate by both boards. In order to take effect, such rules shall be approved by a majority vote of a quorum of each board. Neither board shall separately promulgate rules regulating the use of protocols for prescription orders for medication therapy services and administration of viral influenza vaccines. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.

8. The state board of pharmacy may grant a certificate of medication therapeutic plan authority to a licensed pharmacist who submits proof of successful completion of a board-approved course of academic clinical study beyond a bachelor of science in pharmacy, including but not limited to clinical assessment skills, from a nationally accredited college or university, or a certification of equivalence issued by a nationally recognized professional organization and approved by the board of pharmacy.

9. Any pharmacist who has received a certificate of medication therapeutic plan authority may engage in the designing, initiating, implementing, and monitoring of a medication therapeutic plan as defined by a prescription order from a physician that is specific to each patient for care by a pharmacist.

10. Nothing in this section shall be construed to allow a pharmacist to make a therapeutic substitution

of a pharmaceutical prescribed by a physician unless authorized by the written protocol or the physician's prescription order.

11. "Veterinarian", "doctor of veterinary medicine", "practitioner of veterinary medicine", "DVM", "VMD", "BVSe", "BVMS", "BSe (Vet Science)", "VMB", "MRCVS", or an equivalent title means a person who has received a doctor's degree in veterinary medicine from an accredited school of veterinary medicine or holds an Educational Commission for Foreign Veterinary Graduates (EDFVG) certificate issued by the American Veterinary Medical Association (AVMA).

12. In addition to other requirements established by the joint promulgation of rules by the board of pharmacy and the state board of registration for the healing arts:

(1) A pharmacist shall administer vaccines by protocol in accordance with treatment guidelines established by the Centers for Disease Control and Prevention (CDC);

(2) A pharmacist who is administering a vaccine shall request a patient to remain in the pharmacy a safe amount of time after administering the vaccine to observe any adverse reactions. Such pharmacist shall have adopted emergency treatment protocols;

(3) In addition to other requirements by the board, a pharmacist shall receive additional training as required by the board and evidenced by receiving a certificate from the board upon completion, and shall display the certification in his or her pharmacy where vaccines are delivered.

13. A pharmacist shall inform the patient that the administration of the vaccine will be entered into the ShowMeVax system, as administered by the department of health and senior services. The patient shall attest to the inclusion of such information in the system by signing a form provided by the pharmacist. If the patient indicates that he or she does not want such information entered into the ShowMeVax system, the pharmacist shall provide a written report within fourteen days of administration of a vaccine to the patient's primary health care provider, if provided by the patient, containing:

- (1) The identity of the patient;
- (2) The identity of the vaccine or vaccines administered;
- (3) The route of administration;
- (4) The anatomic site of the administration;
- (5) The dose administered; and
- (6) The date of administration.

338.015. 1. The provisions of sections 338.010 to 338.015 shall not be construed to inhibit the patient's freedom of choice to obtain prescription services from any licensed pharmacist. However, nothing in sections 338.010 to 338.315 abrogates the patient's ability to waive freedom of choice under any contract with regard to payment or coverage of prescription expense.

2. All pharmacists may provide pharmaceutical consultation and advice to persons concerning the safe and therapeutic use of their prescription drugs.

3. All patients shall have the right to receive a written prescription from their prescriber to take to the facility of their choice **or to have an electronic prescription transmitted to the facility of their choice.**

338.055. 1. The board may refuse to issue any certificate of registration or authority, permit or license

required pursuant to this chapter for one or any combination of causes stated in subsection 2 of this section or if the designated pharmacist-in-charge, manager-in-charge, or any officer, owner, manager, or controlling shareholder of the applicant has committed any act or practice in subsection 2 of this section. The board shall notify the applicant in writing of the reasons for the refusal and shall advise the applicant of his or her right to file a complaint with the administrative hearing commission as provided by chapter 621.

2. The board may cause a complaint to be filed with the administrative hearing commission as provided by chapter 621 against any holder of any certificate of registration or authority, permit or license required by this chapter or any person who has failed to renew or has surrendered his or her certificate of registration or authority, permit or license for any one or any combination of the following causes:

(1) Use of any controlled substance, as defined in chapter 195, or alcoholic beverage to an extent that such use impairs a person's ability to perform the work of any profession licensed or regulated by this chapter;

(2) The person has been finally adjudicated and found guilty, or entered a plea of guilty or nolo contendere, in a criminal prosecution under the laws of any state or of the United States, for any offense reasonably related to the qualifications, functions or duties of any profession licensed or regulated under this chapter, for any offense an essential element of which is fraud, dishonesty or an act of violence, or for any offense involving moral turpitude, whether or not sentence is imposed;

(3) Use of fraud, deception, misrepresentation or bribery in securing any certificate of registration or authority, permit or license issued pursuant to this chapter or in obtaining permission to take any examination given or required pursuant to this chapter;

(4) Obtaining or attempting to obtain any fee, charge, tuition or other compensation by fraud, deception or misrepresentation;

(5) Incompetence, misconduct, gross negligence, fraud, misrepresentation or dishonesty in the performance of the functions or duties of any profession licensed or regulated by this chapter;

(6) Violation of, or assisting or enabling any person to violate, any provision of this chapter, or of any lawful rule or regulation adopted pursuant to this chapter;

(7) Impersonation of any person holding a certificate of registration or authority, permit or license or allowing any person to use his or her certificate of registration or authority, permit, license, or diploma from any school;

(8) Denial of licensure to an applicant or disciplinary action against an applicant or the holder of a license or other right to practice any profession regulated by this chapter granted by another state, territory, federal agency, or country whether or not voluntarily agreed to by the licensee or applicant, including, but not limited to, surrender of the license upon grounds for which denial or discipline is authorized in this state;

(9) A person is finally adjudged incapacitated by a court of competent jurisdiction;

(10) Assisting or enabling any person to practice or offer to practice any profession licensed or regulated by this chapter who is not registered and currently eligible to practice under this chapter;

(11) Issuance of a certificate of registration or authority, permit or license based upon a material mistake of fact;

(12) Failure to display a valid certificate or license if so required by this chapter or any rule promulgated

hereunder;

(13) Violation of any professional trust or confidence;

(14) Use of any advertisement or solicitation which is false, misleading or deceptive to the general public or persons to whom the advertisement or solicitation is primarily directed;

(15) Violation of the drug laws or rules and regulations of this state, any other state or the federal government;

(16) The intentional act of substituting or otherwise changing the content, formula or brand of any drug prescribed by written, **electronic**, or oral prescription without prior written or oral approval from the prescriber for the respective change in each prescription; provided, however, that nothing contained herein shall prohibit a pharmacist from substituting or changing the brand of any drug as provided under section 338.056, and any such substituting or changing of the brand of any drug as provided for in section 338.056 shall not be deemed unprofessional or dishonorable conduct unless a violation of section 338.056 occurs;

(17) Personal use or consumption of any controlled substance unless it is prescribed, dispensed, or administered by a health care provider who is authorized by law to do so.

3. After the filing of such complaint, the proceedings shall be conducted in accordance with the provisions of chapter 621. Upon a finding by the administrative hearing commission that the grounds, provided in subsection 2 of this section, for disciplinary action are met, the board may, singly or in combination, censure or place the person named in the complaint on probation on such terms and conditions as the board deems appropriate for a period not to exceed five years, or may suspend, for a period not to exceed three years, or revoke the license, certificate, or permit. The board may impose additional discipline on a licensee, registrant, or permittee found to have violated any disciplinary terms previously imposed under this section or by agreement. The additional discipline may include, singly or in combination, censure, placing the licensee, registrant, or permittee named in the complaint on additional probation on such terms and conditions as the board deems appropriate, which additional probation shall not exceed five years, or suspension for a period not to exceed three years, or revocation of the license, certificate, or permit.

4. If the board concludes that a licensee or registrant has committed an act or is engaging in a course of conduct which would be grounds for disciplinary action which constitutes a clear and present danger to the public health and safety, the board may file a complaint before the administrative hearing commission requesting an expedited hearing and specifying the activities which give rise to the danger and the nature of the proposed restriction or suspension of the licensee's or registrant's license. Within fifteen days after service of the complaint on the licensee or registrant, the administrative hearing commission shall conduct a preliminary hearing to determine whether the alleged activities of the licensee or registrant appear to constitute a clear and present danger to the public health and safety which justify that the licensee's or registrant's license or registration be immediately restricted or suspended. The burden of proving that the actions of a licensee or registrant constitute a clear and present danger to the public health and safety shall be upon the state board of pharmacy. The administrative hearing commission shall issue its decision immediately after the hearing and shall either grant to the board the authority to suspend or restrict the license or dismiss the action.

If the administrative hearing commission grants temporary authority to the board to restrict or suspend the licensee's or registrant's license, such temporary authority of the board shall become final authority if there is no request by the licensee or registrant for a full hearing within thirty days of the

preliminary hearing. The administrative hearing commission shall, if requested by the licensee or registrant named in the complaint, set a date to hold a full hearing under the provisions of chapter 621 regarding the activities alleged in the initial complaint filed by the board.

4. Notwithstanding any other provision of this chapter to the contrary:

(1) A facility licensed pursuant to chapter 198 may increase its licensed bed capacity by:

(a) Submitting a letter of intent to expand to the department of health and senior services and the health facilities review committee;

(d) If an agreement is reached by the selling and purchasing entities, the health facilities review committee shall issue a certificate of need for the expansion of the purchaser facility upon surrender of the seller’s license; or

(e) If no agreement is reached by the selling and purchasing entities, the health facilities review committee shall permit an expansion for:

a. A facility with more than forty beds may expand its licensed bed capacity within the same licensure category by twenty-five percent or thirty beds, whichever is greater, if that same licensure category in such facility has experienced an average occupancy of ninety-three percent or greater over the previous six quarters;

b. A facility with fewer than forty beds may expand its licensed bed capacity within the same licensure category by twenty-five percent or ten beds, whichever is greater, if that same licensure category in such facility has experienced an average occupancy of ninety-two percent or greater over the previous six quarters;

c. A facility adding beds pursuant to subparagraphs a. or b. of this paragraph shall not expand by more than fifty percent of its then licensed bed capacity in the qualifying licensure category;

(2) Any beds sold shall, for five years from the date of relicensure by the purchaser, remain unlicensed and unused for any long-term care service in the selling facility, whether they do or do not require a license;

5. Any existing licensed and operating health care facility offering long-term care services may replace one-half of its licensed beds at the same site or a site not more than thirty miles from its current location if, for at least the most recent four consecutive calendar quarters, the facility operates only fifty percent of its then licensed capacity with every resident residing in a private room. In such case:

(1) The facility shall report to the health and senior services vacant beds as unavailable for occupancy for at least the most recent four consecutive calendar quarters;

(2) The replacement beds shall be built to private room specifications and only used for single occupancy; and

(3) The existing facility and proposed facility shall have the same owner or owners, regardless of corporate or business structure, and such owner or owners shall stipulate in writing that the existing facility beds to be replaced will not later be used to provide long-term care services. 6. Nothing in this section shall prohibit a health care facility licensed pursuant to chapter 198 from being replaced in its entirety within fifteen miles of its existing site so long as the existing facility and proposed or replacement facility have the same owner or owners regardless of corporate or business structure and the health care facility being replaced remains unlicensed and unused for any long-term care services whether they do or do not require a license from the date of licensure of the replacement facility.

208.225. 1. To implement fully the provisions of section 208.152, the MO HealthNet division shall calculate the Medicaid per diem reimbursement rates of each nursing home participating in the Medicaid program as a provider of nursing home services based on its costs reported in the Title XIX cost report filed with the MO HealthNet division for its fiscal year as provided in subsection 2 of this section.

2. The recalculation of Medicaid rates to all Missouri facilities will be performed as follows: effective

July 1, 2004, the department of social services shall use the Medicaid cost report containing adjusted costs for the facility fiscal year ending in 2001 and redetermine the allowable per-patient day costs for each facility. The department shall recalculate the class ceilings in the patient care, one hundred twenty percent of the median; ancillary, one hundred twenty percent of the median; and administration, one hundred ten percent of the median cost centers. Each facility shall receive as a rate increase one-third of the amount that is unpaid based on the recalculated cost determination.

**3. Any intermediate care facility or skilled nursing facility, as such terms are defined in section 198.006, participating in MO HealthNet that incurs total capital expenditures, as such term is defined in section 197.305, in excess of two thousand dollars per bed shall be entitled to obtain from the MO HealthNet division a recalculation of its Medicaid per diem reimbursement rate based on its additional capital costs or all costs incurred during the facility fiscal year during which such capital expenditures were made. Such recalculated reimbursement rate shall become effective and payable when granted by the MO HealthNet division as of the date of application for a rate adjustment.”; and**

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

Collaborative practice arrangements shall be in the form of written agreements, jointly agreed-upon protocols, or standing orders for the delivery of health care services. Collaborative practice arrangements, which shall be in writing, may delegate to an assistant physician the authority to administer or dispense drugs and provide treatment as long as the delivery of such health care services is within the scope of practice of the assistant physician and is consistent with that assistant physician's skill, training, and competence and the skill and training of the collaborating physician.

Such exception to geographic proximity shall apply only to independent rural health clinics, provider-based rural health clinics if the provider is a critical access hospital as provided in 42 U.S.C. Section 1395i-4, and provider-based rural health clinics if the main location of the hospital sponsor is greater than fifty miles from the clinic. The collaborating physician shall maintain documentation related to such requirement and present it to the state board of registration for the healing arts when requested; and

(c) Provide coverage during absence, incapacity, infirmity, or emergency by the collaborating physician;

(6) A description of the assistant physician's controlled substance prescriptive authority in collaboration with the physician, including a list of the controlled substances the physician authorizes the assistant physician to prescribe and documentation that it is consistent with each professional's education, knowledge, skill, and competence;

(10) The collaborating physician, or any other physician designated in the collaborative practice arrangement, shall review every fourteen days a minimum of twenty percent of the charts in which the assistant physician prescribes controlled substances. The charts reviewed under this subdivision may be counted in the number of charts required to be reviewed under subdivision (9) of this subsection.

**3. The board shall complete all applications submitted by an assistant physician who has entered into a collaborative practice arrangement with a collaborating physician within thirty days of submission.**

4. The state board of registration for the healing arts under section 334.125 shall promulgate rules regulating the use of collaborative practice arrangements for assistant physicians. Such rules shall specify:

(1) Geographic areas to be covered;

(2) The methods of treatment that may be covered by collaborative practice arrangements;

(3) In conjunction with deans of medical schools and primary care residency program directors in the state, the development and implementation of educational methods and programs undertaken during the collaborative practice service which shall facilitate the advancement of the assistant physician's medical knowledge and capabilities, and which may lead to credit toward a future residency program for programs that deem such documented educational achievements acceptable; and

(4) The requirements for review of services provided under collaborative practice arrangements, including delegating authority to prescribe controlled substances.

Any rules relating to dispensing or distribution of medications or devices by prescription or prescription drug orders under this section shall be subject to the approval of the state board of pharmacy. Any rules relating to dispensing or distribution of controlled substances by prescription or prescription drug orders under this section shall be subject to the approval of the department of health and senior services and the state board of pharmacy. The state board of registration for the healing arts shall promulgate rules applicable to assistant physicians that shall be consistent with guidelines for federally funded clinics. [4.] 5. The state board of registration for the healing arts shall not deny, revoke, suspend, or otherwise take disciplinary action against a collaborating physician for health care services delegated to an assistant physician provided the provisions of this section and the rules promulgated thereunder are satisfied.

[5.] 6. Within thirty days of any change and on each renewal, the state board of registration for the healing arts shall require every physician to identify whether the physician is engaged in any collaborative practice arrangement, including collaborative practice arrangements delegating the authority to prescribe

controlled substances, and also report to the board the name of each assistant physician with whom the physician has entered into such arrangement. The board may make such information available to the public. The board shall track the reported information and may routinely conduct random reviews of such arrangements to ensure that arrangements are carried out for compliance under this chapter.

[6.] 7. A collaborating physician or supervising physician shall not enter into a collaborative practice arrangement or supervision agreement with more than six full-time equivalent assistant physicians, full-time equivalent physician assistants, or full-time equivalent advance practice registered nurses, or any combination thereof. Such limitation shall not apply to collaborative arrangements of hospital employees providing inpatient care service in hospitals as defined in chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008, or to a certified registered nurse anesthetist providing anesthesia services under the supervision of an anesthesiologist or other physician, dentist, or podiatrist who is immediately available if needed as set out in subsection 7 of section 334.104.

[7.] 8. The collaborating physician shall determine and document the completion of at least a one-month period of time during which the assistant physician shall practice with the collaborating physician continuously present before practicing in a setting where the collaborating physician is not continuously present. **Once the assistant physician has completed the one-month time period required under this subsection, the assistant physician shall be exempt from the training required under this subsection in the event there is a change in collaborating physicians.** No rule or regulation shall require the collaborating physician to review more than ten percent of the assistant physician's patient charts or records during such one-month period. Such limitation shall not apply to collaborative arrangements of providers of population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008. **The collaborating physician may utilize any other qualified, fully licensed physician on his or her staff to help oversee, train, and review the records of an assistant physician during the assistant physician's one-month training period.**

[8.] 9. No agreement made under this section shall supersede current hospital licensing regulations governing hospital medication orders under protocols or standing orders for the purpose of delivering inpatient or emergency care within a hospital as defined in section 197.020 if such protocols or standing orders have been approved by the hospital's medical staff and pharmaceutical therapeutics committee.

[9.] 10. No contract or other agreement shall require a physician to act as a collaborating physician for an assistant physician against the physician's will. A physician shall have the right to refuse to act as a collaborating physician, without penalty, for a particular assistant physician. No contract or other agreement shall limit the collaborating physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any assistant physician, but such requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by a hospital's medical staff.

[10.] 11. No contract or other agreement shall require any assistant physician to serve as a collaborating assistant physician for any collaborating physician against the assistant physician's will. An assistant physician shall have the right to refuse to collaborate, without penalty, with a particular physician.

[11.] 12. All collaborating physicians and assistant physicians in collaborative practice arrangements shall wear identification badges while acting within the scope of their collaborative practice arrangement. The identification badges shall prominently display the licensure status of such collaborating physicians and assistant physicians.

[12.] **13.** (1) An assistant physician with a certificate of controlled substance prescriptive authority as provided in this section may prescribe any controlled substance listed in Schedule III, IV, or V of section 195.017, and may have restricted authority in Schedule II, when delegated the authority to prescribe controlled substances in a collaborative practice arrangement. Prescriptions for Schedule II medications prescribed by an assistant physician who has a certificate of controlled substance prescriptive authority are restricted to only those medications containing hydrocodone. Such authority shall be filed with the state board of registration for the healing arts. The collaborating physician shall maintain the right to limit a specific scheduled drug or scheduled drug category that the assistant physician is permitted to prescribe. Any limitations shall be listed in the collaborative practice arrangement. Assistant physicians shall not prescribe controlled substances for themselves or members of their families. Schedule III controlled substances and Schedule II - hydrocodone prescriptions shall be limited to a five-day supply without refill, except that buprenorphine may be prescribed for up to a thirty-day supply without refill for patients receiving medication-assisted treatment for substance use disorders under the direction of the collaborating physician. Assistant physicians who are authorized to prescribe controlled substances under this section shall register with the federal Drug Enforcement Administration and the state bureau of narcotics and dangerous drugs, and shall include the Drug Enforcement Administration registration number on prescriptions for controlled substances.

(2) The collaborating physician shall be responsible to determine and document the completion of at least one hundred twenty hours in a four-month period by the assistant physician during which the assistant physician shall practice with the collaborating physician on-site prior to prescribing controlled substances when the collaborating physician is not on-site. Such limitation shall not apply to assistant physicians of population-based public health services as defined in 20 CSR 2150-5.100 as of April 30, 2009, or assistant physicians providing opioid addiction treatment.

(3) An assistant physician shall receive a certificate of controlled substance prescriptive authority from the state board of registration for the healing arts upon verification of licensure under section 334.036.

[13.] **14.** Nothing in this section or section 334.036 shall be construed to limit the authority of hospitals or hospital medical staff to make employment or medical staff credentialing or privileging decisions.

334.040. 1. Except as provided in section **334.034** or 334.260, all persons desiring to practice as physicians and surgeons in this state shall be examined as to their fitness to engage in such practice by the board. All persons applying for examination shall file a completed application with the board upon forms furnished by the board.

2. The examination shall be sufficient to test the applicant's fitness to practice as a physician and surgeon. The examination shall be conducted in such a manner as to conceal the identity of the applicant until all examinations have been scored. In all such examinations an average score of not less than seventy-five percent is required to pass; provided, however, that the board may require applicants to take the Federation Licensing Examination, also known as FLEX, or the United States Medical Licensing Examination (USMLE). If the FLEX examination is required, a weighted average score of no less than seventy-five is required to pass. Scores from one test administration of an examination shall not be combined or averaged with scores from other test administrations to achieve a passing score. Applicants graduating from a medical or osteopathic college, as described in section 334.031 prior to January 1, 1994, shall provide proof of successful completion of the FLEX, USMLE, the National Board of Osteopathic Medical Examiners Comprehensive Licensing Exam (COMLEX), a state board examination approved by

the board, compliance with subsection 2 of section 334.031, or compliance with 20 CSR 2150-2.005. Applicants graduating from a medical or osteopathic college, as described in section 334.031 on or after January 1, 1994, must provide proof of successful completion of the USMLE or the COMLEX or provide proof of compliance with subsection 2 of section 334.031. The board shall not issue a permanent license as a physician and surgeon or allow the Missouri state board examination to be administered to any applicant who has failed to achieve a passing score within three attempts on licensing examinations administered in one or more states or territories of the United States, the District of Columbia or Canada. The steps one, two and three of the United States Medical Licensing Examination or the National Board of Osteopathic Medical Examiners Comprehensive Licensing Exam shall be taken within a seven-year period with no more than three attempts on any step of the examination; however, the board may grant an extension of the seven-year period if the applicant has obtained a MD/PhD degree in a program accredited by the Liaison Committee on Medical Education (LCME) and a regional university accrediting body or a DO/PhD degree accredited by the American Osteopathic Association and a regional university accrediting body. The board may waive the provisions of this section if the applicant is licensed to practice as a physician and surgeon in another state of the United States, the District of Columbia or Canada and the applicant has achieved a passing score on a licensing examination administered in a state or territory of the United States or the District of Columbia and no license issued to the applicant has been disciplined in any state or territory of the United States or the District of Columbia.

3. If the board waives the provisions of this section, then the license issued to the applicant may be limited or restricted to the applicant's board specialty. The board shall not be permitted to favor any particular school or system of healing.

4. If an applicant has not actively engaged in the practice of clinical medicine or held a teaching or faculty position in a medical or osteopathic school approved by the American Medical Association, the Liaison Committee on Medical Education, or the American Osteopathic Association for any two years in the three-year period immediately preceding the filing of his or her application for licensure, the board may require successful completion of another examination, continuing medical education, or further training before issuing a permanent license. The board shall adopt rules to prescribe the form and manner of such reexamination, continuing medical education, and training.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

**382.227. 1. The director is authorized to act as the group-wide supervisor for any internationally active insurance group in accordance with the provisions of this section. However, the director may otherwise acknowledge another regulatory official as the group-wide supervisor if the internationally active insurance group:**

**(1) Does not have substantial insurance operations in the United States;**

**(2) Has substantial insurance operations in the United States but not in this state; or**

**(3) Has substantial insurance operations in the United States and in this state but the director has determined, pursuant to the factors set forth in subsections 3 and 9 of this section, that another regulatory official is the appropriate group-wide supervisor.**

**2. An insurance holding company system that does not otherwise qualify as an internationally active insurance group may request that the director make a determination or acknowledgment as to a group-wide supervisor pursuant to this section.**

**3. In cooperation with other state, federal, and international regulatory agencies, the director shall identify a single group-wide supervisor for an internationally active insurance group. The director may determine that the director is the appropriate group-wide supervisor for an internationally active insurance group that conducts substantial insurance operations concentrated in this state. However, the director may acknowledge that a regulatory official from another jurisdiction is the appropriate group-wide supervisor for the internationally active insurance group. The director shall consider the following factors when making a determination or acknowledgment under this subsection:**

**(1) The domicile of the insurers within the internationally active insurance group that hold the largest share of the internationally active insurance group’s written premiums, assets, or liabilities;**

**(2) The domicile of the top-tiered insurers in the insurance holding company system of the internationally active insurance group;**

**(3) The location of the executive offices or largest operational offices of the internationally active insurance group;**

**(4) Whether another regulatory official is acting as or is seeking to act as the group-wide supervisor under a regulatory system that the director determines to be:**

**(a) Substantially similar to the system of regulation provided under the laws of this state; or**

**(b) Otherwise sufficient in terms of providing for group-wide supervision, enterprise risk analysis, and cooperation with other regulatory officials; and**

**(5) Whether another regulatory official acting or seeking to act as the group-wide supervisor provides the director with reasonably reciprocal recognition and cooperation.**

**4. A director identified under this section as the group-wide supervisor may determine that it is appropriate to acknowledge another regulatory official to serve as the group-wide supervisor. The acknowledgment of the group-wide supervisor shall be made after consideration of the factors listed in subdivisions (1) to (5) of subsection 3 of this section, and shall be made in cooperation with and subject to the acknowledgment of other regulatory officials involved with supervision of members of the internationally active insurance group, and in consultation with the internationally active insurance group.**

**5. Notwithstanding any other provision of the law, when another regulatory official is acting as the group-wide supervisor of an internationally active insurance group, the director shall acknowledge that regulatory official as the group-wide supervisor, subject to subsection 6 of this section. In the event of a material change in the internationally active insurance group that results in either the internationally active insurance group's insurers domiciled in this state holding the largest share of the internationally active insurance group's premiums, assets, or liabilities, or this state being the domicile of the top-tiered insurers in the insurance holding company system of the internationally active insurance group, the director shall make a determination or acknowledgment as to the appropriate group-wide supervisor for such an internationally active insurance group under subsections 3 and 4 of this section.**

**6. In the event of a dispute as to the proper regulatory official to act as group-wide supervisor, a determination by the director not to acknowledge the current group-wide supervisor shall be made only after notice and a public hearing, and such determination shall be accompanied by specific findings of fact and conclusions of law including, but not limited to, application of the factors listed in subdivisions (1) to (5) of subsection 3 of this section.**

**7. Under section 382.220, the director is authorized to collect from any insurer registered under sections 382.100 to 382.180 all information necessary to determine whether the director may act as the group-wide supervisor of an internationally active insurance group or if the director may acknowledge another regulatory official to act as the group-wide supervisor. Prior to issuing a determination that an internationally active insurance group is subject to group-wide supervision by the director, the director shall notify the insurer registered under sections 382.100 to 382.180 and the ultimate controlling person within the internationally active insurance group. The internationally active insurance group shall have not less than thirty days to provide the director with additional information pertinent to the pending determination. The director shall publish on the department's website the identity of internationally active insurance groups that the director has determined are subject to group-wide supervision by the director.**

**8. If the director is the group-wide supervisor for an internationally active insurance group, the director is authorized to engage in any of the following group-wide supervisory activities:**

**(1) Assess the enterprise risks within the internationally active insurance group to ensure that:**

**(a) The material financial condition and liquidity risks to the members of the internationally active insurance group that are engaged in the business of insurance are identified by management; and**

**(b) Reasonable and effective mitigation measures are in place;**

**(2) Request, from any member of an internationally active insurance group subject to the**

director's supervision, information necessary and appropriate to assess enterprise risk including, but not limited to, information about the members of the internationally active insurance group regarding:

- (a) Governance, risk assessment, and management;
- (b) Capital adequacy; and
- (c) Material intercompany transactions;

(3) Coordinate and, through the authority of the regulatory officials of the jurisdictions where members of the internationally active insurance group are domiciled, compel development and implementation of reasonable measures designed to ensure that the internationally active insurance group is able to timely recognize and mitigate enterprise risks to members of such internationally active insurance group that are engaged in the business of insurance;

(4) Communicate with other state, federal, and international regulatory agencies for members within the internationally active insurance group and share relevant information subject to the confidentiality provisions of section 382.230, through supervisory colleges as set forth in section 382.226 or otherwise;

(5) Enter into agreements with or obtain documentation from any insurer registered under sections 382.100 to 382.180, any member of the internationally active insurance group, and any other state, federal, and international regulatory agencies for members of the internationally active insurance group, providing the basis for or otherwise clarifying the director's role as group-wide supervisor, including provisions for resolving disputes with other regulatory officials. Such agreements or documentation shall not serve as evidence in any proceeding that any insurer or person within an insurance holding company system not domiciled or incorporated in this state is doing business in this state or is otherwise subject to jurisdiction in this state; and

(6) Other group-wide supervision activities, consistent with the authorities and purposes enumerated in this subsection, as considered necessary by the director.

9. If the director acknowledges that another regulatory official from a jurisdiction that is not accredited by the National Association of Insurance Commissioners is the group-wide supervisor, the director is authorized to reasonably cooperate, through supervisory colleges or otherwise, with group-wide supervision undertaken by the group-wide supervisor, provided that:

(1) The director's cooperation is in compliance with the laws of this state; and

(2) The regulatory official acknowledged as the group-wide supervisor also recognizes and cooperates with the director's activities as a group-wide supervisor for other internationally active insurance groups where applicable. Where such recognition and cooperation are not reasonably reciprocal, the director is authorized to refuse recognition and cooperation.

10. The director is authorized to enter into agreements with, or obtain documentation from, any insurer registered under sections 382.100 to 382.180, any affiliate of the insurer, and other state, federal, and international regulatory agencies, regarding members of the internationally active insurance group, which provides the basis for or otherwise clarifies a regulatory official's role as group-wide supervisor.

11. The director may promulgate regulations necessary for the administration of this section. Any

rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2019, shall be invalid and void.

**12. An insurer registered under sections 382.100 to 382.180 and subject to this section shall be liable for and shall pay the reasonable expenses of the director's participation in the administration of this section, including the engagements of attorneys, actuaries, and any other professionals and all reasonable travel expenses.**

382.230. 1. All information, documents and copies thereof in the possession or control of the director that are obtained by or disclosed to the director or any other person in the course of an examination or investigation made under section 382.220 and all information reported **or provided to the director** under subdivisions (13) and (14) of subsection 1 of section 382.050 [and] , sections 382.100 to 382.210, **and section 382.227** shall be given confidential treatment and privileges; shall not be subject to the provisions of chapter 610; shall not be subject to subpoena; shall not be made public by the director, the National Association of Insurance Commissioners, or any other person, except to the chief insurance regulatory official of other states; and shall not be subject to discovery or admissible as evidence in any private civil action. However, the director is authorized to use the documents, materials, or other information in furtherance of any regulatory or legal action brought as a part of the director's official duties. The director shall not otherwise make the documents, materials, or other information public without the prior written consent of the insurer to which it pertains unless the director, after giving the insurer and its affiliates who would be affected thereby, notice and opportunity to be heard, determines that the interests of policyholders, shareholders or the public will be served by the publication thereof, in which event the director may publish all or any part thereof in such manner as he or she may deem appropriate.

2. Neither the director nor any person who receives documents, materials, or other information while acting under the authority of the director or with whom such documents, materials, or other information is shared under sections 382.010 to 382.300 shall be permitted or required to testify in any private civil action concerning any confidential documents, materials, or other information subject to subsection 1 of this section.

3. In order to assist in the performance of the director's duties, the director:

(1) May share documents, materials, or other information including the confidential and privileged documents, materials, or other information subject to subsection 1 of this section with other state, federal, and international financial regulatory agencies, with the National Association of Insurance Commissioners and its affiliates and subsidiaries, and with state, federal, and international law enforcement authorities including members of any supervisory college described in section 382.225; provided that the recipient agrees in writing to maintain the confidentiality and privileged status of such documents, materials, or other information, and has verified in writing the legal authority to maintain confidentiality;

(2) Notwithstanding the provisions of subsection 1 of this section and subdivision (1) of this subsection, may share confidential and privileged documents, materials, or other information reported under section 382.175 only with the directors of states having statutes or regulations substantially similar to subsection

1 of this section and who have agreed in writing not to disclose such information;

(3) May receive documents, materials, or other information including otherwise confidential and privileged documents, materials, or information from the National Association of Insurance Commissioners and its affiliates and subsidiaries and from regulatory and law enforcement officials of other foreign or domestic jurisdictions, and shall maintain as confidential or privileged any documents, materials, or other information received with notice or the understanding that it is confidential or privileged under the laws of the jurisdiction that is the source of the document, material, or other information; and

(4) Shall enter into a written agreement with the National Association of Insurance Commissioners governing sharing and use of information provided under sections 382.010 to 382.300 consistent with this subsection that shall:

(a) Specify procedures and protocols regarding the confidentiality and security of information shared with the National Association of Insurance Commissioners and its affiliates and subsidiaries under sections 382.010 to 382.300 including procedures and protocols for sharing by the National Association of Insurance Commissioners with other state, federal, and international regulators;

(b) Specify that ownership of information shared with the National Association of Insurance Commissioners and its affiliates and subsidiaries under sections 382.010 to 382.300 remains with the director and that the National Association of Insurance Commissioners' use of such information is subject to the direction of the director;

(c) Require prompt notice to be given to an insurer whose confidential information in the possession of the National Association of Insurance Commissioners under sections 382.010 to 382.300 is subject to a request or subpoena to the National Association of Insurance Commissioners for disclosure or production; and

(d) Require the National Association of Insurance Commissioners and its affiliates and subsidiaries to consent to intervention by an insurer in any judicial or administrative action in which the National Association of Insurance Commissioners and its affiliates and subsidiaries may be required to disclose confidential information about the insurer shared with the National Association of Insurance Commissioners and its affiliates and subsidiaries under sections 382.010 to 382.300.

4. The sharing of information by the director under sections 382.010 to 382.300 shall not constitute a delegation of regulatory or rulemaking authority, and the director is solely responsible for the administration, execution, and enforcement of the provisions of sections 382.010 to 382.300.

5. No waiver of any applicable privilege or claim of confidentiality in the documents, materials, or other information shall occur as a result of disclosure of such documents, materials, or other information to the director under this section or as a result of sharing as authorized in sections 382.010 to 382.300.

6. Documents, materials, or other information in the possession or control of the National Association of Insurance Commissioners under sections 382.010 to 382.300 shall be confidential by law and privileged, shall not be subject to disclosure under chapter 610, shall not be subject to subpoena, and shall not be subject to discovery or admissible in evidence in any private civil action.”; and

The amount added pursuant to this subdivision shall be reduced by the amounts applicable to such interest that would have been deductible in computing the taxable income of the taxpayer except only for the application of Section 265 of the Internal Revenue Code. The reduction shall only be made if it is at least five hundred dollars;

**(6) For all tax years beginning on or after January 1, 2018, any interest expense paid or accrued in a previous taxable year, but allowed as a deduction under 26 U.S.C. 163, as amended, in the current taxable year by reason of the carryforward of disallowed business interest provisions of 26 U.S.C. 163(j), as amended. **2. If any tax, penalty or interest has been paid more than once, or has been erroneously or illegally collected, or has been erroneously or illegally computed, such sum shall be credited on any taxes then due from the person legally obligated to remit the tax [pursuant to sections 144.010 to 144.525] under chapter 144, and the balance, with interest as determined by section 32.065, shall be refunded to the person legally obligated to remit the tax, but no such credit or refund shall be allowed unless duplicate copies of a claim for refund are filed within [three] ten years from date of overpayment.**

Any refund or any portion thereof which is erroneously made, and any credit or any portion thereof which is erroneously allowed, may be recovered in any action brought by the director of revenue against the person legally obligated to remit the tax. In the event that a tax has been illegally imposed against a person legally obligated to remit the tax, the director of revenue shall authorize the cancellation of the tax upon the director’s record.**

4. Notwithstanding the provisions of section 32.057, a purchaser that originally paid sales or use tax to a vendor or seller may submit a refund claim directly to the director of revenue for such sales or use taxes paid to such vendor or seller and remitted to the director, provided no sum shall be refunded more than once, any such claim shall be subject to any offset, defense, or other claim the director otherwise would have against either the purchaser or vendor or seller, and such claim for refund is accompanied by either:

(2) In the event the vendor or seller fails or refuses to provide an assignment of rights statement within sixty days from the date of such purchaser's written request to the vendor or seller, or the purchaser is not able to locate the vendor or seller or the vendor or seller is no longer in business, the purchaser may provide the director a notarized statement confirming the efforts that have been made to obtain an assignment of rights from the vendor or seller. Such statement shall contain a list of the transactions covered by the assignment, the tax periods and location for which the original sale was reported to the director of revenue by the vendor or seller.

If the home service provider determines that the review shows that the amount of tax, assignment of place of primary use or taxing jurisdiction is in error, the home service provider shall correct the error and, at its election, either refund or credit the amount of tax erroneously collected to the customer for a period of up to three years from the last day of the home service provider’s sixty-day review period. If the home service provider determines that the review shows that the amount of tax, the assignment of place of primary use or the taxing jurisdiction is correct, the home service provider shall provide a written explanation of its determination to the customer.

8. For all refund claims submitted to the department of revenue on or after September 1, 2003, notwithstanding any provision of this section to the contrary, if a person legally obligated to remit the tax levied [pursuant to sections 144.010 to 144.525] **under chapter 144** has received a refund of such taxes for a specific issue and submits a subsequent claim for refund of such taxes on the same issue for a tax period beginning on or after the date the original refund check issued to such person, no refund shall be allowed. If the director of revenue fails to respond to such letter ruling request within sixty days of receipt by the director, the director of revenue shall be barred from pursuing collection of any assessment of sales or use tax with respect to the issue which is the subject of the letter ruling request. For purposes of

this subsection, the term “letter ruling” means a written interpretation of law by the director to a specific set of facts provided by a specific taxpayer or his or her agent.

10. If any tax was paid more than once, was incorrectly collected, or was incorrectly computed, such sum shall be credited on any taxes then due from the person legally obligated to remit the tax [pursuant to sections 144.010 to 144.510] **under chapter 144** against any deficiency or tax due discovered through an audit of the person by the department of revenue through adjustment during the same tax filing period for which the audit applied.”; and

#### HOUSE AMENDMENT NO. 7

Amend House Committee Substitute for Senate Bill No. 87, Page 1, Section A, Line 2, by inserting after said section and line the following:

“139.031. 1. Any taxpayer may protest all or any part of any current taxes assessed against the taxpayer, except taxes collected by the director of revenue of Missouri. Any such taxpayer desiring to pay any current taxes under protest or while paying taxes based upon a disputed assessment shall, at the time of paying such taxes, make full payment of the current tax bill before the delinquency date and file with the collector a written statement setting forth the grounds on which the protest is based. The statement shall include the true value in money claimed by the taxpayer if disputed. An appeal before the state tax commission shall not be dismissed on the grounds that a taxpayer failed to file a written statement when paying taxes based upon a disputed assessment.

2. Upon receiving payment of current taxes under protest [pursuant to] **under** subsection 1 of this section or upon receiving from the state tax commission or the circuit court notice of an appeal from the state tax commission or the circuit court [pursuant to] **under** section 138.430, along with full payment of the current tax bill before the delinquency date, the collector shall disburse to the proper official all portions of taxes not protested or not disputed by the taxpayer and shall impound in a separate fund all portions of such taxes which are protested or in dispute. Every taxpayer protesting the payment of current taxes under subsection 1 of this section shall, within ninety days after filing his protest, commence an action against the collector by filing a petition for the recovery of the amount protested in the circuit court of the county in which the collector maintains his office. If any taxpayer so protesting his taxes under subsection 1 of this section shall fail to commence an action in the circuit court for the recovery of the taxes protested within the time prescribed in this subsection, such protest shall become null and void and of no effect, and the collector shall then disburse to the proper official the taxes impounded, and any interest earned thereon, as provided above in this subsection.

3. No action against the collector shall be commenced by any taxpayer who has, effective for the current tax year, filed with the state tax commission or the circuit court a timely and proper appeal of the assessment of the taxpayer's property. The portion of taxes in dispute from an appeal of an assessment shall be impounded in a separate fund and the commission in its decision and order issued [pursuant to] **under** chapter 138 or the circuit court in its judgment may order all or any part of such taxes refunded to the taxpayer, or may authorize the collector to release and disburse all or any part of such taxes.

4. Trial of the action for recovery of taxes protested under subsection 1 of this section in the circuit court shall be in the manner prescribed for nonjury civil proceedings, and, after determination of the issues, the court shall make such orders as may be just and equitable to refund to the taxpayer all or any part of the current taxes paid under protest, together with any interest earned thereon, or to authorize the collector to release and disburse all or any part of the impounded taxes, and any interest earned thereon, to the appropriate officials of the taxing authorities. Either party to the proceedings may appeal the determination of the circuit court.

5. All the county collectors of taxes, and the collector of taxes in any city not within a county, shall, upon written application of a taxpayer, refund or credit against the taxpayer's tax liability in the following taxable year and subsequent consecutive taxable years until the taxpayer has received credit in full for any real or personal property tax mistakenly or erroneously levied against the taxpayer and collected in whole or in part by the collector. Such application shall be filed within three years after the tax is mistakenly or erroneously paid. The governing body, or other appropriate body or official of the county or city not within a county, shall make available to the collector funds necessary to make refunds under this subsection by issuing warrants upon the fund to which the mistaken or erroneous payment has been credited, or otherwise.

6. No taxpayer shall receive any interest on any money paid in by the taxpayer erroneously.

7. All protested taxes impounded under protest under subsection 1 of this section and all disputed taxes impounded under notice as required by section 138.430 shall be invested by the collector in the same manner as assets specified in section 30.260 for investment of state moneys. A taxpayer who is entitled to a refund of protested or disputed taxes shall also receive the interest earned on the investment thereof. If the collector is ordered to release and disburse all or part of the taxes paid under protest or dispute to the proper official, such taxes shall be disbursed along with the proportional amount of interest earned on the investment of the taxes due the particular taxing authority.

8. Any taxing authority may request to be notified by the county collector of current taxes paid under protest. Such request shall be in writing and submitted on or before February first next following the delinquent date of current taxes paid under protest or disputed, and the county collector shall provide such information on or before March first of the same year to the requesting taxing authority of the taxes paid under protest and disputed taxes which would be received by such taxing authority if the funds were not the subject of a protest or dispute. Any taxing authority may apply to the circuit court of the county or city not within a county in which a collector has impounded protested or disputed taxes under this section and, upon a satisfactory showing that such taxing authority would receive such impounded tax funds if they were not the subject of a protest or dispute and that such taxing authority has the financial ability and legal capacity to repay such impounded tax funds in the event a decision ordering a refund to the taxpayer is subsequently made, the circuit court shall order, pendente lite, the disbursement of all or any part of such impounded tax funds to such taxing authority. The circuit court issuing an order under this subsection shall retain jurisdiction of such matter for further proceedings, if any, to compel restitution of such tax funds to the taxpayer. In the

event that any protested or disputed tax funds refunded to a taxpayer were disbursed to a taxing authority under this subsection instead of being held and invested by the collector under subsection 7 of this section, [such taxing authority shall pay the taxpayer entitled to the refund of such protested or disputed taxes the same amount of interest, as determined by the circuit court having jurisdiction in the matter, such protested or disputed taxes would have earned if they had been held and invested by the collector] **the taxpayer shall be entitled to interest on all refunded tax funds at the annual rate calculated by the state treasurer and applied by the director of revenue under section 32.068. This measure of interest shall only apply to protested or disputed tax funds actually distributed to a taxing authority pursuant to this subsection. In the event of a refund of protested or disputed tax funds which remain impounded by the collector, the taxpayer shall instead be entitled to the interest actually earned on those refunded impounded tax funds under subsection 7 of this section. Any sovereign or official immunity otherwise applicable to the taxing authorities is hereby waived for all purposes related to this subsection, and the taxpayer is expressly authorized to seek an order enforcing this provision from the circuit court that originally ordered the distribution of the protested or disputed funds, or directly from the state tax commission, if the tax appeal that resulted in the refund was heard and determined by the state tax commission.**

9. No appeal filed from the circuit court's or state tax commission's determination pertaining to the amount of refund shall stay any order of refund, but the decision filed by any court of last review modifying that determination shall be binding on the parties, and the decision rendered shall be complied with by the party affected by any modification within ninety days of the date of such decision. No taxpayer shall receive any interest on any additional award of refund, and the collector shall not receive any interest on any ordered return of refund in whole or in part.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

Emergency clause adopted.

In which the concurrence of the Senate is respectfully requested.

11. The department of health may promulgate rules providing for collection of data and publication of the incidence of health care-associated infections for other types of health facilities determined to be sources of infections; except that, physicians' offices shall be exempt from reporting and disclosure of such infections.

12. By January 1, 2017, the advisory panel shall recommend and the department shall adopt in regulation with an effective date of no later than January 1, 2018, the requirements for the reporting of the following types of infections as specified in this subsection:

(1) Infections associated with a minimum of four surgical procedures for hospitals and a minimum of two surgical procedures for ambulatory surgical centers that meet the following criteria:

(a) Are usually associated with an elective surgical procedure. An "elective surgical procedure" is a planned, nonemergency surgical procedure that may be either medically required such as a hip replacement or optional such as breast augmentation;

(b) Demonstrate a high priority aspect such as affecting a large number of patients, having a substantial impact for a smaller population, or being associated with substantial cost, morbidity, or mortality; or

(c) Are infections for which reports are collected by the National Healthcare Safety Network or its successor;

(2) Central line-related bloodstream infections;

(3) Health care-associated infections specified for reporting by hospitals, ambulatory surgical centers, and other health care facilities by the rules of the Centers for Medicare and Medicaid Services to the federal Centers for Disease Control and Prevention's National Healthcare Safety Network, or its successor; and

(4) Other categories of infections that may be established by rule by the department.

The department, in consultation with the advisory panel, shall be authorized to collect and report data on subsets of each type of infection described in this subsection.

13. In consultation with the infection control advisory panel established pursuant to section 197.165, the department shall develop and disseminate to the public reports based on data compiled for a period of twelve months. Such reports shall be updated quarterly and shall show for each hospital, ambulatory surgical center, abortion facility, and other facility metrics on risk-adjusted health care-associated infections under this section.

14. The types of infections under subsection 12 of this section to be publicly reported shall be determined by the department by rule and shall be consistent with the infections tracked by the National Healthcare Safety Network, or its successor.

15. Reports published pursuant to subsection 13 of this section shall be published and readily accessible on the department's internet website. The reports shall be distributed at least annually to the governor and members of the general assembly. The department shall make such reports available to the public for a period of at least two years.

16. The Hospital Industry Data Institute shall publish a report of Missouri hospitals', ambulatory surgical centers', and abortion facilities' compliance with standardized quality of care measures established by the federal Centers for Medicare and Medicaid Services for prevention of infections related to surgical

procedures. If the Hospital Industry Data Institute fails to do so by July 31, 2008, and annually thereafter, the department shall be authorized to collect information from the Centers for Medicare and Medicaid Services or from hospitals, ambulatory surgical centers, and abortion facilities and publish such information in accordance with this section.

17. The data collected or published pursuant to this section shall be available to the department for purposes of licensing hospitals, ambulatory surgical centers, and abortion facilities pursuant to chapter 197.

18. The department shall promulgate rules to implement the provisions of section 192.131 and sections 197.150 to 197.160. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void.

19. No later than August 28, 2017, each hospital, excluding mental health facilities as defined in section 632.005, and each ambulatory surgical center and abortion facility as defined in section 197.200, shall in consultation with its medical staff establish an antimicrobial stewardship program for evaluating the judicious use of antimicrobials, especially antibiotics that are the last line of defense against resistant infections. The hospital's stewardship program and the results of the program shall be monitored and evaluated by hospital quality improvement departments and shall be available upon inspection to the department. At a minimum, the antimicrobial stewardship program shall be designed to evaluate that hospitalized patients receive, in accordance with accepted medical standards of practice, the appropriate antimicrobial, at the appropriate dose, at the appropriate time, and for the appropriate duration.

20. Hospitals described in subsection 19 of this section shall meet the National Healthcare Safety Network requirements for reporting antimicrobial usage or resistance by using the Centers for Disease Control and Prevention's Antimicrobial Use and Resistance (AUR) Module when [regulations concerning Stage 3 of the Medicare and Medicaid Electronic Health Records Incentive Programs promulgated by the Centers for Medicare and Medicaid Services that enable the electronic interface for such reporting are effective] **conditions of participation promulgated by the Centers for Medicare and Medicaid Services requiring the electronic reporting of antibiotic use or antibiotic resistance by hospitals become effective**. When such antimicrobial usage or resistance reporting takes effect, hospitals shall authorize the National Healthcare Safety Network, or its successor, to disclose to the department facility-specific information reported to the AUR Module. Facility-specific data on antibiotic usage and resistance collected under this subsection shall not be disclosed to the public, but the department may release case-specific information to other facilities, physicians, and the public if the department determines on a case-by-case basis that the release of such information is necessary to protect persons in a public health emergency. **Nothing in this section shall prohibit a hospital from voluntarily reporting antibiotic use or antibiotic resistance data through the National Healthcare Safety Network, or its successor, prior to the effective date of the conditions of participation requiring the reporting.**

21. The department shall make a report to the general assembly beginning January 1, 2018, and on every January first thereafter on the incidence, type, and distribution of antimicrobial-resistant infections identified in the state and within regions of the state.

**(8) Issued by a practitioner prescribing a drug under a research protocol;**

**(9) Issued by practitioners who have received an annual waiver, or a renewal thereof, from the requirement to use electronic prescribing, pursuant to a process established in regulation by the department of health and senior services, due to economic hardship, technological limitations, or other exceptional circumstances demonstrated by the practitioner;**

**(10) Issued by a practitioner under circumstances where, notwithstanding the practitioner's present ability to make an electronic prescription as required by this subsection, such practitioner reasonably determines that it would be impractical for the patient to obtain substances prescribed by electronic prescription in a timely manner, and such delay would adversely impact the patient's medical condition; or**

**(11) Issued where the patient specifically requests a written prescription.**

**2. A pharmacist who receives a written, oral, or faxed prescription is not required to verify that the prescription properly falls under one of the exceptions from the requirement to electronically prescribe. Upon receiving such notice, the department, when assigning an inspector or surveyor to inspect or survey a hospital, for any purpose, shall take steps to verify the information and, if the department has reason to believe that such information is correct, the department shall not assign the inspector or surveyor to the hospital or any hospital within its organization so as to avoid an appearance of prejudice or favor to the hospital or bias on the part of the inspector or surveyor.**

The state board of registration for the healing arts shall not deny, revoke, suspend, or otherwise take disciplinary action against a collaborating physician for health care services delegated to an assistant physician provided the provisions of this section and the rules promulgated thereunder are satisfied.

5. Within thirty days of any change and on each renewal, the state board of registration for the healing arts shall require every physician to identify whether the physician is engaged in any collaborative practice arrangement, including collaborative practice arrangements delegating the authority to prescribe controlled substances, and also report to the board the name of each assistant physician with whom the physician has entered into such arrangement. The board may make such information available to the public. The board shall track the reported information and may routinely conduct random reviews of such arrangements to ensure that arrangements are carried out for compliance under this chapter.

6. A collaborating physician [or supervising physician] shall not enter into a collaborative practice arrangement [or supervision agreement] with more than six full-time equivalent assistant physicians, full-time equivalent physician assistants, or full-time equivalent advance practice registered nurses, or any combination thereof. Such limitation shall not apply to collaborative arrangements of hospital employees providing inpatient care service in hospitals as defined in chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008, or to a certified registered nurse anesthetist providing anesthesia services under the supervision of an anesthesiologist or other physician, dentist, or podiatrist who is immediately available if needed as set out in subsection 7 of section 334.104.

7. The collaborating physician shall determine and document the completion of at least a one-month period of time during which the assistant physician shall practice with the collaborating physician continuously present before practicing in a setting where the collaborating physician is not continuously present. No rule or regulation shall require the collaborating physician to review more than ten percent of the assistant physician's patient charts or records during such one-month period. Such limitation shall not apply to collaborative arrangements of providers of population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

8. No agreement made under this section shall supersede current hospital licensing regulations governing hospital medication orders under protocols or standing orders for the purpose of delivering inpatient or emergency care within a hospital as defined in section 197.020 if such protocols or standing orders have been approved by the hospital's medical staff and pharmaceutical therapeutics committee.

9. No contract or other agreement shall require a physician to act as a collaborating physician for an assistant physician against the physician's will. A physician shall have the right to refuse to act as a collaborating physician, without penalty, for a particular assistant physician. No contract or other agreement shall limit the collaborating physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any assistant physician, but such requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by a hospital's medical staff.

10. No contract or other agreement shall require any assistant physician to serve as a collaborating assistant physician for any collaborating physician against the assistant physician's will. An assistant physician shall have the right to refuse to collaborate, without penalty, with a particular physician.

11. All collaborating physicians and assistant physicians in collaborative practice arrangements shall wear identification badges while acting within the scope of their collaborative practice arrangement. The identification badges shall prominently display the licensure status of such collaborating physicians and

assistant physicians.

12. (1) An assistant physician with a certificate of controlled substance prescriptive authority as provided in this section may prescribe any controlled substance listed in Schedule III, IV, or V of section 195.017, and may have restricted authority in Schedule II, when delegated the authority to prescribe controlled substances in a collaborative practice arrangement. Prescriptions for Schedule II medications prescribed by an assistant physician who has a certificate of controlled substance prescriptive authority are restricted to only those medications containing hydrocodone. Such authority shall be filed with the state board of registration for the healing arts. The collaborating physician shall maintain the right to limit a specific scheduled drug or scheduled drug category that the assistant physician is permitted to prescribe. Any limitations shall be listed in the collaborative practice arrangement. Assistant physicians shall not prescribe controlled substances for themselves or members of their families. Schedule III controlled substances and Schedule II - hydrocodone prescriptions shall be limited to a five-day supply without refill, except that buprenorphine may be prescribed for up to a thirty-day supply without refill for patients receiving medication-assisted treatment for substance use disorders under the direction of the collaborating physician. Assistant physicians who are authorized to prescribe controlled substances under this section shall register with the federal Drug Enforcement Administration and the state bureau of narcotics and dangerous drugs, and shall include the Drug Enforcement Administration registration number on prescriptions for controlled substances.

(2) The collaborating physician shall be responsible to determine and document the completion of at least one hundred twenty hours in a four-month period by the assistant physician during which the assistant physician shall practice with the collaborating physician on-site prior to prescribing controlled substances when the collaborating physician is not on-site. Such limitation shall not apply to assistant physicians of population-based public health services as defined in 20 CSR 2150-5.100 as of April 30, 2009, or assistant physicians providing opioid addiction treatment.

(3) An assistant physician shall receive a certificate of controlled substance prescriptive authority from the state board of registration for the healing arts upon verification of licensure under section 334.036.

13. Nothing in this section or section 334.036 shall be construed to limit the authority of hospitals or hospital medical staff to make employment or medical staff credentialing or privileging decisions.

334.104. 1. A physician may enter into collaborative practice arrangements with registered professional nurses. Collaborative practice arrangements shall be in the form of written agreements, jointly agreed-upon protocols, or standing orders for the delivery of health care services. Collaborative practice arrangements, which shall be in writing, may delegate to a registered professional nurse the authority to administer or dispense drugs and provide treatment as long as the delivery of such health care services is within the scope of practice of the registered professional nurse and is consistent with that nurse's skill, training and competence.

2. Collaborative practice arrangements, which shall be in writing, may delegate to a registered professional nurse the authority to administer, dispense or prescribe drugs and provide treatment if the registered professional nurse is an advanced practice registered nurse as defined in subdivision (2) of section 335.016. Collaborative practice arrangements may delegate to an advanced practice registered nurse, as defined in section 335.016, the authority to administer, dispense, or prescribe controlled substances listed in Schedules III, IV, and V of section 195.017, and Schedule II - hydrocodone; except that, the collaborative practice arrangement shall not delegate the authority to administer any controlled substances listed in

Schedules III, IV, and V of section 195.017, or Schedule II - hydrocodone for the purpose of inducing sedation or general anesthesia for therapeutic, diagnostic, or surgical procedures. Schedule III narcotic controlled substance and Schedule II - hydrocodone prescriptions shall be limited to a one hundred twenty-hour supply without refill. Such collaborative practice arrangements shall be in the form of written agreements, jointly agreed-upon protocols or standing orders for the delivery of health care services. An advanced practice registered nurse may prescribe buprenorphine for up to a thirty-day supply without refill for patients receiving medication-assisted treatment for substance use disorders under the direction of the collaborating physician.

3. The written collaborative practice arrangement shall contain at least the following provisions:

(1) Complete names, home and business addresses, zip codes, and telephone numbers of the collaborating physician and the advanced practice registered nurse;

(2) A list of all other offices or locations besides those listed in subdivision (1) of this subsection where the collaborating physician authorized the advanced practice registered nurse to prescribe;

(3) A requirement that there shall be posted at every office where the advanced practice registered nurse is authorized to prescribe, in collaboration with a physician, a prominently displayed disclosure statement informing patients that they may be seen by an advanced practice registered nurse and have the right to see the collaborating physician;

(4) All specialty or board certifications of the collaborating physician and all certifications of the advanced practice registered nurse;

(5) The manner of collaboration between the collaborating physician and the advanced practice registered nurse, including how the collaborating physician and the advanced practice registered nurse will:

(a) Engage in collaborative practice consistent with each professional's skill, training, education, and competence;

(b) Maintain geographic proximity, except the collaborative practice arrangement may allow for geographic proximity to be waived for a maximum of twenty-eight days per calendar year for rural health clinics as defined by P.L. 95-210, as long as the collaborative practice arrangement includes alternative plans as required in paragraph (c) of this subdivision. This exception to geographic proximity shall apply only to independent rural health clinics, provider-based rural health clinics where the provider is a critical access hospital as provided in 42 U.S.C. Section 1395i-4, and provider-based rural health clinics where the main location of the hospital sponsor is greater than fifty miles from the clinic. The collaborating physician is required to maintain documentation related to this requirement and to present it to the state board of registration for the healing arts when requested; and

(c) Provide coverage during absence, incapacity, infirmity, or emergency by the collaborating physician;

(6) A description of the advanced practice registered nurse's controlled substance prescriptive authority in collaboration with the physician, including a list of the controlled substances the physician authorizes the nurse to prescribe and documentation that it is consistent with each professional's education, knowledge, skill, and competence;

(7) A list of all other written practice agreements of the collaborating physician and the advanced practice registered nurse;

(8) The duration of the written practice agreement between the collaborating physician and the advanced

practice registered nurse;

(9) A description of the time and manner of the collaborating physician's review of the advanced practice registered nurse's delivery of health care services. The description shall include provisions that the advanced practice registered nurse shall submit a minimum of ten percent of the charts documenting the advanced practice registered nurse's delivery of health care services to the collaborating physician for review by the collaborating physician, or any other physician designated in the collaborative practice arrangement, every fourteen days; and

(10) The collaborating physician, or any other physician designated in the collaborative practice arrangement, shall review every fourteen days a minimum of twenty percent of the charts in which the advanced practice registered nurse prescribes controlled substances. The charts reviewed under this subdivision may be counted in the number of charts required to be reviewed under subdivision (9) of this subsection.

4. The state board of registration for the healing arts pursuant to section 334.125 and the board of nursing pursuant to section 335.036 may jointly promulgate rules regulating the use of collaborative practice arrangements. Such rules shall be limited to specifying geographic areas to be covered, the methods of treatment that may be covered by collaborative practice arrangements and the requirements for review of services provided pursuant to collaborative practice arrangements including delegating authority to prescribe controlled substances. Any rules relating to dispensing or distribution of medications or devices by prescription or prescription drug orders under this section shall be subject to the approval of the state board of pharmacy. Any rules relating to dispensing or distribution of controlled substances by prescription or prescription drug orders under this section shall be subject to the approval of the department of health and senior services and the state board of pharmacy. In order to take effect, such rules shall be approved by a majority vote of a quorum of each board. Neither the state board of registration for the healing arts nor the board of nursing may separately promulgate rules relating to collaborative practice arrangements. Such jointly promulgated rules shall be consistent with guidelines for federally funded clinics. The rulemaking authority granted in this subsection shall not extend to collaborative practice arrangements of hospital employees providing inpatient care within hospitals as defined pursuant to chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

5. The state board of registration for the healing arts shall not deny, revoke, suspend or otherwise take disciplinary action against a physician for health care services delegated to a registered professional nurse provided the provisions of this section and the rules promulgated thereunder are satisfied. Upon the written request of a physician subject to a disciplinary action imposed as a result of an agreement between a physician and a registered professional nurse or registered physician assistant, whether written or not, prior to August 28, 1993, all records of such disciplinary licensure action and all records pertaining to the filing, investigation or review of an alleged violation of this chapter incurred as a result of such an agreement shall be removed from the records of the state board of registration for the healing arts and the division of professional registration and shall not be disclosed to any public or private entity seeking such information from the board or the division. The state board of registration for the healing arts shall take action to correct reports of alleged violations and disciplinary actions as described in this section which have been submitted to the National Practitioner Data Bank. In subsequent applications or representations relating to his medical practice, a physician completing forms or documents shall not be required to report any actions of the state board of registration for the healing arts for which the records are subject to removal under this section.

6. Within thirty days of any change and on each renewal, the state board of registration for the healing arts shall require every physician to identify whether the physician is engaged in any collaborative practice agreement, including collaborative practice agreements delegating the authority to prescribe controlled substances, or physician assistant agreement and also report to the board the name of each licensed professional with whom the physician has entered into such agreement. The board may make this information available to the public. The board shall track the reported information and may routinely conduct random reviews of such agreements to ensure that agreements are carried out for compliance under this chapter.

7. Notwithstanding any law to the contrary, a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 shall be permitted to provide anesthesia services without a collaborative practice arrangement provided that he or she is under the supervision of an anesthesiologist or other physician, dentist, or podiatrist who is immediately available if needed. Nothing in this subsection shall be construed to prohibit or prevent a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 from entering into a collaborative practice arrangement under this section, except that the collaborative practice arrangement may not delegate the authority to prescribe any controlled substances listed in Schedules III, IV, and V of section 195.017, or Schedule II - hydrocodone.

8. A collaborating physician [or supervising physician] shall not enter into a collaborative practice arrangement [or supervision agreement] with more than six full-time equivalent advanced practice registered nurses, full-time equivalent licensed physician assistants, or full-time equivalent assistant physicians, or any combination thereof. This limitation shall not apply to collaborative arrangements of hospital employees providing inpatient care service in hospitals as defined in chapter 197 or population-based public health services as defined by 20 CSR 2150- 5.100 as of April 30, 2008, or to a certified registered nurse anesthetist providing anesthesia services under the supervision of an anesthesiologist or other physician, dentist, or podiatrist who is immediately available if needed as set out in subsection 7 of this section.

9. It is the responsibility of the collaborating physician to determine and document the completion of at least a one-month period of time during which the advanced practice registered nurse shall practice with the collaborating physician continuously present before practicing in a setting where the collaborating physician is not continuously present. This limitation shall not apply to collaborative arrangements of providers of population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

10. No agreement made under this section shall supersede current hospital licensing regulations governing hospital medication orders under protocols or standing orders for the purpose of delivering inpatient or emergency care within a hospital as defined in section 197.020 if such protocols or standing orders have been approved by the hospital's medical staff and pharmaceutical therapeutics committee.

11. No contract or other agreement shall require a physician to act as a collaborating physician for an advanced practice registered nurse against the physician's will. A physician shall have the right to refuse to act as a collaborating physician, without penalty, for a particular advanced practice registered nurse. No contract or other agreement shall limit the collaborating physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any advanced practice registered nurse, but this requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by hospital's medical staff.

12. No contract or other agreement shall require any advanced practice registered nurse to serve as a

collaborating advanced practice registered nurse for any collaborating physician against the advanced practice registered nurse's will. An advanced practice registered nurse shall have the right to refuse to collaborate, without penalty, with a particular physician.

334.108. 1. Prior to prescribing any drug, controlled substance, or other treatment through telemedicine, as defined in section 191.1145, or the internet, a physician shall establish a valid physician-patient relationship as described in section 191.1146. This relationship shall include:

(1) Obtaining a reliable medical history and performing a physical examination of the patient, adequate to establish the diagnosis for which the drug is being prescribed and to identify underlying conditions or contraindications to the treatment recommended or provided;

(2) Having sufficient dialogue with the patient regarding treatment options and the risks and benefits of treatment or treatments;

(3) If appropriate, following up with the patient to assess the therapeutic outcome;

(4) Maintaining a contemporaneous medical record that is readily available to the patient and, subject to the patient's consent, to the patient's other health care professionals; and

(5) Maintaining the electronic prescription information as part of the patient's medical record.

2. The requirements of subsection 1 of this section may be satisfied by the prescribing physician's designee when treatment is provided in:

(1) A hospital as defined in section 197.020;

(2) A hospice program as defined in section 197.250;

(3) Home health services provided by a home health agency as defined in section 197.400;

(4) Accordance with a collaborative practice agreement as defined in section 334.104;

(5) Conjunction with a physician assistant licensed pursuant to section 334.738;

(6) Conjunction with an assistant physician licensed under section 334.036;

(7) Consultation with another physician who has an ongoing physician-patient relationship with the patient, and who has agreed to supervise the patient's treatment, including use of any prescribed medications; or

(8) On-call or cross-coverage situations.

3. No health care provider, as defined in section 376.1350, shall prescribe any drug, controlled substance, or other treatment to a patient based solely on an evaluation over the telephone; except that, a physician[, or such physician's on-call designee, or an advanced practice registered nurse, a **physician assistant, or an assistant physician** in a collaborative practice arrangement with such physician, [a physician assistant in a supervision agreement with such physician, or an assistant physician in a supervision agreement with such physician] may prescribe any drug, controlled substance, or other treatment that is within his or her scope of practice to a patient based solely on a telephone evaluation if a previously established and ongoing physician-patient relationship exists between such physician and the patient being treated.

4. No health care provider shall prescribe any drug, controlled substance, or other treatment to a patient based solely on an internet request or an internet questionnaire.

The collaborating physician shall determine and document the completion of a period of time during which the physician assistant shall practice with the collaborating physician continuously present before practicing in a setting where the collaborating physician is not continuously present. This limitation shall not apply to collaborative arrangements of providers of population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2009.**

**14. No contract or other [agreement] arrangement shall require a physician to act as a [supervising] collaborating physician for a physician assistant against the physician's will. A physician shall have the right to refuse to act as a supervising physician, without penalty, for a particular physician assistant. No contract or other agreement shall limit the [supervising] collaborating physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any physician assistant[, but this requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by the hospital's medical staff]. No contract or other arrangement shall require any physician assistant to collaborate with any physician against the physician assistant's will. A physician assistant shall have the right to refuse to collaborate, without penalty, with a particular physician.**

[12.] **15. Physician assistants shall file with the board a copy of their [supervising] collaborating physician form.**

[13.] **16. No physician shall be designated to serve as [supervising physician or] a collaborating physician for more than six full-time equivalent licensed physician assistants, full-time equivalent advanced practice registered nurses, or full-time equivalent assistant physicians, or any combination thereof. This limitation shall not apply to physician assistant [agreements] collaborative practice arrangements of hospital employees providing inpatient care service in hospitals as defined in chapter 197, or to a certified registered nurse anesthetist providing anesthesia services under the supervision of an anesthesiologist or other physician, dentist, or podiatrist who is immediately available if needed as set out in subsection 7 of section 334.104.**

**17. No arrangement made under this section shall supercede current hospital licensing regulations governing hospital medication orders under protocols or standing orders for the purpose of delivering inpatient or emergency care within a hospital, as defined in section 197.020, if such protocols or standing orders have been approved by the hospital's medical staff and pharmaceutical therapeutics committee.**

334.736. Notwithstanding any other provision of sections 334.735 to 334.749, the board may issue without examination a temporary license to practice as a physician assistant. Upon the applicant paying a temporary license fee and the submission of all necessary documents as determined by the board, the board may grant a temporary license to any person who meets the qualifications provided in [section] **sections**

334.735 to 334.749 which shall be valid until the results of the next examination are announced. The temporary license may be renewed at the discretion of the board and upon payment of the temporary license fee.

334.747. 1. A physician assistant with a certificate of controlled substance prescriptive authority as provided in this section may prescribe any controlled substance listed in Schedule III, IV, or V of section 195.017, and may have restricted authority in Schedule II, when delegated the authority to prescribe controlled substances in a [supervision agreement] **collaborative practice arrangement**. Such authority shall be listed on the [supervision verification] **collaborating physician** form on file with the state board of healing arts. The [supervising] **collaborating** physician shall maintain the right to limit a specific scheduled drug or scheduled drug category that the physician assistant is permitted to prescribe. Any limitations shall be listed on the [supervision] **collaborating physician** form. Prescriptions for Schedule II medications prescribed by a physician assistant with authority to prescribe delegated in a [supervision agreement] **collaborative practice arrangement** are restricted to only those medications containing hydrocodone. Physician assistants shall not prescribe controlled substances for themselves or members of their families. Schedule III controlled substances and Schedule II - hydrocodone prescriptions shall be limited to a five-day supply without refill, except that buprenorphine may be prescribed for up to a thirty-day supply without refill for patients receiving medication-assisted treatment for substance use disorders under the direction of the [supervising] **collaborating** physician. Physician assistants who are authorized to prescribe controlled substances under this section shall register with the federal Drug Enforcement Administration and the state bureau of narcotics and dangerous drugs, and shall include the Drug Enforcement Administration registration number on prescriptions for controlled substances.

2. The [supervising] **collaborating** physician shall be responsible to determine and document the completion of at least one hundred twenty hours in a four-month period by the physician assistant during which the physician assistant shall practice with the [supervising] **collaborating** physician on-site prior to prescribing controlled substances when the [supervising] **collaborating** physician is not on-site. Such limitation shall not apply to physician assistants of population-based public health services as defined in 20 CSR 2150-5.100 as of April 30, 2009.

3. A physician assistant shall receive a certificate of controlled substance prescriptive authority from the board of healing arts upon verification of the completion of the following educational requirements:

(1) Successful completion of an advanced pharmacology course that includes clinical training in the prescription of drugs, medicines, and therapeutic devices. A course or courses with advanced pharmacological content in a physician assistant program accredited by the Accreditation Review Commission on Education for the Physician Assistant (ARC-PA) or its predecessor agency shall satisfy such requirement;

(2) Completion of a minimum of three hundred clock hours of clinical training by the [supervising] **collaborating** physician in the prescription of drugs, medicines, and therapeutic devices;

(3) Completion of a minimum of one year of supervised clinical practice or supervised clinical rotations. One year of clinical rotations in a program accredited by the Accreditation Review Commission on Education for the Physician Assistant (ARC-PA) or its predecessor agency, which includes pharmacotherapeutics as a component of its clinical training, shall satisfy such requirement. Proof of such training shall serve to document experience in the prescribing of drugs, medicines, and therapeutic devices;

(4) A physician assistant previously licensed in a jurisdiction where physician assistants are authorized

to prescribe controlled substances may obtain a state bureau of narcotics and dangerous drugs registration if a [supervising] **collaborating** physician can attest that the physician assistant has met the requirements of subdivisions (1) to (3) of this subsection and provides documentation of existing federal Drug Enforcement Agency registration.

334.749. 1. There is hereby established an “Advisory Commission for Physician Assistants” which shall guide, advise and make recommendations to the board. The commission shall also be responsible for the ongoing examination of the scope of practice and promoting the continuing role of physician assistants in the delivery of health care services. The commission shall assist the board in carrying out the provisions of sections 334.735 to 334.749.

2. The commission shall be appointed no later than October 1, 1996, and shall consist of five members, one member of the board, two licensed physician assistants, one physician and one lay member. The two licensed physician assistant members, the physician member and the lay member shall be appointed by the director of the division of professional registration. Each licensed physician assistant member shall be a citizen of the United States and a resident of this state, and shall be licensed as a physician assistant by this state. The physician member shall be a United States citizen, a resident of this state, have an active Missouri license to practice medicine in this state and shall be a [supervising] **collaborating** physician, at the time of appointment, to a licensed physician assistant. The lay member shall be a United States citizen and a resident of this state. The licensed physician assistant members shall be appointed to serve three-year terms, except that the first commission appointed shall consist of one member whose term shall be for one year and one member whose term shall be for two years. The physician member and lay member shall each be appointed to serve a three-year term. No physician assistant member nor the physician member shall be appointed for more than two consecutive three-year terms. The president of the Missouri Academy of Physicians Assistants in office at the time shall, at least ninety days prior to the expiration of a term of a physician assistant member of a commission member or as soon as feasible after such a vacancy on the commission otherwise occurs, submit to the director of the division of professional registration a list of five physician assistants qualified and willing to fill the vacancy in question, with the request and recommendation that the director appoint one of the five persons so listed, and with the list so submitted, the president of the Missouri Academy of Physicians Assistants shall include in his or her letter of transmittal a description of the method by which the names were chosen by that association.

3. Notwithstanding any other provision of law to the contrary, any appointed member of the commission shall receive as compensation an amount established by the director of the division of professional registration not to exceed seventy dollars per day for commission business plus actual and necessary expenses. The director of the division of professional registration shall establish by rule guidelines for payment. All staff for the commission shall be provided by the state board of registration for the healing arts.

4. The commission shall hold an open annual meeting at which time it shall elect from its membership a chairman and secretary. The commission may hold such additional meetings as may be required in the performance of its duties, provided that notice of every meeting shall be given to each member at least ten days prior to the date of the meeting. A quorum of the commission shall consist of a majority of its members.

5. On August 28, 1998, all members of the advisory commission for registered physician assistants shall become members of the advisory commission for physician assistants and their successor shall be appointed

in the same manner and at the time their terms would have expired as members of the advisory commission for registered physician assistants.

335.175. 1. No later than January 1, 2014, there is hereby established within the state board of registration for the healing arts and the state board of nursing the “Utilization of Telehealth by Nurses”. An advanced practice registered nurse (APRN) providing nursing services under a collaborative practice arrangement under section 334.104 may provide such services outside the geographic proximity requirements of section 334.104 if the collaborating physician and advanced practice registered nurse utilize telehealth in the care of the patient and if the services are provided in a rural area of need. Telehealth providers shall be required to obtain patient consent before telehealth services are initiated and ensure confidentiality of medical information.

2. As used in this section, “telehealth” shall have the same meaning as such term is defined in section 191.1145.

3. (1) The boards shall jointly promulgate rules governing the practice of telehealth under this section. Such rules shall address, but not be limited to, appropriate standards for the use of telehealth.

(2) Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2013, shall be invalid and void.

4. For purposes of this section, “rural area of need” means any rural area of this state which is located in a health professional shortage area as defined in section 354.650.

[5. Under section 23.253 of the Missouri sunset act:

(1) The provisions of the new program authorized under this section shall automatically sunset six years after August 28, 2013, unless reauthorized by an act of the general assembly; and

(2) If such program is reauthorized, the program authorized under this section shall automatically sunset twelve years after the effective date of the reauthorization of this section; and

(3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset.]

337.712. 1. Applications for licensure as a marital and family therapist shall be in writing, submitted to the committee on forms prescribed by the committee and furnished to the applicant. **The form shall include a statement that the applicant has completed two hours of suicide assessment, referral, treatment, and management training.** The application shall contain the applicant’s statements showing the applicant’s education, experience and such other information as the committee may require. Each application shall contain a statement that it is made under oath or affirmation and that the information contained therein is true and correct to the best knowledge and belief of the applicant, subject to the penalties provided for the making of a false affidavit or declaration. Each application shall be accompanied by the fees required by the division.

2. The division shall mail a renewal notice to the last known address of each licensee prior to the licensure renewal date. Failure to provide the division with the information required for licensure, or to pay

the licensure fee after such notice shall result in the expiration of the license. The license shall be restored if, within two years of the licensure date, the applicant provides written application and the payment of the licensure fee and a delinquency fee.

3. A new certificate to replace any certificate lost, destroyed or mutilated may be issued subject to the rules of the division upon payment of a fee.

4. The committee shall set the amount of the fees authorized. The fees shall be set at a level to produce revenue which shall not substantially exceed the cost and expense of administering the provisions of sections 337.700 to 337.739. All fees provided for in sections 337.700 to 337.739 shall be collected by the director who shall deposit the same with the state treasurer to a fund to be known as the "Marital and Family Therapists' Fund".

5. The provisions of section 33.080 to the contrary notwithstanding, money in this fund shall not be transferred and placed to the credit of general revenue until the amount in the fund at the end of the biennium exceeds two times the amount of the appropriations from the marital and family therapists' fund for the preceding fiscal year or, if the division requires by rule renewal less frequently than yearly then three times the appropriation from the fund for the preceding fiscal year. The amount, if any, in the fund which shall lapse is that amount in the fund which exceeds the appropriate multiple of the appropriations from the marital and family therapists' fund for the preceding fiscal year.

338.010. 1. The "practice of pharmacy" means the interpretation, implementation, and evaluation of medical prescription orders, including any legend drugs under 21 U.S.C. Section 353; receipt, transmission, or handling of such orders or facilitating the dispensing of such orders; the designing, initiating, implementing, and monitoring of a medication therapeutic plan as defined by the prescription order so long as the prescription order is specific to each patient for care by a pharmacist; the compounding, dispensing, labeling, and administration of drugs and devices pursuant to medical prescription orders and administration of viral influenza, pneumonia, shingles, hepatitis A, hepatitis B, diphtheria, tetanus, pertussis, and meningitis vaccines by written protocol authorized by a physician for persons at least seven years of age or the age recommended by the Centers for Disease Control and Prevention, whichever is higher, or the administration of pneumonia, shingles, hepatitis A, hepatitis B, diphtheria, tetanus, pertussis, meningitis, and viral influenza vaccines by written protocol authorized by a physician for a specific patient as authorized by rule; the participation in drug selection according to state law and participation in drug utilization reviews; the proper and safe storage of drugs and devices and the maintenance of proper records thereof; consultation with patients and other health care practitioners, and veterinarians and their clients about legend drugs, about the safe and effective use of drugs and devices; **the prescribing and dispensing of any nicotine replacement therapy product under section 338.665;** and the offering or performing of those acts, services, operations, or transactions necessary in the conduct, operation, management and control of a pharmacy. No person shall engage in the practice of pharmacy unless he **or she** is licensed under the provisions of this chapter. This chapter shall not be construed to prohibit the use of auxiliary personnel under the direct supervision of a pharmacist from assisting the pharmacist in any of his or her duties. This assistance in no way is intended to relieve the pharmacist from his or her responsibilities for compliance with this chapter and he or she will be responsible for the actions of the auxiliary personnel acting in his or her assistance. This chapter shall also not be construed to prohibit or interfere with any legally registered practitioner of medicine, dentistry, or podiatry, or veterinary medicine only for use in animals, or the practice of optometry in accordance with and as provided in sections 195.070 and 336.220 in the compounding, administering, prescribing, or dispensing of his or her own prescriptions.

2. Any pharmacist who accepts a prescription order for a medication therapeutic plan shall have a written protocol from the physician who refers the patient for medication therapy services. The written protocol and the prescription order for a medication therapeutic plan shall come from the physician only, and shall not come from a nurse engaged in a collaborative practice arrangement under section 334.104, or from a physician assistant engaged in a [supervision agreement] **collaborative practice arrangement** under section 334.735.

3. Nothing in this section shall be construed as to prevent any person, firm or corporation from owning a pharmacy regulated by sections 338.210 to 338.315, provided that a licensed pharmacist is in charge of such pharmacy.

4. Nothing in this section shall be construed to apply to or interfere with the sale of nonprescription drugs and the ordinary household remedies and such drugs or medicines as are normally sold by those engaged in the sale of general merchandise.

5. No health carrier as defined in chapter 376 shall require any physician with which they contract to enter into a written protocol with a pharmacist for medication therapeutic services.

6. This section shall not be construed to allow a pharmacist to diagnose or independently prescribe pharmaceuticals.

7. The state board of registration for the healing arts, under section 334.125, and the state board of pharmacy, under section 338.140, shall jointly promulgate rules regulating the use of protocols for prescription orders for medication therapy services and administration of viral influenza vaccines. Such rules shall require protocols to include provisions allowing for timely communication between the pharmacist and the referring physician, and any other patient protection provisions deemed appropriate by both boards. In order to take effect, such rules shall be approved by a majority vote of a quorum of each board. Neither board shall separately promulgate rules regulating the use of protocols for prescription orders for medication therapy services and administration of viral influenza vaccines. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.

8. The state board of pharmacy may grant a certificate of medication therapeutic plan authority to a licensed pharmacist who submits proof of successful completion of a board-approved course of academic clinical study beyond a bachelor of science in pharmacy, including but not limited to clinical assessment skills, from a nationally accredited college or university, or a certification of equivalence issued by a nationally recognized professional organization and approved by the board of pharmacy.

9. Any pharmacist who has received a certificate of medication therapeutic plan authority may engage in the designing, initiating, implementing, and monitoring of a medication therapeutic plan as defined by a prescription order from a physician that is specific to each patient for care by a pharmacist.

10. Nothing in this section shall be construed to allow a pharmacist to make a therapeutic substitution of a pharmaceutical prescribed by a physician unless authorized by the written protocol or the physician's prescription order.

11. “Veterinarian”, “doctor of veterinary medicine”, “practitioner of veterinary medicine”, “DVM”, “VMD”, “BVSe”, “BVMS”, “BSe (Vet Science)”, “VMB”, “MRCVS”, or an equivalent title means a person who has received a doctor’s degree in veterinary medicine from an accredited school of veterinary medicine or holds an Educational Commission for Foreign Veterinary Graduates (EDFVG) certificate issued by the American Veterinary Medical Association (AVMA).

12. In addition to other requirements established by the joint promulgation of rules by the board of pharmacy and the state board of registration for the healing arts:

(1) A pharmacist shall administer vaccines by protocol in accordance with treatment guidelines established by the Centers for Disease Control and Prevention (CDC);

(2) A pharmacist who is administering a vaccine shall request a patient to remain in the pharmacy a safe amount of time after administering the vaccine to observe any adverse reactions. Such pharmacist shall have adopted emergency treatment protocols;

(3) In addition to other requirements by the board, a pharmacist shall receive additional training as required by the board and evidenced by receiving a certificate from the board upon completion, and shall display the certification in his or her pharmacy where vaccines are delivered.

13. A pharmacist shall inform the patient that the administration of the vaccine will be entered into the ShowMeVax system, as administered by the department of health and senior services. The patient shall attest to the inclusion of such information in the system by signing a form provided by the pharmacist. If the patient indicates that he or she does not want such information entered into the ShowMeVax system, the pharmacist shall provide a written report within fourteen days of administration of a vaccine to the patient’s primary health care provider, if provided by the patient, containing:

- (1) The identity of the patient;
- (2) The identity of the vaccine or vaccines administered;
- (3) The route of administration;
- (4) The anatomic site of the administration;
- (5) The dose administered; and
- (6) The date of administration.

338.015. 1. The provisions of sections 338.010 to 338.015 shall not be construed to inhibit the patient’s freedom of choice to obtain prescription services from any licensed pharmacist. However, nothing in sections 338.010 to 338.315 abrogates the patient’s ability to waive freedom of choice under any contract with regard to payment or coverage of prescription expense.

2. All pharmacists may provide pharmaceutical consultation and advice to persons concerning the safe and therapeutic use of their prescription drugs.

3. All patients shall have the right to receive a written prescription from their prescriber to take to the facility of their choice **or to have an electronic prescription transmitted to the facility of their choice.**

338.055. 1. The board may refuse to issue any certificate of registration or authority, permit or license required pursuant to this chapter for one or any combination of causes stated in subsection 2 of this section or if the designated pharmacist-in-charge, manager-in-charge, or any officer, owner, manager, or controlling shareholder of the applicant has committed any act or practice in subsection 2 of this section. The board

shall notify the applicant in writing of the reasons for the refusal and shall advise the applicant of his or her right to file a complaint with the administrative hearing commission as provided by chapter 621.

2. The board may cause a complaint to be filed with the administrative hearing commission as provided by chapter 621 against any holder of any certificate of registration or authority, permit or license required by this chapter or any person who has failed to renew or has surrendered his or her certificate of registration or authority, permit or license for any one or any combination of the following causes:

(1) Use of any controlled substance, as defined in chapter 195, or alcoholic beverage to an extent that such use impairs a person's ability to perform the work of any profession licensed or regulated by this chapter;

(2) The person has been finally adjudicated and found guilty, or entered a plea of guilty or nolo contendere, in a criminal prosecution under the laws of any state or of the United States, for any offense reasonably related to the qualifications, functions or duties of any profession licensed or regulated under this chapter, for any offense an essential element of which is fraud, dishonesty or an act of violence, or for any offense involving moral turpitude, whether or not sentence is imposed;

(3) Use of fraud, deception, misrepresentation or bribery in securing any certificate of registration or authority, permit or license issued pursuant to this chapter or in obtaining permission to take any examination given or required pursuant to this chapter;

(4) Obtaining or attempting to obtain any fee, charge, tuition or other compensation by fraud, deception or misrepresentation;

(5) Incompetence, misconduct, gross negligence, fraud, misrepresentation or dishonesty in the performance of the functions or duties of any profession licensed or regulated by this chapter;

(6) Violation of, or assisting or enabling any person to violate, any provision of this chapter, or of any lawful rule or regulation adopted pursuant to this chapter;

(7) Impersonation of any person holding a certificate of registration or authority, permit or license or allowing any person to use his or her certificate of registration or authority, permit, license, or diploma from any school;

(8) Denial of licensure to an applicant or disciplinary action against an applicant or the holder of a license or other right to practice any profession regulated by this chapter granted by another state, territory, federal agency, or country whether or not voluntarily agreed to by the licensee or applicant, including, but not limited to, surrender of the license upon grounds for which denial or discipline is authorized in this state;

(9) A person is finally adjudged incapacitated by a court of competent jurisdiction;

(10) Assisting or enabling any person to practice or offer to practice any profession licensed or regulated by this chapter who is not registered and currently eligible to practice under this chapter;

(11) Issuance of a certificate of registration or authority, permit or license based upon a material mistake of fact;

(12) Failure to display a valid certificate or license if so required by this chapter or any rule promulgated hereunder;

(13) Violation of any professional trust or confidence;

(14) Use of any advertisement or solicitation which is false, misleading or deceptive to the general

public or persons to whom the advertisement or solicitation is primarily directed;

(15) Violation of the drug laws or rules and regulations of this state, any other state or the federal government;

(16) The intentional act of substituting or otherwise changing the content, formula or brand of any drug prescribed by written, **electronic**, or oral prescription without prior written or oral approval from the prescriber for the respective change in each prescription; provided, however, that nothing contained herein shall prohibit a pharmacist from substituting or changing the brand of any drug as provided under section 338.056, and any such substituting or changing of the brand of any drug as provided for in section 338.056 shall not be deemed unprofessional or dishonorable conduct unless a violation of section 338.056 occurs;

(17) Personal use or consumption of any controlled substance unless it is prescribed, dispensed, or administered by a health care provider who is authorized by law to do so.

3. After the filing of such complaint, the proceedings shall be conducted in accordance with the provisions of chapter 621. Upon a finding by the administrative hearing commission that the grounds, provided in subsection 2 of this section, for disciplinary action are met, the board may, singly or in combination, censure or place the person named in the complaint on probation on such terms and conditions as the board deems appropriate for a period not to exceed five years, or may suspend, for a period not to exceed three years, or revoke the license, certificate, or permit. The board may impose additional discipline on a licensee, registrant, or permittee found to have violated any disciplinary terms previously imposed under this section or by agreement. The additional discipline may include, singly or in combination, censure, placing the licensee, registrant, or permittee named in the complaint on additional probation on such terms and conditions as the board deems appropriate, which additional probation shall not exceed five years, or suspension for a period not to exceed three years, or revocation of the license, certificate, or permit.

4. If the board concludes that a licensee or registrant has committed an act or is engaging in a course of conduct which would be grounds for disciplinary action which constitutes a clear and present danger to the public health and safety, the board may file a complaint before the administrative hearing commission requesting an expedited hearing and specifying the activities which give rise to the danger and the nature of the proposed restriction or suspension of the licensee's or registrant's license. Within fifteen days after service of the complaint on the licensee or registrant, the administrative hearing commission shall conduct a preliminary hearing to determine whether the alleged activities of the licensee or registrant appear to constitute a clear and present danger to the public health and safety which justify that the licensee's or registrant's license or registration be immediately restricted or suspended. The burden of proving that the actions of a licensee or registrant constitute a clear and present danger to the public health and safety shall be upon the state board of pharmacy. The administrative hearing commission shall issue its decision immediately after the hearing and shall either grant to the board the authority to suspend or restrict the license or dismiss the action.

5. If the administrative hearing commission grants temporary authority to the board to restrict or suspend the licensee's or registrant's license, such temporary authority of the board shall become final authority if there is no request by the licensee or registrant for a full hearing within thirty days of the preliminary hearing. The administrative hearing commission shall, if requested by the licensee or registrant named in the complaint, set a date to hold a full hearing under the provisions of chapter 621 regarding the activities alleged in the initial complaint filed by the board.

6. If the administrative hearing commission dismisses the action filed by the board pursuant to

subsection 4 of this section, such dismissal shall not bar the board from initiating a subsequent action on the same grounds.

338.056. 1. Except as provided in subsection 2 of this section, the pharmacist filling prescription orders for drug products prescribed by trade or brand name may select another drug product with the same active chemical ingredients of the same strength, quantity and dosage form, and of the same generic drug or interchangeable biological product type, as determined by the United States Adopted Names and accepted by the Federal Food and Drug Administration. Selection pursuant to this section is within the discretion of the pharmacist, except as provided in subsection 2 of this section. The pharmacist who selects the drug or interchangeable biological product to be dispensed pursuant to this section shall assume the same responsibility for selecting the dispensed drug or biological product as would be incurred in filling a prescription for a drug or interchangeable biological product prescribed by generic or interchangeable biologic name. The pharmacist shall not select a drug or interchangeable biological product pursuant to this section unless the product selected costs the patient less than the prescribed product.

2. A pharmacist who receives a prescription for a brand name drug or biological product may select a less expensive generically equivalent or interchangeable biological product unless:

(1) The patient requests a brand name drug or biological product; or

(2) The prescribing practitioner indicates that substitution is prohibited or displays “brand medically necessary”, “dispense as written”, “do not substitute”, “DAW”, or words of similar import on the prescription.

3. No prescription shall be valid without the signature of the prescriber, **except an electronic prescription.**

4. If an oral prescription is involved, the practitioner or the practitioner’s agent, communicating the instructions to the pharmacist, shall instruct the pharmacist as to whether or not a therapeutically equivalent generic drug or interchangeable biological product may be substituted. The pharmacist shall note the instructions on the file copy of the prescription.

5. Notwithstanding the provisions of subsection 2 of this section to the contrary, a pharmacist may fill a prescription for a brand name drug by substituting a generically equivalent drug or interchangeable biological product when substitution is allowed in accordance with the laws of the state where the prescribing practitioner is located.

6. Violations of this section are infractions.

338.140. 1. The board of pharmacy shall have a common seal, and shall have power to adopt such rules and bylaws not inconsistent with law as may be necessary for the regulation of its proceedings and for the discharge of the duties imposed pursuant to sections 338.010 to 338.198, and shall have power to employ an attorney to conduct prosecutions or to assist in the conduct of prosecutions pursuant to sections 338.010 to 338.198.

2. The board shall keep a record of its proceedings.

3. The board of pharmacy shall make annually to the governor and, upon written request, to persons licensed pursuant to the provisions of this chapter a written report of its proceedings.

4. The board of pharmacy shall appoint an advisory committee composed of six members, one of whom shall be a representative of pharmacy but who shall not be a member of the pharmacy board, three of whom

shall be representatives of wholesale drug distributors as defined in section 338.330, one of whom shall be a representative of drug manufacturers, and one of whom shall be a licensed veterinarian recommended to the board of pharmacy by the board of veterinary medicine. The committee shall review and make recommendations to the board on the merit of all rules and regulations dealing with pharmacy distributors, wholesale drug distributors, drug manufacturers, and veterinary legend drugs which are proposed by the board.

5. A majority of the board shall constitute a quorum for the transaction of business.

6. Notwithstanding any other provisions of law to the contrary, the board may issue letters of reprimand, censure or warning to any holder of a license or registration required pursuant to this chapter for any violations that could result in disciplinary action as defined in section 338.055. **Alternatively, at the discretion of the board, the board may enter into a voluntary compliance agreement with a licensee, permit holder, or registrant to ensure or promote compliance with this chapter and the rules of the board, in lieu of board discipline. The agreement shall be a public record. The time limitation identified in section 324.043 for commencing a disciplinary proceeding shall be tolled while an agreement authorized by this section is in effect.**

**338.143. 1. For purposes of this section, the following terms shall mean:**

(1) “Remote medication dispensing”, dispensing or assisting in the dispensing of medication outside of a licensed pharmacy;

(2) “Technology assisted verification”, the verification of medication or prescription information using a combination of scanning technology and visual confirmation by a pharmacist.

2. The board of pharmacy may approve, modify, and establish requirements for pharmacy pilot or demonstration research projects related to technology assisted verification or remote medication dispensing that are designed to enhance patient care or safety, improve patient outcomes, or expand access to pharmacy services.

3. To be approved, pilot or research projects shall be within the scope of the practice of pharmacy as defined by chapter 338, be under the supervision of a Missouri licensed pharmacist, and comply with applicable compliance and reporting as established by the board by rule, including any staff training or education requirements. 2. (1) Health care professionals [may] **shall** send any claim for charges incurred for unanticipated out-of-network care to the patient's health carrier within one hundred eighty days of the delivery of the unanticipated out-of-network care on a U.S. Centers of Medicare and Medicaid Services Form 1500, or its successor form, or electronically using the 837 HIPAA format, or its successor.

(2) Within forty-five processing days, as defined in section 376.383, of receiving the health care professional's claim, the health carrier shall offer to pay the health care professional a reasonable reimbursement for unanticipated out-of-network care based on the health care professional's services. If the health care professional participates in one or more of the carrier's commercial networks, the offer of reimbursement for unanticipated out-of-network care shall be the amount from the network which has the highest reimbursement.

(3) If the health care professional declines the health carrier's initial offer of reimbursement, the health carrier and health care professional shall have sixty days from the date of the initial offer of reimbursement to negotiate in good faith to attempt to determine the reimbursement for the unanticipated out-of-network care.

(4) If the health carrier and health care professional do not agree to a reimbursement amount by the end of the sixty-day negotiation period, the dispute shall be resolved through an arbitration process as specified in subsection 4 of this section.

(5) To initiate arbitration proceedings, either the health carrier or health care professional must provide written notification to the director and the other party within one hundred twenty days of the end of the negotiation period, indicating their intent to arbitrate the matter and notifying the director of the billed amount and the date and amount of the final offer by each party. A claim for unanticipated out-of-network care may be resolved between the parties at any point prior to the commencement of the arbitration proceedings. Claims may be combined for purposes of arbitration, but only to the extent the claims represent similar circumstances and services provided by the same health care professional, and the parties attempted

to resolve the dispute in accordance with subdivisions (3) to (5) of this subsection.

(6) No health care professional who sends a claim to a health carrier under subsection 2 of this section shall send a bill to the patient for any difference between the reimbursement rate as determined under this subsection and the health care professional's billed charge.

3. (1) When unanticipated out-of-network care is provided, the health care professional who sends a claim to a health carrier under subsection 2 of this section may bill a patient for no more than the cost-sharing requirements described under this section.

(2) Cost-sharing requirements shall be based on the reimbursement amount as determined under subsection 2 of this section.

(3) The patient's health carrier shall inform the health care professional of its enrollee's cost-sharing requirements within forty-five processing days of receiving a claim from the health care professional for services provided.

(4) The in-network deductible and out-of-pocket maximum cost-sharing requirements shall apply to the claim for the unanticipated out-of-network care.

The initial request for arbitration, all correspondence and documents received by the department and the final arbitration decision shall be considered a closed record under section 374.071. However, the director may release aggregated summary data regarding the arbitration process. The decision of the arbitrator shall not be considered an agency decision nor shall it be considered a contested case within the meaning of section 536.010.

6. The arbitrator shall determine a dollar amount due under subsection 2 of this section between one hundred twenty percent of the Medicare-allowed amount and the seventieth percentile of the usual and customary rate for the unanticipated out-of-network care, as determined by benchmarks from independent nonprofit organizations that are not affiliated with insurance carriers or provider organizations.

7. When determining a reasonable reimbursement rate, the arbitrator shall consider the following factors if the health care professional believes the payment offered for the unanticipated out-of-network care does not properly recognize:

- (1) The health care professional's training, education, or experience;
- (2) The nature of the service provided;
- (3) The health care professional's usual charge for comparable services provided;

(4) The circumstances and complexity of the particular case, including the time and place the services were provided; and

(5) The average contracted rate for comparable services provided in the same geographic area.

Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2018, shall be invalid and void.

Payments made by a health carrier on behalf of a covered individual for any care, treatment, intervention, service or item, the provision of which was for the treatment of a health condition unrelated to the covered individual's autism spectrum disorder, shall not be applied toward any maximum benefit established under this subsection. Any coverage required under this section, other than the coverage for applied behavior analysis, shall not be subject to the age and dollar limitations described in this subsection.

[6.] (2) The maximum benefit limitation for applied behavior analysis described in [subsection 5] **subdivision (1)** of this [section] **subsection** shall be adjusted by the health carrier at least triennially for inflation to reflect the aggregate increase in the general price level as measured by the Consumer Price Index for All Urban Consumers for the United States, or its successor index, as defined and officially

This section shall not be construed as affecting any obligation to provide services to an individual under an individualized family service plan, an individualized education plan, or an individualized service plan. This section shall not be construed as affecting any obligation to provide reimbursement pursuant to section 376.1218.

[16.] **14.** The provisions of sections 376.383, 376.384, and 376.1350 to 376.1399 shall apply to this section.

[17. The director of the department of insurance, financial institutions and professional registration shall grant a small employer with a group health plan, as that term is defined in section 379.930, a waiver from the provisions of this section if the small employer demonstrates to the director by actual claims experience over any consecutive twelve-month period that compliance with this section has increased the cost of the health insurance policy by an amount of two and a half percent or greater over the period of a calendar year in premium costs to the small employer.

18.] **15.** The provisions of this section shall not apply to the Mo HealthNet program as described in chapter 208.

2. As used in subsection 1 of this section, the term “purchase price” shall mean the total amount of the contract price agreed upon between the seller and the applicant in the acquisition of the motor vehicle, trailer, boat, or outboard motor, regardless of the medium of payment therefor.

3. In the event that the purchase price is unknown or undisclosed, or that the evidence thereof is not satisfactory to the director of revenue, the same shall be fixed by appraisalment by the director.

4. The director of the department of revenue shall endorse upon the official certificate of title issued by the director upon such application an entry showing that such sales tax has been paid or that the motor

The bond shall be executed in the name of the state of Missouri for the benefit of all aggrieved parties or the irrevocable letter of credit shall name the state of Missouri as the beneficiary; except that, the aggregate liability of the surety or financial institution to the aggrieved parties shall, in no event, exceed the amount of the bond or irrevocable letter of credit. The proceeds of the bond or irrevocable letter of credit shall be paid upon receipt by the department of a final judgment from a Missouri court of competent jurisdiction against the principal and in favor of an aggrieved party.**

However, when the transfer of a motor vehicle, trailer, boat or outboard motor occurs within a corporation which holds a license to operate as a motor vehicle or boat dealer pursuant to sections 301.550 to 301.573 the provisions in subdivision (3) of this subsection shall not apply.

[7.] **8.** If the owner of any motor vehicle, trailer, boat, or outboard motor desires to charge and collect sales tax as provided in this section, the owner shall make application to the director of revenue for a permit

to operate as a motor vehicle, trailer, boat, or outboard motor leasing company. The director of revenue shall promulgate rules and regulations determining the qualifications of such a company, and the method of collection and reporting of sales tax charged and collected. Such regulations shall apply only to owners of motor vehicles, trailers, boats, or outboard motors, electing to qualify as motor vehicle, trailer, boat, or outboard motor leasing companies under the provisions of subsection 5 of this section, and no motor vehicle renting or leasing, trailer renting or leasing, or boat or outboard motor renting or leasing company can come under sections 144.010, 144.020, 144.070 and 144.440 unless all motor vehicles, trailers, boats, and outboard motors held for renting and leasing are included.

**9. Any person, company, or corporation engaged in the business of renting or leasing three thousand five hundred or more motor vehicles which are to be used exclusively for rental or leasing purposes and not for resale, and that has applied to the director of revenue for authority to operate as a leasing company may also operate as a registered fleet owner as prescribed in section 301.032.**

[8.] **10.** Beginning July 1, 2010, any motor vehicle dealer licensed under section 301.560 engaged in the business of selling motor vehicles or trailers may apply to the director of revenue for authority to collect and remit the sales tax required under this section on all motor vehicles sold by the motor vehicle dealer. A motor vehicle dealer receiving authority to collect and remit the tax is subject to all provisions under sections 144.010 to 144.525. Any motor vehicle dealer authorized to collect and remit sales taxes on motor vehicles under this subsection shall be entitled to deduct and retain an amount equal to two percent of the motor vehicle sales tax pursuant to section 144.140. Any amount of the tax collected under this subsection that is retained by a motor vehicle dealer pursuant to section 144.140 shall not constitute state revenue. In no event shall revenues from the general revenue fund or any other state fund be utilized to compensate motor vehicle dealers for their role in collecting and remitting sales taxes on motor vehicles. In the event this subsection or any portion thereof is held to violate Article IV, Section 30(b) of the Missouri Constitution, no motor vehicle dealer shall be authorized to collect and remit sales taxes on motor vehicles under this section. No motor vehicle dealer shall seek compensation from the state of Missouri or its agencies if a court of competent jurisdiction declares that the retention of two percent of the motor vehicle sales tax is unconstitutional and orders the return of such revenues.

301.032. 1. Notwithstanding the provisions of sections 301.030 and 301.035 to the contrary, the director of revenue shall establish a system of registration of all fleet vehicles owned or purchased by a fleet owner registered pursuant to this section. The director of revenue shall prescribe the forms for such fleet registration and the forms and procedures for the registration updates prescribed in this section. Any owner of ten or more motor vehicles which must be registered in accordance with this chapter may register as a fleet owner. All registered fleet owners may, at their option, register all motor vehicles included in the fleet on a calendar year or biennial basis pursuant to this section in lieu of the registration periods provided in sections 301.030, 301.035, and 301.147. The director shall issue an identification number to each registered owner of fleet vehicles.

2. All fleet vehicles included in the fleet of a registered fleet owner shall be registered during April of the corresponding year or on a prorated basis as provided in subsection 3 of this section. Fees of all vehicles in the fleet to be registered on a calendar year basis or on a biennial basis shall be payable not later than the last day of April of the corresponding year, with two years' fees due for biennially-registered vehicles. Notwithstanding the provisions of section 307.355, an application for registration of a fleet vehicle must be accompanied by a certificate of inspection and approval issued no more than one hundred twenty days prior to the date of application. The fees for vehicles added to the fleet which must be licensed at the time

of registration shall be payable at the time of registration, except that when such vehicle is licensed between July first and September thirtieth the fee shall be three-fourths the annual fee, when licensed between October first and December thirty-first the fee shall be one-half the annual fee and when licensed on or after January first the fee shall be one-fourth the annual fee. When biennial registration is sought for vehicles added to a fleet, an additional year's annual fee will be added to the partial year's prorated fee.

3. At any time during the calendar year in which an owner of a fleet purchases or otherwise acquires a vehicle which is to be added to the fleet or transfers plates to a fleet vehicle, the owner shall present to the director of revenue the identification number as a fleet number and may register the vehicle for the partial year as provided in subsection 2 of this section. The fleet owner shall also be charged a transfer fee of two dollars for each vehicle so transferred pursuant to this subsection.

4. Except as specifically provided in this subsection, all fleet vehicles registered pursuant to this section shall be issued a special license plate which shall have the words "Fleet Vehicle" in place of the words "Show-Me State" in the manner prescribed by the advisory committee established in section 301.129. Alternatively, for a one-time additional five dollar per-vehicle fee beyond the regular registration fee, a fleet owner of at least fifty fleet vehicles may apply for fleet license plates bearing a company name or logo, the size and design thereof subject to approval by the director. All fleet license plates shall be made with fully reflective material with a common color scheme and design, shall be clearly visible at night, and shall be aesthetically attractive, as prescribed by section 301.130. Fleet vehicles shall be issued multiyear license plates as provided in this section which shall not require issuance of a renewal tab. Upon payment of appropriate registration fees, the director of revenue shall issue a registration certificate or other suitable evidence of payment of the annual or biennial fee, and such evidence of payment shall be carried at all times in the vehicle for which it is issued. [The director of revenue shall promulgate rules and regulations establishing the procedure for application and issuance of fleet vehicle license plates.]

5. Notwithstanding the provisions of sections 307.350 to 307.390 to the contrary, a fleet vehicle registered in Missouri is exempt from the requirements of sections 307.350 to 307.390 if at the time of the annual fleet registration, such fleet vehicle is situated outside the state of Missouri.

**6. Notwithstanding any other provisions of law to the contrary, any person, company, or corporation engaged in the business of renting or leasing three thousand five hundred or more motor vehicles which are to be used exclusively for rental or leasing purposes and not for resale, that has applied to the director of revenue for authority to operate as a lease or rental company as prescribed in section 144.070 may operate as a registered fleet owner as prescribed in the provisions of this subsection to subsection 10 of this section.**

**(1) The director of revenue may issue license plates after presentment of an application, as designed by the director, and payment of an annual fee of three hundred sixty dollars for the first ten plates and thirty-six dollars for each additional plate. The payment and issuance of such plates shall be in lieu of registering each motor vehicle with the director as otherwise provided by law.**

**(2) Such motor vehicles within the fleet shall not be exempted from the safety inspection and emissions inspection provisions as prescribed in chapters 307 and 643, but notwithstanding the provisions of section 307.355, such inspections shall not be required to be presented to the director of revenue.**

**7. A recipient of a lease or rental company license issued by the director of revenue as prescribed in section 144.070 operating as a registered fleet owner under this section shall register such fleet with**

the director of revenue on an annual or biennial basis in lieu of the individual motor vehicle registration periods as prescribed in sections 301.030, 301.035, and 301.147. If an applicant elects a biennial fleet registration, the annual fleet license plate fees prescribed in subdivision (1) of subsection 6 of this section shall be doubled. An agent fee as prescribed in subdivision (1) of subsection 1 of section 136.055 shall apply to the issuance of fleet registrations issued under subsections 6 to 10 of this section, and if a biennial fleet registration is elected, the agent fee shall be collected in an amount equal to the fee for two years.

8. Prior to the issuance of fleet license plates under subsections 6 to 10 of this section, the applicant shall provide proof of insurance as required under section 303.024 or 303.026.

9. The authority of a recipient of a lease or rental company license issued by the director of revenue as prescribed in section 144.070 to operate as a fleet owner as provided in this section shall expire on January 1 of the licensure period.

10. A lease or rental company operating fleet license plates issued under subsections 6 to 10 of this section shall make available, upon request, to the director of revenue and all Missouri law enforcement agencies any corresponding vehicle and registration information that may be requested as prescribed by rule.

11. The director shall make all necessary rules and regulations for the administration of this section and shall design all necessary forms required by this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2019, shall be invalid and void.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

(2) Those motor vehicles which are engaged in interstate commerce and are proportionately registered in this state with the Missouri highway reciprocity commission, although the owner may request that such vehicle be inspected by an official inspection station, and a peace officer may stop and inspect such vehicles to determine whether the mechanical condition is in compliance with the safety regulations established by the United States Department of Transportation; and

(3) Historic motor vehicles registered pursuant to section 301.131;

(4) Vehicles registered in excess of twenty-four thousand pounds for a period of less than twelve months; shall submit such vehicles to a biennial inspection of their mechanism and equipment in accordance with the provisions of sections 307.350 to 307.390 and obtain a certificate of inspection and approval and a sticker, seal, or other device from a duly authorized official inspection station. The inspection, except the inspection of school buses which shall be made at the time provided in section 307.375, shall be made at the time prescribed in the rules and regulations issued by the superintendent of the Missouri state highway patrol; but the inspection of a vehicle shall not be made more than sixty days prior to the date of application for registration or within sixty days of when a vehicle's registration is transferred; however, if a vehicle was purchased from a motor vehicle dealer and a valid inspection had been made within sixty days of the purchase date, the new owner shall be able to utilize an inspection performed within ninety days prior to the application for registration or transfer. Any vehicle manufactured as an even-numbered model year vehicle shall be inspected and approved pursuant to the safety inspection program established pursuant to sections 307.350 to 307.390 in each even-numbered calendar year and any such vehicle manufactured as an odd-numbered model year vehicle shall be inspected and approved pursuant to sections 307.350 to

307.390 in each odd-numbered year. The certificate of inspection and approval shall be a sticker, seal, or other device or combination thereof, as the superintendent of the Missouri state highway patrol prescribes by regulation and shall be displayed upon the motor vehicle or trailer as prescribed by the regulations established by him. The replacement of certificates of inspection and approval which are lost or destroyed shall be made by the superintendent of the Missouri state highway patrol under regulations prescribed by him.

2. It shall also be lawful to operate such a vehicle from an inspection station to another place where repairs may be made and to return the vehicle to the inspection station notwithstanding the absence of a current state registration license.

3. No person whose motor vehicle was duly inspected and approved as provided in this section shall be required to have the same motor vehicle again inspected and approved for the sole reason that such person wishes to obtain a set of any special personalized license plates available pursuant to section 301.144 or a set of any license plates available pursuant to section 301.142, prior to the expiration date of such motor vehicle's current registration.

4. Notwithstanding the provisions of section 307.390, violation of this section shall be deemed an infraction.”; and

    - (f) Any felony involving the use of a motor vehicle.
2. Upon conviction or a plea of guilty for committing the offense of endangerment of a highway worker under subsection 1 of this section if no injury or death to a highway worker resulted from the offense, in addition to any other penalty authorized by law, the person shall be subject to a fine of not more than one thousand dollars and shall have four points assessed to his or her driver's license under section 302.302.
3. A person shall be deemed to commit the offense of "aggravated endangerment of a highway worker" upon conviction or a plea of guilty for any offense under subsection 1 of this section when such offense occurs in a construction zone or work zone as defined in section 304.580 and results in the injury or death of a highway worker. Upon conviction or a plea of guilty for committing the offense of aggravated endangerment of a highway worker, in addition to any other penalty authorized by law, the person shall be subject to a fine of not more than five thousand dollars if the offense resulted in injury to a highway worker and ten thousand dollars if the offense resulted in death to a highway worker. 4. Except for the offense established under subdivision (6) of subsection 1 of this section, no person shall be deemed to commit the offense of endangerment of a highway worker except when the act or omission constituting the offense occurred when one or more highway workers were in the construction zone or work zone.

5. No person shall be cited or convicted for endangerment of a highway worker or aggravated endangerment of a highway worker, for any act or omission otherwise constituting an offense under subsection 1 of this section, if such act or omission resulted in whole or in part from mechanical failure of the person's vehicle or from the negligence of another person or a highway worker.

**6. (1) Notwithstanding any provision of this section or any other law to the contrary, the director of the department of revenue or his or her agent shall order the revocation of a driver's license upon its determination that an individual holding such license was involved in a physical accident where his or her negligent acts or omissions contributed to his or her vehicle striking a highway worker within a designated construction zone or work zone where department of transportation guidelines involving notice and signage were properly implemented. The department shall make its determination of these facts on the basis of the report of a law enforcement officer investigating the incident and this determination shall be final unless a hearing is requested and held as provided under subdivision (2) of this subsection. Upon its determination that the facts support a license revocation, the department shall issue a notice of revocation which shall be mailed to the person at the last known address shown on the department's records. The notice is deemed received three days after mailing unless returned by postal authorities. The notice of revocation shall clearly specify the reason and statutory grounds for the revocation, the effective date of the revocation which shall be at least fifteen days from the date the department issued its order, the right of the person to request a hearing, and the date by which the request for a hearing must be made.**

**(2) An individual who received notice of revocation from the department under this section may seek reinstatement by either:**

**(a) Taking and passing the written and driving portions of the driver's license examination, in which case the individual's driver's license shall be immediately reinstated; or**

**(b) Petitioning for a hearing before a circuit division or associate division of the court in the county in which the work zone accident occurred. The individual may request such court to issue an order staying the revocation until such time as the petition for review can be heard. If the court, in its discretion, grants such stay, it shall enter the order upon a form prescribed by the director of revenue and shall send a copy of such order to the director. Such order shall serve as proof of the privilege to operate a motor vehicle in this state, and the director shall maintain possession of the person's license to operate a motor vehicle until the termination of any suspension under this subsection. The clerk of the court shall notify the prosecuting attorney of the county, and the prosecutor shall appear at the hearing on behalf of the director of revenue. At the hearing, the court shall determine only:**

**a. Whether the person was involved in a physical accident where his or her vehicle struck a highway worker within a designated construction or work zone;**

**b. Whether the department of transportation guidelines involving notice and signage were properly implemented in such work zone; and**

**c. Whether the investigating officer had probable cause to believe the person's negligent acts or omissions contributed to his or her vehicle striking a highway worker.**

**If the court determines subparagraph a., b., or c. of this subdivision not to be in the affirmative, the court shall order the director to reinstate the license or permit to drive.**

**(3) The department of revenue administrative adjudication to reinstate a driver's license that was revoked under this subsection, and any evidence provided to the department related to such adjudication, shall not be produced by subpoena or any other means and made available as evidence in any other administrative action, civil case, or criminal prosecution. The court's determinations issued under this section, and the evidence provided to the court relating to such determinations, shall not be produced by subpoena or any other means and made available in any other administrative action, civil case, or criminal prosecution. Nothing in this subdivision shall be construed to prevent the department from providing information to the system authorized under 49 U.S.C. Section 31309, or any successor federal law, pertaining to the licensing, identification, and disqualification of operators of commercial motor vehicles.**

304.894. 1. A person commits the offense of endangerment of an emergency responder for any of the following offenses when the offense occurs within an active emergency zone:

(2) Passing in violation of subsection 3 of section 304.892;

(3) Failure to stop for an active emergency zone flagman or emergency responder, or failure to obey traffic control devices erected, or personnel posted, in the active emergency zone for purposes of controlling the flow of motor vehicles through the zone;

(4) Driving through or around an active emergency zone via any lane not clearly designated for motorists to control the flow of traffic through or around the active emergency zone;

(5) Physically assaulting, attempting to assault, or threatening to assault an emergency responder with a motor vehicle or other instrument; or

(6) Intentionally striking, moving, or altering barrels, barriers, signs, or other devices erected to control the flow of traffic to protect emergency responders and motorists unless the action was necessary to avoid an obstacle, an emergency, or to protect the health and safety of an occupant of the motor vehicle or of another person.

2. Upon a finding of guilt or a plea of guilty for committing the offense of endangerment of an emergency responder under subsection 1 of this section, if no injury or death to an emergency responder resulted from the offense, the court shall assess a fine of not more than one thousand dollars, and four points shall be assessed to the operator's license pursuant to section 302.302 upon conviction.

3. A person commits the offense of aggravated endangerment of an emergency responder upon a finding of guilt or a plea of guilty for any offense under subsection 1 of this section when such offense results in the injury or death of an emergency responder. Upon a finding of guilt or a plea of guilty for committing the offense of aggravated endangerment of an emergency responder, in addition to any other penalty authorized by law, the court shall assess a fine of not more than five thousand dollars if the offense resulted in injury to an emergency responder, and ten thousand dollars if the offense resulted in the death of an emergency responder. In addition, twelve points shall be assessed to the operator's license pursuant to section 302.302 upon conviction.

4. Except for the offense established under subdivision (6) of subsection 1 of this section, no person shall be deemed to have committed the offense of endangerment of an emergency responder except when the act or omission constituting the offense occurred when one or more emergency responders were

responding to an active emergency.

5. No person shall be cited for, or found guilty of, endangerment of an emergency responder or aggravated endangerment of an emergency responder, for any act or omission otherwise constituting an offense under subsection 1 of this section, if such act or omission resulted in whole or in part from mechanical failure of the person's vehicle, or from the negligence of another person or emergency responder.

**6. (1) Notwithstanding any provision of this section or any other law to the contrary, the director of the department of revenue or his or her agent shall order the revocation of a driver's license upon its determination that an individual holding such license was involved in a physical accident where his or her negligent acts or omissions substantially contributed to his or her vehicle striking an emergency responder within an active emergency zone where the appropriate visual markings for active emergency zones were properly implemented. The department shall make its determination of these facts on the basis of the report of a law enforcement officer investigating the incident and this determination shall be final unless a hearing is requested and held as provided under subdivision (2) of this subsection. Upon its determination that the facts support a license revocation, the department shall issue a notice of revocation which shall be mailed to the person at the last known address shown on the department's records. The notice is deemed received three days after mailing unless returned by postal authorities. The notice of revocation shall clearly specify the reason and statutory grounds for the revocation, the effective date of the revocation which shall be at least fifteen days from the date the department issued its order, the right of the person to request a hearing, and the date by which the request for a hearing must be made.**

**(2) An individual who received notice of revocation from the department under this section may seek reinstatement by either:**

**(a) Taking and passing the written and driving portions of the driver's license examination, in which case the individual's driver's license shall be immediately reinstated; or**

**(b) Petitioning for a hearing before a circuit division or associate division of the court in the county in which the emergency zone accident occurred. The individual may request such court to issue an order staying the revocation until such time as the petition for review can be heard. If the court, in its discretion, grants such stay, it shall enter the order upon a form prescribed by the director of revenue and shall send a copy of such order to the director. Such order shall serve as proof of the privilege to operate a motor vehicle in this state, and the director shall maintain possession of the person's license to operate a motor vehicle until the termination of any suspension under this subsection. The clerk of the court shall notify the prosecuting attorney of the county, and the prosecutor shall appear at the hearing on behalf of the director of revenue. At the hearing, the court shall determine only:**

**a. Whether the person was involved in a physical accident where his or her vehicle struck an emergency responder within an active emergency zone;**

**b. Whether the guidelines involving notice and signage were properly implemented in such emergency zone; and**

**c. Whether the investigating officer had probable cause to believe the person's negligent acts or omissions substantially contributed to his or her vehicle striking an emergency responder.**

If the court determines subparagraph a., b., or c. of this subdivision not to be in the affirmative, the court shall order the director to reinstate the license or permit to drive.

(3) The department of revenue administrative adjudication to reinstate a driver's license that was revoked under this subsection, and any evidence provided to the department related to such adjudication, shall not be produced by subpoena or any other means and made available as evidence in any other administrative action, civil case, or criminal prosecution. The court's determinations issued under this section, and the evidence provided to the court relating to such determinations, shall not be produced by subpoena or any other means and made available in any other administrative action, civil case, or criminal prosecution. Nothing in this subdivision shall be construed to prevent the department from providing information to the system authorized under 49 U.S.C. Section 31309, or any successor federal law, pertaining to the licensing, identification, and disqualification of operators of commercial motor vehicles."; and

SENATE AMENDMENT NO. 1

Amend Senate Substitute No. 2 for Senate Committee Substitute for House Committee Substitute for House Bill No. 604, Page 83, Section 168.133, Line 21 of said page, by inserting immediately after said line the following:

“168.221. 1. The first five years of employment of all teachers entering the employment of the metropolitan school district shall be deemed a period of probation during which period all appointments of teachers shall expire at the end of each school year. During the probationary period any probationary teacher whose work is unsatisfactory shall be furnished by the superintendent of schools with a written statement setting forth the nature of his or her incompetency. If improvement satisfactory to the superintendent is not made within one semester after the receipt of the statement, the probationary teacher shall be dismissed. The semester granted the probationary teacher in which to improve shall not in any case be a means of prolonging the probationary period beyond five years and six months from the date on which the teacher entered the employ of the board of education. The superintendent of schools on or before the fifteenth day of April in each year shall notify probationary teachers who will not be retained by the school district of the termination of their services. Any probationary teacher who is not so notified shall be deemed to have been appointed for the next school year. Any principal who prior to becoming a principal had attained permanent employee status as a teacher shall upon ceasing to be a principal have a right to resume his or her permanent teacher position with the time served as a principal being treated as if such time had been served as a teacher for the purpose of calculating seniority and pay scale. The rights and duties and remuneration of a teacher who was formerly a principal shall be the same as any other teacher with the same level of qualifications and time of service.

2. After completion of satisfactory probationary services, appointments of teachers shall become permanent, subject to removal for any one or more causes herein described and to the right of the board to terminate the services of all who attain the age of compulsory retirement fixed by the retirement system. In determining the duration of the probationary period of employment in this section specified, the time of service rendered as a substitute teacher shall not be included.

3. No teacher whose appointment has become permanent may be removed except for one or more of the following causes: immorality, incompetency, or inefficiency in line of duty, violation of the published regulations of the school district, violation of the laws of Missouri governing the public schools of the state, or physical or mental condition which incapacitates him for instructing or associating with children, and then only by a vote of not less than a majority of all the members of the board, upon written charges presented by the superintendent of schools, to be heard by the board after thirty days' notice, with copy of the charges served upon the person against whom they are preferred, who shall have the privilege of being present at the hearing, together with counsel, offering evidence and making defense thereto. At the request of any person so charged the hearing shall be public. During any time in which powers granted to the district's board of education are vested in a special administrative board, the special administrative board may appoint a hearing officer to conduct the hearing. **Should the special administrative board relinquish power to the district's elected board of education, such board of education may also appoint a hearing officer to conduct the hearing.** The hearing officer shall conduct the hearing as a contested case under chapter 536 and shall issue a written recommendation to the board rendering the charges against the teacher.

The board shall render a decision on the charges upon the review of the hearing officer's recommendations and the record from the hearing. The action and decision of the board upon the charges shall be final. Pending the hearing of the charges, the person charged may be suspended if the rules of the board so prescribe, but in the event the board does not by a majority vote of all the members remove the teacher upon charges presented by the superintendent, the person shall not suffer any loss of salary by reason of the suspension. Incompetency or inefficiency in line of duty is cause for dismissal only after the teacher has been notified in writing at least thirty days prior to the presentment of charges against him by the superintendent. The notification shall specify the nature of the incompetency or inefficiency with such particularity as to enable the teacher to be informed of the nature of his or her incompetency or inefficiency.

4. No teacher whose appointment has become permanent shall be demoted nor shall his or her salary be reduced unless the same procedure is followed as herein stated for the removal of the teacher because of inefficiency in line of duty, and any teacher whose salary is reduced or who is demoted may waive the presentment of charges against him by the superintendent and a hearing thereon by the board. The foregoing provision shall apply only to permanent teachers prior to the compulsory retirement age under the retirement system. Nothing herein contained shall in any way restrict or limit the power of the board of education to make reductions in the number of teachers or principals, or both, because of insufficient funds, decrease in pupil enrollment, or abolition of particular subjects or courses of instruction, except that the abolition of particular subjects or courses of instruction shall not cause those teachers who have been teaching the subjects or giving the courses of instruction to be placed on leave of absence as herein provided who are qualified to teach other subjects or courses of instruction, if positions are available for the teachers in the other subjects or courses of instruction.

5. Whenever it is necessary to decrease the number of teachers because of insufficient funds or a substantial decrease of pupil population within the school district, the board of education upon recommendation of the superintendent of schools may cause the necessary number of teachers beginning with those serving probationary periods to be placed on leave of absence without pay, but only in the inverse order of their appointment. Nothing herein stated shall prevent a readjustment by the board of education of existing salary schedules. No teacher placed on a leave of absence shall be precluded from securing other employment during the period of the leave of absence. Each teacher placed on leave of absence shall be reinstated in inverse order of his or her placement on leave of absence. Such reemployment shall not result in a loss of status or credit for previous years of service. No appointment of new teachers shall be made while there are available teachers on unrequested leave of absence who are properly qualified to fill such vacancies. Such leave of absence shall not impair the tenure of a teacher. The leave of absence shall continue for a period of not more than three years unless extended by the board.

6. If any regulation which deals with the promotion of teachers is amended by increasing the qualifications necessary to be met before a teacher is eligible for promotion, the amendment shall fix an effective date which shall allow a reasonable length of time within which teachers may become qualified for promotion under the regulations.

7. A teacher whose appointment has become permanent may give up the right to a permanent appointment to participate in the teacher choice compensation package under sections 168.745 to 168.750.

8. Should the state mandate that professional development for teachers be provided in local school districts and any funds be utilized for such, a metropolitan school district shall be allowed to utilize a professional development plan for teachers which is known within the administration as the "St. Louis

Plan”, should the district and the teacher decide jointly to participate in such plan.”; and

Further amend the title and enacting clause accordingly.

### MESSAGES FROM THE HOUSE

The following messages were received from the House of Representatives through its Chief Clerk:

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and passed **SB 84**.

Bill ordered enrolled.

Also,

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and passed **SB 228**.

With House Amendment No. 1.

### HOUSE AMENDMENT NO. 1

Amend Senate Bill No. 228, Page 1, Section A, Line 2, by inserting after all of said line the following:

“288.100. 1. (1) The division shall maintain a separate account for each employer which is paying contributions, and shall credit each employer’s account with all contributions which each employer has paid. A separate account shall be maintained for each employer making payments in lieu of contributions to which shall be credited all such payments made. The account shall also show payments due as provided in section 288.090. The division may close and cancel such separate account after a period of four consecutive calendar years during which such employer has had no employment in this state subject to contributions. Nothing in this law shall be construed to grant any employer or individuals in the employer’s service prior claims or rights to the amounts paid by the employer into the fund either on the employer’s own behalf or on behalf of such individuals. Except as provided in subdivision (4) of this subsection, regular benefits and that portion of extended benefits not reimbursed by the federal government paid to an eligible individual shall be charged against the accounts of the individual’s base period employers who are paying contributions subject to the provisions of subdivision (4) of subsection 3 of section 288.090. With respect to initial claims filed after December 31, 1984, for benefits paid to an individual based on wages paid by one or more employers in the base period of the claim, the amount chargeable to each employer shall be obtained by multiplying the benefits paid by a ratio obtained by dividing the base period wages from such employer by the total wages appearing in the base period. Except as provided in this subdivision, the maximum amount of extended benefits paid to an individual and charged against the account of any employer shall not exceed one-half of the product obtained by multiplying the benefits paid by a ratio obtained by dividing the base period wages from such employer by the total wages appearing in the base period. The provisions of this subdivision notwithstanding, with respect to weeks of unemployment beginning after December 31, 1978, the maximum amount of extended benefits paid to an individual and charged against the account of an employer which is an employer [pursuant to] **under** subdivision (3) of subsection 1 of section 288.032 and which is paying contributions [pursuant to] **under** subsections 1 and 2 of section 288.090 shall not exceed the calculated entitlement for the extended benefit claim based upon

the wages appearing within the base period of the extended benefit claim.

(2) Beginning as of June 30, 1951, and as of June thirtieth of each year thereafter, any unassigned surplus in the unemployment compensation fund which is five hundred thousand dollars or more in excess of five-tenths of one percent of the total taxable wages paid by all employers for the preceding calendar year as shown on the division's records on such June thirtieth shall be credited on a pro rata basis to all employer accounts having a credit balance in the same ratio that the balance in each such account bears to the total of the credit balances subject to use for rate calculation purposes for the following year in all such accounts on the same date. As used in this subdivision, the term "unassigned surplus" means the amount by which the total cash balance in the unemployment compensation fund exceeds a sum equal to the total of all employer credit account balances. The amount thus prorated to each separate employer's account shall for tax rating purposes be considered the same as contributions paid by the employer and credited to the employer's account for the period preceding the calculation date except that no such amount can be credited against any contributions due or that may thereafter become due from such employer.

(3) At the conclusion of each calendar quarter the division shall, within thirty days, notify each employer by mail of the benefits paid to each claimant by week as determined by the division which have been charged to such employer's account subsequent to the last notice.

(4) (a) No benefits based on wages paid for services performed prior to the date of any act for which a claimant is disqualified [pursuant to] **under** section 288.050 shall be chargeable to any employer directly involved in such disqualifying act.

(b) In the event the deputy has in due course determined [pursuant to] **under** paragraph (a) of subdivision (1) of subsection 1 of section 288.050 that a claimant quit his or her work with an employer for the purpose of accepting a more remunerative job with another employer which the claimant did accept and earn some wages therein, no benefits based on wages paid prior to the date of the quit shall be chargeable to the employer the claimant quit.

(c) In the event the deputy has in due course determined [pursuant to] **under** paragraph (b) of subdivision (1) of subsection 1 of section 288.050 that a claimant quit temporary work in employment with an employer to return to the claimant's regular employer, then, only for the purpose of charging base period employers, all of the wages paid by the employer who furnished the temporary employment shall be combined with the wages actually paid by the regular employer as if all such wages had been actually paid by the regular employer. Further, charges for benefits based on wages paid for part-time work shall be removed from the account of the employer furnishing such part-time work if that employer continued to employ the individual claiming such benefits on a regular recurring basis each week of the claimant's claim to at least the same extent that the employer had previously employed the claimant and so informs the division within thirty days from the date of notice of benefit charges.

(d) No charge shall be made against an employer's account in respect to benefits paid an individual if the gross amount of wages paid by such employer to such individual is four hundred dollars or less during the individual's base period on which the individual's benefit payments are based. Further, no charge shall be made against any employer's account in respect to benefits paid any individual unless such individual was in employment with respect to such employer longer than a probationary period of [twenty-eight] **ninety** days, if such probationary period of employment has been reported to the division as required by regulation.

(e) In the event the deputy has in due course determined [pursuant to] **under** paragraph (c) of

subdivision (1) of subsection 1 of section 288.050 that a claimant is not disqualified, no benefits based on wages paid for work prior to the date of the quit shall be chargeable to the employer the claimant quit.

(f) In the event the deputy has in due course determined under paragraph (e) of subdivision (1) of subsection 1 of section 288.050 that a claimant is not disqualified, no benefits based on wages paid for work prior to the date of the quit shall be chargeable to the employer the claimant quit.

(g) Nothing in paragraph (b), (c), (d), (e), or (f) of this subdivision shall in any way affect the benefit amount, duration of benefits or the wage credits of the claimant.

2. The division may prescribe regulations for the establishment, maintenance, and dissolution of joint accounts by two or more employers, and shall, in accordance with such regulations and upon application by two or more employers to establish such an account, or to merge their several individual accounts in a joint account, maintain such joint account as if it constituted a single employer's account.

3. The division may by regulation provide for the compilation and publication of such data as may be necessary to show the amounts of benefits not charged to any individual employer's account classified by reason no such charge was made and to show the types and amounts of transactions affecting the unemployment compensation fund.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

In which the concurrence of the Senate is respectfully requested.

Also,

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and passed **HCS** for **SB 282**, entitled:

An Act to repeal sections 193.145, 193.265, 194.119, 194.225, 302.171, and 333.011, RSMo, and to enact in lieu thereof seven new sections relating to the disposition of human remains.

With House Amendment No. 1.

If any person shall cut down, injure or destroy or carry away any tree placed or growing for use, shade or ornament, or any timber, rails or wood standing, being or growing on the land of any other person, including any governmental entity, or shall dig up, quarry or carry away any stones, ore or mineral, gravel, clay or mold, or any ice or other substance or material being a part of the realty, or any roots, fruits or plants, or cut down or carry away grass, grain, corn, flax or hemp in which such person has no interest or right, standing, lying or being on land not such person's own, or shall knowingly break the glass or any part of it in any building not such person's own, the person so offending shall pay to the party injured treble the value of the things so injured, broken, destroyed or carried away, with costs. Any person filing a claim for damages pursuant to this section need not prove negligence or intent.

2. Notwithstanding the provisions of subsection 1 of this section, the following rules shall apply to the trimming, removing, and controlling of trees and other vegetation by any electric supplier:

(1) Every electric supplier that operates electric transmission or distribution lines shall have the authority to maintain the same by trimming, removing, and controlling trees and other vegetation posing a hazard to the continued safe and reliable operation thereof;

(2) An electric supplier may exercise its authority under subdivision (1) of this subsection if the trees and other vegetation are within the legal description of any recorded easement or, in the absence of a recorded easement, the following:

(a) Within ten feet, plus one-half the length of any attached cross arm, of either side of the centerline of electricity lines potentially energized at or below 34.5 kilovolts measured line to line and located within the limits of any city; or

operation of its electric lines;

(5) An electric supplier may trim or remove any tree of sufficient height outside the provisions of subdivision (2) of this subsection when such tree, if it were to fall, would threaten the integrity and safety of any electric transmission or distribution line and would pose a hazard to the continued safe and reliable operation thereof;

(6) Prior to the removal of any tree under the provisions of subdivision (5) of this subsection, an electric supplier shall notify the owner or occupier of land, if available, at least fourteen days prior to such removal unless either the electric supplier deems the removal to be immediately necessary to continue the safe and reliable operation of its electricity lines, or the electric supplier is trimming or removing trees and other vegetation following a major weather event or other emergency situation;

(7) If any tree which is partially trimmed by an electric supplier dies within three months as a result of said trimming, the owner or occupier of land upon which the tree was trimmed may request in writing that the electric supplier remove said tree at the electric supplier's expense. The electric supplier shall respond to such request within ninety days;

3. For purposes of this section, the term “electric supplier” means any rural electric cooperative that is subject to the provisions of chapter 394[, and]; any electrical corporation which is required by its bylaws to operate on the not-for-profit cooperative business plan, with its consumers who receive service as the stockholders of such corporation, and which holds a certificate of public convenience and necessity to serve a majority of its customer-owners in counties of the third classification as of August 28, 2003; **any municipally owned or operated electric power system that is subject to the provisions of chapter 91; and any municipally owned utility whose service area is set by state statute, service agreement, or other authority to include areas which are not incorporated into city limits.”**; and

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and passed **HCR 4**, entitled:

HOUSE CONCURRENT RESOLUTION NO. 4

Relating to the "National Day of the Cowboy"

WHEREAS, Missouri's pioneering men and women, known as cowboys, helped establish America's frontier; and

WHEREAS, the first large-scale effort to drive cattle from Texas to the nearest railhead for shipment to Chicago occurred in 1866, when many Texas ranchers banded together to drive their cattle to the closest point that railroad tracks reached, which at that time was Sedalia, Missouri, now known as the Trail's End in Sedalia, Missouri; and

WHEREAS, the Kansas City Stockyards were established in 1871 in the West Bottoms, west of downtown Kansas City, and flourished until closing in 1991. The stockyards were built around the facilities of the Central Overland California and Pike's Peak Express Company, which had outfitted travelers on the Santa Fe Trail and Oregon Trail following the Kansas River. The company went out of business in 1862 following the failure of its Pony Express business from St. Joseph, Missouri, to Sacramento, California; and

WHEREAS, the stockyards and Hereford breeders began the American Royal Livestock and Horse Show in October of 1899 as the National Hereford Show, the first nationwide show for the exposition and sale of purebred cattle. In 1907 the first American Royal Horse Show was added and now includes five different shows, known as the Quarter Horse Show, the Hunter-Jumper Horse Show, the Arabian Horse Show, the Youth Horse Show, and the Cutting Horse Show. The American Royal is an annual eight-week season of barbecue competition, rodeos, livestock shows, equestrian events, and agricultural activities benefitting youth and education; and

WHEREAS, in 1926, the American Royal began inviting vocational agriculture students to judge the livestock shows. During the 1928 American Royal, 33 of the students meeting at the Baltimore Hotel in downtown Kansas City formed the Future Farmers of America. Now, the National FFA Organization has 579,678 members; and

WHEREAS, the cowboy archetype transcends gender, generations, ethnicity, geographic boundaries, and political affiliations; and

WHEREAS, the cowboy embodies honesty, integrity, courage, compassion, and determination; and

WHEREAS, the cowboy vaquero spirit exemplifies patriotism and strength of character and is an excellent steward of the land and its creatures; and

WHEREAS, the core values expressed within the Cowboy Code of Conduct continue to inspire the pursuit of the highest caliber of personal integrity; and

WHEREAS, cowboy and ranching traditions have been part of the American landscape and culture since 1523, and today's cowboys continue to strive to preserve and perpetuate this unique element of America's heritage; and

WHEREAS, membership and participation in the National Day of the Cowboy Organization and other organizations that encompass the livelihood of the cowboy continue to expand both nationally and internationally; and

WHEREAS, the cowboy and his horse are a central figure in literature, art, film, poetry, photography, and music; and

WHEREAS, the cowboy is a true American icon occupying a central place in the public's imagination;

NOW THEREFORE BE IT RESOLVED that the members of the House of Representatives of the One Hundredth General Assembly, First Regular Session, the Senate concurring therein, hereby designate the fourth Saturday in July each year as "National Day of the Cowboy" in Missouri; and

BE IT FURTHER RESOLVED that the General Assembly recommends to the citizens to observe the day with appropriate ceremonies and activities; and

# Journal of the Senate

FIRST REGULAR SESSION

---

SIXTY-NINTH DAY—FRIDAY, MAY 17, 2019

---

The Senate met pursuant to adjournment.

President Kehoe in the Chair.

Reverend Carl Gauck offered the following prayer:

“Yet, O Lord, you are Father; we are the clay, and you are our potter; we are all the work of your hand.” (Isaiah 64:8)

Creator God, You have created all that exists and have molded and formed us to be Your children. Help us this day to be renewed in mind, body and spirit so that we are ready to face the challenges that certainly will come during this closing day and provide us the strength and ability to do what is helpful. As the final gavel is struck may we know that with Your help we have done what was truly necessary and right this session. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

SENATE AMENDMENT NO. 1

Amend Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 169, Page 1, Section A, Line 11 of said page, by inserting immediately after said line the following:

“160.410. 1. A charter school shall enroll:

- (1) All pupils resident in the district in which it operates;
- (2) Nonresident pupils eligible to attend a district’s school under an urban voluntary transfer program;
- (3) Nonresident pupils who transfer from an unaccredited district under section [167.131] **167.895**, provided that the charter school is an approved charter school, as defined in section [167.131] **167.895**, and subject to all other provisions of section [167.131] **167.895**;
- (4) In the case of a charter school whose mission includes student drop-out prevention or recovery, any nonresident pupil from the same or an adjacent county who resides in a residential care facility, a transitional living group home, or an independent living program whose last school of enrollment is in the school district where the charter school is established, who submits a timely application; and
- (5) In the case of a workplace charter school, any student eligible to attend under subdivision (1) or (2) of this subsection whose parent is employed in the business district, who submits a timely application, unless the number of applications exceeds the capacity of a program, class, grade level or building. The configuration of a business district shall be set forth in the charter and shall not be construed to create an

undue advantage for a single employer or small number of employers.

2. If capacity is insufficient to enroll all pupils who submit a timely application, the charter school shall have an admissions process that assures all applicants of an equal chance of gaining admission and does not discriminate based on parents' ability to pay fees or tuition except that:

(1) A charter school may establish a geographical area around the school whose residents will receive a preference for enrolling in the school, provided that such preferences do not result in the establishment of racially or socioeconomically isolated schools and provided such preferences conform to policies and guidelines established by the state board of education;

(2) A charter school may also give a preference for admission of children whose siblings attend the school or whose parents are employed at the school or in the case of a workplace charter school, a child whose parent is employed in the business district or at the business site of such school; [and]

(3) Charter schools may also give a preference for admission to high-risk students, as defined in subdivision (5) of subsection 2 of section 160.405, when the school targets these students through its proposed mission, curriculum, teaching methods, and services; **and**

**(4) A charter school may also give preference for admission to students who will be eligible for the free and reduced price lunch program in the upcoming school year.**

3. A charter school shall not limit admission based on race, ethnicity, national origin, disability, income level, **except as allowed under subdivision (4) of subsection 2 of this section**, proficiency in the English language or athletic ability, but may limit admission to pupils within a given age group or grade level. Charter schools may limit admission based on gender only when the school is a single-gender school. Students of a charter school who have been enrolled for a full academic year shall be counted in the performance of the charter school on the statewide assessments in that calendar year, unless otherwise exempted as English language learners. For purposes of this subsection, "full academic year" means the last Wednesday in September through the administration of the Missouri assessment program test without transferring out of the school and re-enrolling.

4. A charter school shall make available for public inspection, and provide upon request, to the parent, guardian, or other custodian of any school-age pupil resident in the district in which the school is located the following information:

(1) The school's charter;

(2) The school's most recent annual report card published according to section 160.522;

(3) The results of background checks on the charter school's board members; and

(4) If a charter school is operated by a management company, a copy of the written contract between the governing board of the charter school and the educational management organization or the charter management organization for services. The charter school may charge reasonable fees, not to exceed the rate specified in section 610.026 for furnishing copies of documents under this subsection.

5. When a student attending a charter school who is a resident of the school district in which the charter school is located moves out of the boundaries of such school district, the student may complete the current semester and shall be considered a resident student. The student's parent or legal guardian shall be responsible for the student's transportation to and from the charter school.

6. If a change in school district boundary lines occurs under section 162.223, 162.431, 162.441, or 162.451, or by action of the state board of education under section 162.081, including attachment of a school district's territory to another district or dissolution, such that a student attending a charter school prior to such change no longer resides in a school district in which the charter school is located, then the student may complete the current academic year at the charter school. The student shall be considered a resident student. The student's parent or legal guardian shall be responsible for the student's transportation to and from the charter school.

7. The provisions of sections 167.018 and 167.019 concerning foster children's educational rights are applicable to charter schools.

160.415. 1. For the purposes of calculation and distribution of state school aid under section 163.031, pupils enrolled in a charter school shall be included in the pupil enrollment of the school district within which each pupil resides. Each charter school shall report the names, addresses, and eligibility for free and reduced price lunch, special education, or limited English proficiency status, as well as eligibility for categorical aid, of pupils resident in a school district who are enrolled in the charter school to the school district in which those pupils reside. The charter school shall report the average daily attendance data, free and reduced price lunch count, special education pupil count, and limited English proficiency pupil count to the state department of elementary and secondary education. Each charter school shall promptly notify the state department of elementary and secondary education and the pupil's school district when a student discontinues enrollment at a charter school.

2. Except as provided in subsections 3 and 4 of this section, the aid payments for charter schools shall be as described in this subsection.

(1) A school district having one or more resident pupils attending a charter school shall pay to the charter school an annual amount equal to the product of the charter school's weighted average daily attendance and the state adequacy target, multiplied by the dollar value modifier for the district, plus local tax revenues per weighted average daily attendance from the incidental and teachers' funds in excess of the performance levy as defined in section 163.011 plus all other state aid attributable to such pupils.

(2) The district of residence of a pupil attending a charter school shall also pay to the charter school any other federal or state aid that the district receives on account of such child.

(3) If the department overpays or underpays the amount due to the charter school, such overpayment or underpayment shall be repaid by the public charter school or credited to the public charter school in twelve equal payments in the next fiscal year.

(4) The amounts provided pursuant to this subsection shall be prorated for partial year enrollment for a pupil.

(5) A school district shall pay the amounts due pursuant to this subsection as the disbursal agent and no later than twenty days following the receipt of any such funds. The department of elementary and secondary education shall pay the amounts due when it acts as the disbursal agent within five days of the required due date.

3. A workplace charter school shall receive payment for each eligible pupil as provided under subsection 2 of this section, except that if the student is not a resident of the district and is participating in a voluntary interdistrict transfer program, the payment for such pupils shall be the same as provided under section 162.1060.

4. A charter school that has declared itself as a local educational agency shall receive from the department of elementary and secondary education an annual amount equal to the product of the charter school's weighted average daily attendance and the state adequacy target, multiplied by the dollar value modifier for the district, plus local tax revenues per weighted average daily attendance from the incidental and teachers funds in excess of the performance levy as defined in section 163.011 plus all other state aid attributable to such pupils. If a charter school declares itself as a local educational agency, the department of elementary and secondary education shall, upon notice of the declaration, reduce the payment made to the school district by the amount specified in this subsection and pay directly to the charter school the annual amount reduced from the school district's payment.

5. If a school district fails to make timely payments of any amount for which it is the disbursal agent, the state department of elementary and secondary education shall authorize payment to the charter school of the amount due pursuant to subsection 2 of this section and shall deduct the same amount from the next state school aid apportionment to the owing school district. If a charter school is paid more or less than the amounts due pursuant to this section, the amount of overpayment or underpayment shall be adjusted equally in the next twelve payments by the school district or the department of elementary and secondary education, as appropriate. Any dispute between the school district and a charter school as to the amount owing to the charter school shall be resolved by the department of elementary and secondary education, and the department's decision shall be the final administrative action for the purposes of review pursuant to chapter 536. During the period of dispute, the department of elementary and secondary education shall make every administrative and statutory effort to allow the continued education of children in their current public charter school setting.

6. The charter school and a local school board may agree by contract for services to be provided by the school district to the charter school. The charter school may contract with any other entity for services. Such services may include but are not limited to food service, custodial service, maintenance, management assistance, curriculum assistance, media services and libraries and shall be subject to negotiation between the charter school and the local school board or other entity. Documented actual costs of such services shall be paid for by the charter school.

7. In the case of a proposed charter school that intends to contract with an education service provider for substantial educational services or management services, the request for proposals shall additionally require the charter school applicant to:

(1) Provide evidence of the education service provider's success in serving student populations similar to the targeted population, including demonstrated academic achievement as well as successful management of nonacademic school functions, if applicable;

(2) Provide a term sheet setting forth the proposed duration of the service contract; roles and responsibilities of the governing board, the school staff, and the service provider; scope of services and resources to be provided by the service provider; performance evaluation measures and time lines; compensation structure, including clear identification of all fees to be paid to the service provider; methods of contract oversight and enforcement; investment disclosure; and conditions for renewal and termination of the contract;

(3) Disclose any known conflicts of interest between the school governing board and proposed service provider or any affiliated business entities;

(4) Disclose and explain any termination or nonrenewal of contracts for equivalent services for any other

charter school in the United States within the past five years;

(5) Ensure that the legal counsel for the charter school shall report directly to the charter school's governing board; and

(6) Provide a process to ensure that the expenditures that the education service provider intends to bill to the charter school shall receive prior approval of the governing board or its designee.

8. A charter school may enter into contracts with community partnerships and state agencies acting in collaboration with such partnerships that provide services to children and their families linked to the school.

9. A charter school shall be eligible for transportation state aid pursuant to section 163.161 and shall be free to contract with the local district, or any other entity, for the provision of transportation to the students of the charter school.

10. (1) The proportionate share of state and federal resources generated by students with disabilities or staff serving them shall be paid in full to charter schools enrolling those students by their school district where such enrollment is through a contract for services described in this section. The proportionate share of money generated under other federal or state categorical aid programs shall be directed to charter schools serving such students eligible for that aid.

(2) A charter school shall provide the special services provided pursuant to section 162.705 and may provide the special services pursuant to a contract with a school district or any provider of such services.

11. A charter school may not charge tuition or impose fees that a school district is prohibited from charging or imposing, except that a charter school may receive tuition payments from districts in the same or an adjoining county for nonresident students who transfer to an approved charter school, as defined in section [167.131] **167.895**, from an unaccredited district.

12. A charter school is authorized to incur debt in anticipation of receipt of funds. A charter school may also borrow to finance facilities and other capital items. A school district may incur bonded indebtedness or take other measures to provide for physical facilities and other capital items for charter schools that it sponsors or contracts with. Except as otherwise specifically provided in sections 160.400 to 160.425, upon the dissolution of a charter school, any liabilities of the corporation will be satisfied through the procedures of chapter 355. A charter school shall satisfy all its financial obligations within twelve months of notice from the sponsor of the charter school's closure under subsection 8 of section 160.405. After satisfaction of all its financial obligations, a charter school shall return any remaining state and federal funds to the department of elementary and secondary education for disposition as stated in subdivision (17) of subsection 1 of section 160.405. The department of elementary and secondary education may withhold funding at a level the department determines to be adequate during a school's last year of operation until the department determines that school records, liabilities, and reporting requirements, including a full audit, are satisfied.

13. Charter schools shall not have the power to acquire property by eminent domain.

14. The governing body of a charter school is authorized to accept grants, gifts or donations of any kind and to expend or use such grants, gifts or donations. A grant, gift or donation may not be accepted by the governing body if it is subject to any condition contrary to law applicable to the charter school or other public schools, or contrary to the terms of the charter.”; and

Further amend said bill, page 24, section 162.068, line 22 of said page, by inserting immediately after said line the following:

“162.081. 1. The hearings shall provide an opportunity to convene community resources that may be useful or necessary in supporting the school district as it attempts to return to accredited status, continues under revised governance, or plans for continuity of educational services and resources upon its attachment to a neighboring district. The department may request the attendance of stakeholders and district officials to review the district’s plan to return to accredited status, if any; offer technical assistance; and facilitate and coordinate community resources. #### SENATE AMENDMENT NO. 4

Amend Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 564, Page 13, Section 256.477, Line 17 of said page, by inserting immediately after said line the following:

“301.227. 1. Whenever a vehicle is sold for salvage, dismantling or rebuilding, the purchaser shall forward to the director of revenue within ten days the certificate of ownership or salvage certificate of title and the proper application and fee of eight dollars and fifty cents, and the director shall issue a negotiable salvage certificate of title to the purchaser of the salvaged vehicle. On vehicles purchased during a year that is no more than six years after the manufacturer’s model year designation for such vehicle, it shall be mandatory that the purchaser apply for a salvage title. On vehicles purchased during a year that is more than six years after the manufacturer’s model year designation for such vehicle, then application for a salvage title shall be optional on the part of the purchaser. Whenever a vehicle is sold for destruction and a salvage certificate of title, junking certificate, or certificate of ownership exists, the seller, if licensed under sections 301.217 to 301.221, shall forward the certificate to the director of revenue within ten days, with the notation of the date sold for destruction and the name of the purchaser clearly shown on the face of the certificate.

2. Whenever a vehicle is classified as junk, as defined in section 301.010, the purchaser may forward to the director of revenue a properly completed application for a junking certificate as well as the salvage certificate of title or certificate of ownership and the director shall issue a negotiable junking certificate to

the purchaser of the vehicle. The director may also issue a junking certificate to a possessor of a vehicle manufactured twenty-six years or more prior to the current model year who has a bill of sale for said vehicle but does not possess a certificate of ownership, provided no claim of theft has been made on the vehicle and the highway patrol has by letter stated the vehicle is not listed as stolen after checking the registration number through its nationwide computer system. Such junking certificate may be granted within thirty days of the submission of a request. A junking certificate shall authorize the holder to possess, transport, or, by assignment, transfer ownership in such parts, scrap, or junk.

3. For any vehicle issued a junking certificate or such similar document or classification pursuant to the laws of another state, regardless of whether such designation has been subsequently changed by law in any other state, the department shall only issue a junking certificate, and a salvage certificate of title or original certificate of ownership shall not thereafter be issued for such vehicle. Notwithstanding the provisions of this subsection, if the vehicle has not previously been classified as a junk vehicle, the applicant making the original junking certification application shall, within ninety days, be allowed to rescind his application for a junking certificate by surrendering the junking certificate and apply for a salvage certificate of title in his name. The seller of a vehicle for which a junking certificate has been applied for or issued shall disclose such fact in writing to any prospective buyers before sale of such vehicle; otherwise the sale shall be voidable at the option of the buyer.

4. No scrap metal operator shall acquire or purchase a motor vehicle or parts thereof without, at the time of such acquisition, receiving the original certificate of ownership or salvage certificate of title or junking certificate from the seller of the vehicle or parts, unless the seller is a licensee under sections 301.219 to 301.221.

5. All titles and certificates required to be received by scrap metal operators from nonlicensees shall be forwarded by the operator to the director of revenue within ten days of the receipt of the vehicle or parts.

6. The scrap metal operator shall keep a record, for three years, of the seller's name and address, the salvage business license number of the licensee, date of purchase, and any vehicle or parts identification numbers open for inspection as provided in section 301.225.

7. Notwithstanding any other provision of this section, a motor vehicle dealer as defined in section 301.550 and licensed under the provisions of sections 301.550 to 301.572 may negotiate one reassignment of a salvage certificate of title on the back thereof.

8. Notwithstanding the provisions of subsection 1 of this section, an insurance company which settles a claim for a stolen vehicle may apply for and shall be issued a negotiable salvage certificate of title without the payment of any fee upon proper application within thirty days after settlement of the claim for such stolen vehicle. However, if the insurance company upon recovery of a stolen vehicle determines that the stolen vehicle has not sustained damage to the extent that the vehicle would have otherwise been declared a salvage vehicle pursuant to section 301.010, then the insurance company may have the vehicle inspected by the Missouri state highway patrol, or other law enforcement agency authorized by the director of revenue, in accordance with the inspection provisions of subsection 9 of section 301.190. Upon receipt of title application, applicable fee, the completed inspection, and the return of any previously issued negotiable salvage certificate, the director shall issue an original title with no salvage or prior salvage designation. Upon the issuance of an original title the director shall remove any indication of the negotiable salvage title previously issued to the insurance company from the department's electronic records.

9. **(1)** Notwithstanding subsection 4 of this section or any other provision of the law to the contrary, if a motor vehicle is inoperable and is at least ten model years old, or the parts are from a motor vehicle that is inoperable and is at least ten model years old, a scrap metal operator may purchase or acquire such motor vehicle or parts without receiving the original certificate of ownership, salvage certificate of title, or junking certificate from the seller of the vehicle or parts, provided the scrap metal operator verifies with the department of revenue, via the department's online record access, that the motor vehicle is not subject to any recorded security interest or lien and the scrap metal operator complies with the requirements of this subsection. In lieu of forwarding certificates of title or ownership for such motor vehicles as required by subsection 5 of this section, the scrap metal operator shall forward a copy of the seller's state identification card along with a bill of sale to the department of revenue. The bill of sale form shall be designed by the director and such form shall include, but not be limited to, a certification that the motor vehicle is at least ten model years old, is inoperable, is not subject to any recorded security interest or lien, and a certification by the seller that the seller has the legal authority to sell or otherwise transfer the seller's interest in the motor vehicle or parts. Upon receipt of the information required by this subsection, the department of revenue shall cancel any certificate of title or ownership and registration for the motor vehicle. If the motor vehicle is inoperable and at least twenty model years old, then the scrap metal operator shall not be required to verify with the department of revenue whether the motor vehicle is subject to any recorded security interests or liens. As used in this subsection, the term "inoperable" means a motor vehicle that is in a rusted, wrecked, discarded, worn out, extensively damaged, dismantled, and mechanically inoperative condition and the vehicle's highest and best use is for scrap purposes.

**(2) The provisions of this subsection shall not apply in any city not within a county, any county with a charter form of government and with more than nine hundred fifty thousand inhabitants, any home rule city with more than four hundred thousand inhabitants and located in more than one county, any county of the first classification with more than two hundred thousand but fewer than two hundred sixty thousand inhabitants, any county of the first classification with more than eighty-three thousand but fewer than ninety-two thousand inhabitants and with a city of the fourth classification with more than four thousand five hundred but fewer than five thousand inhabitants as the county seat, and any county with a charter form of government and with more than six hundred thousand but fewer than seven hundred thousand inhabitants.**

**10. If a scrap metal operator has knowledge that a motor vehicle or parts thereof described under subsection 9 of this section originated in any of the locations set forth in subdivision (2) of subsection 9 of this section, such operator shall not acquire or purchase a motor vehicle or parts thereof without, at the time of such acquisition, receiving the original certificate of ownership or salvage certificate of title or junking certificate from the seller of the vehicle or parts, unless the seller is a licensee under sections 301.219 to 301.221.**

**11. The director of the department of revenue is directed to promulgate rules and regulations to implement and administer the provisions of this section, including but not limited to, the development of a uniform bill of sale. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then**

the grant of rulemaking authority and any rule proposed or adopted after August 28, 2012, shall be invalid and void.”; and

Further amend said bill, page 233, section 346.105, line 18 of said page, by inserting immediately after said line the following:

"169.560. 1. Any person retired and currently receiving a retirement allowance pursuant to sections 169.010 to 169.141, other than for disability, may be employed in any capacity for an employer included in the retirement system created by those sections on either a part-time or temporary-substitute basis not to exceed a total of five hundred fifty hours in any one school year, and through such employment may earn up to fifty percent of the annual compensation payable under the employer's salary schedule for the position

or positions filled by the retiree, given such person's level of experience and education, without a discontinuance of the person's retirement allowance. If the employer does not utilize a salary schedule, or if the position in question is not subject to the employer's salary schedule, a retiree employed in accordance with the provisions of this subsection may earn up to fifty percent of the annual compensation paid to the person or persons who last held such position or positions. If the position or positions did not previously exist, the compensation limit shall be determined in accordance with rules duly adopted by the board of trustees of the retirement system; provided that, it shall not exceed fifty percent of the annual compensation payable for the position by the employer that is most comparable to the position filled by the retiree. In any case where a retiree fills more than one position during the school year, the fifty-percent limit on permitted earning shall be based solely on the annual compensation of the highest paid position occupied by the retiree for at least one-fifth of the total hours worked during the year. Such a person shall not contribute to the retirement system or to the public education employee retirement system established by sections 169.600 to 169.715 because of earnings during such period of employment. If such a person is employed in any capacity by such an employer in excess of the limitations set forth in this subsection, the person shall not be eligible to receive the person's retirement allowance for any month during which the person is so employed. In addition, such person shall contribute to the retirement system if the person satisfies the retirement system's membership eligibility requirements. In addition to the conditions set forth above, this subsection shall apply to any person retired and currently receiving a retirement allowance under sections 169.010 to 169.141, other than for disability, who is employed by a third party or is performing work as an independent contractor, if such person is performing work for an employer included in the retirement system as a temporary or long-term substitute teacher or in any other position that would normally require that person to be duly certificated under the laws governing the certification of teachers in Missouri if such person was employed by the district. The retirement system may require the employer, the third-party employer, the independent contractor, and the retiree subject to this subsection to provide documentation showing compliance with this subsection. If such documentation is not provided, the retirement system may deem the retiree to have exceeded the limitations provided in this subsection.

2. Notwithstanding any other provision of this section, any person retired and currently receiving a retirement allowance in accordance with sections 169.010 to 169.141, other than for disability, may be employed by an employer included in the retirement system created by those sections in a position that does not normally require a person employed in that position to be duly certificated under the laws governing the certification of teachers in Missouri, and through such employment may earn up to sixty percent of the minimum teacher's salary as set forth in section 163.172, without a discontinuance of the person's retirement allowance. Such person shall not contribute to the retirement system or to the public education employee retirement system established by sections 169.600 to 169.715 because of earnings during such period of employment, and such person shall not earn membership service for such employment. **JOURNAL OF THE SENATE**  
**ONE HUNDREDTH GENERAL ASSEMBLY**  
**OF THE**  
**STATE OF MISSOURI**  
**FIRST EXTRA SESSION**  
**OF THE**  
**FIRST REGULAR SESSION**

---

**FIRST DAY—MONDAY, SEPTEMBER 9, 2019**

---

The Senate was called to order in Extra Session by Senator Hough.

Reverend Carl Gauck offered the following prayer:

“Let the days speak, and many years teach wisdom. But it is the spirit in a man, the breath of the Almighty, that makes him understand.”  
(Job 32:7-8)

Gracious God, we gather today to begin the process called forth by our Governor during this special session. We are called to consider a special need, so our work begins. Bless and guide our discussions and actions and make the decisions that will be most wise and helpful so our work may yet be completed and advance what our people need in fairness and equity. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

**COMMUNICATIONS FROM THE  
GOVERNOR**

The President laid before the Senate the following proclamation from the Governor, reading of which was waived:

**PROCLAMATION**

WHEREAS, on June 25, 2019, the Missouri Supreme Court ruled in the case of *Kehlenbrink v. Director of Revenue* (SC 97287), which held that Section 144.025, RSMo, permits the sale proceeds of only one vehicle as a credit against the purchase price of a new vehicle for the purposes of calculating sales tax; and

WHEREAS, the Department of Revenue has historically allowed for the sale of more than one vehicle to be used as credit against the sales tax owed on the purchase of another vehicle; and

WHEREAS, given the Missouri Supreme Court’s interpretation of the statute, the Department of Revenue will be limited to only allowing the sale of one vehicle to be used as a credit against sales tax owed; and

WHEREAS, we believe that if a taxpayer purchases a motor vehicle and sells one or more motor vehicles within 180 days, the taxpayer should only owe sales tax on the difference between the purchase price and the sale price of the respective motor vehicles; and

WHEREAS, this is in line with the Department of Revenue’s prior practice and what consumers have come to expect; and

WHEREAS, after the *Kehlenbrink* decision, a statutory change is necessary in order to effectuate this policy.

NOW THEREFORE, on the extraordinary occasion that exists in the State of Missouri:

I, MICHAEL L. PARSON, GOVERNOR OF THE STATE OF MISSOURI, pursuant to the authority vested in me as Governor by the Constitution of the State of Missouri, do, by this Proclamation, convene the One Hundredth General Assembly of the State of Missouri in the First Extra Session of the First Regular Session; and

I HEREBY call upon the Senators and Representatives of said General Assembly to meet in the State Capitol in the City of Jefferson at the hour of 12:00 p.m. on Monday, September 9, 2019; and

I HEREBY state that the action of said General Assembly is deemed necessary concerning each matter specifically designated and limited hereinafter as follows:

1. To enact legislation amending Section 144.025, RSMo for the sole purpose of allowing the sale of more than one motor vehicle, trailer, boat, or outboard motor to be used as credit against the sales tax owed on the purchase of another motor vehicle, trailer, boat, or outboard motor.
2. To allow the Senate to consider appointments to boards, commissions, departments, and divisions that require the advice and consent of the Senate.
3. Such additional and other matters as may be recommended by the Governor by special message to the General Assembly after it shall have been convened.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Missouri, in the City of Jefferson, on this 21st day of August, 2019.

TO THE SECRETARY OF STATE  
OF THE STATE OF MISSOURI  
100th GENERAL ASSEMBLY  
FIRST REGULAR SESSION

Herewith I return to you Conference Committee Substitute No. 2 for House Committee Substitute for Senate Committee Substitute for Senate Bill No. 147 entitled:

#### **AN ACT**

To repeal sections 32.056, 136.055, 144.070, 300.155, 301.010, 301.020, 301.030, 301.032, 301.067, 301.191, 302.020, 302.170, 302.341, 302.720, 302.768, 304.153, 304.281, and 307.350, RSMo, and to enact in lieu thereof twenty new sections relating to motor vehicles, with penalty provisions and an effective date for certain sections.

I disapprove of Conference Committee Substitute No. 2 for House Committee Substitute for Senate Committee Substitute for Senate Bill No. 147. My reasons for disapproval are as follows:

Senate Bill No. 147 contains many provisions of which I approve. However, it also includes a provision that significantly undermines one of the provisions of Senate Bill No. 5, which was enacted in 2015.

Senate Bill No. 5 modified numerous provisions relating to municipal courts, including exempting all minor traffic violations from the driver's license suspension provisions in Section 302.341, RSMo. This bill modifies that section so that only minor traffic violations that occurred in St. Louis City or St. Louis County are exempt from driver's license suspension proceedings. This provision reverses a beneficial component of Senate Bill No. 5.

Furthermore, the provisions in Section 302.341 contained in this bill are likely unconstitutional. The 2017 Missouri Supreme Court case of *City of Normandy v. Greitens*, 518 S.W.3d 183 (Mo. banc 2017) held that a separate provision in Senate Bill No. 5 was unconstitutional because it constituted a special law without substantial justification. The provision at issue in that case lowered the cap on the percentage of revenue that political subdivisions can receive from municipal traffic violations to 20%, except for St. Louis County, which was reduced to a cap of 12.5%. The Missouri Supreme Court held that a separate cap on one county, without evidence of substantial justification, was a special law in violation of Article III, Section 40(30) of the Missouri Constitution. The provision contained in Senate Bill No. 147 that singles out St. Louis City and St. Louis County would also constitute a special law.

Senate Bill No. 147 also contains a provision establishing the "Towing Task Force," which is directed to make recommendations relating to a process for the adjudication of consumer complaints regarding nonconsensual tow charges. The Attorney General's office has a system in place to handle such complaints, which is managed by the Consumer Complaint Division. As I believe adequate protections already exist to

address these matters, I cannot support the establishment of a redundant task force.

July 12, 2019

TO THE SECRETARY OF STATE  
OF THE STATE OF MISSOURI  
100th GENERAL ASSEMBLY  
FIRST REGULAR SESSION

Herewith I return to you Conference Committee Substitute for House Committee Substitute for Senate Bill No. 202 entitled:

AN ACT

To amend chapter 256, RSMo, by adding thereto one new section relating to mining royalties on federal land.

I disapprove of Conference Committee Substitute for House Committee Substitute for Senate Bill No. 202. My reasons for disapproval are as follows:

While I agree with the goal of distributing mining royalties to the counties where such royalties accrued, this bill's provisions contradict federal law. Payments the Office of Administration receives from the United States Department of the Interior, Office of Natural Resources Revenue (ONRR), represent 25 percent of the amount of mining revenues collected from companies that extract natural resources from federal land. The distribution of mining revenues received by the state from ONRR is controlled by federal statute, 16 U.S.C. Section 500. That section limits the use of mining revenues to "the benefit of the public schools and public roads of the county or counties in which such national forest is situated." It goes on to specify that when any national forest is located in more than one county, the distributive share to each county from the proceeds of such forest shall be proportional to its area therein.

Senate Bill No. 202 allows counties to expend such mining "royalties", a term that is not defined and is more limited than the broader mining "revenues" collected, for public safety purposes. This conflicts with the above mentioned limitations found in 16 U.S.C. Section 500. Senate Bill No. 202 also requires such mining royalties to be distributed on a proportional basis to each county where such mining royalties accrued. Under 16 U.S.C. Section 500, mining revenues generated from the Mark Twain National Forest are distributed to all counties that have national forest land. Senate Bill No. 202 would limit the distribution of such royalties to only counties where mining occurs, in direct contravention of federal statute.

I understand the plight of these counties and agree that, logically, mining revenues should be distributed to the locations where such mining actually occurred. However, federal law would need to change to achieve this goal. Unfortunately, that cannot be accomplished by a change to state statute.

In accordance with the above stated reasons for disapproval, I am returning Conference Committee Substitute for House Committee Substitute for Senate Bill No. 202 without my approval.

Respectfully Submitted,

TO THE SECRETARY OF STATE  
OF THE STATE OF MISSOURI  
100th GENERAL ASSEMBLY  
FIRST REGULAR SESSION

Herewith I return to you House Committee Substitute for Senate Bill No. 282 entitled:

## AN ACT

To repeal sections 36.020, 193.145, 193.265, 194.119, 194.225, 302.171, and 333.011, RSMo, and to enact in lieu thereof eight new sections relating to the disposition of human remains.

I disapprove of House Committee Substitute for Senate Bill No. 282. My reasons for disapproval are as follows:

Sections 333.011 and 333.072 of the bill allow for licensed funeral establishments to perform outdoor cremations. The burial of our loved ones or the disposal of their remains is deeply personal and should be treated with the utmost care and respect. Without more thorough vetting to ensure that outdoor cremations can be conducted in a manner that fully disposes of the entire remains while also addressing the health and safety concerns of individuals who may be impacted nearby, I am not comfortable with allowing these types of ceremonies to be conducted in our state.

In accordance with the above stated reasons for disapproval, I am returning House Committee Substitute for Senate Bill No. 282 without my approval.

Respectfully Submitted,

TO THE SECRETARY OF STATE  
OF THE STATE OF MISSOURI  
100th GENERAL ASSEMBLY  
FIRST REGULAR SESSION

Herewith I return to you Senate Substitute for Senate Bill No. 414 entitled:

## AN ACT

To amend chapter 376, RSMo, by adding thereto two new sections relating to innovations in health insurance.

I disapprove of Senate Substitute for Senate Bill No. 414. My reasons for disapproval are as follows:

While I recognize the leadership shown by the General Assembly in their efforts to identify innovations and improvements to the health insurance market in this state, I cannot approve this bill as presented to me.

Senate Bill No. 414 seeks to identify these innovations and improvements by establishing a Health Insurance Innovation Task Force. This task force would be charged with developing recommendations for an application to be submitted to the Centers for Medicare and Medicaid Services, seeking approval of a Section 1332 innovation waiver under the Patient Protection and Affordable Care Act.

Such a waiver could provide meaningful improvements in access to health care to 1.6 million Missourians. It could also increase the types of health insurance coverage currently available in the 101 counties that have only one insurance company from which to choose. It could positively impact the uninsured rates in our rural counties, 43 of which have uninsured rates exceeding 15%. A waiver would potentially encompass the redirection of approximately \$1 billion annually in premium tax credits and cost-sharing reduction payments. This administration is supportive of such efforts.

However, because of the impact to our state, any recommendations presented to my office and the General Assembly for legislation necessary to qualify for a Section 1332 waiver should be given adequate time to develop and consider. Senate Bill No. 414 places several deadlines on the work of the task force in developing their recommendations for a Section 1332 waiver that would be difficult to meet since an emergency clause was not adopted.

An issue of this importance should be carefully considered, with ample time to fully form recommendations and possible solutions.

In accordance with the above stated reasons for disapproval, I am returning Senate Substitute for Senate Bill No. 414 without my approval.

Respectfully Submitted,  
Michael L. Parson  
Governor
